- 1) The Plan 429 R 08 utilizes the 2001 CSO tables. The previously approved product used the 1980 CSO tables.
  
- 2) The Plan 429 R 08 is a modified endowment contract payable at death with maturity at age 100 (rather than at age 121 as would be conventional under the 2001 CSO tables). The previously approved product was a adjustable rate whole life product which was payable at death or at age 100 (since it was based upon the 1980 CSO tables which terminate at age 100).
  
- 3) The Plan 429 R 08 replaces both the Plan 228 and Plan 229.
  
- 4) Sex distinct rates are utilized, rather than a five-year setback.
  
- 5) The Schedule page will reflect the applicable state insurance department telephone number. For filing purposes, the telephone number is that of the Company's state of domicile, Missouri.

Application 540 IR 08-AR will be used to apply for this policy.

## **GENERAL PROVISIONS**

### **PREMIUM PAYMENTS**

All premiums must be paid in advance. They may be paid at our Home Office, or to an authorized agent. The agent will give You a receipt. It will be signed by Our President or Secretary and by Our agent. Your check will also be Your receipt.

You may pay premiums four ways. These are called Premium Modes. (1) Once each year (annually). (2) Twice each year (semi-annually). (3) Four times each year (quarterly). (4) Once each month (monthly). The rate You pay is the rate We have published and are using on the Policy Date. We also have a minimum premium amount we will accept. It is \$10. You can't use a mode that is less than Our minimum premium.

### **GRACE PERIOD**

The Grace Period is thirty-one days. It applies to each premium after the first. It begins on the premium due date. It ends thirty-one days later. A premium may be remitted (without interest) any time during the Grace Period. However, any payment sent by U.S. Mail must be postmarked within the grace period to be timely. This Policy will be in force during the Grace Period. If the Insured dies during the Grace Period We will deduct the past due premium from any benefits We owe.

If a premium is not paid before the Grace Period ends this Policy may lapse. Lapse means it will end and be of no value. It may not always lapse. The premium may be paid by an Automatic Premium Loan. The Nonforfeiture Provisions may keep the Policy or part of it in force.

### **REINSTATEMENT**

You may let the Grace Period expire and not pay the premium. You may then be able to reinstate this Policy. Reinstate means put it back in force. These six things must all happen before You can do it: (1) It has not been lapsed more than five years. (2) It has not been surrendered for its Cash Value. (3) The Insured must be insurable. We may ask questions about the health and habits of the Insured. A physical exam may be required. (4) You must pay all past due premiums. (5) You must pay or reinstate any debt owed on the Policy. (6) You must pay interest at the Annual Interest Rate of 6% on the past due premiums and debt.

### **THE ENTIRE CONTRACT**

Your Policy is a legal contract between You and Us. It consists of this Policy, a copy of the Application and any papers attached. You applied for the Policy. We issued it. You paid the first premium set out in the Schedule. All statements in the Application except for those made to defraud us are considered to be based on Your present knowledge and belief. They are not warranties. No statement made by You, except those in the Application, may be used by Us to void the Policy or defend against a claim.

## **CHANGE OF CONTRACT**

The only way Your Policy may be changed is by Written Agreement. It must be signed by one of Our Executive Officers. No agent or other person has Our permission to change Your Policy. No other person has the right to tell You that one or more of its terms or provisions do not apply to You.

### **SUICIDE EXCLUSION**

If the Insured dies by suicide before the end of the two years\* after the Policy Date, the benefits payable to the Beneficiary shall then be only the amount of premiums paid before the date of the suicide. We will promptly refund all premiums paid for coverage on such Insured. This is true whether the Insured is sane or insane at the time of suicide.

\*This exclusion is limited to one year for any policy issued or delivered in the States of Colorado, Missouri and North Dakota.

### **INCONTESTABILITY**

We will not contest the validity of this Policy (except for nonpayment of premium when due) after it has been in force during the Insured's lifetime for two years from the Policy Date. We may contest the validity of a reinstated Policy for two years after the date We approve any reinstatement application. If We contest the validity of a reinstated Policy within this period, we may only contest it based upon statements in the reinstatement application (unless the original contestable period has not yet expired). These limitations do not apply to any benefits payable under any Disability or Accidental Death Rider.

### **MISSTATEMENT OF TOBACCO STATUS**

If the Insured's tobacco use status is incorrectly stated in the Application, the Proceeds and nonforfeiture or loan values will be those which the premiums paid would have purchased for the correct tobacco status. This adjustment may only be made during the first two policy years.

### **INCORRECT AGE OR SEX**

If the Insured's age or sex is incorrectly stated in the Application, the Proceeds and nonforfeiture or loan values will be those which the premiums paid would have purchased at the correct age or sex.

### **SETTLEMENT AND INDEBTEDNESS**

All sums We owe under the Policy are payable at Our Home Office. You must surrender the Policy. In any settlement We will first deduct any debt You owe on the Policy.

If you ask for a loan or for the Cash Surrender Value, We don't have to do it at once. We can wait for the period of time permitted by law. We can never wait more than six months. We must make You a loan at once if You want it only to pay premium on this Policy.

## **BENEFICIARY AND OWNERSHIP PROVISIONS**

### ***BENEFICIARY***

On the Policy Date, the Beneficiary is as named in the Schedule. You must also check the Application. It may have some conditions or provisions which affect the Beneficiary. Except as otherwise set out, the Proceeds are to be divided equally among all Primary Beneficiaries who survive the Insured. If none survive, Proceeds will be divided equally among all Contingent Beneficiaries who survive the Insured. If no Beneficiary survives the Insured, the Proceeds will go to You or to Your estate if You don't survive the Insured.

### ***CHANGE OF BENEFICIARY***

Unless an Irrevocable Beneficiary has been named You have the right to change the Beneficiary. Any change in Beneficiary must be In Writing. The change will take place the day You sign it. This is true even if the Insured dies before We receive it. Of course, this change will not affect any action We have taken before We receive the change. If an Irrevocable Beneficiary has been named, that Beneficiary must agree In Writing to any change. If You assign the Policy, You may also give up the right to change the Beneficiary.

### ***RIGHTS OF THE OWNER***

While the Insured is living, You have control of this Policy. Your right to control may, of course, be limited by an assignment. The naming of an Irrevocable Beneficiary may limit it. Otherwise, You own every part of it.

### ***CHANGE OF OWNER***

You may appoint a new Owner of this Policy while the Insured is alive. Just notify us. Do it In Writing. The change will take place the date You sign the notice. This is true even if the Insured dies before We receive it. Of course this change will not affect any action We have taken before We received the notice.

If you are not the Insured and You die before the Insured is twenty-one, the Insured will become the Owner at once. Of course, You can make a different agreement with Us.

### ***TRANSFER BY ASSIGNMENT***

You may assign some or all of Your rights in this Policy to someone else. The assignment will take effect on the date the assignment is signed by you. We will record the transfer. We will not be responsible for its validity or effect. Of course, these changes will not affect any action We have taken before We receive the notice of assignment.

**SETTLEMENT OPTIONS**

When a policy becomes a claim by the death of the insured, settlement shall be made upon receipt of due proof of death. All of the Proceeds of this Policy will be paid in one sum unless one of the following options is chosen by You. We will pay you within a reasonable period of time after proof of the death of the insured has been received by us. This period may not exceed 30 days. If we take longer than this, we must pay you interest at the rate of 8% per annum.

Undue delay may occur in the payment of a claim. Undue delay occurs whenever a claim is paid 31 or more days after the latest of: (i) the date that due proof of death is received by Us; (ii) the date We receive sufficient information to determine its liability, the extent of the liability, and the appropriate payee legally entitled to the proceeds; or (iii) the date that legal impediments to the payment of the proceeds that depend on the action of parties other than Us are resolved and sufficient evidence of the same is provided to Us. Legal impediments to payment include, but are not limited to: (a) the establishment of guardianships or conservatorships; (b) the appointment and qualification of trustees, executors or administrators; and (c) the submission of information required to satisfy a state or federal reporting requirement. If the payment of the proceeds is unduly delayed interest shall be payable at the same interest percentage as set forth in **Option 4. Interest Income** of this section, plus additional interest at the rate of 10% annually. This interest shall begin on the date that is 31 calendar days after the latest of items (i), (ii) or (iii) and accrue until the date of settlement.

Options may be chosen by You. You must do this before the Insured dies. If You don't, the Beneficiary may choose an option. The choice must be made In Writing and sent to Us. The options are available only if payable to a natural person, in his or her own right. If not payable to a natural person, You need Our consent to the choice of an option. We will not make payments of less than \$25.00. We can change the period of payment so as to meet this \$25.00 minimum.

When You choose an option We will prepare an agreement. It will be signed by Us. It will tell when and how payments will be made. It will tell how to withdraw Proceeds. It will tell how Proceeds are disposed of when the Payee dies.

Under Options 1, 3 or 4, We will not make payments for more than thirty years. An option chosen before Proceeds are payable will take effect on the date they are payable. If chosen after Proceeds are payable, an option will take effect when We accept it. After an option takes effect, it can't be changed.

When Options 1, 2 or 3 take effect, the first installment shall be payable. When Option 4 takes effect, interest shall begin to accumulate.

If the Payee dies before all installments under Options 1, 2 or 3 are paid, We will pay the present value of any unpaid installments to the Payee's estate. If the Payee dies while We still have Proceeds under Option 4, We will pay the Proceeds and accumulated interest to the Payee's estate. If other arrangements have been made, We will follow them.

We may require proof of age under Option 2 before making any payment. If the Payee's age has been misstated, We can adjust the remaining payments to take care of this. We can require proof that the Payee is alive on any payment due date.

Payments can't be assigned. They can't be taken for the Payee's debts. No levy can be had on them. They can't be attached. These things are true except where illegal. Of course, other arrangements can be made with Us when an option is chosen.

The Payee may withdraw the commuted value of any unpaid installments under Options 1 or 3. These values will be figured on the basis of 2½% per year. The Payee may also withdraw any unpaid Proceeds under Option 4. You may tell Us In Writing that the Payee can't withdraw any such amounts. We will record this information at Our Home Office. Your notice will take effect on the day You sign it, not on the date recorded by Us. Of course the notice will not affect any payment made or action taken by Us before such recording.

The Proceeds, if greater than \$2,500, may be paid under one of the following options:

**Option 1. Installments for a Fixed Period.** Payments will be made in equal installments for a fixed number of years. They will be made annually, semi-annually, quarterly or monthly. The table below shows the amount of each installment for each \$1,000 of Proceeds.

**OPTION 1. EQUAL INSTALLMENTS FOR EACH \$1,000 OF NET SUM PAYABLE**

| No. of years | Monthly Amounts | No. Of Years | Monthly Amounts |
|--------------|-----------------|--------------|-----------------|

**Option 2. Life Income with a Fixed Period.** Payments will be in equal monthly installments. The amount of each payment will be based on the age and sex of the Payee. Payments will be made for a fixed period and for as long after that as the Payee lives. No Payee may

commute installments under this Option 2. Use the sex and age last birthday of the Payee at the time payment starts. Use the correct fixed period. The table below will then tell You the amount of each monthly installment for each \$1,000 of Proceeds.

**OPTION 2. INCOME FOR FIXED PERIOD AND LIFE THEREAFTER**

**Option 3. Installments of a Fixed Amount.** Payments will be made in equal installments of a fixed amount. They will be paid annually, semi-annually, quarterly, or monthly. They will continue until the Proceeds and interest are exhausted. Interest will be 2½% per annum. The last payment will be the unpaid balance of Proceeds and interest.

**Option 4. Interest Income.** The proceeds may be held by Us at interest. We will hold them for an agreed period of

time. We will pay the interest annually, semi-annually, quarterly, or monthly as is agreed. Interest will be 2½% per annum. This is what we will pay for each \$1,000 of proceeds; \$25.00 annually, \$12.42 semi-annually, \$6.19 quarterly, and \$2.06 monthly. The Payee may withdraw the entire Proceeds before the end of the agreed period.

**Option 5. Special Settlements.** The Proceeds may be paid in any other manner. All that's needed is Our consent.

## **LOAN PROVISIONS**

### ***POLICY LOANS***

We will make a loan to You. You have the option of borrowing less than the Net Cash Value of this Policy. The amount You borrow can be no greater than the Net Cash Value of this Policy at the end of the year in which You ask for the loan. You can't make any loan if the Policy is on Extended Term Insurance. This Policy will be the sole security for the loan. Interest from the date of the loan until the end of the Policy Year in which the loan is made and any premiums due for that period will be deducted from the amount loaned to You. Interest on the loan must be paid in advance each year after that.

### ***AUTOMATIC PREMIUM LOANS***

We will automatically make You a loan to pay a premium You owe. We will make You such a loan when Your Policy has a Net Cash Value at the end of the period for which the premium is due. It must be large enough to pay the premium You owe. It must also pay the interest on the loan to the end of the Policy Year in which We make the loan. If the total of a quarterly premium plus advance interest and any loan You already have against the Policy exceeds the Cash Value, We will not make an Automatic Premium Loan. The Nonforfeiture Provisions will then apply. Interest on the Automatic Premium Loan must be paid in advance to the end of the Policy Year in

which We make the loan. It must also be paid in advance each year after that. The first interest payment will be added to the loan. In order to have this Automatic Premium Loan Provision effective, You must do one of two things: You may apply for it when You apply for this Policy or You may ask for it In Writing before the end of the Grace Period. You may revoke it at any time. Just write to Us. We will do it.

### ***LOAN INTEREST***

Interest on any loan for a full year shall be figured at the Annual Interest Rate of 8%, which is 7.4% payable in advance. Interest for less than a full year shall be figured at the same annual rate but only for the period of time involved. Interest can never be more than the Annual Interest Rate no matter how it is figured. If interest is not paid when due, one of two things will occur. (1) The amount of the loan plus the interest You owe may not be more than the Net Cash Value. If so, the interest will be added to the loan. The new debt amount will bear interest at the same rate as the old debt. (2) The amount of the loan plus interest You owe may be more than the Net Cash Value. If so the Policy will then become null and void. This will happen thirty-one days after We have sent You and anyone You have assigned this Policy to a Written Notice. We will send it to You and Your Assignee's last known address.

## **NONFORFEITURE PROVISIONS**

You may not pay a premium when it is due. If this Policy then has a Cash Value You may choose one of these options. To get the option of Your choice, You must write to Us. Do it not later than sixty days after the due date of such premium.

**1. Cash value.** You may surrender the Policy to Us and We will send You its Net Cash Value. The "BASIS OF VALUES" tells You how to figure Cash Values.

**2. Paid-Up Endowment.** The Policy may be endorsed for non-participating paid-up endowment at age 100 insurance for a level amount. The amount will be such as the Net Cash Value will purchase when applied as a Net Single Premium at the Insured's attained age on the due date of the premium date.

**3. Extended Term Insurance.** (Available only if the Policy is in a Standard Premium Class as shown in the Schedule.) The Policy may be endorsed for non-participating extended term insurance. The amount is the Death Benefit shown on the Schedule for the Policy Year in which the Insured's death occurs, less any debt owed on this Policy. This insurance will continue for such period as the Net Cash Value will purchase when applied as a Net Single Premium at the Insured's attained age on the due date of the premium due.

## **AUTOMATIC OPTION**

At the end of the Grace Period, You may not have chosen one of the options above. The Automatic Premium Loan Provision may not be then in effect. In that case, Option 3 will apply automatically if the Schedule shows this Policy is in a Standard Premium Class. In all other cases, Option 2 shall apply automatically. You may choose another available option within sixty (60) days after the due date of such premium.

## **SURRENDER OF PAID-UP OR EXTENDED TERM INSURANCE**

This Policy may be continued as paid-up endowment insurance or extended term insurance. It may then be surrendered at any time for its Cash Value. This is the Net Single Premium at the Insured's attained age for such

insurance, at the time of surrender, less any debt owed on the Policy. If surrendered within thirty (30) days after any Policy Anniversary, the value will be no less than the value on such Anniversary.

## **LOAN AND NONFORFEITURE VALUES**

The Table of Guaranteed Policy Values shows the Cash or Loan and Reduced Paid-Up Values. It shows the extended insurance period. They are for the end of completed years. It is assumed all past due premiums have been paid.

Any debt owed on this Policy will reduce the values. It will also reduce the amount and period of extended term insurance. When you have paid premiums for part of a Policy Year, we adjust values to fit the part paid for. Values for years not shown shall be figured by the methods described in the Basis of Values. We will do it for You. Just ask Us.

## **BASIS OF VALUES**

The methods and factors used to calculate Your Cash Values, Present Values and Net Single Premiums are based upon certain mortality tables and interest rates required by state law.

Reserves are calculated by the Commissioners Reserve Valuation Method with interest at a rate not greater than the maximum interest rate permitted by law. Annual interest rate for Cash Value calculation is 5% per annum. Reserves and Nonforfeiture Values are figured on the Commissioners 2001 Standard Ordinary Mortality Table. Reserves assume immediate payment of claims. Nonforfeiture Values assume curtate functions.

Your Policy values are calculated by the Standard Nonforfeiture Value Method. All values are equal to or greater than those required by law. We have filed a statement with the IIPRC and the insurance officials of the state where Your Policy was delivered. The statement outlines the methods used to determine Your Policy values.

Additional benefits or Riders attached to Your Policy do not increase Policy values unless the benefit or Rider specifies that it does.

**I. PLAN DESCRIPTION**

1. Level Endowment at Age 100 Life Insurance (\$1,000 per Unit)
2. Issue ages 0-80, inclusive
3. Level premiums fully guaranteed (see Exhibit A)
4. \$50.00 annual policy fee
5. \$10,000 minimum policy size
6. Nonparticipating

**II. BASIS OF CALCULATIONS**

Reserves are calculated using 2001 CSO, Male/Female, Composite/Smoker/Nonsmoker, Age Last Birthday, Immediate Payment of Claims, without Selection Factors with interest at a rate not greater than the maximum interest rate permitted by law (for 2008 issues this is 4.0%). Reserves are calculated according to the Commissioners' Reserve Valuation Method taking into account the 1999 Valuation of Life Insurance Policies Model Regulation as adopted by the NAIC. The larger of Unitary and Segmented reserves are held with Minimum (deficiency) reserves considered. For Minimum reserve purposes the 2001 CSO Selection Factors are utilized along with X factors developed by the company.

Cash Values are calculated using 2001 CSO, Male/Female, Composite/Smoker/Nonsmoker, 5.0%, Age Last Birthday, Curtate, without Selection Factors. Cash Values are Minimum according to the NAIC Standard Nonforfeiture Law for Life Insurance, Model #808, for all years.

Reduced Paid-Up Insurance is level endowment at age 100 life insurance rounded to the high dollar. Values are calculated using 2001 CSO, Male/Female, Composite/Smoker/Nonsmoker, 5.0%, Age Last Birthday, Curtate functions. Cash Values on RPU use the same basis. Reserves use the maximum interest rate (4.0% in 2008).

Extended Term Insurance is for the face amount of the policy less any policy loan. Values are based on 2001 CSO Male/Female, Composite/Smoker/Nonsmoker, 5.0%, Age Last Birthday, Curtate functions. Cash Values on ETI use the same basis. Reserves use the maximum interest rate (4.0% in 2008).

Distinct values are provided for male and female, composite, smoker and nonsmoker insureds. Juvenile issue ages 0-14 utilize 2001 CSO Male/Female, Composite mortality for all durations. Issue ages 15-80 use 2001 CSO Male/Female, Smoker/Nonsmoker mortality. These mortality rates are used for Reserves, Cash Values, RPU and ETI. No Selection Factors are used for the basic reserve calculations. Selection Factors are used for the Minimum reserve calculations.

I certify that all benefits and values provided are not less than required by law and comply with the NAIC Standard Nonforfeiture Law for Life Insurance, Model #808.

Terminal Reserves and Mean Reserves are rounded to the near cent. Cash Values and Reduced Paid-Up Insurance are rounded to the high dollar. Extended Term Insurance periods are rounded to the high day.

$$E_{35} = \beta_{35}^{FPT} - \alpha_{35}^{FPT} = 10.509986 - 1.098321 = 9.411665$$

#### IV. MINIMUM RESERVES

(2001 CSO Select & Ultimate, Age Last Birthday, 4.00%, Male/Female, Composite/Smoker/Nonsmoker, Immediate Payment of Claims, Twenty Year Selection Factors with X Factors)

Deficiency reserves, if any, are calculated as the excess, if greater than zero, of the quantity A over the basic reserve. The quantity A is obtained by recalculating the basic reserve assuming (a) the Commissioners Reserve Valuation Method, (b) the maximum allowable valuation interest rate and (c) the minimum mortality standards allowable for calculating deficiency reserves assuming the 2001 CSO selection factors and X factors. Guaranteed gross premiums are substituted for the net premiums when the guaranteed gross premiums are less than the corresponding net premiums for each contract year.

##### Sample Calculation - Male Non-Tobacco Issue Age 35 Band 1 Premiums (Deficiency)

Current X factor for male non-tobacco issue age 35 = .75

$$PV_{[35]}^B = 1000 \bar{A}_{[35]:\overline{65}|} = 184.109069$$

$$PV_{[35]}^P = 21.305419$$

$$\alpha_{[35]}^{FPT} = 1000 \bar{c}_{[35]} = 0.397161$$

$$\begin{aligned} \beta_{[35]}^{FPT} &= (184.109069 - 0.397161) / (21.305419 - 1) \\ &= 9.047433 \end{aligned}$$

$$E_{[35]} = \beta_{[35]}^{FPT} - \alpha_{[35]}^{FPT} = 9.047433 - 0.397161 = 8.650272$$

$$\begin{aligned} \beta_{[35]}^{CRVM} &= (PV_{[35]}^B + E_{[35]}) / PV_{[35]}^P \\ &= (184.109069 + 8.650272) / 21.305419 \\ &= 9.047433 \end{aligned}$$

$$\alpha_{[35]}^{CRVM} = \beta_{[35]}^{CRVM} - E_{[35]} = 9.047433 - 8.650272 = 0.397161$$

$${}_1P_{[35]}^{Min} = \alpha_{[35]}^{CRVM} = 0.397161$$

$${}_tP_{[35]}^{Min} = \beta_{[35]}^{CRVM} = 9.047433 \quad \text{for } t \geq 2$$

Deficiencies do not exist because  ${}_tP_{[35]}^{Min} < {}_tG_{35}$  as  $9.047433 < (10.09 + 50.00 / 50)$ .

## V. POLICY RESERVES

## **GENERAL PROVISIONS**

### **PREMIUM PAYMENTS**

All premiums must be paid in advance. They may be paid at our Home Office, or to an authorized agent. The agent will give You a receipt. It will be signed by Our President or Secretary and by Our agent. Your check will also be Your receipt.

You may pay premiums four ways. These are called Premium Modes. (1) Once each year (annually). (2) Twice each year (semi-annually). (3) Four times each year (quarterly). (4) Once each month (monthly). The rate You pay is the rate We have published and are using on the Policy Date. We also have a minimum premium amount we will accept. It is \$10. You can't use a mode that is less than Our minimum premium.

### **GRACE PERIOD**

The Grace Period is thirty-one days. It applies to each premium after the first. It begins on the premium due date. It ends thirty-one days later. A premium may be remitted (without interest) any time during the Grace Period. However, any payment sent by U.S. Mail must be postmarked within the grace period to be timely. This Policy will be in force during the Grace Period. If the Insured dies during the Grace Period We will deduct the past due premium from any benefits We owe.

If a premium is not paid before the Grace Period ends this Policy may lapse. Lapse means it will end and be of no value. It may not always lapse. The premium may be paid by an Automatic Premium Loan. The Nonforfeiture Provisions may keep the Policy or part of it in force.

### **REINSTATEMENT**

You may let the Grace Period expire and not pay the premium. You may then be able to reinstate this Policy. Reinstate means put it back in force. These six things must all happen before You can do it: (1) It has not been lapsed more than five years. (2) It has not been surrendered for its Cash Value. (3) The Insured must be insurable. We may ask questions about the health and habits of the Insured. A physical exam may be required. (4) You must pay all past due premiums. (5) You must pay or reinstate any debt owed on the Policy. (6) You must pay interest at the Annual Interest Rate of 6% on the past due premiums and debt.

### **THE ENTIRE CONTRACT**

Your Policy is a legal contract between You and Us. It consists of this Policy, a copy of the Application and any papers attached. You applied for the Policy. We issued it. You paid the first premium set out in the Schedule. All statements in the Application except for those made to defraud us are considered to be based on Your present knowledge and belief. They are not warranties. No statement made by You, except those in the Application, may be used by Us to void the Policy or defend against a claim.

## **CHANGE OF CONTRACT**

The only way Your Policy may be changed is by Written Agreement. It must be signed by one of Our Executive Officers. No agent or other person has Our permission to change Your Policy. No other person has the right to tell You that one or more of its terms or provisions do not apply to You.

### **SUICIDE EXCLUSION**

If the Insured dies by suicide before the end of the two years\* after the Policy Date, the benefits payable to the Beneficiary shall then be only the amount of premiums paid before the date of the suicide. We will promptly refund all premiums paid for coverage on such Insured. This is true whether the Insured is sane or insane at the time of suicide.

\*This exclusion is limited to one year for any policy issued or delivered in the States of Colorado, Missouri and North Dakota.

### **INCONTESTABILITY**

We will not contest the validity of this Policy (except for nonpayment of premium when due) after it has been in force during the Insured's lifetime for two years from the Policy Date. We may contest the validity of a reinstated Policy for two years after the date We approve any reinstatement application. If We contest the validity of a reinstated Policy within this period, we may only contest it based upon statements in the reinstatement application (unless the original contestable period has not yet expired). These limitations do not apply to any benefits payable under any Disability or Accidental Death Rider.

### **MISSTATEMENT OF TOBACCO STATUS**

If the Insured's tobacco use status is incorrectly stated in the Application, the Proceeds and nonforfeiture or loan values will be those which the premiums paid would have purchased for the correct tobacco status. This adjustment may only be made during the first two policy years.

### **INCORRECT AGE OR SEX**

If the Insured's age or sex is incorrectly stated in the Application, the Proceeds and nonforfeiture or loan values will be those which the premiums paid would have purchased at the correct age or sex.

### **SETTLEMENT AND INDEBTEDNESS**

All sums We owe under the Policy are payable at Our Home Office. You must surrender the Policy. In any settlement We will first deduct any debt You owe on the Policy.

If you ask for a loan or for the Cash Surrender Value, We don't have to do it at once. We can wait for the period of time permitted by law. We can never wait more than six months. We must make You a loan at once if You want it only to pay premium on this Policy.

## **BENEFICIARY AND OWNERSHIP PROVISIONS**

### ***BENEFICIARY***

On the Policy Date, the Beneficiary is as named in the Schedule. You must also check the Application. It may have some conditions or provisions which affect the Beneficiary. Except as otherwise set out, the Proceeds are to be divided equally among all Primary Beneficiaries who survive the Insured. If none survive, Proceeds will be divided equally among all Contingent Beneficiaries who survive the Insured. If no Beneficiary survives the Insured, the Proceeds will go to You or to Your estate if You don't survive the Insured.

### ***CHANGE OF BENEFICIARY***

Unless an Irrevocable Beneficiary has been named You have the right to change the Beneficiary. Any change in Beneficiary must be In Writing. The change will take place the day You sign it. This is true even if the Insured dies before We receive it. Of course, this change will not affect any action We have taken before We receive the change. If an Irrevocable Beneficiary has been named, that Beneficiary must agree In Writing to any change. If You assign the Policy, You may also give up the right to change the Beneficiary.

### ***RIGHTS OF THE OWNER***

While the Insured is living, You have control of this Policy. Your right to control may, of course, be limited by an assignment. The naming of an Irrevocable Beneficiary may limit it. Otherwise, You own every part of it.

### ***CHANGE OF OWNER***

You may appoint a new Owner of this Policy while the Insured is alive. Just notify us. Do it In Writing. The change will take place the date You sign the notice. This is true even if the Insured dies before We receive it. Of course this change will not affect any action We have taken before We received the notice.

If you are not the Insured and You die before the Insured is twenty-one, the Insured will become the Owner at once. Of course, You can make a different agreement with Us.

### ***TRANSFER BY ASSIGNMENT***

You may assign some or all of Your rights in this Policy to someone else. The assignment will take effect on the date the assignment is signed by you. We will record the transfer. We will not be responsible for its validity or effect. Of course, these changes will not affect any action We have taken before We receive the notice of assignment.

## SETTLEMENT OPTIONS

When a policy becomes a claim by the death of the insured, settlement shall be made upon receipt of due proof of death. All of the Proceeds of this Policy will be paid in one sum unless one of the following options is chosen by You. Interest shall be payable from the date of death to the date of settlement. Interest will be paid at a rate that is the same interest percentage as set forth in **Option 4. Interest Income** of this section.

Undue delay may occur in the payment of a claim. Undue delay occurs whenever a claim is paid 31 or more days after the latest of: (i) the date that due proof of death is received by Us; (ii) the date We receive sufficient information to determine our liability, the extent of the liability, and the appropriate payee legally entitled to the proceeds; or (iii) the date that legal impediments to the payment of the proceeds that depend on the action of parties other than Us are resolved and sufficient evidence of the same is provided to Us. Legal impediments to payment include, but are not limited to: (a) the establishment of guardianships or conservatorships; (b) the appointment and qualification of trustees, executors or administrators; and (c) the submission of information required to satisfy a state or federal reporting requirement. If the payment of the proceeds is unduly delayed interest shall be payable at the same interest percentage as set forth in **Option 4. Interest Income** of this section, plus additional interest at the rate of 10% annually. This interest shall begin on the date that is 31 calendar days after the latest of items (i), (ii) or (iii) and accrue until the date of settlement.

Options may be chosen by You. You must do this before the Insured dies. If You don't, the Beneficiary may choose an option. The choice must be made In Writing and sent to Us. The options are available only if payable to a natural person, in his or her own right. If not payable to a natural person, You need Our consent to the choice of an option. We will not make payments of less than \$25.00. We can change the period of payment so as to meet this \$25.00 minimum.

When You choose an option We will prepare an agreement. It will be signed by Us. It will tell when and how payments will be made. It will tell how to withdraw Proceeds. It will tell how Proceeds are disposed of when the Payee dies.

Under Options 1, 3 or 4, We will not make payments for more than thirty years. An option chosen before Proceeds are payable will take effect on the date they are payable. If chosen after Proceeds are payable, an option will take effect when We accept it. After an option takes effect, it can't be changed.

When Options 1, 2 or 3 take effect, the first installment shall be payable. When Option 4 takes effect, interest shall begin to accumulate.

If the Payee dies before all installments under Options 1, 2 or 3 are paid, We will pay the present value of any unpaid installments to the Payee's estate. If the Payee dies while We still have Proceeds under Option 4, We will pay the Proceeds and accumulated interest to the Payee's estate. If other arrangements have been made, We will follow them.

We may require proof of age under Option 2 before making any payment. If the Payee's age has been misstated, We can adjust the remaining payments to take care of this. We can require proof that the Payee is alive on any payment due date.

Payments can't be assigned. They can't be taken for the Payee's debts. No levy can be had on them. They can't be attached. These things are true except where illegal. Of course, other arrangements can be made with Us when an option is chosen.

The Payee may withdraw the commuted value of any unpaid installments under Options 1 or 3. These values will be figured on the basis of 2½% per year. The Payee may also withdraw any unpaid Proceeds under Option 4. You may tell Us In Writing that the Payee can't withdraw any such amounts. We will record this information at Our Home Office. Your notice will take effect on the day You sign it, not on the date recorded by Us. Of course the notice will not affect any payment made or action taken by Us before such recording.

The Proceeds, if greater than \$2,500, may be paid under one of the following options:

**Option 1. Installments for a Fixed Period.** Payments will be made in equal installments for a fixed number of years. They will be made annually, semi-annually, quarterly or monthly. The table below shows the amount of each installment for each \$1,000 of Proceeds.

### OPTION 1. EQUAL INSTALLMENTS FOR EACH \$1,000 OF NET SUM PAYABLE

**Option 2. Life Income with a Fixed Period.** Payments will be in equal monthly installments. The amount of each payment will be based on the age and sex of the Payee. Payments will be made for a fixed period and for as long after that as the Payee lives. No Payee may

commute installments under this Option 2. Use the sex and age last birthday of the Payee at the time payment starts. Use the correct fixed period. The table below will then tell You the amount of each monthly installment for each \$1,000 of Proceeds.

**Option 3. Installments of a Fixed Amount.** Payments will be made in equal installments of a fixed amount. They will be paid annually, semi-annually, quarterly, or monthly. They will continue until the Proceeds and interest are exhausted. Interest will be 2½% per annum. The last payment will be the unpaid balance of Proceeds and interest.

**Option 4. Interest Income.** The proceeds may be held by Us at interest. We will hold them for an agreed period of

time. We will pay the interest annually, semi-annually, quarterly, or monthly as is agreed. Interest will be 2½% per annum. This is what we will pay for each \$1,000 of proceeds; \$25.00 annually, \$12.42 semi-annually, \$6.19 quarterly, and \$2.06 monthly. The Payee may withdraw the entire Proceeds before the end of the agreed period.

**Option 5. Special Settlements.** The Proceeds may be paid in any other manner. All that's needed is Our consent.

## **LOAN PROVISIONS**

### ***POLICY LOANS***

We will make a loan to You. You have the option of borrowing less than the Net Cash Value of this Policy. The amount You borrow can be no greater than the Net Cash Value of this Policy at the end of the year in which You ask for the loan. You can't make any loan if the Policy is on Extended Term Insurance. This Policy will be the sole security for the loan. Interest from the date of the loan until the end of the Policy Year in which the loan is made and any premiums due for that period will be deducted from the amount loaned to You. Interest on the loan must be paid in advance each year after that.

### ***AUTOMATIC PREMIUM LOANS***

We will automatically make You a loan to pay a premium You owe. We will make You such a loan when Your Policy has a Net Cash Value at the end of the period for which the premium is due. It must be large enough to pay the premium You owe. It must also pay the interest on the loan to the end of the Policy Year in which We make the loan. If the total of a quarterly premium plus advance interest and any loan You already have against the Policy exceeds the Cash Value, We will not make an Automatic Premium Loan. The Nonforfeiture Provisions will then apply. Interest on the Automatic Premium Loan must be paid in advance to the end of the Policy Year in

which We make the loan. It must also be paid in advance each year after that. The first interest payment will be added to the loan. In order to have this Automatic Premium Loan Provision effective, You must do one of two things: You may apply for it when You apply for this Policy or You may ask for it In Writing before the end of the Grace Period. You may revoke it at any time. Just write to Us. We will do it.

### ***LOAN INTEREST***

Interest on any loan for a full year shall be figured at the Annual Interest Rate of 8%, which is 7.4% payable in advance. Interest for less than a full year shall be figured at the same annual rate but only for the period of time involved. Interest can never be more than the Annual Interest Rate no matter how it is figured. If interest is not paid when due, one of two things will occur. (1) The amount of the loan plus the interest You owe may not be more than the Net Cash Value. If so, the interest will be added to the loan. The new debt amount will bear interest at the same rate as the old debt. (2) The amount of the loan plus interest You owe may be more than the Net Cash Value. If so the Policy will then become null and void. This will happen thirty-one days after We have sent You and anyone You have assigned this Policy to a Written Notice. We will send it to You and Your Assignee's last known address.

## **NONFORFEITURE PROVISIONS**

You may not pay a premium when it is due. If this Policy then has a Cash Value You may choose one of these options. To get the option of Your choice, You must write to Us. Do it not later than sixty days after the due date of such premium.

**1. Cash value.** You may surrender the Policy to Us and We will send You its Net Cash Value. The "BASIS OF VALUES" tells You how to figure Cash Values.

**2. Paid-Up Endowment.** The Policy may be endorsed for non-participating paid-up endowment at age 100 insurance for a level amount. The amount will be such as the Net Cash Value will purchase when applied as a Net Single Premium at the Insured's attained age on the due date of the premium date.

**3. Extended Term Insurance.** (Available only if the Policy is in a Standard Premium Class as shown in the Schedule.) The Policy may be endorsed for non-participating extended term insurance. The amount is the Death Benefit shown on the Schedule for the Policy Year in which the Insured's death occurs, less any debt owed on this Policy. This insurance will continue for such period as the Net Cash Value will purchase when applied as a Net Single Premium at the Insured's attained age on the due date of the premium due.

## **AUTOMATIC OPTION**

At the end of the Grace Period, You may not have chosen one of the options above. The Automatic Premium Loan Provision may not be then in effect. In that case, Option 3 will apply automatically if the Schedule shows this Policy is in a Standard Premium Class. In all other cases, Option 2 shall apply automatically. You may choose another available option within sixty (60) days after the due date of such premium.

## **SURRENDER OF PAID-UP OR EXTENDED TERM INSURANCE**

This Policy may be continued as paid-up endowment insurance or extended term insurance. It may then be surrendered at any time for its Cash Value. This is the Net Single Premium at the Insured's attained age for such

insurance, at the time of surrender, less any debt owed on the Policy. If surrendered within thirty (30) days after any Policy Anniversary, the value will be no less than the value on such Anniversary.

## **LOAN AND NONFORFEITURE VALUES**

The Table of Guaranteed Policy Values shows the Cash or Loan and Reduced Paid-Up Values. It shows the extended insurance period. They are for the end of completed years. It is assumed all past due premiums have been paid.

Any debt owed on this Policy will reduce the values. It will also reduce the amount and period of extended term insurance. When you have paid premiums for part of a Policy Year, we adjust values to fit the part paid for. Values for years not shown shall be figured by the methods described in the Basis of Values. We will do it for You. Just ask Us.

## **BASIS OF VALUES**

The methods and factors used to calculate Your Cash Values, Present Values and Net Single Premiums are based upon certain mortality tables and interest rates required by state law.

Reserves are calculated by the Commissioners Reserve Valuation Method with interest at a rate not greater than the maximum interest rate permitted by law. Annual interest rate for Cash Value calculation is 5% per annum. Reserves and Nonforfeiture Values are figured on the Commissioners 2001 Standard Ordinary Mortality Table. Reserves assume immediate payment of claims. Nonforfeiture Values assume curtate functions.

Your Policy values are calculated by the Standard Nonforfeiture Value Method. All values are equal to or greater than those required by law. We have filed a statement with the IIPRC and the insurance officials of the state where Your Policy was delivered. The statement outlines the methods used to determine Your Policy values.

Additional benefits or Riders attached to Your Policy do not increase Policy values unless the benefit or Rider specifies that it does.
