INTRODUCTION

The Hartford is updating the current non-physical damage symbol set to incorporate changes made by ISO to their Liability and Personal Injury Protection/Medical Payments Vehicle rating plan. The ISO update being incorporated was filed under ISO Filing PP-2006-RLP1. The ISO plan is based on an analysis of each individual make and model's loss experience in addition to an examination of the correlation between vehicle size, body construction and other related

characteristics, such as vehicle length, width, height, weight, wheel base and horsepower, and the resulting loss experience. ISO's plan, which includes symbol assignments for vehicles with 1998-2008 model years, is the base for The Hartford's complete symbol set. These symbols were extrapolated across prior model years and to VINs not supported by ISO.

This manual supports the use of non-physical damage symbols and is a reference for the company's rate plans that implement them. This manual only includes the rules required to assign the non-physical damage symbols based on the type of insured vehicle. No rates or rating factors are included in this manual.

Manual Rules
Manual rules that support the assignment of non-physical damage symbols are included. This filing has been prepared under the direction of Tiffany Ryan, Pricing Director, Personal Auto Pricing. Any questions regarding the contents of this filing should be directed to her attention.

NON-PHYSICAL DAMAGE SYMBOL MANUAL

1. INTRODUCTION

A. ABOUT NON-PHYSICAL DAMAGE SYMBOL MANUAL

1. This Manual contains the rules governing the Non-Physical Damage Symbol Plan. The rules, rates, forms and endorsements of the company shall govern in all cases not specifically provided for in these rules. This document does not contain premiums, rates, or charges or credits expressed in dollars and cents.
2. Future updates to the Non-Physical Damage Symbol Manual will primarily involve:
   a) Future loss experience reviews, and
   b) Determination of symbols for newly introduced vehicles, which will apply immediately and be added to our printed manual the next time a symbol filing is made.

B. MANUAL STRUCTURE

The Manual is divided into two Major Sections

1. Non-physical damage symbol rules

   This section contains the multistate rules for the identification of the non-physical damage symbols.
2. Non-physical damage symbol information

   This section includes the listing of the multistate non-physical damage symbols by vehicle.

C. RATING

Refer to the state Personal Vehicle Manual for all rules governing the use the non-physical damage symbols in rating.

INCLUDES COPYRIGHTED MATERIAL OF INSURANCE SERVICES OFFICE

2. NON-PHYSICAL DAMAGE SYMBOL INFORMATION PAGES

A. The symbol information pages display by model year the non-physical damage symbols for each vehicle.

B. For each vehicle listed on the Symbols Pages, two rating symbols are provided: one symbol applicable to BI and PD Liability coverages, and a second symbol applicable to PIP or Medical Payments and Uninsured / Underinsured Motorist coverage.

C. References to PIP/Medical Payments and Uninsured Motorist coverages

For the purposes of these multistate rules, the enclosed multistate pages contain references to both PIP and Medical Payments coverages. However, the symbols are intended to apply only to the specific coverage, PIP or Medical Payments that applies in a particular state.

For the purposes of these multistate rules, the enclosed multistate pages contain references to Uninsured Motorist coverage. However, the symbols are intended to apply only to the specific Uninsured and Underinsured motorist coverages that apply in a particular state.

Refer to the State Personal Vehicle Manual to determine which coverages apply in the state.

D. A Personal Auto Policy shall be used to afford coverage to a named individual who does not own an auto. The named non-owner coverage endorsement must be attached.
