All filings for 2014 have been received.

The form for 2015 that will be due by June 1, 2016 will not be available until March 15, 2016. **[We do this because we do not want this filing sent with premium tax filings or any other kind of filing.](#)**

No reminder is sent. It is the company's responsibility to file on time each year. The form and payment may be sent at any time between March 15th and June 1st. We strongly encourage all companies to file as soon as the form is available.

WE DO NOT ACCEPT SOFTWARE COMPANY FORMS.

You must file on our form. The form must be completed on our website, printed, signed, and sent with your payment.
