Dear Alexa Grissom,

Comments:

Response 1

Comments: I apologize for not providing the survey in excel the first time. See attached.

As for the territories expressed as zipcodes, I assure you there is no redlining. However, if this is in violation of a statute, the company can amend our filing to reflect these into territories if necessary.

** Household Factor is the average HH factor for all rated drivers. If there are more drivers than vehicles, average the highest ranked driver factors up to the number of vehicles.
Repeat the calculation above for each rated driver. Add Household Factors for each coverage and divide by the number of rated drivers to get Average Household Factor.
***UM is not stackable and is a per vehicle premium.

X - Means factor is to be used multiplicatively
+ - Means factor or amount is to be added
- Means factor or amount is to be subtracted

Total Premium = sum of developed premium

CLAIMS GUIDELINES & PROCEDURES

Claims Procedures

Claims should be reported as immediately as possible. Please instruct the insured or claimant to report any loss directly to Professional Claims Management at:

Telephone:	(816) 333-5030
	(800) 383-1357
Fax:	(816) 333-5031

If a claim is reported by phone, do not also submit an ACORD Loss Report. Any written loss report notices or loss information obtained by the Producer, including ACORD loss notices, letters of representation, suit papers, subrogation demands, etc. should be FAXED to the Professional Claims Management at the above number.

Producers do not have the authority to assign an independent adjusting firm. Your office will be notified of the initial claim and the amount paid when the claim is closed.

If anyone, an insured or any other person calls to ask a question about:

1. a claim;
2. covered dates; or
3. coverages

provide them the telephone number and have them contact Professional Claims Management.

NEVER UNDER ANY CIRCUMSTANCES

- **ACCEPT RESPONSIBILITY FOR A CLAIM**
- **TELL ANYONE THAT A POLICY WAS NOT INFORCE OR**
- **DENY A CLAIM**

YOU COULD CREATE A SERIOUS SITUATION FOR YOUR PRODUCER AND THE COMPANY. COVERAGE QUESTIONS MUST BE ANSWERED BY THE CLAIMS DEPARTMENT. DO NOT ATTEMPT TO ANSWER HYPOTHETICAL CLAIMS QUESTIONS. COVERAGE OR LACK OF COVERAGE WILL BE BASED UPON THE POLICY LANGUAGE – NOT ANY LIMITED BRIEF DESCRIPTIONS SUPPLIED IN THIS MANUAL. YOU MUST BE FAMILIAR WITH THE POLICY LANGUAGE.

UNDERWRITING GUIDELINES

Acceptability of Risk

The Company underwrites all business submitted. Final acceptability is determined after a complete review of the submitted information. Check all of the "Unacceptable Risk" sections for operators or vehicles that should not be submitted to Traders. Since it is impossible to cover every aspect that might affect the acceptance of a risk, the Company must remain the final authority in the acceptance or continuation of any risk.

As part of the underwriting process, the Company may verify application information, including discount proof, other operators and residents of the household. Failure to submit required information will result in an uprate or cancellation.

Binding Authority

For coverage to be bound the application must meet all Traders' underwriting criteria.

DO NOT BIND ANY COVERAGE OUT OF STATE BY TELEPHONE, THIS IS ONE METHOD FREQUENTLY USED TO PRESENT FRAUDULENT CLAIMS.

Coverage is bound **NO EARLIER** than the time and date the application is **FULLY COMPLETED AND SIGNED BY BOTH THE APPLICANT AND THE PRODUCER** provided:
1. Premium has been collected;
2. All operators and vehicles meet the underwriting guidelines. Any risk designated as "Unacceptable" or "Submit Only" in the underwriting guidelines will not be bound by the producer;
3. Applications should be submitted immediately.

Severe Weather Advisory

Physical damage coverage cannot be bound for new business, rewrite or endorsement when the applicant's, Producer's, or insured's residence or place of business is located within a coastal county (or a county sharing any part of a county line with a coastal county) that is under a current or projected Severe Weather Advisory. Also, coverage cannot be bound in areas where a hailstorm, hurricane, tropical storm, tornado, or flood watch or warning is in effect at the time of application. Traders Insurance Company and Traders General Agency will not honor these applications.

Applications

Complete the application on our Policy Tracking System. Transmit the application and proper down payment to the company no later than the time coverage is bound. Fax all necessary supporting information immediately upon uploading the application. Failure to fax all necessary information could result in a premium increase endorsement or cancellation of the policy.
MAILED APPLICATIONS WILL NOT BE ACCEPTED. ONLY APPLICATIONS ENTERED INTO PTS ARE ACCEPTABLE. ALL DOWN PAYMENTS MUST BE PAID BY ELECTRONIC FUNDS TRANSFER FROM A DESIGNATED PRODUCER BANK ACCOUNT, A PROPERLY AUTHORIZED EFT TRANSACTION FROM THE INSURED'S CHECKING, SAVINGS ACCOUNT, OR CREDIT CARD.

Endorsements

Endorsements may be bound in PTS no earlier than the time and date of the request. PTS will not allow backdating of endorsements. Mailed endorsements are not permitted, but in unusual circumstances, agents may fax endorsements to the Company. All requests will be processed under the rates in effect at the time of the policy's inception.

Named Insured

An insurance policy may be written only in the name of one individual person whom is at least 18 years of age and the titleholder on the listed vehicle. If a vehicle is titled to two persons, only one may be listed as the named insured. Business entities, including Sole Proprietorship's, Partnerships, Corporations, LLC's, etc., are unacceptable as a named insured, a secondary insured or as an additional insured.

Lienholder/Additional Interest

Any party that holds a legal lien on a listed vehicle must be listed on the policy as a lienholder or additional interest. Lienholders/Additional Interest can only be listed if Other Than Collision and Collision Coverages are selected.

Eligible Operators

Operators must meet all underwriting guidelines and permanently reside and garage all vehicles in Kansas.
Operators must have:

- A valid U.S. drivers license;
- A temporarily suspended U.S. driver's license;

- A temporarily expired U.S. driver's license;
- A valid or expired license issued from a foreign country
- An International license; or
- An SR-22 filing for temporarily revoked U.S. licenses.

List all people 14 and older that live with or who might drive the insured vehicle(s), including children away at college and people listed on the title. All people that live at the residence that do not drive or wish to be excluded must also be disclosed in the application and appropriately excluded.

Eligible Vehicles

Vehicles must be owned by an insured listed on the policy. Eligible vehicles include private passenger automobiles, pickups, vans and utility vehicles.

Vehicle Inspections

Prior Damage

Vehicles with acceptable existing damage may be written only after the Producer has inspected the vehicle. Photographs must be retained in the Producer's office and a complete description must accompany the application. Vehicles with damage that may affect their safety and/or roadworthiness are unacceptable.

Symbols 81-87

The following vehicles also require a vehicle inspection. These vehicles are more likely to be used for commercial purposes. **Commercial use is prohibited.** If a vehicle returns a liability or med symbol of 81-87 in PTS, do not bind coverage **unless** a Vehicle Inspection form has been completed, or two photos of the inside and outside of the vehicle have been faxed to Underwriting for approval. This includes:

- Incomplete Extension Vans
- Incomplete Chassis
- Extended Cargo Vans
- Cargo Vans
- Extension Vans

Driver Exclusions

Driver exclusion endorsements must be executed for all residents of the household age 14 and older, whether licensed or not, who do not meet all underwriting guidelines. Drivers who are not household members cannot be excluded and must be reported and the appropriate premium paid.

The company gives the option to exclude any household member (unless filing an SR-22) of driving age (and those age 14 and older) before adding them to the policy. Those driver exclusions received after the effective date will be excluded from the policy as of the date the exclusion is received.

SR22 Filings

Filings are only available for the named insured and family members. **Drivers with an SR-22 filing cannot be excluded**. Filings will be electronically delivered to the state of Missouri, generally within two business days of receipt of the application. A fee will be applied on each installment for each filing. Please note: The state of Missouri does not typically recognize the receipt of an SR-22 until the business day after delivery. Kansas filings are not electronically delivered. SR-22 filings are only available for the states of Missouri and Kansas. Kansas will only be filed to assist the applicant/named insured obtain a Missouri License. The following is also required:

- Missouri or Kansas driver's license – the name on the filing must appear exactly as it reads on the driver's license; or if not available, the master number assigned by the state for which the SR22 filing is to be made
- Date of Birth
- Valid VIN's for all vehicles on the policy

Foreign Driver's License

Drivers who have a valid or expired foreign or international driver's license, but not a U.S. license will be acceptable 'Foreign' license types. If the insured has ever had a U.S. license, enter their existing or previous U.S. license number and license state into PTS.

Non-owners Policies

Liability coverage is available for a qualified named individual who does not own, lease, or have access to a car for their regular use. See the policy for coverage information.

General Information

The insured may make a request in writing:

1. Within a reasonable period of time for complete disclosure for additional information concerning the nature and scope of the investigation. If an error has been discovered, we will correct this error and adjust the affected premium accordingly.
2. The Company will re-underwrite and re-rate utilizing a new insurance score at least every 3 years. Prior to any annual renewal, the insured may request that their policy be re-underwritten and re-scored based upon a current insurance score. In this instance, the insurance score, re-underwrite or re-rate shall only be used to decrease, not increase the insured's rate.

Extra-Ordinary Life Circumstances

The Company will reconsider the insured's insurance score if certain extra-ordinary circumstances exist.

The insured may request in writing reconsideration of their insurance score if they believe their score is negatively impacted by extra-ordinary life circumstances beyond their control.

If the insured believes that certain adverse credit information should not be used they must submit documentation to establish the existence and duration of personal circumstances justifying that certain adverse credit information not be used.

RATING GUIDELINES

Quote and Application Information

All Applications must be issued from our Policy Tracking System (PTS).

Driver Classes

Driver classes are determined based on the driver's date of birth, gender and marital status. The married classification is for those drivers legally married and living with their spouse (except for those persons unable to live together due to military obligations) and widowed persons. The single classification is for all other drivers. For rating purposes, individuals with common law marriages are rated as single.

If a driver is age 24 or younger and has a birthday within one month of the policy inception date, the policy is issued with the class reflecting the driver's age as of the upcoming birthday. The company rating software will apply this rule automatically.

The company does not change driver class on a policy during the policy term, except to recognize a change of marital status. Driver class and points are updated only at policy renewal.

Driver Relationships

Household structure is a policy-rating factor. Therefore, please include each driver's relationship to the named insured when quoting a risk. The available options are spouse, parent, child, resident relative or other.

Teen Drivers

All family members 14 or older must be disclosed on the application whether licensed or not. If the teen driver is driving under the restrictions of a learner's permit/license, instruction permit/license, or farmers permit/license where a licensed parent or guardian must be present at all times, they MUST be disclosed, but they will not be rated. When the teen driver turns 16 and becomes eligible for an intermediate or unrestricted license, the driver will be rated upon effective the next renewal. Upon unrestricted or intermediate license eligibility, the driver must be rated or excluded.

Inexperienced Operator

Upon receipt of the MVR, all drivers age 21 or older who have been licensed less than 35 months in the U.S. will be charged an inexperienced operator surcharge. Agents should always enter the date licensed to avoid an uprate.
If the driver has been licensed in another state within the prior 35 months, please provide the driver's license number and state of licensing on the application to avoid the unverifiable driving record surcharge.

Point Charge Determination

The experience period for both new and renewal business shall be the 35 months prior to the effective date of the policy.

Using the driving records of individual drivers during the experience period, Traders' Policy Tracking System will determine point charges from the Point Assignment Table.

If more than one point charge results from a single incident, enter all accidents and violations from the incident in the rating software. The rater will automatically use the highest point charge for a single violation.

Vehicle Symbols

Traders' Policy Tracking System (PTS) automatically assigns vehicle symbols for eligible vehicles. Please call your Customer Service Underwriter if there are eligibility questions.

Coverage for Additional or Custom Equipment is not considered in the symbol assignment, and is not afforded unless it is declared on the application and a premium is paid. Refer to the Coverage & Claims section of this manual for details.

Vehicle Identification Number (VIN)

The Company's system uses the VIN to verify vehicle and assign the vehicle symbol. If the VIN on the application is incomplete or incorrect, it may result in delayed processing, incorrect rating or cancellation for unacceptability.

Unverifiable Driving Record (UDR)

If the driving record of any licensed vehicle operator or resident of the household cannot be verified for the preceding 35 months, Traders' Policy Tracking System (PTS) will add a surcharge.

If the prior driving record is subsequently verified within 30 days of policy inception date, we will remove the points as of the inception date, and the policy will be re-rated using the actual driving record. This rule does not apply to a Foreign driver's license or a state where the MVR cannot be obtained.

Continued inability to verify a motor vehicle record may be cause for cancellation or non-renewal of a policy.

Invalid Driver's License (And/Or Unable To Obtain A Valid MVR)

Individuals with an invalid driver's license or on whom the Company cannot obtain a valid MVR are unacceptable and subject to cancellation. This surcharge will not apply if the policy can be cancelled. This surcharge will apply if an individual's license is invalid and/or when the company has unsuccessfully attempted to obtain an individual's driving record. Before applying this surcharge, the Company will provide time for the individual to correct the deficiency that causes the license to be invalid or the driving record to be unobtainable. Invalid includes, but is not limited to expired, suspended, revoked, surrendered, cancelled or invalid for any other reason. If an Unverifiable MVR surcharge was previously applied to an individual, this surcharge will be removed and the Invalid Drivers' License Surcharge of 100% will be applied to the entire policy.

Insurance Score

The Company utilizes an applicant's insurance score as one factor in rating the risk:

- To order this information, simply follow the instructions in the rating software.
- A policy cannot be uploaded unless an insurance score has been ordered
- Be sure to include full name, physical address, social security number and date of birth to avoid inaccurate or incomplete insurance scores.
- You will not receive any information contained in the applicant's insurance score.
- An applicant who suspects inaccuracies in his/her insurance score can obtain a copy by calling the score provider after the confirmation is complete. Producers cannot request this information. Only the customer can contact the insurance score vendor.

Compliance with Financial Responsibility Laws

- Compliance with Financial Responsibility Laws means the applicant has proof of private passenger automobile liability insurance, which verifies that the previous policy covered the named insured or rated spouse and provided six months liability coverage proof with 30 days or less gap in coverage..
- Part of the responsibility of the financial responsibility discounts is the ability to keep insurance paperwork. If the prior policy was still in-force, or had been recently cancelled, the insured should have documentation that demonstrates the status, effective dates and liability limits of the policy.
- Traders' Policy Tracking System (PTS) will request that you send in proof of prior insurance when required.

Territories

Traders' Policy Tracking System (PTS) automatically assigns territories based on the garaging zip code. If the insured uses a post office box as a mailing address, the physical garaging address of each vehicle, including zip code, must also be provided.

Garaging locations outside of Arkansas are unacceptable. The Company has filed a territory code for non-Arkansas zip codes that is considerably higher than any valid Arkansas Zip /Territory. Arkansas policyholders moving out of the state should apply for insurance coverage in their new state of residence. Policyholders who do not cancel their Arkansas policy upon moving to a state that the Company does not write business may be cancelled or nonrenewed.

Endorsements

Endorsements that result in a change in premium should be paid at the time the endorsement is processed to avoid a processing fee. Endorsements that do not result in a change in premium will not be charged a processing fee. If any automobile, driver or coverage is added or deleted during the policy term, the premium for the endorsement will be based on the rates in effect at the inception date of the policy term. If a policy is endorsed to provide coverage for an unacceptable vehicle or a vehicle with a base price in excess of $60,000, the premiums for that vehicle will be surcharged and the policy will be cancelled or non-renewed.

Renewals

Policies will be reviewed and re-rated at each expiration using current rates, point counts and classifications.

Cancellations

Insured's Request

Flat cancellations are not permitted. The named insured may cancel the policy either by returning the policy to the company or by giving the company written notice prior to the requested cancellation date. The named insured will be refunded on a short- rate basis which means that a 90% of the pro-rata unearned premium will be returned to the insured.

Duplicate Coverage

Backdated cancellations are permissible only if the company receives acceptable proof of duplicate coverage. If acceptable proof is not received, the policy will be cancelled effective the date of the request. The premium will be returned on a short rate basis.

Underwriting/Non-Payment

A pending cancellation for underwriting reasons will not interrupt the billing cycle. If both, underwriting and non-payment cancellations are pending; the policy will not be reinstated unless conditions are satisfied for both.

Return Premiums

Return premiums due to insured requested or duplicate cancellations will be calculated on the Short-Rate method (Insured Receives 90% of pro-rate unearned premium). Unearned premium, if any, will be refunded to the named insured. If an underwriting and a non-payment cancellation are pending then; the cancellation with the earliest effective date will be used to calculate the cancellation return premium. If an underwriting and a non-payment cancellation are pending then; the cancellation with the earliest effective date will be used to calculate the cancellation return premium. All cancelled or expired policies that have a credit of less than $7 will be waived unless requested by the insured.

Reinstatements

Policies cancelled for lack of information may be reinstated only if all information is **received and approved** by Underwriting prior to the effective date of cancellation and the policy is not cancelled for non-payment of premium.

Policies cancelled for non-payment of premium can be reinstated up to 60 days after the cancellation date. There will be a lapse in coverage from the cancellation date to the day after payment is made and a reinstatement fee will be assessed.

DISCOUNT & SURCHARGE GUIDELINES

Discount Proof

If acceptable proof of eligibility for discounts is not available when the application is completed, quote the policy and collect the down payment based on the undiscounted premium. Supporting documentation for any discount must be faxed into Traders after upload to avoid any uprate on the policy.

Prior Insurance Discount

To be eligible for a prior insurance discount, the named insured or rated spouse must submit at least six months proof of coverages with less than 30 days total gap from the prior policy's effective date. Acceptable proof of prior coverage includes; company issued declarations pages, company issued ID cards, company issued renewal or non-renewal notices, a current premium invoice (billing notice) reflecting dates of prior coverage, company website verification or a letter from a prior carrier.

- The policy discount is calculated based on the number of days lapsed from the previous policy.
- Once the discount is earned, the prior insurance discount will remain on the policy for the duration unless the insured lapses greater than 60 days. In such case, a rewrite is required, and no discount would be applied.

Continuous Coverage Discount

The named insured, who is continuously covered with Traders for six months without gaps incoverage greater than 30 days, will be eligible for the continuous coverage discount. The insured is eligible for the discount upon his/her first renewal and may be eligible for a larger discount on subsequent renewals if the insured continues to renew without gaps in coverage. This discount may be applied in combination with the prior insurance discount, if applicable. Once the continuous coverage discount is earned, the named insured will continue to receive it for the life of the policy.

Paid in Full Discount

A discount applies to applicants who pay the policy premium in full when the new business application is submitted to the company. **Premium Financing is never allowed.**

Homeowner's Discount

A discount will be allowed on BI, PD, OTC and Collision if the insured owns and resides in a single-family dwelling, duplex, townhouse, or condominium. This does not include a mobile home. Acceptable proof of homeownership includes a copy of the insured's current homeowner's insurance declarations page, deed or tax bill.

Senior Accident Prevention Course Discount

For insured's 55 years old and older a 5% Motor Vehicle Accident Prevention Course Discount is available provided the vehicle is classified and rated as a private passenger auto and the principal operator has a completion certificate, dated within the most recent 36 months, certifying successful completion of an accident prevention course meeting the criteria established by the Arkansas Department of Public Safety.

- This discount shall apply to new and renewal policies with inception dates within the 36-month period following the course completion date.
- This discount does not apply if the approved course was taken pursuant to a court order resulting from a motor vehicle violation or an alcohol or drug related offense.

Multi Car Discount

A discount will be given on all coverages if two or more vehicles are registered to the named insured as an individual and covered on the same policy. The multiple car discount does not apply to motor homes or trailers, both of which are unacceptable vehicles, and they will not be counted in determining if other vehicles are eligible for the discount.

College Graduate-Scholastic Aptitude Discount

A College Graduate Scholastic Aptitude Discount is available for single college graduates under the age of 25 who graduated with at least a 3.0 grade point average.

The discount applies only to the vehicle on which the eligible person is rated and only once to each auto regardless of the number of operators with course completion certificates.

The discount will be discontinued when the person reaches the age of 25 or marries.

Non-Owners Discount

Liability (BI/PD), Medical Payments and Uninsured Motorists insurance coverage may be available at a discounted rate for qualified individuals who do not own, lease, or have access to a car for their regular use. This coverage is designed for people who do not own a car, do not regularly use a specific car and never use a car belonging to a member of their household.

- **Regular use** includes, but is not limited to, having customary, usual, periodic or normal, even if infrequent, access to, or use of, a non-owned car; and includes standing, general or implied permission to use a non-owned car.
- **Non-owned car** is any car that is not owned by or registered to the named insured or any relative, family member, or resident of the named insured's household.
- **Coverage applies to the named insured only as shown on the declarations page**. There is no extension of coverage to a spouse of a named insured or any other person, including any relative, family member, resident or permissive driver of the named insured.
- **Coverage does not apply** to: 1. a car available to or provided for the regular use of the named insured, or any resident of the named insured's household, or 2. a car owned by any resident of the named insured's household.
- **SR Filing.** Operator's Financial Responsibility Filing is available but not required.
- Business use is unavailable.
- Physical damage, rental, and towing coverage are unavailable.
- **Relatives, family members and residents**: Other persons 14 years of age and older who reside with the named insured must be listed on the application and marked as excluded.

Business Use Surcharge

A Business Use surcharge will apply to the following vehicles:

1. Personally-owned/registered private passenger vehicles used in business (e.g., realtors, home sales, insurance Producers – Avon or Amway type products);
2. Artisan-type risks – Self-employed, owner-operated contractors, drywallers, gardeners, etc. Pickups, vans and utility vehicles used by the insured in his/her business or employment.
3. Vehicles used for delivery purposes are unacceptable**.**
4. Vehicles owned by a partnership or corporation are unacceptable.
5. Please refer to the Unacceptable Risks list for a complete listing. All vehicles must still meet the Private Passenger guidelines and policy contract definitions. Vehicles must be:
   a. Driving to three or fewer job sites in a day;
   b. One ton or less;
   c. Owned by the named insured (individually owned/registered – no business names);
   d. No flatbed, stake bed, rack, tilt cab, forward control or modified/altered vehicles;
   e. Driven solely by the named insured.
   f. Driving without a trailer. Occasional usage is acceptable.

Unless there is an indication on the application that the self-employed artisan with a pickup/van has another vehicle that is used for business on a commercial policy, the surcharge will apply.

INSTALLMENT BILL GUIDELINES

Payment "Delivery" Date Rules

The insured is provided these "Delivery Rules" in each billing or cancellation notice. These rules define when the insured can expect their coverage to become effective if they make a late payment.

The following rules shall govern when your payment will be considered delivered to us:

A. If you mail your payment, your payment will be considered delivered to us on the earlier of:
   (1) the United States Postal Service postmark date on the envelope containing your payment if the postmark date is before the cancellation date;
   (2) the day after the United States Postal Service postmark date on the envelope containing your payment if the postmark date is on or after the cancellation date;
   (3) the day we receive your payment in our office if the envelope containing your payment is metered or not postmarked.

B. If you deliver your payment to us or the producer and receive a receipt, your payment will be considered delivered to us on the earlier of:
   (1) the date and time on your payment receipt if you receive a timed, dated receipt;
   (2) the day after the date on your receipt if you receive a dated receipt without the time.

C. In all other circumstances, your payment will be considered delivered to us on the day after your payment is collected and processed by us.

It is important that you understand these rules because:

A. You best serve your customer, self and the Company by inputting the payment on TradersAuto.com immediately upon delivery by the insured.

B. If you do not give a receipt to the customer, the payment will not be considered "Delivered" until the day after the payment is collected and processed by you if uploaded or the day after the payment is collected and processed by us if mailed.

C. If you give a receipt that is not timed, the payment will be considered "Delivered" the day after the date on the receipt.

Will Not Accept A Late Payment

When a policy has been flagged by us for non-renewal, the insured's bills will include a notice that we will **NOT** accept a payment after the due date on the bill. The non-payment cancellation notice will also clearly state that we will **NOT** accept a late payment. The notices clearly state that if a payment is "Delivered" after the due date, the payment will be returned and no coverage will be inforce after the cancellation date.

You have **no authority to accept a payment** from a policyholder who was sent a notice that we will not accept a late payment. You will know that a late payment is not acceptable by processing the payment on Traders' Policy Tracking System (PTS). .

Billing Due Date And Billing Procedures

There are two methods of calculating the billing due date for our semi-annual policies.

A. **Preferred Billing Method** – If this method applies, then the billing due date is the monthly anniversary of the inception date. This method applies to all policies with one of the following: 1) prior insurance, 2) pay 25% down, or 3) are enrolled in the automatic EFT. Therefore, if the policy inception date is the 15th, each payment will be due on the 15th.

B. **Standard Billing Method** – If this method applies, then the billing due date is 18 days after to the policy effective date. This plan permits the insured to reinstate the policy without a gap in coverage if they pay before the monthly anniversary. This allows the insured to only pay one month down, while allowing the Company adequate time to protect equity in the policy. This method applies to all customers without prior insurance, who pay less than 25% down, and / or are not utilizing automatic EFT. The Standard Billing Method enables the Company to make low down payment options available to customers.

We will reinstate a policy without a reinstatement fee if a payment is "Delivered" after the due date, but prior to the cancellation date. We will not reinstate a policy if (i) there are other outstanding cancellations or (ii) we notified the insured that we will not accept a late payment.

Nothing in this section shall affect the company's contractual relationship with an insured. All coverage determination will be determined based on the application policy and legal notices.

Billing Procedures

The initial bill is sent to the insured 15 days prior to the due date.

Additional premium must be collected with all additional premium endorsements. Traders' system will provide the amount to collect to keep the policy in equity up to the next billing cycle.

Bills indicate all payment options, including the minimum payment and total balance due. Bills are also produced when a balance exists after cancellation or expiration.

Down Payment Options

New Business

The down payment is calculated from the following percentages of the policy premium. The following down payment options are available:

- 16.66% of the premium down with 5 installments
- 20% of premium down with 5 installments
- 25% of premium down with 5 installments
- 100% of premium down (Paid In Full Discount Applies)

Renewals

The renewal down payment bill is mailed 15 days prior to policy expiration.

- 16.66% (1/6) of total amount (premium plus fees) down with 5 installments.
- 20% of total amount (premium plus fees) down with 5 installments.
- 25% of total amount (premium plus fees) down with 5 installments.
- 100% of total amount (premium plus fees).

Automatic EFT

New Business

A reduced service charge is available when the insured chooses to participate in the automatic EFT. Automatic EFT is a direct withdrawal from the insured's checking or savings account.

We encourage you to enroll your policyholders on automatic EFT. This option increases retention, ensures timely payment, saves premium including reinstatement fees, and saves money on postage. The enrollment form is automatically produced when doing an application on PTS or can be found on our website at tradersauto.com.

Installment Payments

All payments should be made payable to the Company. All payments must be postmarked or uploaded prior to the due date, cancellation date or expiration date (see Reinstatements section). The following payment methods are available:

- **Payments Via Automatic EFT** – Insureds may enroll in Traders' automatic EFT option where monthly pre-authorized electronic funds are transferred from the insured's checking or savings account.
- **Payments Via PTS –** Producers may accept payments from insured's in your office and submit to the Company electronically through PTS.

- **Payments Via the Mail –** Please mail payments to PO Box 24568 Kansas City, MO 64131. Please be sure to include the remittance slip.
- **Payments Via Telephone –** Insureds may charge installment payments to their Visa, MasterCard or have the payment deducted from their checking account for a nominal fee. To use this option, the insured may call our toll-free Customer Service number (866)207-9392 and follow the directions. Insureds will need to enter their 8 digit policy number (ie TC 12345678-00), the policy address, and current zip code.
- **Payments Via Web -** Insureds may charge installment payments or have checks deducted from their checking account for a nominal fee. To use this option, the insured simply visits www.tradersauto.com and select the "Pay" button. Insureds will need to enter their 8 digit policy number (ie TC 12345678-00), the policy address, and current zip code.
- **Payments Via Other Independent Vendors -** Insureds may make cash or debit card payments at any Checkfree or Moneygram moneycenter including Wal-Mart, CVS Pharmacy, and many other bill-pay locations for the various independent party fees. It is important to know that payments made via independent vendors will not be receive credit by Traders until we actually receive the payment from the independent vendor—these vendors are not our authorized agents. Payments made by text are also Independent Vendor payments.

Payments made to the producer MUST be entered into PTS.

Renewal Payments

A renewal quote will be sent to your customer prior to the policy expiration. If the insured's renewal payment is received on or after the insured's existing policy expiration date, a renewal with a gap fee will be assessed, and the policy will renew with a gap in coverage.

Service Charge

All installments are subject to a nominal service charge including new, renewal, and endorsement installments. A reduced service charge is available for policies enrolled in automatic EFT.

Refund Checks

If the policy account balance is overpaid, excess policy premium will be applied to the renewal if the policy is within 60 days of renewal. If the policy is more than 60 days from renewal or the renewal is refused, a refund check is issued.

Refund checks due to cancellation will be mailed within 12 business days of the cancellation effective date. Refund checks due to overpayment of premium will be mailed within 12 business days after the last payment was received.

NSF CHECKS

Do Not Attempt To Collect On NSF Checks From The Insured. Return To Traders immediately.

If a payment check or upload results in a dishonored payment, a $30 NSF fee will be assessed, or the maximum allowed by law.

–PRODUCER RESPONSIBILITY

The **Producer must** notify the Company immediately of NSF checks.

The **Producer must NOT attempt** to collect the NSF check.

If the Company is notified immediately, we will reimburse the Producer for the NSF check and reasonable bank charges. We cannot reimburse you if we are not notified immediately.

Delays in notification cause coverage to be extended where no premium has been paid and increase earned premium. If we are notified immediately of the NSF, we will assume responsibility for the NSF. The agency is responsible if you do not notify the Company immediately. To avoid this issue, you should apply the payments as an electronic sweep from the insured's account..

Monthly Commission Statement

Each agency defaults to a "Paid as Collected" commission agreement where the agent gets paid based on cash transactions that occurred in the month. With this agreement, the agency will rarely have to repay commissions on unearned premium.
A check for commission due the producer will be mailed with the statement within 5-10 business days after the end of the month unless you are signed up for direct deposit. If a balance is due from the producer, the Company must receive it no later than the 25th of the month, following the month the statement represents.

COVERAGE GUIDELINES

Bodily Injury
$25,000/$50,000

- All vehicles must have same BI limits.
- Limits greater than 25/50 are not allowed.

Property Damage
$25,000

- All vehicles must have same PD limits.

Uninsured Motorist Coverage
Uninsured Motorist coverage is required on all Liability policies at limits no less than those set forth in the Arkansas Motor Vehicle law. Insureds have the option to reject the Uninsured Motorist Coverage in writing. If a rejection is not received with the application, the policy will be issued with Uninsured Motorist Coverage at $25/$50 limits and the premium charged accordingly. This coverage may not exceed liability limits. Renewal policies will not include the rejected coverage. UMPD cannot be afforded unless UMBI coverage is afforded, but must be rejected separately. UMPD is subject to a $250 Deductible. Limits must be the same for all vehicles insured under the policy.

Underinsured Motorist Coverage
Underinsured Motorist Coverage is required on all Liability policies at limits no less than those set forth in the Arkansas Motor Vehicle Law. Insureds must reject Underinsured Motorist Coverage, in writing, if UMBI is not selected and have the option to reject the Underinsured Motorist Coverage in writing if UNBI is selected. This coverage may not exceed liability limits. Renewal policies will not include the rejected coverage. UMPD is subject to a $200 Deductible. Limits must be the same for all vehicles insured under the policy.

Personal Injury Protection
Personal Injury Protection Coverage is required on all liability policies unless rejected in writing by the named insured. All, any one or any combination of Personal Injury Protection may be selected or rejected in writing. Rejection of coverage must be in writing. If a signed rejection is not obtained with the application the policy will be issued with the coverage. Renewal policies will not include the rejected coverage(s).
Available limits in any combination are as follows:
1. $5,000 Medical and Hospital Benefits
2. Disability Income Benefits - Maximum 52 weeks from the date of the accident.
   a. Income Earner – 70% of income subject to a maximum of $140 per week

- Physical Damage coverage required to purchase Towing and Labor coverage.

Rental Reimbursement
$20 per day / $600 maximum
$30 per day / $900 maximum

- Physical Damage coverage required to purchase Rental Reimbursement coverage.

Additional/Custom Equipment
Standard equipment installed by the auto manufacturer (factory) is covered under physical damage coverage. Custom equipment means equipment, furnishings, enhancements, installed after leaving the factory, as well as, those options not considered part of the standard equipment package.

- All acceptable equipment must be listed on the application and an additional premium must be paid based on the cost new.
- The company rater will quote this coverage based on the cost new of additional/custom equipment entered. The physical damage deductibles apply to the additional/custom equipment.
- It is the Producer's responsibility to ask the applicant questions about custom furnishings/equipment
- Vehicles with over $3,000 of additional/custom equipment are unacceptable.

Roadside Assistance

The roadside assistance coverage covers services for disabled vehicles that require battery assistance, fuel, oil, fluid and water delivery, flat tire assistance, assistance during a lock-out or assistance due to a mechanical or electrical breakdown.

- Using an authorized service representative, the company will cover up to $100 in services.
- Using an unauthorized service representative, the company will cover $50 in services.
- The coverage will only cover one disablement for the same service type during a seven day period.
- The coverage will only cover three disablements over a six-month policy term.

Stereo/Sound Systems

Stereo/sound systems installed by the manufacturer as standard factory equipment are covered under physical damage, up to their actual cash value, subject to the deductibles shown in the Declarations.

All other stereo/sound systems, installed in the opening intended for that use by the manufacturer, are covered under physical damage up to a value not to exceed the original manufacturer's value, subject to the deductibles shown in the Declarations. Additional coverage may be purchased. To rate the additional coverage, subtract the value of the original manufacturer's stereo/sound system from the current value of the stereo/sound system and rate the balance using Traders' Policy Tracking System (PTS)..

POINT ASSIGNMENT TABLE

Accidents and Violations

Count all moving violations and chargeable accidents for the past 35-month experience period received while operating any motor vehicle including a motorcycle. Use the citation date for violations appearing on the driving record. For multiple point count charges arising out of one occurrence, only the highest charge will be used. *Chargeable Incident – any chargeable violation or accident in the past 35 months

Chargeable Accidents

First Chargeable Accident – 3

Each Additional Chargeable Accident – 5

Any accident shall be considered chargeable unless documentation is furnished describing the accident and showing that the applicant was not at fault. This documentation shall consist of a police report, a written statement from the other party's insurance carrier, applicant's previous insurance carrier or similar legal document verifying that the applicant was not at fault. Applicants signed statement or letters from attorneys are not acceptable.

An accident is "at-fault" and chargeable unless:

1. The applicant, insured operator or owner of the insured vehicle was reimbursed by, or on behalf of, the person responsible for the accident or has judgment against such person; or
2. The automobile of the applicant or insured operator was struck in the rear by another vehicle, and the applicant or insured operator has not been convicted of a traffic violation in connection with the accident; or
3. The automobile operated by the applicant or insured operator is damaged due to a "hit-and-run" driver, if the applicant or insured operator reports the accident to the proper authorities within twenty-four hours; or
4. The automobile operated by the applicant or insured operator is damaged by contact with animals or fowl; or
5. The automobile operated by the applicant or insured operator is damaged by flying gravel, missiles or falling objects; or
6. The accident occurs as a result of the operation of any vehicle in response to an emergency if the operator, at the time of the accident, was responding to a call of duty as an unpaid volunteer member of any fire department, first aid squad or law enforcement agency; or
7. The insured vehicle was lawfully parked (an auto rolling from a parked position shall not be considered lawfully parked, but shall be considered as being operated by the last operator; or
8. The operator of the other automobile involved in the accident was convicted of moving traffic violation and the insured operator was not convicted of a moving traffic violation in connection with the accident.

At Fault Accident Surcharge

If a loss involves a permissive user of an insured automobile, a surcharge is applicable to that accident. The surcharge is applicable when an insured automobile is being driven by a person who is not listed on the policy, but has permission to use the insured vehicle. This surcharge will be applied to the individual who is rated on the involved vehicle. The surcharge is the same as the at fault accident surcharge.

Alcohol Related Violations

Blood Alcohol Content (BAC)
Driving Under the Influence (DUI) of Alcohol or Driving While Intoxicated (DWI)
Refusal of Alcohol Test (Implied Consent Law)
Open Container
Administrative Suspension
All other alcohol-related violations (Unless in combination with any other drug or narcotic, which will then be considered drug related and charged as a Major Violation)

First DUI – 1

Each Additional DUI – 6

Major Violations

International Drivers License
Drug Or Narcotic Related Violations
Driving While License Revoked
Driving Without A Valid License
Driving On The Wrong Side Of The Road (Not Wrong Way On A One-Way)
Failure To Stop And Render Aid
Leaving The Scene Of An Accident
Negligent Driving

PRODUCER'S DUTIES REGARDING POINT OF SALE CREDIT

The use of credit (consumer reports, credit reports, credit scores or insurance scores) in rating is subject to the Federal Fair Credit Reporting Act (FCRA) and various state laws. It is extremely important that anyone who plays any role in processing or taking applications that involve Point of Sale Insurance Scores knows and understands the conditions in which consumer reports may be ordered and used.

Producers may order an insurance score on an applicant only when they have a verbal or written request that the consumer has asked for an insurance quote (this is a "permissible purpose" under the FCRA). Producers must inform the applicant that they will order a consumer report for use in calculating premium, and that the report will be available to the company and its affiliates. To assist in this effort, the company rating software will generate a Consumer Fair Credit Reporting Act Information Form after the insured's insurance score is returned. Consumer reports and insurance scores may not be resold or transferred to any other person or entity. To avoid possible improprieties, the company rating software will not display the actually insurance score.

Producers must adopt and enforce strict procedures to protect applicants' privacy and to comply with all relevant laws including the FCRA. Part of these procedures should include advising anyone involved in the Point of Sale Insurance Score process that the FCRA provides for personal civil liability as well as fines or imprisonment for obtaining information without having a permissible purpose, or for other violations of the FCRA.

We believe the company use of Point of Sale Insurance Scores is a significant development in personal auto policy rating. However, it is imperative that each and every Producer employee in the process knows and understands the limits placed on the use of consumer reports by the FCRA and applicable state laws. This document is not intended to provide comprehensive legal advice on the FCRA. It is intended to make you aware that the FCRA, in conjunction with various state laws, must be taken into consideration when dealing with consumer reports and insurance scores specifically. If you have any questions, please do not hesitate to contact the company.

Comments:

An actuarial review was not completed for this revision. The changes we've outlined are changes the company will be making countrywide. The impact of this revision is minimal with an overall of -0.33% on our inforce (-0.27% on liability and -1.16% on physical damage).

1) The company would like to add a new discount that rewards the insureds who continue to renew. See the new table "Continuous Coverage".
2) An amendment was made to point assignments for the first minor.
3) Point relativities were modified to minimize the impact of the point assignment adjustment.
4) The company has replaced the matrix factor table.
5) A couple of zipcodes were modified and subsequently amended on the "Zip to Territory" and "Territory Factor" tables.
6) The symbol assignment table was replaced to account for all new vins made available by our vendor Polk. Primarily the update was for 2011 and 2012 model years.
7) Model year factors were added for 2012 and 2013 model years.
8) Finallly, our underwriting manual contains adjustments for now accepting expired Foreign and International driver licenses and allowing mid-term gaps for the prior insurance discount. Additionally, a new section for the Continuous Coverage discount was added.
