The policy and application	This policy and the written application, a copy of which is attached to and made a part of this policy, are the entire contract between you and us. Any change in the provisions of this contract, to be in effect, must be signed by one of our executive officers and countersigned by our Registrar or one of our executive officers. This policy is issued at our Main Administrative Office in Hartford, Connecticut. Any benefit payable under this policy is payable at our Main Administrative Office.

Limits on our right to contest this policy

We rely on all statements made by or for the insured in the written application. These statements are considered to be representations and not warranties. We can contest the validity of this policy for any material misrepresentation of a fact. To do so, however, the misrepresentation must be contained in the written application and a copy of the application must be attached to this policy when it is issued.

We cannot contest the validity of this policy, except for failure to pay premiums, after it has been in force during the lifetime of the insured for two years from its Date of Issue.

Exclusion if death by suicide

If within two years from the Date of Issue the insured dies by suicide, whether sane or insane, the amount we pay will be limited to the premiums paid.

Adjustment if age or sex misstated

If the age or sex of the insured has been misstated, any benefits payable will be limited to the amount that the premium paid would have purchased at the correct age and sex. These amounts will be based on our published rates in effect on the date of issue.

Assignments

We will not be considered to have notice of any assignment of an interest in this policy until we receive the original or copy of the assignment at our Main Administrative Office. In no event will we be responsible for its validity.

Part 3: The Owner

Who is the owner

The owner is the person named as owner in the application, unless later changed as provided in this policy. The insured will be the owner if no other person is named as owner. If more than one person is named as owner, they must act jointly unless you and we agree otherwise.

What are the rights of the owner

You control this policy during the insured's lifetime. Unless you and we agree otherwise, you may exercise all rights provided under this policy without the consent of anyone else. Your rights include the right to:

- a. Receive any amounts payable under this policy during the insured's lifetime.
- b. Change the owner or the interest of any owner.
- c. Change the premium payment frequency. See Part 4.
- d. Select the Dividend Option for any dividends that become payable. See Part 6.
- e. Renew this policy for another one-year period. See Part 6.
- f. Change the beneficiary of the death benefit. See Part 7.
- g. Assign, release, or surrender any interest in this policy.
- h. Exercise any other rights provided under this policy.

You may exercise these rights only while the insured is alive. Your exercise of any of these rights will, to the extent thereof, assign, release, or surrender the interest of the insured and all beneficiaries and owners under this policy.

How to change the owner

Your request to change the owner must be by written request, satisfactory to us, and filed at our Main Administrative Office.

Premium amount and due dates

The premium amount during the first policy year, due dates and the period for which premiums are to be paid are shown on the Schedule Page. For details about renewal premiums, see Part 6. All premiums are payable in advance at our Main Administrative Office or to an authorized agent of ours. The insured must be alive when the first premium is paid. If a premium is not paid when due or within the grace period described below, the policy will lapse as provided in Part 5. A receipt for premium payments signed by one of our executive officers is available.

Premiums may be paid on any frequency acceptable to us. If you change the frequency of payments, the premium amount due on each new due date will change. These amounts will be based on our periodic rates in effect on the Date of Issue. You cannot change to a premium frequency that would result in a premium of less than \$15.00.

31-day grace period to pay premium due

You will be allowed a grace period of 31 days after the premium due date in which to pay the premium. This grace period is not granted for the first premium. Your policy will remain in full force during the grace period.

Part 5: Policy Lapse after 31-Day Grace Period**What causes policy lapse**

If a premium is not paid when due or within the 31-day grace period, this policy will lapse as of the due date of the unpaid premium. That due date is referred to as the "date of lapse". By lapse we mean that the policy is no longer in full force and has no value. Upon lapse of the policy, any unpaid dividends which remain standing to the credit of the policy will be paid to you in cash. See Part 6.

How to reinstate this policy after lapse

You may reinstate this policy back to an "in full force" status during the lifetime of the insured and prior to the Expiry Date if no more than 5 years have passed since the date of lapse. To reinstate the policy:

- a. We must receive evidence of the insured's insurability. The evidence must be satisfactory to us.
- b. We must receive payment of all overdue premiums with interest from their due dates to the date of reinstatement. The interest will be at a rate of 6% per year, compounded annually.

Part 6: Lifetime Benefits

This policy's share in dividends

While this policy is in full force, it will share in our divisible surplus to the extent that we may provide. The share to be apportioned this policy, if any, will be determined annually by us and credited as a dividend. The first dividend will be payable upon payment of the premium for the second policy year. Subsequent dividends will be payable at the end of the second and each subsequent policy year that this policy is in full force. In the event of lapse, or upon expiration of the term of this policy, any unpaid dividends which remain standing to the credit of this policy will be paid to you in cash.

How dividends may be applied

Under this policy, you may elect that any dividends that become payable be applied under one of the dividend options described in this section. If no option is elected, any dividends will be applied to reduce premiums under Option 2.

Option 1. Paid in cash: The dividends are paid in cash.

Option 2. Reduce premiums: The dividends are used to reduce premiums due during the succeeding policy year. If no premium is due, the dividends will accumulate at interest under Option 3.

Option 3. Accumulate at interest: The dividends are left with us to accumulate at interest at the rate declared by us. The rate will not be less than 3% per year. The interest is credited annually on each policy anniversary. Any amount held by us under this option may be withdrawn in cash.

The right to renew this policy

On each Renewal Date (see Part 1), this policy will be automatically renewed for another one-year period without evidence of insurability, provided:

- a. the policy has not lapsed; and
- b. we receive payment of the renewal premium for the then attained age of insured as shown in the Table of Renewal Premiums.

You will have 31 days after the Renewal Date in which to pay the renewal premium. This policy will remain in full force during that period. The renewal will be automatic if on the Renewal Date:

- a. this policy contains a Waiver of Premium for Disability Rider; and
- b. the insured is entitled to benefits under that rider.

Rider premiums for any rider included in this policy will be at our published rates in effect on the Date of Issue of this policy for the age of the insured as shown on the Schedule Page.

Part 7: Death Benefits

How the death benefit is determined

Any death benefit that becomes payable under this policy will be paid in one sum, unless we have agreed with you to provide otherwise or the beneficiary elects another payment option as provided in Part 8. We will pay interest on any death benefit that becomes payable from the date of death to the date of payment.

The amount interest will be the same as would be paid were the death benefit left for that period of time to earn interest under Payment Option 2.

If we receive due proof that the insured died while this policy is in full force, we will pay a death benefit equal to the Face Amount of this policy:

- PLUS:
1. the value of any dividends held to accumulate at interest;
 2. a pro-rata share of any dividend allocated for the year of death;
 3. any other unpaid amounts provided by any dividends credited as of the date of death;
 4. the part of any premium paid for the period beyond the date of death;

MINUS: the part of any due and unpaid premium needed to pay premiums to the date of death.

The beneficiary

Unless you provide otherwise, any death benefit that becomes payable under this policy will be paid in equal shares to the beneficiaries living at the death of the insured. Payments will be made successively in the following order:

- a. Primary beneficiaries.
- b. Contingent beneficiaries, if any, provided no primary beneficiary is living at the death of the insured.
- c. You, or your executor or administrator, provided no primary or contingent beneficiary is living at the death of the insured.

Unless otherwise stated, the relationship of a beneficiary is the relationship to the insured.

How to change the beneficiary

You may change the beneficiary by written notice signed by you during the lifetime of the insured and filed with us at our Main Administrative Office. When we receive it, the change will relate back and take effect as of the date it was signed by you. However, the change will be subject to any payments made or actions taken by us before we received the notice at our Main Administrative Office.

Part 8: Payment Options

Who may elect payment options

The proceeds of this policy will be paid in one sum unless otherwise provided. As an alternative to payment in one sum as provided under one or more of the alternative income payment options described in this part.

However, our consent is required for the election of an income payment option by a fiduciary or any entity other than a natural person. Our consent is also required for elections by any assigns or an owner other than the insured if the owner has been changed.

You may elect any payment option for payment of the death benefit. You may also designate or change one or more beneficiaries who will be the payee or payees under that option. You may only do this during the lifetime of the insured. If no election is in effect when the death benefit becomes payable, the beneficiary may elect any payment option.

Unless we agree otherwise, all payments under any option chosen will be made to the designated payee or to his or her executor or administrator. We may require proof of age of any payee or payees on whose life payments depend as well as proof of the continued survival of any such payee(s).

How to elect a payment option

The election of an income payment option must be in a written form satisfactory to us. You can elect that the payments be made on an annual, semi-annual, quarterly or monthly basis provided that each installment will at least equal \$25. We also require that at least \$1,000 be applied under any option chosen.

What payment options are available

This section provides a brief description of the various payment options that are available. In Part 9 you will find tables illustrating the guaranteed installment amount provided by several of the options described in this section. The amounts shown for Option 4 and Option 5 are the minimum monthly payments for each \$1,000 applied. The actual payments will be based on the monthly payment rates we are using when the first payment is due. They will not be less than shown in the tables.

Option 1 — Payment in one sum

Option 2 — Left to earn interest

We pay interest during the payee's lifetime on the amount left with us under this option as a principal sum.

We guarantee that the interest rate will be at least 3% per year. Upon death of the payee, we will pay the balance held by us along with any accrued and unpaid interest.

Option 3 — Payments for a specified period

Equal income installments are paid for a specified period of years whether the payee lives or dies. The first payment will be on the date of settlement.

The Option 3 Table shows the guaranteed amount of each installment for monthly and annual payment frequencies. The table assumes an interest rate of 3% per year on the unpaid balance. The actual interest rate is guaranteed not to be less than this minimum rate.

Option 4 — Life annuity with specified period certain

Equal installments are paid until the later of:

- a. the death of the payee;
- b. the end of the period certain.

The first payment will be on the date of settlement. The period certain must be chosen at the time this option is elected. The periods certain that may be chosen are as follows:

- a. ten years;
- b. twenty years;
- c. until the installments paid refund the amount applied under this option. If the payee is not living when the final payment falls due, that payment will be limited to the amount which needs to be added to the payments already made to equal the amount applied under this option.

If, for the age of the payee, a period certain is chosen that is shorter than another period certain paying the same installment amount, we will deem the longer period certain as having been elected.

Option 5 — Life annuity

Equal installments are paid only during the lifetime of the payee. The first payment will be on the date of settlement.

Option 6 — Payments of a specified amount

Equal installments of a specified amount, out of the principal sum and interest on that sum, are paid until the principal sum remaining is less than the amount of the installment. When that happens, the principal sum remaining with accrued interest will be paid as a final payment. The first payment will be on the date of settlement. The payments will include interest on the principal sum remaining at a rate guaranteed to at least equal 3% per year. This interest will be credited at the end of each year. If the amount of interest credited at the end of a year exceeds the income payments made in the last 12 months, that excess will be paid in one sum on the date credited.

Additional interest

In addition to:

- a. the interest of 3% per year guaranteed on the principal sum remaining with us under Options 2 or 6; and
- b. the interest of 3% per year included in the installments payable under Option 3

we will pay or credit at the end of each year such additional interest as we may declare.

Part 9: Table of Payment Option Amounts

The installment amounts shown in the tables that follow are shown for each \$1,000 applied. Amounts for payment frequencies, periods or ages not shown will be furnished upon request. Under Options 4 and 5 the installment amount for younger ages than shown will be the same as for the first age shown; and for older ages than shown, it will be the same amount as for the last age shown.

Adjusted age

The term "age" as used in the tables refers to the adjusted age. Under Options 4 and 5 the adjusted age is defined as the age of the payee on the payee's birthday nearest the date of settlement.

POLICY SUMMARY

About This Summary

This summary briefly highlights some of the major policy provisions. Since this is a summary, only the detailed provisions of the policy will control. See those provisions for full information and any limits or restrictions that apply. To locate this policy's provisions, use the Table of Contents. Your policy is a legal contract between You and us. You should therefore **READ YOUR POLICY CAREFULLY**.

Check the Schedule Page of this policy to make sure it reflects the type and amount of insurance requested. Please call on Your agent or Us at any time You have questions about Your policy.

The Type of Policy

This is a one-year term life insurance policy renewable for a limited period. It provides certain benefits during the insureds' lifetimes and certain benefits at death.

Lifetime Benefits

The lifetime benefits include:

right to change the owner or beneficiary;

the right to apply any dividends under various dividend options.

Death Benefits

We will pay a death benefit to the beneficiary if all insureds die while the policy is In Full Force.

Exclusions

Payment of benefits may be affected by other provisions in this policy. For example, see the provisions in Part 2 about suicide, contestability and misstatements of age or sex.

Premium Payments and Grace Periods

Premiums are due on the dates shown on the Schedule Page. If they are not paid when due or within the 31-day grace period allowed for each premium except the first, the policy will Lapse as of the due date of that premium. Even if Your policy Lapses, You will have the right to reinstate this policy, subject to the reinstatement requirements stated in Part 5.

Riders

This policy may contain riders which include added benefits or limitations.

Renewal Date	Each Policy Anniversary occurring while this policy is In Full Force and before the Expiry Date specified on the Schedule Page.
Policy Year	The first Policy Year is the one-year period from the Date of Issue. Each succeeding Policy Year is the one-year period from one Policy Anniversary to the next Policy Anniversary.
Face Amount	The death benefit provided by the Basic Policy while it is In Full Force and without taking into account any riders or dividends that might exist.
Participating	The insurance shares in Our divisible surplus to the extent that We may provide. The share, if any, that We apportion to such insurance is credited as a dividend.
In Full Force	This policy is "In Full Force" until the Expiry Date if all premiums are paid when due or within the 31-day grace period described in Part 4.
Lapse	The policy is no longer In Full Force and has no value except to the extent provided in Part 5 with respect to any unpaid dividends remaining to the credit of this policy.
Assigns	Any persons to whom You assign an interest in this policy if We have notice of the assignment in accordance with the provisions stated in Part 2.
Basic Policy	The policy as it exists, without any additional rider benefits.

PART 2: ABOUT THIS POLICY

The Effective Date	This policy will be In Full Force from the Date of Issue until 31 days after the date the second premium is due, provided the first premium due is paid while all the insureds are alive.
The Policy and Application	This policy and the written application, a copy of which is attached to and made a part of this policy, are the entire contract between You and Us. Any change in the provisions of this contract, to be in effect, must be signed by one of Our executive officers and countersigned by Our Registrar or one of Our executive officers. This policy is issued at Our Main Administrative Office in Hartford, Connecticut. Any benefit payable under this policy is payable at Our Main Administrative Office.
Limits on Our Right to Contest This Policy	<p>We rely on all statements made by or for any or all of the insureds in the written application. These statements are considered to be representations and not warranties. We can contest the validity of this policy, for any material misrepresentation of a fact. To do so, however, the misrepresentation must be contained in the written application and a copy of the application must be attached to this policy when it is issued.</p> <p>We cannot contest the validity of this policy, except for failure to pay premiums, after it has been in force during the lifetime of all of the insureds for two years from its Date of Issue.</p>
Exclusion if Death by Suicide	If within two years from the Date of Issue any insured dies by suicide, whether sane or insane, the amount We pay will be limited to the premiums paid.
Adjustment if Age or Sex Misstated	If the age or sex of any of the insureds has been misstated, any benefits payable will be limited to the amount that the premium paid would have purchased at the correct age and sex. These amounts will be based on Our published rates in effect on the Date of Issue.
Assignments	We will not be considered to have notice of any assignment of an interest in this policy until We receive the original or copy of the assignment at Our Main Administrative Office. In no event will We be responsible for its validity.

PART 3: THE OWNER

Who Is the Owner

The owner is the person named as owner in the application, unless later changed as provided in this policy. The insured will be the owner if no other person is named as owner. If more than one person is named as owner, they must act jointly unless You and We agree otherwise.

What Are the Rights of the Owner

You control this policy during the insureds' lifetimes. Unless You and We agree otherwise, You may exercise all rights provided under this policy without the consent of anyone else. Your rights include the right to:

- a. Receive any amounts payable under this policy during the insureds' lifetimes.
- b. Change the owner or the interest of any owner.
- c. Change the premium payment frequency. See Part 4.
- d. Select the Dividend Option for any dividends that become payable. See Part 6.
- e. Renew this policy for another one-year period. See Part 6.
- f. Change the beneficiary of the death benefit. See Part 7.
- g. Assign, release, or surrender any interest in this policy.
- h. Exercise any other rights provided under this policy.

You may exercise these rights only while the insureds are alive. Your exercise of any of these rights will, to the extent thereof, assign, release, or surrender the interest of the insured and all beneficiaries and owners under this policy.

How to Change the Owner

Your request to change the owner must be by written request, satisfactory to Us, and filed at Our Main Administrative Office.

PART 4: PREMIUMS

Premium Amount and Due Dates

The premium amount during the first Policy Year, due dates and the period for which premiums are to be paid are shown on the Schedule Page. For details about renewal premiums, see Part 6. All premiums are payable in advance at Our Main Administrative Office or to an authorized agent of ours. All insureds must be alive when the first premium is paid. If a premium is not paid when due or within the grace period described below, the policy will Lapse as provided in Part 5. A receipt for premium payments signed by one of Our executive officers is available.

Premiums may be paid on any frequency acceptable to Us. If You change the frequency of payments, the premium amount due on each new due date will change. These amounts will be based on Our periodic rates in effect on the Date of Issue. You cannot change to a premium frequency that would result in a premium of less than \$15.00.

31-Day Grace Period to Pay Premium Due

You will be allowed a grace period of 31 days after the premium due date in which to pay the premium. This grace period is not granted for the first premium. Your policy will remain In Full Force during the grace period.

PART 5: POLICY LAPSE AFTER 31-DAY GRACE PERIOD

What Causes Policy Lapse

If a premium is not paid when due or within the 31-day grace period, this policy will Lapse as of the due date of the unpaid premium. That due date is referred to as the "Date of Lapse". By Lapse We mean that the policy is no longer In Full Force and has no value. Upon Lapse of the policy, any unpaid dividends which remain standing to the credit of the policy will be paid to You in cash. See Part 6.

How to Reinstate This Policy After Lapse

You may reinstate this policy back to an "In Full Force" status during the lifetime of the insureds and prior to the Expiry Date if no more than 5 years have passed since the Date of Lapse. To reinstate the policy:

- a. We must receive evidence of all insureds' insurability. The evidence must be satisfactory to Us.

- b. We must receive payment of all overdue payments with interest from their due dates to the date of reinstatement. The interest will be at a rate of 6% per year, compounded annually.

PART 6: LIFETIME BENEFITS

This Policy's Share in Dividends

While this policy is In Full Force, it will share in Our divisible surplus to the extent that We may provide. The share to be apportioned this policy, if any, will be determined annually by Us and credited as a dividend. The first dividend will be payable upon payment of the premium for the second Policy Year. Subsequent dividends will be payable at the end of the second and each subsequent Policy Year that this policy is In Full Force. In the event of Lapse, or upon expiration of the term of this policy, any unpaid dividends which remain standing to the credit of this policy will be paid to You in cash.

How Dividends May Be Applied

Under this policy, You may elect that any dividends that become payable be applied under one of the dividend options described in this section. If no option is elected, any dividends will be applied to reduce premiums under Option 2.

Option 1. Paid in cash: The dividends are paid in cash.

Option 2. Reduce premiums: The dividends are used to reduce premiums due during the succeeding Policy Year. If no premium is due, the dividends will accumulate at interest under Option 3.

Option 3. Accumulate at interest: The dividends are left with Us to accumulate at interest at the rate declared by Us. The rate will not be less than 3% per year. The interest is credited annually on each Policy Anniversary. Any amount held by Us under this option may be withdrawn in cash.

The Right to Renew This Policy

On each Renewal Date (see Part 1), this policy will be automatically renewed for another one-year period without evidence of insurability, provided:

- a. The policy has not Lapsed.
- b. We receive payment of the renewal premium for the then attained age of insured.

You will have 31 days after the Renewal Date in which to pay the renewal premium. This policy will remain In Full Force during that period. The renewal will be automatic if on the Renewal Date:

- a. this policy contains a Waiver of Premium for Disability Rider; and
- b. the insured is entitled to benefits under that rider.

Rider premiums for any rider included in this policy will be at Our published rates in effect on the Date of Issue of this policy for the age of the insured as shown on the Schedule Page.

PART 7: DEATH BENEFITS

How the Death Benefit Is Determined

Any death benefit that becomes payable under this policy will be paid in one sum, unless We have agreed with You to provide otherwise or the beneficiary elects another payment option as provided in Part 8. We will pay interest on any death benefit that becomes payable from the date of death to the date of payment.

The amount of interest will be the same as would be paid were the death benefit left for that period of time to earn interest under Payment Option 2.

If any death benefit that becomes payable under this policy is not paid within 30 days after our receipt of due proof of death of the insured, the interest we pay on such death benefit will not be less than the rate of 8% per year for the period from the date of our receipt of proof to the date of payment.

If We receive due proof that all insureds died while this policy is In Full Force, We will pay a death benefit equal to the Face Amount of this policy:

- PLUS:
- 1. The value of any dividends held to accumulate at interest;
 - 2. a pro-rata share of any dividend allocated for the year of death;
 - 3. any other unpaid amounts provided by any dividends credited as of the date of death;
 - 4. the part of any premium paid for the period beyond the date of death.

MINUS: the part of any due and unpaid premium needed to pay premiums to the date of death.

The Beneficiary T606 AR

Unless You provide otherwise, any death benefit that becomes payable

under this policy will be paid in equal shares to the beneficiaries living at the death of the insured. Payments will be made successively in the following order:

- a. Primary beneficiaries.
- b. Contingent beneficiaries, if any, provided no primary beneficiary is living at the death of the insured.
- c. You, or Your executor or administrator, provided no primary or contingent beneficiary is living at the death of the insured.

Unless otherwise stated, the relationship of a beneficiary is the relationship to the insured.

How to Change the Beneficiary

You may change the beneficiary by written notice signed by You during the lifetime of the insured and filed with Us at Our Main Administrative Office. When We receive it, the change will relate back and take effect as of the date it was signed by You. However, the change will be subject to any payments made or actions taken by Us before We received the notice at Our Main Administrative Office.

PART 8: PAYMENT OPTIONS

Who May Elect Payment Options

The proceeds of this policy will be paid in one sum unless otherwise provided. As an alternative to payment in one sum as provided under Option 1, the proceeds may be applied under one or more of the alternative income payment options described in this part.

However, Our consent is required for the election of an income payment option by a fiduciary or any entity other than a natural person. Our consent is also required for elections by any Assigns or an owner other than the insured if the owner has been changed.

You may elect any payment option for payment of the death benefit. You may also designate or change one or more beneficiaries who will be the payee or payees under that option. You may only do this during the lifetime of the insured. If no election is in effect when the death benefit becomes payable, the beneficiary may elect any payment option.

Unless We agree otherwise, all payments under any option chosen will be made to the designated payee or to his or her executor or administrator. We may require proof of age of any payee or payees on whose life payments depend as well as proof of the continued survival of any such payee(s).

How to Elect a Payment Option

The election of an income payment option must be in a written form satisfactory to Us. You can elect that the payments be made on an annual, semi-annual, quarterly or monthly basis provided that each installment will at least equal \$25. We also require that at least \$1,000 be applied under any option chosen.

What Payment Options Are Available

This section provides a brief description of the Various payment options that are available. In Part 9 You will find tables illustrating the guaranteed installment amount provided by several of the options described in this section. The amounts shown for Option 4 and Option 5 are the minimum monthly payments for each \$1,000 applied. The actual payments will be based on the monthly payment rates We are using when the first payment is due. They will not be less than shown in the tables.

Option 1 - Payment in one sum

Option 2 - Left to earn interest

We pay interest during the payee's lifetime on the amount left with Us under this option as a principal sum.

We guarantee that the interest rate will be at least 3% per year. Upon death of the payee, We will pay the balance held by Us along with any accrued and unpaid interest.

Option 3 - Payments for a specified period.

Equal income installments are paid for a specified period of years whether the payee lives or dies. The first payment will be on the date of settlement.

The Option 3 Table shows the guaranteed amount of each installment for monthly and annual payment frequencies. The table assumes an interest rate of 3% per year on the unpaid balance. The actual interest rate is guaranteed not to be less than this minimum rate.

Option 4 - Life annuity with specified period certain.

Equal installments are paid until the later of:

- a. the death of the payee;
- b. the end of the period certain.

The first payment will be on the date of settlement. The period certain must be chosen at the time this option is elected. The

periods certain that may be chosen are as follows:

- a. ten years;
- b. twenty years;
- c. until the installments paid refund the amount applied under this option. If the payee is not living when the final payment falls due, that payment will be limited to the amount which needs to be added to the payments already made to equal the amount applied under this option.

If, for the age of the payee, a period certain is chosen that is shorter than another period certain paying the same installment amount, We will deem the longer period certain as having been elected.

Option 5 - Life annuity

Equal installments are paid only during the lifetime of the payee. The first payment will be on the date of settlement.

Option 6 - Payments of a specified amount

Equal installments of a specified amount, out of the principal sum and interest on that sum, are paid until the principal sum remaining is less than the amount of the installment. When that happens, the principal sum remaining with accrued interest will be paid as a final payment. The first payment will be on the date of settlement. The payments will include interest on the principal sum remaining at a rate guaranteed to at least equal 3% per year. This interest will be credited at the end of each year. If the amount of interest credited at the end of a year exceeds the income payments made in the last 12 months, that excess will be paid in one sum on the date credited.

Additional Interest

In addition to:

- a. the interest of 3% per year guaranteed on the principal sum remaining with Us under Options 2 or 6; and
- b. the interest of 3% per year included in the installments payable under Option 3

We will pay or credit at the end of each year such additional interest as We may declare.

PART 9: TABLE OF PAYMENT OPTION AMOUNTS

The installment amounts shown in the tables that follow are shown for each \$1,000 applied. Amounts for payment frequencies, periods or ages not shown will be furnished upon request. Under Options 4 and 5 the installment amount for Younger ages than shown will be the same as for the first age shown; and for older ages than shown; it will be the same amount as for the last age shown.

Adjusted Age

The term "age" as used in the tables refers to the adjusted age. Under Options 4 and 5 the adjusted age is defined as the age of the payee on the payee's birthday nearest the date of settlement.

Option 3 - Payments for a specified period

**Informational Filing – 2001 CSO Mortality Table Change
Form T606 AR – 1 Year Non-Convertible Survivorship Term
Form 2528 – 1 Year Non-Convertible Term**

Dear Mr. Musgrove:

We make this filing on an informational basis to notify the Department that we will begin using the 2001 CSO Mortality Table in the above noted previously approved forms effective on December 20, 2008, for new policies issued on that date and thereafter. No in-force policies will be affected by the change. The only change is to update the actuarial memoranda for the new basis of computation under the 2001 CSO Mortality Table. There are no changes to the policy forms.

Accordingly, enclosed please find revised actuarial memoranda that have been updated to reflect the use of the 2001 CSO Mortality Table.

The previous approval dates for the policies are as follows;

Form T606 AR - 1/25/2000
Form 2528 - 1/26/1983

Please do not hesitate to contact me if you have any questions regarding this submission. Thank you for your attention to this matter.

Sincerely,

James F. Bronsdon
