**Illustration Certification
for
Investors Life Insurance Company of North America**

To: Insurance Commissioner in the State of Arkansas

I, L. Allen Bailey, FSA, MAAA, of Allen Bailey & Associates, Inc., am the Illustration Actuary for Investors Life Insurance Company of North America for the plans of insurance listed below and am a member of the American Academy of Actuaries in good standing. I was appointed by the Board of Directors of said insurer to be the Illustration Actuary for the plans of insurance listed below subject to the Life Insurance Illustration Regulation (Regulation) for this state.

85 UL 05 INV
UV 01

The appointment was documented in the Appointment Letter dated November 10, 2006, a copy of which is attached to this certification. I meet the Academy requirements for making this certification and the requirements of applicable state regulations.

Scales of non-guaranteed elements used in illustrating the plans of insurance described above meet the requirements of the Regulation. The disciplined current scales for these plans are in conformity with the Actuarial Standard of Practice for Compliance with the NAIC Life Insurance Illustration Model Regulation (ASOP 24) promulgated by the Actuarial Standards Board with any exceptions noted below. Moreover:

- No currently payable scale for business issued within the last five years and within the scope of this certification has been reduced for reasons other than changes in the experience factors underlying the disciplined current scale.
- Non-guaranteed elements illustrated for new policies are consistent with those illustrated for similar in force policies.
- Illustrated non-guaranteed elements for new and in force policies subject to this regulation are consistent with the non-guaranteed elements amounts actually credited or charged to the same or similar forms.
- The minimum expenses used in calculation of the disciplined current scale for all policy forms subject to this regulation were the 2007 GRET expenses.

I have relied upon data or information supplied by said insurer in making this certification.

I have not used procedures that depart materially from those set forth in ASOP 24.

This certification may be relied upon by the management of Investors Life Insurance Company of North America and the regulators of the states in which this certification is filed, but it may not be relied upon by any other party.
