Comment: Our records indicate that we last approved a rate increase on this block of business on 9/11/08. You probably did not implement that increase until at least 30 days after approval in order to give the policyholders proper notification.

In our comments accompanying the rate increase, we stated that the approval was subject to certain conditions. One of those conditions was: After the first annual anniversary date of any policy, increases will not be given more frequently than once in a twelve (12) month period.

Since it has not been 12 months since the implementation of the last increase, your request is being disapproved at this time.

If you should submit another rate increase on this block of business at a later date, please give me a description of the latest three calendar years experience on an earned premium to incurred claim basis for the policy as required by our Bulletin 4-79(e). Also, it is requested that you do not file for another increase until you can also provide us with at least six (6) months experience for 2009.

The filing fee is still needed on this filing.

Thank you for your understanding and cooperation in this matter.

Rate data does NOT apply to filing.
