not replace any form currently on file with your department. These forms will be used on a general basis and will be marketed through our regular channels. These forms are laser printed and we reserve the right to change fonts and layouts. No part of this filing contains unusual or possibly controversial items from normal Company or industry standards. Furthermore, North American Company for Life and Health Insurance assures you that this filing meets the provisions of Rule & Regulation 19, Regulation 49, Bulletin 11-88 and Arkansas Code Ann. 23-79-138.

Form AE513A guarantees a specific amount, called the Withdrawal Payment, which can be withdrawn each contract year and guaranteed for the life of the Covered Person named in the Rider, even if the Accumulation Value and Rider Value are both reduced to zero. The above form will be available for use with previously approved annuity contracts and on any annuity contracts we may file for approval in the future. This Rider must be elected at issue.

The Rider Specifications Page will include information regarding the rider. The information bracketed on the Specifications Page is considered to be variable. A statement of variability has been enclosed for additional details regarding the variable information.

If you have further questions concerning this filing, please contact me at 1-877-586-0240 x 35892.

Sincerely,

Chris Cairns  
Product Compliance Analyst

## **Guaranteed Minimum Withdrawal Benefit (GMWB) Rider**

This Rider is effective on the GMWB Issue Date, as shown on the Rider Specifications Page. This Rider is a part of the Contract to which it is attached. In the case of a conflict with any provision in the Contract, the provisions of this Rider will control.

The following words used in this Rider are shown on the Rider Specifications Page of Your Contract and are capitalized when used in this Rider.

**Bonus Credit Amount**  
**Bonus Credit Availability**  
**Bonus Credit Percentage**  
**Bonus Credit Period**  
**Covered Person**  
**Effect of Spousal Continuance**  
**GMWB Charge**  
**GMWB Cost**  
**GMWB Issue Date**  
**GMWB Value Step-Up Date**  
**GMWB Value Partial Surrender Allowance**  
**Initial GMWB Value**  
**Lifetime Payment Election Date**  
**Lifetime Payment Percentage**  
**Maximum GMWB Value**  
**Spousal Continuance**

### **GUARANTEED MINIMUM WITHDRAWAL BENEFIT**

This Rider provides for a Guaranteed Minimum Withdrawal Benefit prior to the Maturity Date of the Contract to which this Rider is attached. This Rider guarantees that You may take a Partial Surrender of an amount up to the Lifetime Payment Amount each Contract Year during the life of the Covered Person even if Your Contract Accumulation Value and GMWB Value are reduced to zero.

## DEFINITIONS

The following definitions are applicable to this Rider only:

**Attained Age:** Attained Age means age of the Covered Person as of the last birthday. If there are joint Covered Persons, the Attained Age shall mean the age of the younger joint Covered Person on his or her last birthday.

**Covered Person:** The Covered Person is the Annuitant of the Contract to which this Rider is attached and is the person whose life is used to determine the Lifetime Payment Amount. If there are joint Annuitants of the Contract to which this Rider is attached, those Annuitants will be joint Covered Persons for this Rider and all references to Covered Person shall mean both of the joint Covered Persons. The Covered Person is shown on the Rider Specifications Page.

**GMWB Value:** The GMWB Value is used for purposes of calculating the Lifetime Payment Amount. The GMWB Value cannot be withdrawn in a lump sum. The Initial GMWB Value is shown on the Rider Specifications Page.

**GMWB Value Step-Up:** An increase of the GMWB Value if the Contract Accumulation Value exceeds the GMWB Value. The GMWB Value Step-Up will occur on the GMWB Value Step-Up Date, as shown on the Rider Specifications Page

**Lifetime Payment Amount:** The Lifetime Payment Amount is guaranteed to be available each Contract Year during the life of the Covered Person while this Rider is in effect, provided total Partial Surrenders in the Contract Year do not exceed the GMWB Value Partial Surrender Allowance. The Lifetime Payment Amount is only available after the Lifetime Payment Election Date. The Lifetime Payment Amount is not subject to any Surrender Charge. The Lifetime Payment Amount includes but is not in addition to any Penalty-Free Partial Surrender provided by the Contract.

**Lifetime Payment Election Date:** The date on which the Lifetime Payment Amount begins, as explained on the Rider Specifications Page.

**Lifetime Payment Percentage:** The Lifetime Payment Percentage, as shown on the Rider Specifications Page is used in the calculation of the Lifetime Payment Amount.

## **CALCULATION OF GMWB VALUE**

The Initial GMWB Value on the GMWB Issue Date is shown on the Rider Specifications Page. Each time an additional premium is received, the GMWB Value will increase by the amount of that additional premium. As detailed below, the GMWB Value will also increase as a result of a Bonus Credit or a GMWB Value Step-Up and will decrease as a result of any Partial Surrender. The GMWB Value will never exceed the Maximum GMWB Value, as shown on the Rider Specifications Page.

### **Effect of Bonus Credit**

The applicable Bonus Credit Period, the Bonus Credit Percentage and the Application of Bonus Credit criteria are shown on the Rider Specifications Page. The Bonus Credit is applied according to the Bonus Credit Availability section of the Rider Specifications Page. The Bonus Credit Amount is calculated as shown on the Rider Specifications Page. At the time of calculation, the Bonus Credit Amount is added to the GMWB Value.

### **Effect of GMWB Value Step-Up**

On the GMWB Value Step-Up Date, if the Contract Accumulation Value is greater than the GMWB Value (after any applicable Bonus Credit Amount), then the GMWB Value will be increased to an amount equal to the Contract Accumulation Value.

### **Effect of Partial Surrender**

The GMWB Value will be reduced by the amount of the Partial Surrender, provided total Partial Surrenders during a Contract Year are less than the GMWB Value Partial Surrender Allowance.

Once total Partial Surrenders during a Contract Year have exceeded the GMWB Value Partial Surrender Allowance, each subsequent Partial Surrender will reduce the GMWB Value by the same proportion that the Partial Surrender reduced the Accumulation Value of the Contract at the time of the Partial Surrender.

Partial Surrenders in excess of the GMWB Value Partial Surrender Allowance may be subject to Surrender Charges.

## **LIFETIME PAYMENT AMOUNT**

On the Lifetime Payment Election Date, the Lifetime Payment Amount is equal to:

- (1) The Lifetime Payment Percentage, as shown on the Rider Specifications Page; multiplied by
- (2) The GMWB Value on the Lifetime Payment Election Date.

The Lifetime Payment Amount may increase as a result of additional premiums or GMWB Value Step-Up, and may decrease as a result of Partial Surrenders in excess of the GMWB Value Partial Surrender Allowance.

In order to receive the Lifetime Payment Amount, the Covered Person must be living on the date of each payment. We reserve the right to require proof that this condition is met. We reserve the right to recover from the Owner or his/her estate any payments made after the death of the Covered Person.

The Lifetime Payment Amount is not subject to any Surrender Charge. The Lifetime Payment Amount includes, but is not in addition to, any Penalty-Free Partial Surrender provided by the Contract.

If You choose not to withdraw the full Lifetime Payment Amount available in any Contract Year, the remaining Lifetime Payment Amount cannot be carried forward to a future Contract Year.

### **Effect of Additional Premium**

Each time an additional premium is received after the Lifetime Payment Election Date, the Lifetime Payment Amount will equal the greater of:

- (1) the Lifetime Payment Amount immediately prior to the additional premium; or
- (2) the lesser of:
  - (a) the Lifetime Payment Percentage, as shown on the Rider Specifications Page; multiplied by the GMWB Value immediately after the additional premium; or
  - (b) the additional premium multiplied by the Lifetime Payment Percentage, as shown on the Rider Specifications Page; plus the Lifetime Payment Amount immediately prior to the additional premium.

### **Effect of GMWB Value Step-Up**

On each Contract Anniversary after the Lifetime Payment Election Date, the Lifetime Payment Amount will equal the greater of:

- (1) the current Lifetime Payment Amount; or
- (2) the Lifetime Payment Percentage, as shown on the Rider Specifications Page; multiplied by the current GMWB Value, after any GMWB Value Step-Up.

### **Effect of Partial Surrender**

During a Contract Year, if the total Partial Surrenders are less than the GMWB Value Partial Surrender Allowance, the Lifetime Payment Amount will not change as a result of the Partial Surrenders.

During a Contract Year, once the total Partial Surrenders have exceeded the GMWB Value Partial Surrender Allowance, then at the time of each subsequent Partial Surrender, the Lifetime Payment Amount will be automatically reset to equal the lesser of:

- (1) The Lifetime Payment Amount immediately prior to the Partial Surrender; or
- (2) The Lifetime Payment Percentage, as shown on the Rider Specifications Page; multiplied by the greater of:
  - (a) The Contract Accumulation Value immediately after the Partial Surrender; or
  - (b) The GMWB Value immediately after the Partial Surrender.

### **EFFECT OF DEATH OF OWNER OR ANNUITANT**

Upon death of an Owner, this Rider will terminate unless the Contract is continued pursuant to the Spousal Continuation provision of the Contract.

If there are joint Covered Persons, upon the first death of a Covered Person, this Rider will continue when the Contract continues and there will be no change to the Lifetime Payment Amount. Upon the second death of a Covered Person, this Rider will terminate.

### **Effect of Spousal Continuation**

Upon the death of an individual Covered Person who is also the Owner of the Contract, this Rider will terminate, unless the Contract is continued pursuant to the Spousal Continuation provision of the Contract. If the Contract is continued under the Spousal Continuation provision, the GMWB Rider will continue only if the surviving spouse is the sole beneficiary.

If the Contract and Rider are continued pursuant to the Spousal Continuation provision of the Contract, the GMWB Cost will continue (see the GMWB COST provision).

See Rider Specifications Page for details on Spousal Continuation.

## **SETTLEMENT PHASE**

This Rider will enter the Settlement Phase when the contract Accumulation Value equals zero and the GMWB Value or Lifetime Payment Amount is still greater than zero. The Contract will continue but all other rights and benefits under the Contract, including death benefits, will terminate and additional premiums will not be accepted. The GMWB Charge will not be deducted during the Settlement Phase.

Settlement payments of an amount no greater than the Lifetime Payment Amount will automatically be paid to You each Contract Year during the life of the Covered Person. The settlement payments will be paid no less frequently than annually.

See Rider Specifications Page for details on Spousal Continuance.

## **GMWB COST**

The GMWB Charge is shown on the Rider Specifications Page.

If the Contract and/or this Rider are terminated during a Contract Year, there will be no GMWB Cost after the Termination date.

## **MATURITY DATE OF CONTRACT**

On the Maturity Date of the Contract to which this Rider is attached, You may choose between the following two options:

- (1) elect a Contract Pay-Out Option; or
- (2) continue this GMWB Rider.

If You elect a Contract Pay-Out Option, this GMWB Rider will terminate. If You elect to continue this Rider, the Contract will terminate and the Lifetime Payment Amount will continue to be paid out for the life of the Covered Person.

## **TERMINATION**

This Rider will terminate:

- (1) upon death of the Annuitant, unless there are joint Annuitants, then upon second death of the joint Annuitants; or
- (2) upon death of the Owner, if Spousal Continuation as provided for under the Contract, is not elected; or
- (3) on the Maturity Date if a Pay-Out Option is elected (see MATURITY DATE OF CONTRACT provision); or
- (4) upon full Surrender of the Contract; or
- (5) upon the date annuity payments begin under the Contract; or
- (6) on the date the Contract Accumulation Value, the GMWB Value and the Lifetime Payment Amount all equal zero; or
- (7) upon issuance of a loan on the Contract to which this Rider is attached; or
- (8) if You provide Us Written Notice requesting Termination of this Rider; or
- (9) on the date the Contract to which this Rider is attached terminates.

Once terminated, this Rider may not be reinstated.

**MISCELLANEOUS**

Except as modified by this Rider, the provisions of the Contract also apply to this Rider.

  
President

## RIDER SPECIFICATIONS PAGE

CERTIFICATE OF READABILITY  
**North American Company for Life and Health Insurance**

---

Name of Company

This is to certify that the forms listed below are in compliance with Public Act 79-300.

A. Option Selected

- 1. Policy and its related forms are scored for the Flesch reading ease test as one unit and the combined score is listed below.
- 2. Policy and its related forms are scored separately for the Flesch reading ease test. Scores for the policy and each form are indicated below:
- 3. Form and Form Numbers to which Certification is Applicable:

<u>Form</u>	<u>Form Number</u>	<u>Flesch Score</u>
GMWB Rider	AE513A	50.0 combined with contract

Test Option Selected

- 1. Test was applied to entire policy form(s).
- 2. Test was applied on sample basis. Form(s) contain(s) more than 10,000 words. Copy of form(s) enclosed indicating word samples tested.

C. Standards for Certification

A checked block indicates the standard has been achieved:

- 1. The policy text achieves a minimum score of 45 on the Flesch reading ease test in accordance with the option chosen in Section A above.
- 2. It is printed in not less than ten point type, one point leaded. (This does not apply to specification pages, schedules and tables.)
- 3. The layout and spacing of the policy separate the paragraphs from each other and from the border of the paper.
- 4. The section titles are captioned in bold face type or otherwise stand out significantly from the text.
- 5. Unnecessarily long, complicated or obscure words, sentences, paragraphs or constructions are not used in the policy.
- 6. The style, arrangement and overall appearance of the policy give no undue prominence to any portion of the policy or to any endorsements or riders.
- 7. A table of contents or an index of the principle sections is included in the policy. (This applies only if the policy has more than 3,000 words or consists of more than 3 pages.)

This certification must be signed by an officer of the insurer.
