Dear Sir or Madam:

We submitted the above-referenced form and the form has been approved under SERFF Tracking Number KCLF-125781459. However, there are two changes we need to make since the form was approved. We noticed a mistake in Section 8.1, Payment of Proceeds, and are now resubmitting the form to replace the form recently approved. We have replaced Options 1-3. Specifically, we changed the reference to the interest rate to state a 1.5% rate rather than a reference to the contract data page for the guaranteed interest rate.

The other change has been made on the contract data page. The Redetermination Date has been removed, as it is irrelevant to this contract.

Please contact me if you have any questions or require further information.

Sincerely,

Jennifer Penfield, FLMI

Values shown in the table above are based on an annual net premium of \$1,000 on each contract anniversary and a minimum guaranteed interest rate of [1.0%]. These values assume that no partial surrenders have been made. We will adjust values between contract anniversaries for any premium paid and any time elapsed during the year. We will furnish values for any contract year not shown on request.

The surrender charge is the contract value times the percentage shown in the table above for the applicable contract year. The surrender charge percentage during a contract year will be interpolated to reflect the time elapsed during that year.

We will not assess a surrender charge beginning in the contract year in which the surrender charge percentage reaches zero.

Section 2: Definition of Certain Terms

The following are key words used in this contract and are important in describing both your rights and ours. As you read this contract, refer to these definitions.

2.1 Age

Age means the age on the Annuitant's last birthday as of each contract anniversary. This contract is issued at the age shown in Section 1, Contract Data, which is the Annuitant's age on the contract date. If the contract date falls on the birthday of the Annuitant, the age will be the age attained by the Annuitant on the contract date.

2.2 Annuitant

The person on whose life the annuity benefit for this contract is based.

2.3 Beneficiary

The person you have designated in the application or in the last beneficiary designation filed with us to receive any proceeds payable under this contract at the death of the Annuitant.

2.4 Cash Surrender Value

The contract value at the time of surrender less applicable surrender charges and any premium taxes payable.

2.5 Contract Anniversary

The same day and month as the contract date each year that the contract remains in force.

2.6 Contract Year

Any period of twelve months starting with the contract date and each contract anniversary thereafter.

2.7 Contract Date

The contract date is the date from which contract months, years and anniversaries are computed.

2.8 Contract Value

The value accumulated in your contract. This value is described in more detail in Section 7.1, Contract Value.

2.9 Maturity Date

The scheduled date shown in Section 1, Contract Data, on which we will pay the maturity proceeds of the contract. You elect in what form to receive this payment. The latest maturity date is the later of the contract anniversary following the Annuitant's 85th birthday or the tenth anniversary of the contract. However, qualified contracts may be required to begin distributions at age 70 1/2.

2.10 Owner

The person entitled to exercise all rights and privileges provided in the contract.

2.11 Proceeds

The total amount we are obligated to pay under the terms of this contract.

2.12 We, Our, Us

Kansas City Life Insurance Company.

2.13 Written Notice

A written notice or notice in a form satisfactory to us, which is signed by the owner and received at the Home Office.

2.14 You, Your

The owner of this contract. The owner may be someone other than the Annuitant.

Section 3: Proceeds

3.1 Types of Proceeds and Method of Payment

There are various types of proceeds available under this contract. These include:

- Maturity proceeds
- Death proceeds
- Surrender proceeds
- Partial surrender proceeds
- Nursing Home benefit proceeds

We will pay maturity, death or surrender proceeds either under a payment option as described in Section 8 or in a lump sum. The amount of proceeds payable will vary by the type of proceeds and the form of payment selected. We will only pay partial surrender proceeds as a lump sum or under the Systematic Partial Surrender Plan described in Section 7.4.

We reserve the right to require that this contract be returned to us when maturity, surrender or death proceeds are paid.

To the extent permitted by law, proceeds will not be subject to any claims of your creditors or the beneficiary's creditors.

3.2 Maturity Proceeds

On the maturity date you have the option to continue the contract in force, or have the maturity proceeds paid to the Annuitant, if living. The maturity proceeds may be received in a lump sum or you can choose any available payout option described in the Payment of Proceeds provision.

The maturity proceeds will be equal to:

- 1) the cash surrender value as described in Section 7.2, if you choose a lump sum, Option 1, or Options 2 or 3 with a payment period of less than five years; or

- 2) the contract value as described in Section 7.1, if you choose Options 2 or 3 with a payment period of at least five years, or Options 4 or 5.

3.3 Death Proceeds

The proceeds payable at the time of death will be the contract value as defined in Section 7.1.

If the Annuitant dies prior to the maturity date, we will pay the proceeds to the beneficiary. We require proof of the Annuitant's death while this contract is in force. We will pay the proceeds to the beneficiary in a lump sum unless you or the beneficiary elect one of the payment options listed in Section 8.

We will pay interest on single sum death proceeds from the date of the Annuitant's death until the date of payment. Interest will be at an annual rate that we determine, but never less than the rate required by the state in which this contract is delivered.

3.4 Surrender Proceeds

We will pay proceeds of a full surrender of the contract as either a lump sum or under a payment option as described in Section 8. Unless you specify otherwise, we will pay surrender proceeds as a lump sum. Surrender proceeds will be equal to:

- 1) the cash surrender value as described in Section 7.2, if you choose a lump sum, Option 1, or Options 2 or 3 with a payment period of less than five years; or
- 2) the contract value as described in Section 7.1 if you choose Options 2 or 3 with a payment period of at least five years, or Options 4 or 5.

The amount of proceeds payable under the Partial Surrender Provision is defined in Section 7.3. We will only pay out partial surrender proceeds as a lump sum or under the Systematic Partial Surrender Plan described in Section 7.4.

3.5 Nursing Home Benefit Proceeds

If we receive satisfactory proof that the owner is admitted to a licensed nursing home, up to the full contract value may be paid out equally over at least a three-year period with no surrender charges. The owner must be confined to a licensed nursing home for at least 90 days before the surrender charges will be waived.

3.6 Proceeds Applied Under Payment Options

If you elect to receive proceeds under a payment option as described in Section 8, we may require proof that the Annuitant is living.

If you choose to receive a life income (payment options 4 or 5), this life income will be purchased using the applicable monthly life income factor shown in Section 8. If the payout rates in use by us at the time proceeds become payable are more favorable than those shown in Section 8, we will provide a life income using the more favorable rates.

Once a monthly life income (payment options 4 or 5 as described in Section 8) becomes payable, you may not make any election regarding payment of the proceeds other than the right to change the beneficiary or contingent payee.

Section 4: Other Contract Provisions

4.1 Contract

This contract and application are the entire contract. This contract is issued in consideration of the application and payment of the premiums. We will attach a copy of the application when we issue the contract. In the absence of fraud, all statements made in the application either by you or by the Annuitant will be considered representations and not warranties. We may use statements to contest a claim or the validity of this contract only if they are contained in the application.

4.2 Authority to Change or Modify

No change or waiver of any provisions of this contract will be valid unless made in writing by us and signed by our President, Vice President, Secretary or Assistant Secretary. No agent or other person has authority to change or waive any provision of your contract.

4.3 Incontestability

After this contract has been in force during the Annuitant's lifetime for two years from the contract date, we cannot contest this contract except for the nonpayment of premiums.

4.4 Age and Sex

This contract is issued at the age shown in Section 1, Contract Data.

If the Annuitant's age or sex has been incorrectly stated, the benefits under this contract will be those the proceeds applied would have purchased for the correct age and sex.

If the incorrect statement is not discovered until after payments have begun:

- 1) any overpayment by us will be deducted from the next succeeding payment or payments as they fall due; or
- 2) any underpayment by us will be paid in one sum to the Annuitant.

In either case, interest will be payable at the rate of 3.0% per year compounded annually.

4.5 Evidence that Annuitant is Living

We may require proof that the Annuitant is living whenever the total monthly income paid to the Annuitant exceeds the amount guaranteed

4.6 Excess Interest

We may credit excess interest to this contract while it is in force and before the maturity proceeds have been paid.

4.7 Option to Change Maturity Date

You may elect a new maturity date at any time by making a written notice to us subject to the following limitations:

- 1) we must receive your written notice at least 30 days before the current maturity date;
- 2) the requested maturity date must be a date that is at least 30 days after we receive your written notice;
- 3) the requested maturity date cannot exceed the later of the contract anniversary following the Annuitant's 85th birthday, or the tenth anniversary of the contract; and
- 4) the requested maturity date must be no later than any earlier maturity date required by law.

We may require that the contract be submitted for endorsement to show the change.

If you elect a new maturity date, the monthly life income factor will be as shown in Table B of Section 8, Payment of Proceeds.

4.8 Contract Termination

We reserve the right to terminate this contract if you make a partial surrender which lowers the contract value to less than \$2,000.

4.9 Nonparticipating

This contract will not participate in any of our profits, losses or surplus earnings except as provided in Section 4.6, Excess Interest.

4.10 Annual Report

At least annually we will send you a report, free of charge, showing the following:

- 1) the contract value;
- 2) the cash surrender value; and
- 3) any other information required by law or regulation.

Upon receiving your written notice, we will send you a report at any other time during the year for a reasonable charge as determined by us (but never more than \$25).

Section 5: Premiums

5.1 Flexible Premium Provision

You must pay your first premium when the contract is delivered. You may pay premiums after the first premium at any time while the contract is in force prior to the maturity date. These premiums may vary in amount at your option except that we reserve the right to require that the premium payment be at least \$50 monthly or \$600 annually. Total premiums paid cannot exceed \$250,000 without our prior approval.

All premiums after the first are payable at the Home Office or to a representative authorized to receive

premiums. We will furnish a receipt signed by us on request.

5.2 Nonpayment of Premiums

We will continue to accumulate your premiums with interest to the maturity date if premiums for this contract cease. The monthly income payable on the maturity date will be as described in Section 3.2, Maturity Proceeds.

We reserve the right to terminate the contract if you do not pay a premium for two years and the cash surrender value of your contract is less than \$500. We will pay the remaining value to you under Section 7.2, Cash Surrender Value.

Section 6: Control of Contract

6.1 Ownership

The Annuitant is the owner unless otherwise provided in the application. As owner, you may exercise every right provided by your contract. These rights and privileges end at the Annuitant's death.

The consent of the beneficiary is required to exercise these rights if you have waived the right to change the beneficiary.

If this contract is part of a qualified plan under the Internal Revenue Code, it may not be:

- 1) pledged as collateral for a loan;
- 2) pledged as security for the performance of any obligation or for any other purpose to any person other than to us; or
- 3) sold, assigned, transferred or discounted.

However, if this contract is owned by a trust, custodian or employer as part of a qualified plan, ownership may be assigned by them to the person eligible to receive payment.

6.2 Change of Ownership

Except as provided in Section 6.1, you may change the ownership of this contract by giving written notice to us. The change will be effective on the date your request was signed but will have no effect on any payment made or other action taken by us before we receive it. We may require that the contract be submitted for endorsement to show the change.

Certain federal income tax consequences may apply to a change of ownership on non-qualified contracts. You should consult with your tax advisor before requesting any change of ownership on a non-qualified contract.

6.3 Assignment

An assignment is a transfer of some or all of your rights under this contract. No assignment will be binding on us unless made in writing and filed at our

Home Office. We assume no responsibility for the validity or effect of any assignment.

Certain federal income tax consequences may apply to an assignment. You should consult with your tax advisor before requesting any assignment.

6.4 Beneficiary

The beneficiary is shown on the application or in the last beneficiary designation filed with us. Death proceeds will be paid to the beneficiary except as provided in this Section.

If any beneficiary dies before the Annuitant, that beneficiary's interest will pass to any other beneficiaries according to their respective interests.

If all beneficiaries die before the Annuitant, we will pay the death proceeds to you, if living, otherwise to your estate or legal successors.

Unless you have waived the right to do so, you may change the beneficiary by filing a written request in a form satisfactory to us. In order to be effective, the written request for change of beneficiary must be signed while your contract is in force and the Annuitant is living. The change will be effective on the date your request was signed but will have no effect on any payment made or other action taken by us before we receive it.

The interest of any beneficiary will be subject to:

- 1) any assignment of this contract which is binding on us; and
- 2) any optional settlement agreement in effect at the Annuitant's death.

6.5 Simultaneous Death of Beneficiary and Annuitant

We will pay death proceeds as though the beneficiary died before the Annuitant if:

- 1) the beneficiary dies at the same time as or within 15 days of the Annuitant's death; and
- 2) we have not paid the proceeds to the beneficiary within this 15-day period.

Section 7: Guaranteed Contract Values

7.1 Contract Value

We will accumulate each annuity premium with interest from the date we receive the premium.

The contract value at the end of any calendar year is equal to:

- 1) the previous year's contract value; and
- 2) guaranteed interest at the calculated rate shown in Section 1, Contract Data; and
- 3) any excess interest we credit during the year; and

- 4) the sum of any annuity premium we receive during the year with interest to the end of the year.

less:

- 5) the \$30 administrative charge described in Section 1, if applicable; and
- 6) any adjustments for partial surrenders occurring during the year.

We will credit interest on the portion of the contract value surrendered up to the date such surrender is requested.

We will decrease the contract value by any premium taxes payable.

We will determine contract values at any date within a contract year with allowance for the time elapsed in that contract year.

7.2 Cash Surrender Value

You may surrender this contract for its cash surrender value at any time before the earlier of:

- 1) your death;
- 2) the Annuitant's death; or
- 3) the maturity date.

When you surrender the contract you will receive 10% of the contract value without a surrender charge provided you have not exercised the partial surrender provision or have not participated in the systematic partial surrender plan during the current contract year.

The cash surrender value of this contract will never be less than the minimum value required by the state in which this contract is delivered.

The cash surrender value is equal to the contract value less applicable surrender charges and any premium taxes payable.

To surrender the contract you must submit a written request to us. We have the right to require that the contract be returned to us as well. We will determine the cash surrender value on the date we receive these requirements.

We will pay the cash surrender value in a lump sum unless you request payment under a payment option.

Certain federal income tax consequences may apply to a cash surrender of the contract. You should consult with your tax advisor before requesting a surrender.

We have the right to delay paying any cash surrender value for up to six months from the date surrender is requested.

7.3 Partial Surrender

At any time before the earlier of the death of the Annuitant or the maturity date, you may surrender up to 10% of the contract value each contract year and have the proceeds paid to you in a lump sum without incurring a surrender charge. However, any surrender in excess of 10% during a contract year will be subject to the surrender charge. The minimum distribution requested must be at least \$100. We will surrender the amount requested from the contract value on the day written notice for the surrender is received at our Home Office. Any applicable surrender charge will be deducted from the remaining contract value. If the remaining contract value is less than the surrender charge, the amount surrendered will be reduced.

After the surrender charge reaches zero, we will not apply a surrender charge regardless of the amount of contract value surrendered.

The option to elect a 10% free partial surrender is limited to one per contract year, even if the amount surrendered during that year is less than 10% of the contract value. If you are participating in the systematic partial surrender plan, that is considered the one free partial surrender for the contract year.

Certain federal income tax consequences may apply to partial surrenders from the contract. You should consult with your tax advisor before requesting any partial surrenders.

7.4 Systematic Partial Surrender Plan

The systematic partial surrender plan enables you to pre-authorize a periodic exercise of the partial surrender right. If you enter into this plan, you may instruct us to surrender a requested dollar amount from the contract on a monthly, quarterly, semi-annual or annual basis.

The minimum distribution requested must be at least \$100. The maximum amount which can be surrendered under the plan without a surrender charge is 10% of the contract value as of the time the systematic plan is elected. In subsequent years the amount which can be surrendered under the plan without a surrender charge is 10% of the contract value at the beginning of each contract year.

We will notify you if the total amount to be surrendered in a subsequent contract year will exceed 10% of the contract value as of the beginning of such contract year. Unless you instruct us to reduce the surrender amount for that year so that it does not exceed the 10% limit, we will continue to process surrenders for the designated amount. Once the amount of the surrender exceeds the 10% limit, we will deduct the applicable surrender charge from the remaining payments.

Any other surrender in a year when the systematic partial surrender plan has been utilized will be subject to the surrender charge.

The option to elect the 10% free systematic partial surrender plan is limited to one per contract year, even if the amount surrendered during that year is less than 10% of the contract value.

After the surrender charge shown in Section 1, Contract Data reaches zero, we will not apply a surrender charge regardless of the amount of contract value surrendered.

Systematic partial surrenders may be discontinued by you at any time upon written request to us at our Home Office.

Certain federal income tax consequences may apply to systematic partial surrenders from the contract. You should consult with your tax advisor before requesting any systematic partial surrenders.

7.5 Basis of Computation

Our calculation of guaranteed values are based on the guaranteed interest rate shown in Section 1, Contract Data. The reserves and guaranteed values will never be less than the minimum required by law of the state in which this contract is delivered.

Section 8: Payment of Proceeds

8.1 Payment Options

You may apply death benefit, maturity or full surrender proceeds of \$2,000 or more to any of the following options:

Option 1. Interest Payments

We will make interest payments to the payee annually or monthly as elected. Interest on the proceeds will be paid at the guaranteed rate of 1.5% per year and may be increased by additional interest paid annually. The proceeds and any unpaid interest may be withdrawn in full at any time.

Option 2. Installments of a Specified Amount

We will make annual or monthly payments until the proceeds plus interest are fully paid. Interest on the proceeds will be paid at the guaranteed rate of 1.5% per year and may be increased by additional interest. The present value of any unpaid installments may be withdrawn at any time.

Option 3. Installments for a Specified Period

Payment of the proceeds may be made in equal annual or monthly payments for a specified number of years. Interest on the proceeds will be paid at the guaranteed rate of 1.5% per year and may be increased by additional interest. The present value of any unpaid installments may be withdrawn at any time. The amount of each payment is shown in Table A.

Option 4. Life Income

We will pay an income during the payee's lifetime. A minimum guaranteed payment period may be chosen. We will continue payments under the Installment Refund Option until the total income payments paid equal the proceeds applied. The amount of each payment is shown in Table B.

Option 5. Joint and Survivor Income

We will pay an income during the lifetime of two persons and will continue to pay the same income as long as either person is living. The minimum guaranteed payment period will be ten years. The amount of each payment is shown in Table C.

If the payout rates in use by us at the time proceeds become payable are more favorable than those shown in Options 4 and 5, we will provide a life income using the more favorable rates.

8.2 Payee

The payee is the person receiving proceeds under a payment option. The payee can be you, the Annuitant or a beneficiary. We will require satisfactory proof of the payee's age and sex under Options 4 and 5.

The contingent payee is the person named to receive proceeds if the payee is not alive.

8.3 Minimum Payments

The payment under any settlement option must be at least \$50. We may make payments less frequently so that each payment is at least \$50.

8.4 Choice of Options

You may choose an option by written notice during the Annuitant's lifetime. If a settlement option is not

in effect at the Annuitant's death, the beneficiary may make a choice.

8.5 Availability of Options

We have the right to restrict these options if you designate an executor, administrator, trustee, corporation, partnership or association as the payee.

8.6 Operative Date

The first payment will be payable on the payment mode following the date proceeds become payable.

8.7 Death of Payee

At the death of the payee, any payments remaining will be paid according to the terms of the payment options chosen, unless the contingent payee elects in writing to receive the present value of any remaining guaranteed payments in a single sum.

If a contingent payee has not been named or does not survive the payee, the following amounts will be paid in one sum to the estate of the payee:

- 1) any amount left on deposit under Option 1; and
- 2) the present value of any remaining guaranteed payments under Options 2 through 5.

If you have not named a contingent payee, or if every contingent payee named by you dies before the payee, you may, by written notice to us, name a new contingent payee. The new contingent payee will receive any amount that would otherwise have been payable to the payee's estate.

8.8 Claims of Creditors

To the extent permitted by law, proceeds will not be subject to any claims of a payee's creditors.
