NOTE: Ozark National Life Insurance Company does business in the state of Arkansas under the name of LIFE OF THE OZARKS, by agreement with the Arkansas Insurance Department. All documents used reflect this name.

The submitted Form No. 496 R 08 (Endowment Insurance Policy) is substantially similar to our previously submitted and approved Form No. 295/296. Material differences between the previously approved product and the current submission are these:

SERFF Tracking Number: ONLI-125694452 State: Arkansas
 Filing Company: Ozark National Life Insurance Company State Tracking Number: 39305
 Company Tracking Number: PLAN 496

 Product Name: Endowment Policy-Level Death Benefit
 Project Name/Number: Plan 496/496 R 08

- 1) The Form No. 496 R 08 utilizes the 2001 CSO tables. The previously approved product used the 1980 CSO tables.
- 2) The Form No. 496 R 08 is a modified endowment policy payable at death with maturity at age 100 (rather than at age 121 as would be conventional under the 2001 CSO tables). The previously approved product was a modified whole life product which was payable at death or at age 100 (since it was based upon the 1980 CSO tables which terminate at age 100).
- 3) The Form No. 496 R 08 has reduced premiums for policy years two and thereafter.
- 4) The Form No. 496 R 08 has a level death benefit.
- 5) Sex distinct rates are utilized, rather than a five-year set back.
- 6) The Company confirms that the policy will not be issued in any employer-employee plans that are subject to the Norris decision and/or title VII of the Civil Rights Act of 1964.
- 5) The Schedule page will reflect the applicable state insurance department telephone number. For filing purposes, the telephone number is that of the Company's state of domicile, Missouri.

Application 540 IR 08 (State specific, if applicable) will be used to apply for this policy.

GENERAL PROVISIONS

PREMIUM PAYMENTS

All premiums must be paid in advance. They may be paid at our Home Office, or to an authorized agent. The agent will give You a receipt. It will be signed by Our President or Secretary and by Our agent. Your check will also be Your receipt.

You may pay premiums four ways. These are called Premium Modes. (1) Once each year (annually). (2) Twice each year (semi-annually). (3) Four times each year (quarterly). (4) Once each month (monthly). The rate You pay is the rate We have published and are using on the Policy Date. We also have a minimum premium amount we will accept. It is \$10. You can't use a mode that is less than Our minimum premium.

GRACE PERIOD

The Grace Period is thirty-one days. It applies to each premium after the first. It begins on the premium due date. It ends thirty-one days later. A premium may be remitted (without interest) any time during the Grace Period. However, any payment sent by U.S. Mail must be postmarked within the grace period to be timely. This Policy will be in force during the Grace Period. If the Insured dies during the Grace Period We will deduct the past due premium from any benefits We owe.

If a premium is not paid before the Grace Period ends this Policy may lapse. Lapse means it will end and be of no value. It may not always lapse. The premium may be paid by an Automatic Premium Loan. The Nonforfeiture Provisions may keep the Policy or part of it in force.

REINSTATEMENT

You may let the Grace Period expire and not pay the premium. You may then be able to reinstate this Policy. Reinstate means put it back in force. These six things must all happen before You can do it: (1) It has not been lapsed more than five years. (2) It has not been surrendered for its Cash Value. (3) The Insured must be insurable. We may ask questions about the health and habits of the Insured. A physical exam may be required. (4) You must pay all past due premiums. (5) You must pay or reinstate any debt owed on the Policy. (6) You must pay interest at the Annual Interest Rate of 6% on the past due premiums and debt.

THE ENTIRE CONTRACT

Your Policy is a legal contract between You and Us. It consists of this Policy, a copy of the Application and any papers attached. You applied for the Policy. We issued it. You paid the first premium set out in the Schedule. All statements in the Application except for those made to defraud us are considered to be based on Your present knowledge and belief. They are not warranties. No statement made by You, except those in the Application, may be used by Us to void the Policy or defend against a claim.

CHANGE OF CONTRACT

The only way Your Policy may be changed is by Written Agreement. It must be signed by one of Our Executive Officers. No agent or other person has Our permission to change Your Policy. No other person has the right to tell You that one or more of its terms or provisions do not apply to You.

SUICIDE EXCLUSION

If the Insured dies by suicide before the end of the two years* after the Policy Date, the benefits payable to the Beneficiary shall then be only the amount of premiums paid before the date of the suicide. We will promptly refund all premiums paid for coverage on such Insured. This is true whether the Insured is sane or insane at the time of suicide.

*This exclusion is limited to one year for any policy issued or delivered in the States of Colorado, Missouri and North Dakota.

INCONTESTABILITY

We will not contest the validity of this Policy (except for nonpayment of premium when due) after it has been in force during the Insured's lifetime for two years from the Policy Date. We may contest the validity of a reinstated Policy for two years after the date We approve any reinstatement application. If We contest the validity of a reinstated Policy within this period, we may only contest it based upon statements in the reinstatement application (unless the original contestable period has not yet expired). These limitations do not apply to any benefits payable under any Disability or Accidental Death Rider.

MISSTATEMENT OF TOBACCO STATUS

If the Insured's tobacco use status is incorrectly stated in the Application, the Proceeds and nonforfeiture or loan values will be those which the premiums paid would have purchased for the correct tobacco status. This adjustment may only be made during the first two policy years.

INCORRECT AGE OR SEX

If the Insured's age or sex is incorrectly stated in the Application, the Proceeds and nonforfeiture or loan values will be those which the premiums paid would have purchased at the correct age or sex.

SETTLEMENT AND INDEBTEDNESS

All sums We owe under the Policy are payable at Our Home Office. You must surrender the Policy. In any settlement We will first deduct any debt You owe on the Policy.

If you ask for a loan or for the Cash Surrender Value, We don't have to do it at once. We can wait for the period of time permitted by law. We can never wait more than six months. We must make You a loan at once if You want it only to pay premium on this Policy.

BENEFICIARY AND OWNERSHIP PROVISIONS

BENEFICIARY

On the Policy Date, the Beneficiary is as named in the Schedule. You must also check the Application. It may have some conditions or provisions which affect the Beneficiary. Except as otherwise set out, the Proceeds are to be divided equally among all Primary Beneficiaries who survive the Insured. If none survive, Proceeds will be divided equally among all Contingent Beneficiaries who survive the Insured. If no Beneficiary survives the Insured, the Proceeds will go to You or to Your estate if You don't survive the Insured.

CHANGE OF BENEFICIARY

Unless an Irrevocable Beneficiary has been named You have the right to change the Beneficiary. Any change in Beneficiary must be In Writing. The change will take place the day You sign it. This is true even if the Insured dies before We receive it. Of course, this change will not affect any action We have taken before We receive the change. If an Irrevocable Beneficiary has been named, that Beneficiary must agree In Writing to any change. If You assign the Policy, You may also give up the right to change the Beneficiary.

RIGHTS OF THE OWNER

While the Insured is living, You have control of this Policy. Your right to control may, of course, be limited by an assignment. The naming of an Irrevocable Beneficiary may limit it. Otherwise, You own every part of it.

CHANGE OF OWNER

You may appoint a new Owner of this Policy while the Insured is alive. Just notify us. Do it In Writing. The change will take place the date You sign the notice. This is true even if the Insured dies before We receive it. Of course this change will not affect any action We have taken before We received the notice.

If you are not the Insured and You die before the Insured is twenty-one, the Insured will become the Owner at once. Of course, You can make a different agreement with Us.

TRANSFER BY ASSIGNMENT

You may assign some or all of Your rights in this Policy to someone else. The assignment will take effect on the date the assignment is signed by you. We will record the transfer. We will not be responsible for its validity or effect. Of course, these changes will not affect any action We have taken before We receive the notice of assignment.

SETTLEMENT OPTIONS

When a policy becomes a claim by the death of the insured, settlement shall be made upon receipt of due proof of death. All of the Proceeds of this Policy will be paid in one sum unless one of the following options is chosen by You. We will pay you within a reasonable period of time after proof of the death of the insured has been received by us. This period may not exceed 30 days. If we take longer than this, we must pay you interest at the rate of 8% per annum.

Undue delay may occur in the payment of a claim. Undue delay occurs whenever a claim is paid 31 or more days after the latest of: (i) the date that due proof of death is received by Us; (ii) the date We receive sufficient information to determine its liability, the extent of the liability, and the appropriate payee legally entitled to the proceeds; or (iii) the date that legal impediments to the payment of the proceeds that depend on the action of parties other than Us are resolved and sufficient evidence of the same is provided to Us. Legal impediments to payment include, but are not limited to: (a) the establishment of guardianships or conservatorships; (b) the appointment and qualification of trustees, executors or administrators; and (c) the submission of information required to satisfy a state or federal reporting requirement. If the payment of the proceeds is unduly delayed interest shall be payable at the same interest percentage as set forth in **Option 4. Interest Income** of this section, plus additional interest at the rate of 10% annually. This interest shall begin on the date that is 31 calendar days after the latest of items (i), (ii) or (iii) and accrue until the date of settlement.

Options may be chosen by You. You must do this before the Insured dies. If You don't, the Beneficiary may choose an option. The choice must be made In Writing and sent to Us. The options are available only if payable to a natural person, in his or her own right. If not payable to a natural person, You need Our consent to the choice of an option. We will not make payments of less than \$25.00. We can change the period of payment so as to meet this \$25.00 minimum.

When You choose an option We will prepare an agreement. It will be signed by Us. It will tell when and how payments will be made. It will tell how to withdraw Proceeds. It will tell how Proceeds are disposed of when the Payee dies.

Under Options 1, 3 or 4, We will not make payments for more than thirty years. An option chosen before Proceeds are payable will take effect on the date they are payable. If chosen after Proceeds are payable, an option will take effect when We accept it. After an option takes effect, it can't be changed.

When Options 1, 2 or 3 take effect, the first installment shall be payable. When Option 4 takes effect, interest shall begin to accumulate.

If the Payee dies before all installments under Options 1, 2 or 3 are paid, We will pay the present value of any unpaid installments to the Payee's estate. If the Payee dies while We still have Proceeds under Option 4, We will pay the Proceeds and accumulated interest to the Payee's estate. If other arrangements have been made, We will follow them.

We may require proof of age under Option 2 before making any payment. If the Payee's age has been misstated, We can adjust the remaining payments to take care of this. We can require proof that the Payee is alive on any payment due date.

Payments can't be assigned. They can't be taken for the Payee's debts. No levy can be had on them. They can't be attached. These things are true except where illegal. Of course, other arrangements can be made with Us when an option is chosen.

The Payee may withdraw the commuted value of any unpaid installments under Options 1 or 3. These values will be figured on the basis of 2½% per year. The Payee may also withdraw any unpaid Proceeds under Option 4. You may tell Us In Writing that the Payee can't withdraw any such amounts. We will record this information at Our Home Office. Your notice will take effect on the day You sign it, not on the date recorded by Us. Of course the notice will not affect any payment made or action taken by Us before such recording.

The Proceeds, if greater than \$2,500, may be paid under one of the following options:

Option 1. Installments for a Fixed Period. Payments will be made in equal installments for a fixed number of years. They will be made annually, semi-annually, quarterly or monthly. The table below shows the amount of each installment for each \$1,000 of Proceeds.

OPTION 1. EQUAL INSTALLMENTS FOR EACH \$1,000 OF NET SUM PAYABLE

Option 3. Installments of a Fixed Amount. Payments will be made in equal installments of a fixed amount. They will be paid annually, semi-annually, quarterly, or monthly. They will continue until the Proceeds and interest are exhausted. Interest will be 2½% per annum. The last payment will be the unpaid balance of Proceeds and interest.

Option 4. Interest Income. The proceeds may be held by Us at interest. We will hold them for an agreed period of time. We will pay the interest annually, semi-annually,

quarterly, or monthly as is agreed. Interest will be 2½% per annum. This is what we will pay for each \$1,000 of proceeds; \$25.00 annually, \$12.42 semi-annually, \$6.19 quarterly, and \$2.06 monthly. The Payee may withdraw the entire Proceeds before the end of the agreed period.

Option 5. Special Settlements. The Proceeds may be paid in any other manner. All that's needed is Our consent.

LOAN PROVISIONS

POLICY LOANS

We will make a loan to You. It can be no greater than the Net Cash Value of this Policy at the end of the year in which You ask for the loan. You can't make any loan if the Policy is on Extended Term Insurance. This Policy will be the sole security for the loan. Interest from the date of the loan until the end of the Policy Year in which the loan is made and any premiums due for that period will be deducted from the amount loaned to You. Interest on the loan must be paid in advance each year after that.

AUTOMATIC PREMIUM LOANS

We will automatically make You a loan to pay a premium You owe. We will make You such a loan when Your Policy has a Net Cash Value at the end of the period for which the premium is due. It must be large enough to pay the premium You owe. It must also pay the interest on the loan to the end of the Policy Year in which We make the loan. If the total of a quarterly premium plus advance interest and any loan You already have against the Policy exceeds the Cash Value, We will not make an Automatic Premium Loan. The Nonforfeiture Provisions will then apply. Interest on the Automatic Premium Loan must be paid in advance to the end of the Policy Year in which We make the loan. It must also be paid in advance each year after that. The first interest payment will be added to the loan.

In order to have this Automatic Premium Loan Provision effective, You must do one of two things: You may apply for it when You apply for this Policy or You may ask for it In Writing before the end of the Grace Period. You may revoke it at any time. Just write to Us. We will do it.

LOAN INTEREST

Interest on any loan for a full year shall be figured at the Annual Interest Rate of 8%, which is 7.4% payable in advance. Interest for less than a full year shall be figured at the same annual rate but only for the period of time involved. Interest can never be more than the Annual Interest Rate no matter how it is figured. If interest is not paid when due one of two things will occur. (1) The amount of the loan plus the interest You owe may not be more than the Net Cash Value. If so, the interest will be added to the loan. The new debt amount will bear interest at the same rate as the old debt. (2) The amount of the loan plus interest You owe may be more than the Net Cash Value. If so, the Policy will then become null and void. This will happen thirty-one (31) days after We have sent You and anyone You have assigned this Policy to a Written Notice. We will send it to You and Your Assignee's last known address.

NONFORFEITURE PROVISIONS

You may not pay a premium when it is due. If this Policy then has a Cash Value You may choose one of these options. To get the option of Your choice, You must write to Us. Do it not later than sixty days after the due date of such premium.

1. Cash value. You may surrender the Policy to Us and We will send You its Net Cash Value. The "BASIS OF VALUES" tells You how to figure Cash Values.

2. Paid-Up Endowment. The Policy may be endorsed for non-participating paid-up endowment at age 100 insurance for a level amount. The amount will be such as the Net Cash Value will purchase when applied as a Net Single Premium at the Insured's attained age on the due date of the premium.

3. Extended Term Insurance. (Available only if the Policy is in a Standard Premium class as shown in the Schedule.) The Policy may be endorsed for non-participating extended term insurance. The amount is the Death Benefit shown on the Schedule for the Policy Year in which the Insured's death occurs, less any debt owed on this Policy. This insurance will continue for such period as the Net Cash value will purchase when applied as a Net Single Premium at the Insured's attained age on the due date of the premium due.

AUTOMATIC OPTION

At the end of the Grace Period, You may not have chosen one of the options above. The Automatic Premium Loan Provision may not be then in effect. In that case, Option 3 will apply automatically if the Schedule shows this Policy is in a Standard Premium Class. In all other cases, Option 2 shall apply automatically. You may choose another available option within sixty (60) days after the due date of such premium.

SURRENDER OF PAID-UP OR EXTENDED TERM INSURANCE

This Policy may be continued as paid-up endowment insurance or extended term insurance. It may then be surrendered at any time for its Cash Value. This is the Net Single Premium at the Insured's attained age for such insurance, at the time of surrender, less any debt owed on the Policy.

If surrendered within thirty (30) days after any Policy Anniversary, the value will be no less than the value on such Anniversary.

LOAN AND NONFORFEITURE VALUES

The Table of Guaranteed Policy Values shows the Cash or Loan and Reduced Paid-Up Values. It shows the extended insurance period. They are for the end of completed years. It is assumed all past due premiums have been paid.

Any debt owed on this Policy will reduce the values. It will also reduce the amount and period of extended term insurance. You can also figure values within a Policy Year. You must allow for lapse of time and premium mode if not paid annually. Values for years not shown shall be figured by the methods described in the Basis of Values. We will do it for You. Just ask Us.

BASIS OF VALUES

The methods and factors used to calculate Your Cash Values, Present Values and Net Single Premiums are based upon certain mortality tables and interest rates required by state law.

Reserves are calculated by the Commissioners Reserve Valuation Method with interest at a rate not greater than the maximum interest rate permitted by law. Annual interest rate for Cash Value calculation is 4.5% per annum. Reserves and Nonforfeiture Values are based on the Commissioners 2001 Standard Ordinary Mortality Table. Reserves assume immediate payment of claims. Nonforfeiture Values assume curtate functions.

Your Policy values are calculated by the Standard Nonforfeiture Value Method. All values are equal to or greater than those required by law. We have filed a statement with the insurance officials of the state where Your Policy was delivered. The statement outlines the methods used to determine Your Policy values.

Additional benefits or Riders attached to Your Policy do not increase Policy values unless the benefit or Rider specifies that it does.
