PART II – INVESTMENT OPTIONS

SECTION 2.01-AVAILABILITY AND TYPES OF INVESTMENT OPTIONS

The Application sets forth the Investment Options available under this Contract as of the issue date.

The availability of Investment Options may be subject to the terms of the Plan, as reported to us by the Employer.

We reserve the right to add, change, delete or limit the number of Investment Options that an Employer may elect.

The Investment Options may consist of Investment Options that are classified as “Type A” or “Type B”, or any other type that may be specified in the Application, as we designate in our discretion for purposes of the transfer rules described in the Section, “Transfer Rules”. The Application indicates the classification as of the issue date of this Contract. If we add a new Investment Option we will include the Option type.

SECTION 2.02-GUARANTEED INTEREST OPTION-CONDITIONS

(a) Guaranteed Interest Option

Any amount held for the Participant in the Guaranteed Interest Option becomes part of our general assets, which support the guarantees of this Contract as well as other policies and contracts that we offer.

The amount held for each Participant in such Guaranteed Interest Option at any time with respect to this Contract is equal to the sum of:

- all amounts that have been allocated or transferred to such Guaranteed Interest Option, plus
- the amount of any interest credited, less
- all amounts that have been withdrawn (including charges) or transferred from such Option.

We will credit the amount held in the Guaranteed Interest Option with interest at effective annual rates that we set. We will also set a minimum Guaranteed Interest Rate that will remain in effect throughout a stated twelve-month period or a calendar year. We credit interest daily to amounts in the Guaranteed Interest Option.

We guarantee that any rate so determined will never be less than the minimum Guaranteed Interest Rate specified in the Application.

(b) Conditions

The Employer agrees:

- (i) With respect to the investment option of the Plan that is funded under the Guaranteed Interest Option and to the extent that the Plan provides for allocations to, and transfers to and from the Guaranteed Interest Option, such allocations and transfers are to be made solely at the discretion of the individuals covered by the Plan. We are to be given at least 60 days advance written notice by the Employer of any noncompliance with this condition.
- (ii) The Employer is to provide us with any amendment to the Plan or its investment policy, any communication to the Participants covered by the Plan concerning the Guaranteed Interest Option or the investment option of the Plan to which it relates, or any change in the manner in which the Plan is administered. Any such document is to be provided to us at least 60 days before its effective date.

We may also request, and the Employer will thereupon provide, any other information that we reasonably determine would bear upon the flow of funds to and from the Guaranteed Interest Option.

If the conditions stated in (i) and (ii) above are not complied with or, if the Employer fails to remit Contributions in accordance with Part III “Contributions, Allocations and Discontinuance” or if we determine and so notify the Employer by written notice that an amendment to the Plan, its investment policy, or any change in the manner in which the Plan is administered would materially and adversely affect the flow of funds to or from the Guaranteed Interest Option, then we will have the right to:

- 1. decline further requests for transfers to or from the Guaranteed Interest Option; and/or
- 2. deem that a discontinuance of Contributions has occurred under the Section, “Discontinuance of Contributions”.

SECTION 2.03-SEPARATE ACCOUNT

We have established the Separate Account(s) and maintain the Separate Account(s) in accordance with the laws of New York State. Income, realized and unrealized gains and losses from the assets of a Separate Account are credited to or charged against it without regard to our other income, gains or losses. Assets are placed in the Separate Account(s) to support the Contract and other annuity contracts and certificates. Assets may be placed in the Separate Account(s) for other purposes, but not to support contracts or policies other than variable annuities and variable life insurance.

The assets of a Separate Account are our property. The portion of such assets equal to the reserves and other contract liabilities with respect to the Separate Account will not be chargeable with liabilities that arise out of any other business we conduct. We may transfer assets of a Separate Account in excess of the reserves and other Contract liabilities with respect to such Separate Account, to another Separate Account, or to our general account.

We may, in our discretion, invest Separate Account assets in any investment permitted by applicable law. We may rely conclusively on the opinion of counsel (including counsel in our employ) as to the type of investments that the Separate Account is permitted by law to make.

SECTION 2.04-VARIABLE INVESTMENT OPTIONS/ACCUMULATION UNITS AND UNIT VALUES

The amount in a Separate Account at any time is equal to the number of Accumulation Units in that Account multiplied by the Accumulation Unit Value that applies at that time. If the Contract has Variable Investment Options, then the terms of this section apply separately to each Variable Investment Option, unless otherwise stated.

Amounts allocated or transferred to a Variable Investment Option are used to purchase Accumulation Units of that Option. Accumulation Units are redeemed when amounts are deducted, transferred or withdrawn. The number of Accumulation Units in a Variable Investment Option at any time is equal to the number of Accumulation Units purchased minus the number of Accumulation Units redeemed in that Variable Investment Option up to that time. The number of Accumulation Units purchased or redeemed in a transaction is equal to the dollar amount of the transaction divided by the Variable Investment Option Accumulation Unit Value for that Transaction Date.

We determine Accumulation Unit Values for each Variable Investment Option for each Valuation Period. A "Valuation Period" is each Business Day together with any consecutive preceding non-business days. For example, for each Monday that is a Business Day, the preceding Saturday and Sunday will be included to equal a three-day Valuation Period.

The Accumulation Unit Value of a Variable Investment Option for any Valuation Period is equal to the Accumulation Unit Value for that Variable Investment Option on the immediately preceding Valuation Period multiplied by the Net Investment Factor for that Variable Investment Option for the current Valuation Period. The Net Investment Factor for a Valuation Period is (a) divided by (b) minus (c), where:

- (a) is the value of the Portfolio shares held by the Variable Investment Option at the end of the Valuation Period (before taking into account any amounts allocated to, or withdrawn from, the Variable Investment Option for the Valuation Period, and after deduction of fees, charges and expenses of the Portfolio; for this purpose, we use the share value reported to us for the Portfolio plus the applicable dividend and capital gain rates on the ex-dividend date);
- (b) is the value of the Portfolio shares held by the Variable Investment Option at the end of the preceding Valuation Period (taking into account any amounts allocated or withdrawn for that Valuation Period);
- (c) is the daily Separate Account charges for the expenses and risks of the Contract, times the number of calendar days in the Valuation Period, plus any charge for taxes or amounts set aside as a reserve for taxes.

SECTION 2.05-CHANGES WITH RESPECT TO SEPARATE ACCOUNTS

In addition to the right reserved pursuant to the section “Availability and Types of Investment Options”, we reserve the right, subject to compliance with applicable law, including approval of the Employer, if required:

- (a) to add Variable Investment Options to, or to remove Variable Investment Options from, the Separate Account(s), or to add other Separate Accounts;
- (b) to combine any two or more Variable Investment Options or sub-funds thereof;
- (c) to transfer the assets we determine to be the share of the class of contracts to which this Contract belongs from a Variable Investment Option to another Variable Investment Option;
- (d) to operate any Separate Account or any Variable Investment Option as a management investment company under the Investment Company Act of 1940; in which case charges and expenses that otherwise would be assessed against an underlying trust or investment company would be assessed against the Separate Account;
- (e) to operate any Separate Account or any Variable Investment Option as a unit investment trust under the Investment Company Act of 1940.
- (f) to register or deregister the Separate Account or any Variable Investment Option under the Investment Company Act of 1940, provided that such action conforms with the requirements of applicable law;
- (g) to restrict or eliminate any voting rights as to the Separate Account;
- (h) to cause one or more Variable Investment Options to invest some or all of their assets in one or more other Portfolios;
- (i) to close an Investment Option to Transfers and Contributions.

We reserve the right to add a Variable Investment Option in which (i) there are periods during which Contributions are restricted, (ii) amounts therein may be automatically liquidated pursuant to the investment policy of the Variable Investment Option, and (iii) investments therein may mature. We will have the right to reallocate amounts arising from liquidation or maturity according to a Participant’s allocation instructions then in effect. If no such allocation instructions have been made, the reallocation will be made to a designated Investment Option, or to the next established Variable Investment Option of the same type as described in this paragraph.

A Portfolio of a Variable Investment Option might, in our judgment, become unsuitable for investment by a Separate Account or a Variable Investment Option because of legal, regulatory, or federal income tax restrictions. In such event, shares of another series or shares of another unit investment trust may be substituted for shares already purchased with respect to the Separate Account or as the security to be purchased in the future, provided that such substitution meets

applicable federal income tax guidelines and, to the extent required by law, has been approved by the Securities and Exchange Commission and such other regulatory authorities as may be necessary.

If the exercise of these rights results in a material change in the underlying investments of a Separate Account or Variable Investment Option, the Employer will be notified of such exercise, as required by law.

PART III – CONTRIBUTIONS, ALLOCATIONS AND DISCONTINUANCE

SECTION 3.01-CONTRIBUTIONS

We indicate in this Section and the Application any limits on the type, source or amount of Contributions we will accept.

We reserve the right to reject any Contributions of less than [\$20.00] for any one Participant unless otherwise specified by the Code.

No Contributions will be accepted unless they are in United States currency. We reserve the right not to accept funds by electronic means unless they meet our specifications. If we determine that an applicable tax charge described in the Section, “Applicable Tax Charges,” applies to Contributions, we reserve the right to reduce Contributions by the amount of any such applicable tax charge before Contributions are allocated among the Investment Options under the Contract.

The Employer makes Contributions from time to time pursuant to the terms of the Plan. Before making Contributions to the Contract the Employer or the Employer’s Designee will report in a manner acceptable to us the types or sources of Contributions it may make or permit to be made to the Contract under the Plan. We do not accept any Contributions unless we have documentation acceptable to us that such Contribution is permitted under the Plan.

At the time the Contribution is made, the Employer or the Employer’s Designee must indicate the source or type of the Contribution as:

- A Contribution determined by reference to a Participant’s compensation; or
- A Contribution of funds directly transferred from another governmental employer Section 457(b) plan (if and as permitted by the Plan); or
- A Contribution of funds directly transferred from another funding vehicle under the Plan (if and as permitted by the Plan); or
- A rollover Contribution as described below in this Section.

We will separately account for the different types of Contribution sources. If the Employer or the Employer’s Designee fails to indicate the source or type of the Contribution, we reserve the right to hold the unidentified funds in a suspense account pending instructions.

Contributions to the Contract determined by reference to compensation are limited to the maximum amount that may be deferred for a Participant for any taxable year under Section 457 of the Code. Corrective distributions of amounts in excess of amounts permitted to be contributed to the Contract are subject to a withdrawal charge described in the Section, “Withdrawal Charges” unless otherwise specified in the Contract.

Direct transfers and rollover Contributions may not be made to the Contract unless permitted by the terms of the Plan, and the Employer or Employer’s Designee documents approval in a manner acceptable to us. A “rollover contribution” is one permitted by any of the following Sections of the Code: 402(c), 402(e)(6), 403(a)(4), 403(b)(8), 408(d)(3) and 457(e)(16). Rollover Contributions will be separately accounted for as required under the Code.

If we are notified or we determine that any Contributions would cause the Contract not to qualify under Section 457(b) of the Code, we reserve the right to either (i) refuse to accept those

Contributions, or (ii) separately account for such Contributions and any allocable net income in a nonqualified deferred annuity contract or other permissible contractual arrangement for the exclusive benefit of the Participants and the Participants' beneficiaries. We are not required to monitor compliance with contribution limits under Section 457(b).

SECTION 3.02-ALLOCATIONS

Each Contribution (less any applicable tax charge in accordance with the Section "Applicable Tax Charges") is allocated among Investment Options in accordance with the instructions submitted in a form acceptable to us by the Employer or Participant. The Participant may allocate Contributions to, or transfer among the Investment Options available under the Contract, unless otherwise indicated to us by the Employer or its Designee.

Restrictions on Allocations into the Guaranteed Interest Option

No more than a percentage, as stated in the Application, of any contribution may be allocated to the Guaranteed Interest Option. We may suspend these allocation restrictions upon notice to Participants. We will advise Participants of any such liberalization. We will advise Participants at least 45 days in advance of the day we intend to reimpose any such restrictions, unless we have previously specified that date when we notified Participants of the liberalization.

SECTION 3.03-DISCONTINUANCE OF CONTRIBUTIONS

Either party can limit or discontinue Contributions under this Contract at any time.

If Contributions are limited or discontinued, all terms and conditions of the Contract continue to apply to amounts held under the Contract. If Contributions are discontinued, no additional Contributions can be made. Amounts maintained in the Contract will continue to be subject to withdrawal charges, if any, based on the Participant's Contract Date or Participation Date whichever applies.

PART IV – TRANSFERS AMONG INVESTMENT OPTIONS

SECTION 4.01-TRANSFER REQUESTS

Unless we are otherwise instructed by the Employer, a Participant may submit a written request to transfer all or part of the amount held in an Investment Option to one or more of the other Investment Options. Transfer requests are subject to a minimum amount of [\$300]. The request must specify the source(s) of Contributions, if applicable, to which the transfer applies. All transfers will be made on the Transaction Date and will be subject to the terms in the section “Transfer Rules” and to our rules in effect at the time of transfer. With respect to a Separate Account, the transfers will be made at the Accumulation Unit Value next computed for that Transaction Date.

SECTION 4.02-TRANSFER RULES

Transfer requests must be in writing and delivered by U.S. mail to our Processing Office unless we accept an alternative form of communication (such as internet or automated telephone). The use of alternative forms of communication is subject to our rules then in effect for each such service. We may provide information about our rules and the use of communication services in a product prospectus, prospectus supplements, disclosure document or other notifications, as mailed to the Employer’s last known address in our records from time to time. Any alternative form of communication that we make available may be changed or discontinued at any time. Communication services may be restricted or denied if we determine that the Participant used such services for market timing or other trading strategies that may disrupt operation of a Variable Investment Option or have a detrimental effect on the Accumulation Unit Value of any Variable Investment Option.

If the Employer has elected to have any Type B Investment Option available to a Participant, as described in the section “Types of Investment Options”, whether or not a Participant has amounts in any such Investment Options, then the following applies unless otherwise specified in the Application:

The amount that a Participant may transfer from the Guaranteed Interest Option to a Variable Investment Option in any Participation Year is as follows:

- (a) A percentage, as stated in the Application, of the amount in the Guaranteed Interest Option on the last day of the prior Participation Year, or if greater,
- (b) The total of all amounts transferred at a Participant’s request from the Guaranteed Interest Option to a Variable Investment Option in the prior Participation Year.

If an amount was allocated to the Guaranteed Interest Option as a result of a total transfer of Plan funds (that is, a transfer initiated by the Employer on a Participant’s behalf) from another funding vehicle, the amount which may be transferred from the Guaranteed Interest Option for the transfer period in which such allocation occurred will be an amount equal to the percentage determined in (a) above, but applied to the amount initially allocated to the Guaranteed Interest Option on a Participant’s behalf.

We reserve the right to:

- (1) limit transfers among or to the Variable Investment Options to no more than once every 30 days;
- (2) require a minimum time period between each transfer into or out of one or more specified Variable Investment Options;
- (3) establish a maximum dollar amount that may be transferred by an owner on any transaction date among Variable Investment Options;
- (4) reject transfer requests from a person acting on behalf of multiple Participants pursuant to a trading authorization agreement that we have accepted;
- (5) restrict or prohibit transfers in connection with execution of Investment Option instructions to restrict or prohibit purchases or redemptions of fund shares or to collect a redemption fee on transfers involving fund shares;
- (6) impose conditions or limitations on transfer rights, restrict transfers or refuse any particular transfer if we are concerned that market timing, excessive trading or other trading strategies may disrupt operation of a Variable Investment Option or may have a detrimental effect on the Accumulation Unit Value of any Variable Investment Option or determine that a Participant has engaged in any such strategy;

We will provide written notice to the Employer 45 days in advance before any action is taken pursuant to subsection (1) through (6) above.

We have the right to change our transfer rules. Any change will be made upon advance notice to the Participant.

Restrictions on Transfers Into the Guaranteed Interest Option

Transfers into the Guaranteed Interest Option will not be permitted if it would result in more than a percentage, as stated in the Application, of the Annuity Account Value to be in the Guaranteed Interest Option, based on the Annuity Account Value of the previous Business Day. We may suspend these transfer restrictions upon notice to Participants. We will advise Participants of such liberalization. We will also advise Participants at least 45 days in advance of the day we intend to reimpose any such restrictions, unless we have previously specified that date when we notified Participants of the liberalization.

PART V-DISTRIBUTIONS AND DEATH BENEFITS

SECTION 5.01-RESTRICTIONS ON WITHDRAWALS, DISTRIBUTIONS AND OTHER PAYMENTS

Payments of Cash Value pursuant to the Section, "General Withdrawals" or Part VII, "Annuity Benefits and Required Minimum Distributions" are subject to the restrictions described in this Section. We reserve the right to require proof acceptable to us that a request for payment under any of those Sections is permissible under the Plan and the Code before processing the requested transaction.

Except as otherwise permitted under Section 457 of the Code and in accordance with the terms of the Plan, amounts will not be paid to Participants or their Beneficiaries earlier than (i) the calendar year in which a Participant attains age 70 ½, (ii) when a Participant has a severance from employment with the Employer, (iii) when a Participant is faced with an unforeseeable emergency (within the meaning of applicable federal income tax Regulations), (iv) when permissible distributions must be made pursuant to a qualified domestic relations order or (v) in the case of Plan termination.

SECTION 5.02-GENERAL WITHDRAWALS

All withdrawal requests will require the written authorization of the Employer or the Employer's Designee in a form acceptable to us, specifying the portion of the Participant's Annuity Account Value that is available for distribution, the amount to be withdrawn and the Investment Option(s) from which the withdrawal is to be made. Withdrawals are subject to the restrictions in the Section, "Restrictions on Withdrawals, Distributions and Other Payments".

If and as permitted both under the Plan and the recipient plan and the Code, the Employer or the Employer's Designee may request us to directly transfer amounts from this Contract to another funding vehicle under the Plan or to another governmental employer Section 457(b) Plan. A request may also be made for a direct transfer to purchase permissive service credits. We will not process transfers until we receive the documentation we require.

Withdrawal Charges or transaction charges described in the Part IX, "Charges" will be imposed on transfers. Transfers of Cash Value while there is an outstanding loan are limited as described in the Section, "Loans."

Unless instructed otherwise, the amount withdrawn (including any withdrawal charge) will be deducted from the Investment Options in proportion to the amounts in such Investment Options.

We may decline to accept a request for a withdrawal of less than [\$300], or where the withdrawal would violate the provisions of this Section. If a withdrawal made under this Section would result in an Annuity Account Value of less than [\$500], we will inform the Participant and reserve the right to terminate participation under this Contract pursuant to the Section, "Participant Accounts".

Prior to making any payment, we may request from the Employer or the Employer's Designee such information which may include a certification as we may reasonably require to determine if the withdrawal, alone or together with any previous withdrawal by the Participant is necessary and proper under the terms of the Plan.

We will pay any amount payable under this subsection as the Employer or the Employer's Designee directs in writing and such payment will fully discharge us from all liability with respect to the amount paid.

SECTION 5.03-DIRECT ROLLOVER WITHDRAWALS

Unless otherwise instructed by the Employer or the Employer's Designee, any withdrawal request for a direct rollover from a Participant's account must be made through the Employer.

A Participant may elect to have all or any portion of his/her Cash Value paid directly to another "eligible retirement plan" in a "direct rollover transaction" in accordance with Sections 457(e)(16), 402(c) and 401(a)(31) of the Code. A surviving spouse beneficiary described in the "Beneficiary" Section of this Contract may also elect a direct rollover of the Death Benefit described in the "Death Benefit" Section of this Contract.

In order to elect this option all of the following requirements must be met:

- (a) The recipient of the distribution must be an eligible retirement plan maintained for the benefit of the Participant (or for the benefit of the Participant's surviving spouse).
- (b) The distribution must not include any after-tax Contributions to the Contract except as otherwise permitted under the Code.
- (c) The direct rollover option is not available to the extent that a minimum distribution is required under Section 401(a)(9) of the Code. See the Section, "Required Minimum Distributions", below. We reserve the right to determine the amount of the Required Minimum Distribution. If the Participant has elected a payment option under Part VII, "Annuity Benefits and Required Minimum Distributions", which is either a life-contingent annuity or pays substantially equal periodic payments for a period of ten years or more, the direct rollover option does not apply to those funds.
- (d) The direct rollover option is not available for a distribution due to an unforeseeable emergency, except as otherwise permitted under the Code.

Unless prohibited by the Plan, non-spousal death beneficiaries may directly roll over death benefits to a new inherited individual retirement arrangement as provided in the Code.

If the Plan permits contract terminations due to small account balances, if the balance is more than \$1,000 and the Participant does not elect to either (i) receive the distribution him/her self or (ii) specify an eligible retirement plan to receive the distribution in a direct rollover, then we will directly roll over the distribution to an individual retirement plan designated by the Employer or the Employer's Designee.

SECTION 5.04-DEATH BENEFIT

Payment of the death benefit is subject to the (1) terms of the Plan, and (2) “Required Minimum Distribution” rules of Sections 457(b) and 401(a)(9) of the Code, described in the Section, “Required Minimum Distributions”.

Upon our receipt of due proof of the Participant’s death and any required instructions, information and forms necessary to effect the payment (the Transaction Date), we will pay to the Beneficiary unless otherwise directed by the Employer or the Employer’s Designee the amount of the death benefit. We will pay the death benefit in the form elected by the Beneficiary and reported to us by the Employer or the Employer’s Designee. Subject to the rules and laws then in effect, the Beneficiary may elect:

- (a) to receive the death benefit in a single sum;
- (b) to apply the death benefit to purchase an Annuity Benefit in a form that we currently offer;
- (c) to apply the death benefit to provide any other form of benefit that we offer.

If permitted by the Plan and if the Participant so elects in writing, any amount that would otherwise be payable to a Beneficiary in a single sum will be applied to provide an Annuity Benefit. Subject to our rules then in effect, such election may be changed during the Participant’s lifetime. Any such change must be made in writing in a form acceptable to us. The Participant’s election cannot be changed by the Beneficiary. If at the Participant’s death there is no election in effect, the Beneficiary may make such an election. In the absence of any election by either the Participant or the Beneficiary, we will pay the death benefit in a single sum.

The amount of the death benefit is equal to the greater of (i) the Annuity Account Value as of the Transaction Date less any unpaid loan balance including interest due but not paid, and (ii) the minimum death benefit. The minimum death benefit is the sum of all Contributions less any withdrawals, withdrawal charges (if applicable), and less any unpaid loan balance including interest due but not paid. Withdrawals will reduce the minimum death benefit on a pro rata basis. Reduction on a pro rata basis means that we calculate the percentage of the Participant’s current Annuity Account Value that is being withdrawn and we reduce the Participant’s current minimum death benefit by that same percentage.

The death benefit will not be paid under this Section if the “Beneficiary Continuation Option” under the Section, “Beneficiary Continuation Option” is in effect.

Enhanced Death Benefit

If the Participant elects the Enhanced Death Benefit the following will apply to the amount of the death benefit instead of the amount of the death benefit described above. The amount of the death benefit will be equal to the greater of (i) the Annuity Account Value as of the Transaction Date less any outstanding loan and accrued loan interest, and (ii) the Enhanced Death Benefit as of the date of the Participant’s death.

On the Participation Date, the Enhanced Death Benefit is equal to the initial Contribution. Thereafter, the Enhanced Death Benefit will be reset every [three] years on the Participation Date

anniversary to the Annuity Account Value if greater than the previously established Enhanced Death Benefit (adjusted for Contributions and withdrawals), up to the date a Participant attains age [85]. Contributions will increase the Enhanced Death Benefit on a dollar-for-dollar basis. Withdrawals will reduce the Enhanced Death Benefit on a pro rata basis, in the same manner as for the minimum death benefit described above.

Once elected at the time of enrollment a Participant may not terminate the Enhanced Death Benefit. The charge for the Enhanced Death Benefit will be a percentage of the Annuity Account Value on the Participation Date anniversary, see the section "Charges Deducted From Annuity Account Value".

Beneficiary

Subject to the terms of the Plan, a Participant may name one or more persons to be primary Beneficiary and one or more persons to be successor Beneficiary if the primary Beneficiary dies before the Participant. If the Participant has named two or more persons as Beneficiary, the Beneficiary will be the named person or persons who survive the Participant and payments will be made to such persons in equal shares or to the survivor. Unless the Participant specifically elects in writing otherwise, we will treat each Beneficiary's share of the death benefit payable as a separate account for the benefit of each Beneficiary as described in Treasury Regulation Section 1.401(a)(9)-8 Q&A A-2(a)(2) or any successor Regulation.

A Participant may change the Beneficiary during his/her lifetime and while coverage of the Participant under the Contract is in force. Any such change must be made in writing in a form acceptable to us. A change will take effect as of the date the written form is executed, whether or not the Participant is living on the date of receipt at the Processing Office. We will not be liable as to any payments made or actions taken before receipt of any such change at the Processing Office.

Any part of a death benefit payable as described in the Section, "Beneficiary" for which there is no named Beneficiary living at the Participant's death will be payable in a single sum to the Participant's surviving spouse, if any, or if there is no surviving spouse, then to the Participant's children who survive the Participant, in equal shares, or, if there are no surviving children, then to the Participant's estate.

SECTION 5.05-BENEFICIARY CONTINUATION OPTION

Except as otherwise provided in this Section, this Section will apply only if the Participant dies before the Annuity Commencement Date, and the Beneficiary(ies) named under the "Beneficiary" Section of this Contract is an individual. With the exception of the following paragraph, this Section does not apply to any Beneficiary that is not an individual, and the non-individual Beneficiary's portion of the death benefit described in the "Death Benefit" Section of this Contract is payable to such non-individual Beneficiary.

This Section applies to a non-individual Beneficiary only if it is a "see-through trust". A "see-through trust" is an irrevocable trust, valid under state law, the only beneficiaries of which are individuals, and which trust has met applicable documentation requirements under applicable Regulations as we may determine.

A trust with only individual beneficiaries may continue the Participant's interest under the Contract after the Participant's death if:

1. the trust is the only Beneficiary of the Participant's account under the Contract;
2. all the beneficiaries of the trust are individuals;
3. the trust qualifies as a designated beneficiary for purposes of the Required Minimum Distribution rules of the Code; and
4. the trust provides us the documentation that we require within the time period we require.

If such a "see-through trust" described in Treasury Regulation Section 1.401(a)(9)-4 Q&A A-5, or any successor Regulation, is the Beneficiary named pursuant to the "Beneficiary" Section of the Contract, and the "see-through trust" elects to continue the Participant's account under the Contract, the oldest trust Beneficiary is the "Continuation Beneficiary" and the individual whose life expectancy is used to measure payments required after the Participant's death as described in the Section, "Required Minimum Distribution Rules - Payments After the Participant's Death".

If this Section applies and there is more than one Beneficiary, the Participant's entire interest in his/her account under the Contract will be apportioned among the Participant's Beneficiaries as the Participant designates pursuant to the "Beneficiary" Section of the Contract.

If the Beneficiary qualifies to continue the Participant's account under the Contract, and we receive that Beneficiary's completed election no later than September 30 of the calendar year following the calendar year of the Participant's death and before any contrary election is made, that Beneficiary may continue the Participant's account under the Contract pursuant to this Section under the terms set forth in (a) through (h) below. Each such Beneficiary electing to continue his or her portion of the interest under the Participant's account under the Contract is a "Continuation Beneficiary".

For any Beneficiary who does not timely elect to continue his or her portion of the interest under the Participant's account under the Contract, we will pay that Beneficiary's share of the death benefit pursuant to the "Death Benefit" Section of the Contract, in a lump sum.

The terms of the Beneficiary Continuation Option are as follows:

- a. A Participant's account under the Contract cannot be assigned and must continue to be held for the benefit of the Continuation Beneficiary after the Participant's death.
- b. As of the date we receive satisfactory proof of the Participant's death and all written documentation necessary to make a claim under the Contract, we will compare the Annuity Account Value and the guaranteed minimum death benefit as of this date (the reset date, if applicable). If the Annuity Account Value is less than the guaranteed minimum death benefit, we will reset the Annuity Account Value to equal such death benefit.

If there are multiple beneficiaries, the reset date will be the date on which we receive the documentation as described in this subparagraph (b). Any Beneficiary subsequently electing a death benefit will receive the applicable payment amount.

The death benefit provision ends after the Beneficiary Continuation Option is elected.

- c. Each Continuation Beneficiary will automatically become the Participant as defined in the Contract with respect to that Continuation Beneficiary's portion of the interest in the Participant's account under the Contract. If the Participant has specifically elected under the Section, "Beneficiary" that we not separately account for each Beneficiary's portion of the interest in the Participant's account under the Contract, the oldest Continuation Beneficiary will be the Participant for purposes of calculating the Required Minimum Distribution payments.
- d. Each Continuation Beneficiary may transfer amounts among the Investment Options with respect to the Continuation Beneficiary's share of the interest in the Participant's account under the Contract.
- e. A Continuation Beneficiary cannot make any additional Contributions.
- f. Distributions to the Continuation Beneficiary will be made in accordance with the Section, "Required Minimum Distribution Rules-Payments After the Participant's Death".
- g. The Continuation Beneficiary may withdraw the Annuity Account Value apportioned to such Continuation Beneficiary at any time; withdrawals made after we have received a Continuation Beneficiary's election to continue the Participant's account under the Contract are not subject to a withdrawal charge.
- h. Upon the Continuation Beneficiary's death, we will make a lump sum payment to the person designated by the deceased Continuation Beneficiary to receive that deceased Continuation Beneficiary's portion of the Annuity Account Value, if any remains. In the alternative, the deceased Continuation Beneficiary's designated beneficiary may elect to continue the payment method originally elected by the deceased Continuation Beneficiary in accordance with paragraph (b)(1) or (b)(2) of the Section, "Required Minimum Distribution Rules-Payments After the Participant's Death".

PART VI - PLAN LOANS

SECTION 6.01-LOANS

General:

If and as permitted by the Plan and prior to the Participant's Annuity Commencement Date, a Participant may make a request for a loan by completing a Loan Request Form. The Participant's loan is subject to the terms of the Plan and the Code. Future restrictions in the Code may require changes in the terms and availability of loans.

We reserve the right not to permit a new loan if the Participant has previously defaulted on a loan and has not fully repaid the outstanding amount due.

A loan is effective on the date we specify, and after we approve the Loan Request Form. The Participant's Loan Request Form, together with the Participant's loan confirmation notice, will be the Participant's loan agreement and will contain all the terms of the loan which apply, including the amount of the loan, interest rate and the repayment due dates.

A Participant may have only [one] outstanding loan at a time.

A. Loan Amount:

The minimum loan amount will be stated on the Loan Request Form. In no event will the minimum amount of a loan be less than [\$500].

The loan amount requested cannot exceed the maximum loan amount permitted under the Plan and Section 72(p) of the Code. The maximum loan amount is limited to the maximum amount aggregated for all plan loans which the Participant has outstanding under all qualified plans of the Employer and other funding vehicles under the Plan, as required by Section 72(p) of the Code.

The maximum loan amount a Participant is permitted under the Code may not be more than the lesser of (A) or (B) below:

(A) \$50,000, less the highest outstanding balance of loans under any other funding vehicles under the Plan or any other qualified plan that the Participant has with the Employer during the one-year period ending on the day before the Loan Effective Date, over the outstanding balance of loans under any other funding vehicles under the Plan or other qualified plans of the Employer on the Loan Effective Date.

(B) The greater of (i) one half the present value of the Participant's nonforfeitable accrued benefit under all of the funding vehicles under the Plan or other qualified plans of the Employer or (ii) \$10,000.

B. Loan Term:

The loan term will be for a maximum of five years. If the Participant states on the Loan Request Form that the purpose of the loan is to purchase his/her principal residence, the loan term will be for a maximum of ten years. Repayment of the loan may be accelerated and full repayment of any unpaid principal and interest will be required upon the earliest of (1) the

election and commencement of Annuity Benefits under the Section, “Commencement of Annuity Benefits”, (2) the date of termination pursuant to the Sections, “Discontinuance of Contributions”, “Participant Accounts” and “Termination of the Contract”, (3) the date we pay a death benefit pursuant to the Section, “Death Benefit” or (iv) any date we determine that the Code requires acceleration of the loan repayment so that the Federal income tax status of the Contract is not adversely affected.

C. Loan Reserve Account:

On the Loan Effective Date, we will transfer to a “Loan Reserve Account” an amount equal to the sum of (1) the loan amount, which will earn interest at the “Loan Reserve Account Rate” during the loan term but in no event less than the minimum Guaranteed Interest Rate, as defined in the Contract; and (2) 10% of the loan amount, which will earn interest at the Guaranteed Interest Rate.

The “Loan Reserve Account Rate” will equal the loan interest rate (see subsection D below) minus 2%, or such other percentage determined by us in accordance with our then current procedures. Such rate shall not be greater than permitted under any current applicable state or federal law.

Unless the Employer or the Employer’s Designee specifies otherwise, the Participant may specify on the Loan Request Form from which Investment Option(s) the Loan Reserve Account will be funded. We will transfer the required (or additional required) amounts from each Investment Option in proportion to the amount that the Participant has in the Investment Options. In the absence of direction, or if the directions cover only part of the amount required to be transferred to the Loan Reserve Account, we will transfer the required (or additional required) amounts from each Investment Option in proportion to the amount in such Investment Options.

The Participant may not make any withdrawals from any part of the Cash Value; or transfer amounts among Investment Options; or make or agree to any transfers from this Contract to another 457(b) plan or another funding vehicle under the Plan; or roll over amounts to another eligible retirement plan until after repayment of the Participant’s loan then due, including interest due but not paid.

D. Loan Interest Rate:

We will from time to time set the effective annual rate at which interest on a loan will accrue daily (the “loan interest rate”). The rate so determined by us or the Employer will be a reasonable rate based on prevailing rates available at the date of determination on loans charged by persons in the business of lending money for loans made under similar circumstances. Such rate will not be greater than any maximum rate required under any current applicable state or federal law.

If requested by the Employer or the Employer’s Designee, we will substitute the rate requested by the Employer or the Employer’s Designee, subject to any limitations imposed by law.

E. Repayments:

The loan must be repaid according to the repayment schedule, which will require that substantially level amortization payments of principal and interest be made no less frequently than quarterly, unless otherwise required or permitted by law. The loan may be repaid in full at any time, including interest due. We will apply payments first to interest due, with the balance applied towards repayment of the loan principal. After any repayment is made, including full repayment of the loan, the principal amount repaid will be transferred from the Loan Reserve Account to the Guaranteed Interest Option and may be withdrawn (if otherwise permitted), transferred to another Investment Option, or applied to an Annuity Benefit.

F. Default:

By each repayment due date (or a specified date thereafter in accordance with our then current procedures) if the amount of the loan repayment is less than the amount due or the loan repayment is not received at our Processing Office, we will treat the loan as being in default. We will treat the entire unpaid balance of the loan at that time, including interest due but not paid, as a deemed distribution for Federal income tax purposes. We reserve the right to change our procedures at any time.

If the amount in the Loan Reserve Account is not subject to the restrictions described in the Section, "Restrictions on Withdrawals, Distributions and Other Payments," on default we reserve the right to deduct from the Loan Reserve Account an amount equal to the interest and principal payments due, plus any withdrawal charges that apply and any required tax withholding.

If the amount in the Loan Reserve Account is subject to the restrictions described in the Section, "Restrictions on Withdrawals, Distributions and Other Payments", on default we will designate in the Loan Reserve Account an amount equal to the unpaid balance (interest and principal payments due) at the time of the default. When a Participant's account under the Contract is no longer subject to the withdrawal restrictions of the Section, "Restrictions on Withdrawals, Distributions and Other Payments" we will have the right to foreclose on this amount, and deduct any withdrawal charges that would have applied at the time of the default, plus any interest due, and any required tax withholding. This will be no later than the date the Participant reaches age 70 ½ or we are notified in writing that another event has occurred which would permit restricted amounts to be paid. (Such an event includes a severance from employment with the Employer or death.)

G. Changes:

We have the right to change the loan terms, as long as any such change is made to maintain compliance with the terms of any laws that apply to the Contract.

PART VII ANNUITY BENEFITS AND REQUIRED MINIMUM DISTRIBUTIONS

SECTION 7.01-FORMS OF DISTRIBUTION

A Participant may elect (i) a single sum distribution, (ii) an Annuity Benefit, or (iii) any other form of payment of the Cash Value we offer, subject to the terms of the Plan and the approval of the Employer.

SECTION 7.02-ELECTION/REPORT FOR ANNUITY BENEFIT

An election to have the Cash Value paid in the form of an Annuity Benefit can only be made if the Cash Value is at least \$2,000. The Employer will report to us each Participant or other person with respect to whom an Annuity Benefit is to be provided under this Contract and whether all or a portion of the Cash Value is to be used for such Annuity Benefit. The report must be made before the first payment under such Annuity Benefit and must be in the form we prescribe and will include all pertinent facts and determinations we request. We will rely on the reports and other information furnished by the Employer and will not inquire as to the accuracy or completeness thereof.

SECTION 7.03-ANNUITY BENEFIT FORMS

The “normal form” of Annuity Benefit is an Annuity Benefit payable on the Life-10 Year Period Certain Annuity Form described below, unless another form may apply pursuant to the terms of the Plan, or any law that applies. We may offer other annuity forms available from us or from one of our affiliated or subsidiary life insurance companies. Such form may include the Joint and Survivor Life Annuity Form that provides monthly payments while either of the two persons upon whose lives such payments depend is living. The monthly amount to be continued when only one of the persons is living will be equal to a percentage, as elected, of the monthly amount that was paid while both were living.

The Life-10 Year Period Certain Annuity Form is an annuity payable during the lifetime of the person on whose life the payments depend, but with 10 years of payments guaranteed (10 years certain period). That is, if the Participant dies before the 10-year certain period has ended, payments will continue to the Beneficiary named to receive such payments for the balance of the certain period. In no event will the certain period exceed the life expectancy of the person on whose life the annuity payments depend in accordance with the Code. The Life-10 Year Period Certain Annuity Form is payable on a unisex basis.

SECTION 7.04-AMOUNT OF ANNUITY BENEFITS

If an Annuity Benefit payment is elected in lieu of the Cash Value, the amount applied to provide the Annuity Benefit will, unless otherwise specified by the Employer or required by applicable laws and regulations, be (1) the Annuity Account Value, if the annuity form elected provides payments for a person’s remaining lifetime or (2) the Cash Value, if the annuity form elected does not provide such lifetime payments.

The amount applied to provide an Annuity Benefit may be reduced by a charge for any taxes, as described under the Section, “Applicable Tax Charges”, that apply to annuity purchase payments. If we have previously deducted charges for applicable taxes from Contributions, we

will not again deduct charges for the same taxes before an Annuity Benefit is provided. The balance will be used to purchase the Annuity Benefit on the basis of either (1) the Tables of Guaranteed Annuity Payments or (2) our then current individual annuity rates, whichever rates would provide a larger benefit with respect to the payee, or (3) any of our single consideration immediate annuity contracts offered at the time to the same class of Participants.

SECTION 7.05-ANNUITY BENEFIT

Payments under an Annuity Benefit will be made monthly. An election may be made to have the Annuity Benefit paid at other intervals, such as every three months, six months, or twelve months, instead of monthly, subject to our rules at the time of election. This election may be made at the time the Annuity Benefit form as described in the Section, "Annuity Benefit Forms" is elected. In that event, all references in this Contract to monthly payments will be deemed to mean payments at the frequency elected.

SECTION 7.06-REQUIRED MINIMUM DISTRIBUTIONS

This Contract is subject to the "Required Minimum Distribution" ("RMD") rules of Sections 401(a)(9) and 457 of the Code, including the Treasury Regulations that apply. To the extent that any payment, benefit, or distribution options available to the Participant under this Contract conflict with the Code, the Code requirements prevail. Further, it is the responsibility of the Plan to implement the RMD for a Participant or beneficiary under the Plan.

Subsection A below describes the Required Minimum Distribution payments to be made during a Participant's lifetime. Subsection B below describes the Required Minimum Distribution payments to be made after the Participant's death, if the Participant dies before the Participant's entire interest under the Contract is distributed to a Participant.

The Required Minimum Distribution rules may be satisfied by either electing an Annuity Benefit or by taking withdrawals at least annually from or with respect to a Participant's entire interest under this Contract, all as subject to the following rules:

A. REQUIRED MINIMUM DISTRIBUTION RULES – PAYMENTS DURING A PARTICIPANT'S LIFE

Except as otherwise noted in this Subsection A, the Participant's entire interest under the Contract will be distributed, or begin to be distributed, no later than the Participant's Required Beginning Date. For purposes of this Subsection A the Participant's Required Beginning Date is April 1 of the calendar year following the later of these two choices: (a) the calendar year the Participant reaches age 70 1/2 or (b) the calendar year the Participant retires from employment with the Employer.

The Required Minimum Distribution payment may be computed under any of the methods permitted under Section 401(a)(9) of the Code, including payments over the Participant's life, or the lives of the Participant and the Participant's named Beneficiary, or a period certain not extending beyond the Participant's life expectancy, or the joint and last survivor expectancy of the Participant and the Participant's named Beneficiary. Payments must be made as required by

the Required Minimum Distribution rules, including “incidental death benefit” rules described in the Treasury Regulations.

Manner of Payment

The Required Minimum Distribution rules may be satisfied by applying any portion of a Participant’s entire interest under the Contract to an Annuity Benefit which satisfies Treasury Regulation Section 1.401(a)(9)-6, or any successor Regulation. The distribution periods described in the preceding paragraph cannot exceed the periods specified in Section 1.401(a)(9)-6 of the Treasury Regulations or any successor Regulation. If such an Annuity Benefit is elected after the Required Beginning Date, the first payment interval must begin on or before the date amounts are applied to the Annuity Benefit and the payment required for one payment interval must be made no later than the end of such payment interval.

These “lifetime” Required Minimum Distribution payments must be made in periodic payments at intervals of no longer than 1 year and must be either non-increasing or they may increase only as provided in Q&A-14 of Section 1.401(a)(9)-6 of the Treasury Regulations or any successor Regulation. In addition, any distribution must satisfy the incidental benefit requirements specified in Q&A-2 of Treasury Regulation Section 1.401(a)(9)-6 or any successor Regulation.

To the extent that distributions have not begun in the form of an annuity on an irrevocable basis (except for acceleration) lifetime distributions of the Participant’s entire interest under the Contract must be made as follows:

The lifetime Required Minimum Distribution amount to be distributed for each calendar year for which a distribution is required is the lesser of:

- (a) the quotient obtained by dividing the Participant’s entire interest under the Contract (determined in accordance with Treasury Regulations) by the distribution period in the Uniform Lifetime Table set forth in Treasury Regulation Section 1.401(a)(9)-9 or any successor Regulation, using the Participant’s attained age as of the Participant’s birthday in the calendar year for which the distribution is required; or
- (b) if the Participant’s sole designated Beneficiary for the calendar year for which the distribution is required is the Participant’s spouse, the quotient obtained by dividing the Participant’s entire interest under the Contract (determined in accordance with Treasury Regulations) by the number in the Joint and Last Survivor Table set forth in Treasury Regulation Section 1.401(a)(9)-9 or any successor Regulation, using the respective attained ages of the Participant and the Participant’s spouse as of their respective birthdays in the calendar year for which a distribution is required.

For purposes of these Required Minimum Distribution rules, prior to commencement of annuity payments under the Participant’s account under the Contract on an irrevocable basis, the Participant’s entire interest under the Contract as of any valuation date includes the dollar amount credited under the Participant’s account under the Contract on the Participant’s behalf plus the actuarial value of any other benefits (such as minimum survivor benefits) that will be provided under the Participant’s account under the Contract.

B. REQUIRED MINIMUM DISTRIBUTION RULES – PAYMENTS AFTER THE PARTICIPANT’S DEATH

- (a) *Death On or After Lifetime Required Minimum Distribution Payments Begin.* If the Participant dies on or after lifetime Required Minimum Distribution payments begin, the remaining portion of the Participant’s interest under the Contract will continue to be distributed at least as rapidly as under the Annuity Benefit or other option chosen under the Contract.
- (b) *Death Before Lifetime Required Minimum Distribution Payments Begin.* If the Participant dies before lifetime Required Minimum Distribution payments begin, the Participant’s entire interest will be distributed at least as rapidly as follows:
- (1) If the Participant’s Beneficiary is an individual other than the Participant’s surviving spouse as described in the immediately following paragraph, the Participant’s entire interest under the Contract will be distributed, starting by the end of the calendar year following the calendar year of the Participant’s death, over the remaining life expectancy of the designated Beneficiary, with such life expectancy determined using the age of the Beneficiary as of his or her birthday in the year following the year of the Participant’s death. In the alternative, the Beneficiary may elect to take distribution of the Participant’s entire interest under the Contract in accordance with this Subsection B, paragraph (b)(3) below.
 - (2) If the Participant’s sole Beneficiary is the Participant’s surviving spouse, the Participant’s entire interest under the Contract will be distributed, starting by the end of the calendar year following the calendar year of the Participant’s death (or by the end of the calendar year in which the Participant would have attained age 70 1/2 if later), over such surviving spouse's life. In the alternative, the Participant’s surviving spouse may elect to take distribution of the Participant’s entire interest under the Contract in accordance with this Subsection B, paragraph (b)(3) below.

If the Participant’s surviving spouse dies before these required distributions commence to him or her, the Participant’s remaining interest under the Contract will be distributed, starting by the end of the calendar year following the calendar year of the Participant’s surviving spouse's death, over the Participant’s spouse's designated beneficiary's remaining life expectancy determined using such beneficiary's age as of his or her birthday in the year following the death of the Participant’s spouse. In the alternative, that beneficiary may elect to take distribution of the Participant’s entire interest under the Contract in accordance with this Subsection B, paragraph (b)(3) below. If the Participant’s surviving spouse dies after these required distributions commence to him or her, any remaining interest will continue to be distributed under the Annuity Benefit or other option chosen for the Participant’s account under the Contract.

- (3) If there is no individual designated as Beneficiary, or if the applicable Beneficiary chooses this alternative, the entire interest will be distributed by the end of the calendar year containing the fifth anniversary of the Participant’s death (or of the Participant’s surviving spouse's death in the case of the surviving

spouse's death before distributions are required to begin under this Subsection B, paragraph (b)(2) above).

(4) Life expectancy is determined using the Single Life Table in Q&A-1 of Treasury Regulation Section 1.401(a)(9)-9 or any successor Regulation. If distributions are being made to the surviving spouse as the sole designated Beneficiary, such spouse's remaining life expectancy for a year is the number in the Single Life Table corresponding to such spouse's age in the year. For calendar years for which a distribution is required after the year of the surviving spouse's death, the remaining life expectancy of the surviving spouse is calculated using the age of the surviving spouse as of the spouse's birthday in the calendar year of the spouse's death, reduced by one for each subsequent calendar year. In all other cases, remaining life expectancy for a year is the number in the Single Life Table corresponding to the Beneficiary's age in the year specified in paragraph (b)(1) or (b)(2) of this Subsection B and reduced by 1 for each subsequent year.

(c) For purposes of paragraphs (a) and (b) of this Subsection B above, Required Minimum Distributions are considered to commence on the Participant's Required Beginning Date defined above in Subsection A of this section or, if applicable, on the date distributions are required to begin to the Participant's surviving spouse under paragraph (b)(2) above. However, if distributions start prior to the applicable date in the preceding sentence, on an irrevocable basis (except for acceleration) under an annuity contract meeting the requirements of Treasury Regulation Section 1.401(a)(9)-6 or any successor Regulation, then required distributions are considered to commence on the annuity starting date.

To the extent that distributions have not begun in the form of an annuity on an irrevocable basis (except for acceleration) distributions of the Participant's interest under the Contract after the Participant's death must be made in accordance with the following sentences. The Required Minimum Distribution for each calendar year for which a distribution is required after the year of the Participant's death is the quotient obtained by dividing the Participant's interest under the Contract (determined under Treasury Regulations) by the remaining life expectancy of the applicable Beneficiary, determined as provided above. The rules applicable to the determination of the Participant's entire interest under the Contract in Subsection A also apply. That is, for purposes of these Required Minimum Distribution rules, prior to commencement of annuity payments under the Contract on an irrevocable basis, the Participant's entire interest under the Contract as of any valuation date includes the dollar amount credited under the Contract plus the actuarial value of any other benefits (such as minimum survivor benefits) that will be provided under the Contract.

SECTION 7.07-COMMENCEMENT OF ANNUITY BENEFITS

We will notify the Participant of the payout options available under the Contract at or prior to: (i) the Annuity Commencement Date reported to us by the Employer or the Employer's Designee for a Participant; (ii) that Participant's attaining age 70 ½; and/or (iii) the Maturity Date.

Before the Annuity Commencement Date the date Annuity Benefits are to commence may be changed. The changed Annuity Commencement Date may be any date after we receive written notice acceptable to us from the Employer or the Employer's Designee of the change. The Annuity Commencement Date cannot be the 29th, 30th, or 31st day of any month. No Annuity Commencement Date will, however, be later than the Maturity Date specified in the Participant's

Certificate, unless we change the age used to determine the Maturity Date in conformance with applicable law.

SECTION 7.08-CONDITIONS

We may require proof acceptable to us that the person on whose life a benefit payment is based is alive when each payment is due. We will require proof of the age of any person on whose life an Annuity Benefit is based.

If a benefit was based on information that is later found not to be correct, such benefit would be adjusted on the basis of the correct information. The adjustment will be made in the number or amount of the benefit payments, or any amount used to provide the benefit, or any combination. Overpayments by us will be charged against future payments. Underpayments will be added to future payments. Our liability is limited to the correct information and the actual amounts used to provide the benefits.

If the age (or sex, if applicable as stated in the Tables of Guaranteed Annuity Payments) of any person upon whose life an Annuity Benefit depends has been misstated, the benefits payable will be based on the benefit amount applicable to those that would have been purchased at the correct age (or sex). Any overpayments or underpayments made by us will be charged or credited with interest at (a) the rate of [6%] or (b) the then current Guaranteed Interest Rate; we will determine which rate will apply, on a uniform and nondiscriminatory manner, for similar contracts. Such interest will be deducted from or added to future payments.

If we receive proof satisfactory to us that (1) a payee entitled to receive any payment under the terms of this Contract is physically or mentally incompetent to receive such payment or is a minor, (2) another person or an institution is then maintaining or has custody of such payee, and (3) no guardian, committee or other representative of the estate of such payee has been appointed, we may make the payments to such other person or institution. In the case of a minor, each payment will not exceed [\$200]. We will have no further liability with respect to the payments so made.

If the amount to be applied hereunder is less than \$2,000 or would result in an initial payment of less than [\$20], we may pay the amount to the payee in a single sum instead of applying it under the annuity form elected.

SECTION 7.09 CHANGES

We reserve the right, upon advance written notice to the Employer, to change at any time on and after the fifth anniversary of the Contract Date, at intervals of not less than five years, the actuarial basis used in the Tables of Guaranteed Annuity Payments; however, no such change will apply to (A) any Annuity Benefit provided before the change or (B) Contributions made before such change that are applied to provide an Annuity Benefit.

PART VIII – PARTICIPANT ACCOUNTS

SECTION 8.01-PARTICIPANT ACCOUNTS

The Employer will specify each Participant for whom an account is to be maintained under the Contract. The Employer will also specify by Participant each Contribution being remitted, the source or type, if applicable, to which each Contribution relates, and the allocation by source or type of such Contribution among the Investment Options. The terms of the Section, “Guaranteed Interest Option-Conditions” and the Section, “Variable Investment Options /Accumulation Units and Unit Values” apply separately with respect to each Participant’s account under this Contract.

Subject to the terms of the Plan and the restrictions on distributions stated in the Section, “Restrictions on Distributions”, we will at the Employer’s request terminate the Participant’s participation under the Contract by paying the Annuity Account Value (less any applicable charges) to the Participant. This right will be exercised only if (i) no initial Contributions have been received on the Participant’s behalf within 120 days of the Participation Date under the Certificate, (ii) there have been no on-going Contributions received on the Participant’s behalf during the last three completed Participation Years, and the Annuity Account Value is less than [\$500], or (iii) a partial withdrawal is made that would result in a Participant’s Annuity Account Value falling below [\$500].

The designations or maintenance of any account under the Contract shall not give any Participant or Beneficiary or any other person any right or interest specific to the assets invested in the Investment Options of the Contract unless so specifically provided by the provisions of the Contract.

If so specified in the Application, the Employer may not make withdrawals from or terminate a Participant account without the Participant’s written consent.

We have the right to deem that a termination of Plan participation under the Contract has occurred if any minimum amount requirement has not been met as set forth in Section 3.01 of the Contract. In which case, we will apply the terms of this Section.

PART IX - CHARGES

SECTION 9.01-WITHDRAWAL CHARGES

Payment made under Part V “ Distributions and Death Benefits” may be subject to a withdrawal charge as specified in the Application.

The years of participation under the Prior Contract if applicable, may be included for purposes of determining the withdrawal charge.

The withdrawal charge will be reduced to the extent required to comply with any applicable state law.

We reserve the right to reduce or waive the withdrawal charge upon such events specified in the Application.

If the Plan is subject to a withdrawal charge, then a “Free Withdrawal Amount” will apply as follows:

“Free Withdrawal Amount” means an amount equal to 10% of the Annuity Account Value minus the total of all prior withdrawals (and associated withdrawal charges) in the current Participation Year minus any amount in the Loan Reserve Account, which may be withdrawn from the Participant’s account under the Contract without incurring a withdrawal charge. The free withdrawal amount when applicable may be changed but it will always be a percentage between 0% and 30%.

SECTION 9.02-THIRD PARTY TRANSFER CHARGE

We have the right to deduct a charge for each occurrence of a direct transfer to another funding vehicle under the Plan, or another Section 457(b) plan, or a direct rollover to another eligible retirement plan in accordance with Sections 457(e)(16), 402(c) and 401(a)(31) of the Code. This charge, if any, will be specified in the Application and will not be less than [\$25] or greater than \$65.

SECTION 9.03-PLAN OPERATING EXPENSE

If we are instructed by the Employer or the Employer’s Designee to withdraw a Plan Operating Expense from a Participant’s account, we will withdraw the specified amount on the last Business Day of each calendar quarter, or at any other time to which we agree, and remit the proceeds in accordance with instructions from the Employer or the Employer’s Designee. Such instructions may be given by a Participant in the absence of instructions from the Employer or the Employer’s Designee, in which event we will remit the proceeds to the Plan’s duly authorized administrator. AXA Equitable shall have no responsibility for determining that this fee is necessary and proper under the terms of the Plan.

SECTION 9.04-CHARGES DEDUCTED FROM ANNUITY ACCOUNT VALUE

Enhanced Death Benefit Charge

If the Participant elects the Enhanced Death Benefit, the charge will be specified in the Data Pages of the Participant's Certificate and will be a percentage of the Annuity Account Value not to exceed 0.15%. This charge will be deducted on each Participation Date anniversary pro rata from the Guaranteed Interest Option and Variable Investment Options.

Administrative Charge

We will deduct administrative charges related to the administration and/or distribution of the Certificate from the Annuity Account Value. Such charges, if any, are shown in the Application. The amount of such charge may be increased to a maximum of \$65 in accordance with the Section, "Changes". We have the right to change the amount of the charges with respect to future Contributions subject to the maximum set forth in this Section. We will give the Employer and the Participant written advance notice of any such change.

The administrative charge, if applicable, will be deducted pro rata from the Guaranteed Interest Option and Variable Investment Options. Also, the charge will be prorated for the Participation Year or portion thereof in which the Participation Date occurs or in which the Annuity Account Value is withdrawn or applied to provide an Annuity Benefit or death benefit.

SECTION 9.05-TRANSFER AND LOAN CHARGES

We reserve the right to impose a charge with respect to any of the following:

- 1) establishing and administration of a loan
- 2) any transfer among Variable Investment Options (after the number of such transfers indicated in the section "Transfer Rules")

The amount of the charge, if any, will be set forth in the Application.

SECTION 9.06-SEPARATE ACCOUNT CHARGE

Net Assets of the Separate Account will be subject to a daily asset rate charge at an annual rate specified in the Application.

SECTION 9.07-PLAN RECORDKEEPING SERVICE CHARGES

If the Employer requests that we provide Plan recordkeeping services and we agree, the Employer will pay such charge directly to us or in the alternative, the Employer may direct us to deduct such charge from Participant accounts. Such charges will be mutually agreed upon by the Employer and us.

SECTION 9.08 APPLICABLE TAX CHARGES

We reserve the right to deduct a charge that we determine to approximate certain taxes that may be imposed on us, including but not limited to premium taxes that may apply in the Participant's state of residence. The tax charge will be deducted from amounts applied to an Annuity Benefit

in accordance with Part VII, "Annuity Benefits and Required Minimum Distributions". If the tax is imposed at a time other than when amounts are applied to an Annuity Benefit, we reserve the right to deduct the charge from Contributions in the Section, "Contributions, Allocations and Discontinuance" or withdrawals in the Sections, "General Withdrawals".

SECTION 9.08-CHANGES

In addition to our right to reduce or waive charges as described in this Part IX of this Contract, we also reserve the right, upon advance written notice to the Employer, to increase the amount of any charge described in this Part IX, subject to any maximum provided. The application of any increase is to be made on a prospective basis. We also reserve the right, upon advance written notice to the Employer, to increase the maximum amount of any charge provided in this Part IX or the Application, only with respect to Participants whose Participation Date occurs after the effective date of the increase, but subject to any maximum amount then permitted by any law that applies.

Part X - UNALLOCATED ACCOUNT:

SECTION 10.01-UNALLOCATED ACCOUNT

Subject to the conditions set forth in this section, we will accept transfers of cash into this Contract; we do not accept in-kind asset transfers from a prior funding vehicle. When we receive cash transferred from a prior funding vehicle, the transferred amount will be credited as one lump sum to the Plan's Unallocated Account, as set forth in the Application. Any amount held in the Plan Unallocated Account becomes part of our Guaranteed Interest Option and will be credited with interest at the rate applicable to amounts held in the Guaranteed Interest Option. The transferred amount will remain in the Plan Unallocated Account until we have received all the information we require, including properly completed forms, to effect a transfer from the Plan Unallocated Account to a Participant account. With respect to each Participant, we will allocate amounts to each Participant's account only after the Employer provides instructions that are acceptable and necessary in order to complete the allocation process. We reserve the right to limit the period during which such instructions may be received to no more than [10] days from the initial transfer into the Plan Unallocated Account and to return funds to the Employer for which transfer information has not been timely received in good order. Under no circumstances will we be required to transfer to Participant accounts an amount in aggregate greater than the amount deposited by the Employer plus such interest as we credited to the Unallocated Account, unless otherwise expressly agreed upon between the Employer and us.

The Employer is solely responsible for effectuating the asset transfer in accordance with all applicable laws and regulations.

For purposes of this Part X of the Contract, we will not accept any rollover Contributions for an employee who has not yet enrolled under the Contract to be deposited into the Unallocated Account. Once the employee becomes a Participant such amount can be rolled over directly into a Participant's Investment-Options.

PART XI – GENERAL PROVISIONS

SECTION 11.01-CONTRACT

This Contract and the Application constitute the entire contract between the parties and will govern with respect to our rights and obligations.

This Contract may not be modified, nor may any of our rights or requirements be waived, except in writing and signed by one of our authorized officers. In addition to the rights of change reserved by us as provided in this Contract, the Contract may be changed by amendment or replacement without the consent of any other person, provided that such change does not reduce any Annuity Benefit provided before such change and provided that no rights, privileges or benefits under the Contract with respect to Contributions made hereunder prior to the effective date of such change may be adversely affected by an amendment to the Contract without the consent of the Employer.

We are under no obligation or by reason of issuance of this Contract either (a) to determine whether any payment, distribution or transfer under this Contract complies with the provisions, terms and conditions of the Plan or with applicable law or (b) to administer the Plan, including without limitation, any provisions required by any applicable law.

Subject to our approval, the Employer may designate another person to exercise rights under the Contract.

SECTION 11.02-STATUTORY COMPLIANCE

We reserve the right to amend the terms of the Contract and any Certificate issued hereunder without the consent of any other person in order to comply with applicable laws and regulations. Such right will include, but not be limited to, the right to conform the terms of the Contract and any Certificate issued thereunder to reflect changes in the Code, in Treasury regulations or published rulings of the Internal Revenue Service, in the Employee Retirement Income Security Act of 1974 (ERISA), and in Department of Labor Regulations.

No amendment to the terms of the Contract may vest in any Employer any interest or control over any assets of the Plan invested in the Contract or cause any such assets to be used for or diverted to, purposes other than the exclusive benefit of Plan Participants or their beneficiaries

The benefits and values available under this Contract will not be less than the minimum benefits required by any applicable federal and/or state law.

SECTION 11.03-DEFERMENT

Application of proceeds to provide a payment of a death benefit under Part V and payment of any portion of the Annuity Account Value (less any applicable withdrawal charge) will be made within seven days after the Transaction Date. Payments or applications of proceeds from a Separate Account may be deferred for any period during which (1) the New York Stock Exchange is closed or trading is restricted, (2) sales of securities or determination of the fair value of the Separate Account's assets is not reasonably practicable because of an emergency, or (3) the Securities and Exchange Commission, by order, permits us to defer payment in order to protect persons with interests in the Separate Account. We may defer payment or transfer of any portion

of the Annuity Account Value in the Guaranteed Interest Option for up to six months while the Participant is living.

SECTION 11.04-NONTRANSFERABILITY, ASSIGNMENTS, NONFORFEITABILITY

A Participant may not transfer the entire interest under this Contract. This Contract is intended to be nontransferable within the meaning of Section 401(g) of the Code.

No portion of a Participant's interest under this Contract or a Participant's rights under this Contract may be sold, assigned, pledged or transferred to any person other than the issuer of this Contract, or discounted, encumbered or pledged as collateral for a loan or be security for the performance of an obligation.

No amount payable under the Contract may be assigned, commuted, or encumbered by the payee. To the extent permitted by law, no such amount will in any way be subject to any legal process to subject the same to the payment of any claim against such payee. The foregoing will not apply to any assignment, transfer or attachment pursuant to a qualified domestic relations order as defined in section 414(p) of the Code.

A Participant's entire interest under the Contract is nonforfeitable.

It is impossible, prior to the satisfaction of all liabilities with respect to the Participants and beneficiaries under the Plan, for any part of the assets and income of the Contract to be used for, or diverted to, purposes other than for the exclusive benefit of Participants and their beneficiaries.

SECTION 11.05-OWNERSHIP RIGHTS

The Owner of the Contract (the Plan Trust or the Employer) will hold all the assets of the Plan Trust invested in this Contract including all Annuity Account Values and Cash Values of all Plan Participants in trust for the exclusive benefit of the Participants and their beneficiaries under the Plan. This Contract is not subject to the claims of the general creditors of the Employer.

It is impossible, prior to the satisfaction of all liabilities with respect to the Participants and their beneficiaries under the Plan, for any part of the assets and income of the Contract to be used for, or diverted to, purposes other than for the exclusive benefit of the Participants and their beneficiaries under the Plan.

SECTION 11.06-EMPLOYER'S RESPONSIBILITY

The Employer will have responsibility for the administration of the Plan, Contributions, authorization of payments and other distributions hereunder. We will deal with the Employer in accordance with the terms and conditions of the Contract. We shall make no payment without written consent from the Employer, and we will be fully discharged of any liability therefore to the extent such payments are made pursuant to such direction from the Employer.

SECTION 11.07-PLAN STATUS

A "Section 457 Plan" is a plan or agreement that meets the requirements for qualification under Section 457 of the Code. The Employer is to provide evidence satisfactory to us that the Plan is a

Section 457 Plan and, if at any time the Plan no longer meets the requirements of Section 457(b) of the Code, the Employer is to give us prompt written notice thereof.

If (a) within one year after the Contract Date, or such longer period as may be agreed upon in writing between the Employer and us, the Employer does not provide such evidence, or (b) the Employer gives notice that the Plan no longer qualifies as a Section 457(b) plan, then upon at least thirty days advance written notice to the Employer, we may:

- (i) prohibit further Contributions under this Contract with respect to the Plan, and
- (ii) withdraw from the Investment Options the amounts therein with respect to the Plan.

In that event, at the Employer's option we will (i) terminate the Plan's participation under this Contract and pay the amounts held in the Investment Options with respect to the Plan, or (ii) we will transfer the amounts held in the Investment Options to another contract agreed to by both the Employer and us.

SECTION 11.08-TERMINATION OF THE CONTRACT

The Employer may terminate this Contract at any time by written notice in a form acceptable to us. In which case, we will require the Employer to provide us with instructions for transfer of the entire amount held under the Contract (subject to any applicable withdrawal charge) to another funding vehicle under the Plan or to another governmental employer plan under Section 457(b) of the Code as provided in the Section, "General Withdrawals". If Participant consent is required, as stated in the Application to terminate a Participant account, then the Contract may be terminated only as to Participants whose written consents have been received by us. In the event that we have not received such consent, all the terms and conditions of this Contract applicable to Participant accounts will continue to apply except that no additional Contributions may be made and we may rely solely on the instructions provided by the Participant without regard to the Employer or any terms of the Plan that are not expressly set forth in this Contract.

The Contract will also terminate when Contributions are discontinued and the Annuity Account Value with respect to each Participant is zero.

SECTION 11.09-NOTIFICATION OF DISQUALIFICATION OF THE PLAN OR CONTRACT

If we are informed in documentation acceptable to us that the Plan fails to qualify or no longer qualifies as a 457(b) plan, or that this Contract fails to qualify or no longer qualifies in whole or in part as a 457(b) plan funding vehicle, we will have the right to terminate this Contract. We may do so, upon receipt of notice of such fact, before the Annuity Commencement Date (or the Maturity Date, if later.) In that event, at the Employer's option, (i) we will terminate the Plan's participation under this Contract and pay the amounts held in the Investment Options with respect to the Plan, or (ii) we will transfer the amounts held in the Investment Options to another contract agreed to by both the Employer and us.

SECTION 11.10-MANNER OF PAYMENT

Unless the Employer and we agree otherwise, all amounts paid to or from the Contract are payable by check in United States dollars.

SECTION 11.11-PAYMENTS

If the Plan permits to and if the Employer, Employer's Designee, the Owner, or other designee, as applicable, provides to us written instructions to do so in advance of payment, we will make payment of the Annuity Benefits or other amounts directly to the Participant, Beneficiary or other payee designated by you. In which case, we will be fully discharged of any liability therefore to the extent such payments are made pursuant to such instruction.

SECTION 11.12-REPORTS AND NOTICES

With respect to each Participant, at least once each year until the Annuity Commencement Date (or the Maturity Date if later), we will furnish a Participant with a report showing for each Investment Option, the Annuity Account Value and the number of Accumulation Units for each Variable Investment Option.

The terms of the Contract which requires us to send a report or any written notice will be satisfied by our mailing any such report or notice to the Employer or Participant's last known address as shown in our records. Notifications of rules in effect and other matters of general applicability to this contract may be included in the product prospectus, prospectus supplements or disclosure documents as mailed to such address from time to time. The notices and reports may also be delivered by electronic means as agreed upon between us and the Employer or Participant.

All written notices sent to us will not be effective until received in good order on a Business Day at the Processing Office.

SECTION 11.13-CONTRACT HOLDER'S RESPONSIBILITY

If the Contract Holder is the trustee of a trust established pursuant to a trust agreement between us and said trustee and adopted by the Employer, such trustee will have no responsibility for Contributions or any payments or other distributions under the Plan or Contract or for the administration of the Plan or Contract. In addition, we will deal with such trustee in accordance with the terms and conditions of the trust agreement pursuant to which the trustee agreed to act as such and in such manner as the trustee and we agree, without the consent of any other person.

PART II – INVESTMENT OPTIONS

SECTION 2.01-AVAILABILITY AND TYPES OF INVESTMENT OPTIONS

The data pages sets forth the Investment Options available under the Contract as of the issue date.

The availability of Investment Options may be subject to the terms of the Plan, as reported to us by the Employer.

We reserve the right to add, change, delete or limit the number of Investment Options that an Employer may elect.

The Investment Options may consist of Investment Options that are classified as “Type A” or “Type B”, or any other type that may be specified in the data pages, as we designate in our discretion for purposes of the transfer rules described in the Section, “Transfer Rules”. The data pages indicate the classifications as of the issue date of this Certificate. If we add a new Investment Option we will include the Option type.

SECTION 2.02-GUARANTEED INTEREST OPTION-CONDITIONS

(a) Guaranteed Interest Option

Any amount held for you in the Guaranteed Interest Option becomes part of our general assets, which support the guarantees of the Contract as well as other policies and contracts that we offer.

The amount held for you in such Guaranteed Interest Option at any time with respect to the Contract is equal to the sum of:

- all amounts that have been allocated or transferred to such Guaranteed Interest Option, plus
- the amount of any interest credited, less
- all amounts that have been withdrawn (including charges) or transferred from such Option.

We will credit the amount held in the Guaranteed Interest Option with interest at effective annual rates that we set. We will also set a minimum Guaranteed Interest Rate that will remain in effect throughout a stated twelve-month period or a calendar year. We credit interest daily to amounts in the Guaranteed Interest Option.

We guarantee that any rate so determined will never be less than the minimum Guaranteed Interest Rate specified in the data pages.

(b) Conditions

The Employer agrees:

- (i) With respect to the investment option of the Plan that is funded under the Guaranteed Interest Option and to the extent that the Plan provides for allocations to, and transfers to and from the Guaranteed Interest Option, such allocations and transfers are to be made solely at the discretion of the individuals covered by the Plan. We are to be given at least 60 days advance written notice by the Employer of any noncompliance with this condition.
- (ii) The Employer is to provide us with any amendment to the Plan or its investment policy, any communication to the Participants covered by the Plan concerning the Guaranteed Interest Option or the investment option of the Plan to which it relates, or any change in the manner in which the Plan is administered. Any such document is to be provided to us at least 60 days before its effective date.

We may also request, and the Employer will thereupon provide, any other information that we reasonably determine would bear upon the flow of funds to and from the Guaranteed Interest Option.

If the conditions stated in (i) and (ii) above are not complied with or, if the Employer fails to remit Contributions in accordance with Part III “Contributions, Allocations and Discontinuance” or if we determine and so notify the Employer by written notice that an amendment to the Plan, its investment policy, or any change in the manner in which the Plan is administered would materially and adversely affect the flow of funds to or from the Guaranteed Interest Option, then we will have the right to:

- 1. decline further requests for transfers to or from the Guaranteed Interest Option; and/or
- 2. deem that a discontinuance of Contributions has occurred under the Section, “Discontinuance of Contributions”.

SECTION 2.03-SEPARATE ACCOUNT

We have established the Separate Account(s) and maintain the Separate Account(s) in accordance with the laws of New York State. Income, realized and unrealized gains and losses from the assets of a Separate Account are credited to or charged against it without regard to our other income, gains or losses. Assets are placed in the Separate Account(s) to support the Contract and other annuity contracts and certificates. Assets may be placed in the Separate Account(s) for other purposes, but not to support contracts or policies other than variable annuities and variable life insurance.

The assets of a Separate Account are our property. The portion of such assets equal to the reserves and other contract liabilities with respect to the Separate Account will not be chargeable with liabilities that arise out of any other business we conduct. We may transfer assets of a Separate Account in excess of the reserves and other Contract liabilities with respect to such Separate Account, to another Separate Account, or to our general account.

We may, in our discretion, invest Separate Account assets in any investment permitted by applicable law. We may rely conclusively on the opinion of counsel (including counsel in our employ) as to the type of investments that the Separate Account is permitted by law to make.

SECTION 2.04-VARIABLE INVESTMENT OPTIONS/ACCUMULATION UNITS AND UNIT VALUES

The amount in a Separate Account at any time is equal to the number of Accumulation Units in that Account multiplied by the Accumulation Unit Value that applies at that time. If the Contract has Variable Investment Options, then the terms of this section apply separately to each Variable Investment Option, unless otherwise stated.

Amounts allocated or transferred to a Variable Investment Option are used to purchase Accumulation Units of that Option. Accumulation Units are redeemed when amounts are deducted, transferred or withdrawn. The number of Accumulation Units in a Variable Investment Option at any time is equal to the number of Accumulation Units purchased minus the number of Accumulation Units redeemed in that Variable Investment Option up to that time. The number of Accumulation Units purchased or redeemed in a transaction is equal to the dollar amount of the transaction divided by the Variable Investment Option Accumulation Unit Value for that Transaction Date.

We determine Accumulation Unit Values for each Variable Investment Option for each Valuation Period. A "Valuation Period" is each Business Day together with any consecutive preceding non-business days. For example, for each Monday that is a Business Day, the preceding Saturday and Sunday will be included to equal a three-day Valuation Period.

The Accumulation Unit Value of a Variable Investment Option for any Valuation Period is equal to the Accumulation Unit Value for that Variable Investment Option on the immediately preceding Valuation Period multiplied by the Net Investment Factor for that Variable Investment Option for the current Valuation Period. The Net Investment Factor for a Valuation Period is (a) divided by (b) minus (c), where:

- (a) is the value of the Portfolio shares held by the Variable Investment Option at the end of the Valuation Period (before taking into account any amounts allocated to, or withdrawn from, the Variable Investment Option for the Valuation Period, and after deduction of fees, charges and expenses of the Portfolio; for this purpose, we use the share value reported to us for the Portfolio plus the applicable dividend and capital gain rates on the ex-dividend date);
- (b) is the value of the Portfolio shares held by the Variable Investment Option at the end of the preceding Valuation Period (taking into account any amounts allocated or withdrawn for that Valuation Period);
- (c) is the daily Separate Account charges for the expenses and risks of the Contract, times the number of calendar days in the Valuation Period, plus any charge for taxes or amounts set aside as a reserve for taxes.

SECTION 2.05-CHANGES WITH RESPECT TO SEPARATE ACCOUNTS

In addition to the right reserved pursuant to the section “Availability and Types of Investment Options”, we reserve the right, subject to compliance with applicable law, including approval of the Employer, if required:

- (a) to add Variable Investment Options to, or to remove Variable Investment Options from, the Separate Account(s), or to add other Separate Accounts;
- (b) to combine any two or more Variable Investment Options or sub-funds thereof;
- (c) to transfer the assets we determine to be the share of the class of contracts to which the Contract belongs from a Variable Investment Option to another Variable Investment Option;
- (d) to operate any Separate Account or any Variable Investment Option as a management investment company under the Investment Company Act of 1940; in which case charges and expenses that otherwise would be assessed against an underlying trust or investment company would be assessed against the Separate Account;
- (e) to operate any Separate Account or any Variable Investment Option as a unit investment trust under the Investment Company Act of 1940.
- (f) to register or deregister the Separate Account or any Variable Investment Option under the Investment Company Act of 1940, provided that such action conforms with the requirements of applicable law;
- (g) to restrict or eliminate any voting rights as to the Separate Account;
- (h) to cause one or more Variable Investment Options to invest some or all of their assets in one or more other Portfolios;
- (i) to close an Investment Option to Transfers and Contributions.

We reserve the right to add a Variable Investment Option in which (i) there are periods during which Contributions are restricted, (ii) amounts therein may be automatically liquidated pursuant to the investment policy of the Variable Investment Option, and (iii) investments therein may mature. We will have the right to reallocate amounts arising from liquidation or maturity according to your allocation instructions then in effect. If no such allocation instructions have been made, the reallocation will be made to a designated Investment Option, or to the next established Variable Investment Option of the same type as described in this paragraph.

A Portfolio of a Variable Investment Option might, in our judgment, become unsuitable for investment by a Separate Account or a Variable Investment Option because of legal, regulatory, or federal income tax restrictions. In such event, shares of another series or shares of another unit investment trust may be substituted for shares already purchased with respect to the Separate Account or as the security to be purchased in the future, provided that such substitution meets

applicable federal income tax guidelines and, to the extent required by law, has been approved by the Securities and Exchange Commission and such other regulatory authorities as may be necessary.

If the exercise of these rights results in a material change in the underlying investments of a Separate Account or Variable Investment Option, the Employer will be notified of such exercise, as required by law.

PART III – CONTRIBUTIONS, ALLOCATIONS AND DISCONTINUANCE

SECTION 3.01-CONTRIBUTIONS

We indicate in this Section and the data pages any limits on the type, source or amount of Contributions we will accept.

We reserve the right to reject any Contributions of less than [\$20.00] unless otherwise specified by the Code.

No Contributions will be accepted unless they are in United States currency. We reserve the right not to accept funds by electronic means unless they meet our specifications. If we determine that an applicable tax charge described in the Section, “Applicable Tax Charges,” applies to Contributions, we reserve the right to reduce Contributions by the amount of any such applicable tax charge before Contributions are allocated among the Investment Options under the Contract.

The Employer makes Contributions from time to time pursuant to the terms of the Plan. Before making Contributions to the Contract the Employer or the Employer’s Designee will report in a manner acceptable to us the types or sources of Contributions it may make or permit to be made to the Contract under the Plan. We do not accept any Contributions unless we have documentation acceptable to us that such Contribution is permitted under the Plan.

At the time the Contribution is made, the Employer or the Employer’s Designee must indicate the source or type of the Contribution as:

- A Contribution determined by reference to your compensation; or
- A Contribution of funds directly transferred from another governmental employer Section 457(b) plan (if and as permitted by the Plan); or
- A Contribution of funds directly transferred from another funding vehicle under the Plan (if and as permitted by the Plan); or
- A rollover Contribution as described below in this Section.

We will separately account for the different types of Contribution sources. If the Employer or the Employer’s Designee fails to indicate the source or type of the Contribution, we reserve the right to hold the unidentified funds in a suspense account pending instructions.

Contributions to the Contract determined by reference to compensation are limited to the maximum amount that may be deferred for you for any taxable year under Section 457 of the Code. Corrective distributions of amounts in excess of amounts permitted to be contributed to the Contract are subject to a withdrawal charge described in the Section, “Withdrawal Charges” unless otherwise specified in the Contract.

Direct transfers and rollover Contributions may not be made to the Contract unless permitted by the terms of the Plan, and the Employer or Employer’s Designee documents approval in a manner acceptable to us. A “rollover contribution” is one permitted by any of the following Sections of the Code: 402(c), 402(e)(6), 403(a)(4), 403(b)(8), 408(d)(3) and 457(e)(16). Rollover Contributions will be separately accounted for as required under the Code.

If we are notified or we determine that any Contributions would cause the Contract not to qualify under Section 457(b) of the Code, we reserve the right to either (i) refuse to accept those

Contributions, or (ii) separately account for such Contributions and any allocable net income in a nonqualified deferred annuity contract or other permissible contractual arrangement for the exclusive benefit of you and your beneficiaries. We are not required to monitor compliance with contribution limits under Section 457(b).

SECTION 3.02-ALLOCATIONS

Each Contribution (less any applicable tax charge in accordance with the Section “Applicable Tax Charges”) is allocated among Investment Options in accordance with the instructions submitted in a form acceptable to us by you or the Employer. You may allocate Contributions to, or transfer among the Investment Options available under the Contract, unless otherwise indicated to us by your Employer or its Designee.

Restrictions on Allocations into the Guaranteed Interest Option

No more than a percentage, as stated in the data pages, of any contribution may be allocated to the Guaranteed Interest Option. We may suspend these allocation restrictions upon notice to you. We will advise you of any such liberalization. We will advise you at least 45 days in advance of the day we intend to reimpose any such restrictions, unless we have previously specified that date when we notified you of the liberalization.

SECTION 3.03-DISCONTINUANCE OF CONTRIBUTIONS

Either party can limit or discontinue Contributions under the Contract at any time.

If Contributions are limited or discontinued, all terms and conditions of the Contract continue to apply to amounts held under the Contract. If Contributions are discontinued, no additional Contributions can be made. Amounts maintained in the Contract will continue to be subject to withdrawal charges, if any, based on your Contract Date or Participation Date whichever applies.

PART IV – TRANSFERS AMONG INVESTMENT OPTIONS

SECTION 4.01-TRANSFER REQUESTS

Unless we are otherwise instructed by the Employer, you may submit a written request to transfer all or part of the amount held in an Investment Option to one or more of the other Investment Options. Transfer requests are subject to a minimum amount of [\$300]. The request must specify the source(s) of Contributions, if applicable, to which the transfer applies. All transfers will be made on the Transaction Date and will be subject to the terms in the section “Transfer Rules” and to our rules in effect at the time of transfer. With respect to a Separate Account, the transfers will be made at the Accumulation Unit Value next computed for that Transaction Date.

SECTION 4.02-TRANSFER RULES

Transfer requests must be in writing and delivered by U.S. mail to our Processing Office unless we accept an alternative form of communication (such as internet or automated telephone). The use of alternative forms of communication is subject to our rules then in effect for each such service. We may provide information about our rules and the use of communication services in a product prospectus, prospectus supplements, disclosure document or other notifications, as mailed to your last known address in our records from time to time. Any alternative form of communication that we make available may be changed or discontinued at any time. Communication services may be restricted or denied if we determine that you used such services for market timing or other trading strategies that may disrupt operation of a Variable Investment Option or have a detrimental effect on the Accumulation Unit Value of any Variable Investment Option.

If the Employer has elected to have any Type B Investment Option available to you, as described in the section “Types of Investment Options”, whether or not you have amounts in any such Investment Options, then the following applies unless otherwise specified in the data pages:

The amount that you may transfer from the Guaranteed Interest Option to a Variable Investment Option in any Participation Year is as follows:

- (a) A percentage, as stated in the data pages, of the amount in the Guaranteed Interest Option on the last day of the prior Participation Year, or if greater,
- (b) The total of all amounts transferred at your request from the Guaranteed Interest Option to a Variable Investment Option in the prior Participation Year.

If an amount was allocated to the Guaranteed Interest Option as a result of a total transfer of Plan funds (that is, a transfer initiated by the Employer on your behalf) from another funding vehicle, the amount which may be transferred from the Guaranteed Interest Option for the transfer period in which such allocation occurred will be an amount equal to the percentage determined in (a) above, but applied to the amount initially allocated to the Guaranteed Interest Option on your behalf.

We reserve the right to:

- (1) limit transfers among or to the Variable Investment Options to no more than once every 30 days;
- (2) require a minimum time period between each transfer into or out of one or more specified Variable Investment Options;
- (3) establish a maximum dollar amount that may be transferred by an owner on any transaction date among Variable Investment Options;
- (4) reject transfer requests from a person acting on behalf of multiple Participants pursuant to a trading authorization agreement that we have accepted;
- (5) restrict or prohibit transfers in connection with execution of Investment Option instructions to restrict or prohibit purchases or redemptions of fund shares or to collect a redemption fee on transfers involving fund shares;
- (6) impose conditions or limitations on transfer rights, restrict transfers or refuse any particular transfer if we are concerned that market timing, excessive trading or other trading strategies may disrupt operation of a Variable Investment Option or may have a detrimental effect on the Accumulation Unit Value of any Variable Investment Option or determine that you have engaged in any such strategy;

We will provide written notice to your Employer 45 days in advance before any action is taken pursuant to subsection (1) through (6) above.

We have the right to change our transfer rules. Any change will be made upon advance notice to you.

Restrictions on Transfers Into the Guaranteed Interest Option

Transfers into the Guaranteed Interest Option will not be permitted if it would result in more than a percentage, as stated in the data pages, of the Annuity Account Value to be in the Guaranteed Interest Option, based on the Annuity Account Value of the previous Business Day. We may suspend these transfer restrictions upon notice to you. We will advise you of such liberalization. We will also advise you at least 45 days in advance of the day we intend to reimpose any such restrictions, unless we have previously specified that date when we notified you of the liberalization.

PART V-DISTRIBUTIONS AND DEATH BENEFITS

SECTION 5.01-RESTRICTIONS ON WITHDRAWALS, DISTRIBUTIONS AND OTHER PAYMENTS

Payments of Cash Value pursuant to the Section, "General Withdrawals" or Part VII, "Annuity Benefits and Required Minimum Distributions" are subject to the restrictions described in this Section. We reserve the right to require proof acceptable to us that a request for payment under any of those Sections is permissible under the Plan and the Code before processing the requested transaction.

Except as otherwise permitted under Section 457 of the Code and in accordance with the terms of the Plan, amounts will not be paid to you or your Beneficiaries earlier than (i) the calendar year in which you attain age 70 ½, (ii) when you have severed from employment with the Employer, (iii) when you are faced with an unforeseeable emergency (within the meaning of applicable federal income tax Regulations), (iv) when permissible distributions must be made pursuant to a qualified domestic relations order or (v) in the case of Plan termination.

SECTION 5.02-GENERAL WITHDRAWALS

All withdrawal requests will require the written authorization of the Employer or the Employer's Designee in a form acceptable to us, specifying the portion of your Annuity Account Value that is available for distribution, the amount to be withdrawn and the Investment Option(s) from which the withdrawal is to be made. Withdrawals are subject to the restrictions in the Section, "Restrictions on Withdrawals, Distributions and Other Payments".

If and as permitted both under the Plan and the recipient plan and the Code, the Employer or the Employer's Designee may request us to directly transfer amounts from the Contract to another funding vehicle under the Plan or to another governmental employer Section 457(b) Plan. A request may also be made for a direct transfer to purchase permissive service credits. We will not process transfers until we receive the documentation we require.

Withdrawal Charges or transaction charges described in the Part IX, "Charges" will be imposed on transfers. Transfers of Cash Value while there is an outstanding loan are limited as described in the Section, "Loans."

Unless instructed otherwise, the amount withdrawn (including any withdrawal charge) will be deducted from the Investment Options in proportion to the amounts in such Investment Options.

We may decline to accept a request for a withdrawal of less than [\$300], or where the withdrawal would violate the provisions of this Section. If a withdrawal made under this Section would result in an Annuity Account Value of less than [\$500], we will inform you and reserve the right to terminate participation under the Contract pursuant to the Section, "Participant Accounts".

Prior to making any payment, we may request from the Employer or the Employer's Designee such information which may include a certification as we may reasonably require to determine if the withdrawal, alone or together with any previous withdrawal by you is necessary and proper under the terms of the Plan.

We will pay any amount payable under this subsection as the Employer or the Employer's Designee directs in writing and such payment will fully discharge us from all liability with respect to the amount paid.

SECTION 5.03-DIRECT ROLLOVER WITHDRAWALS

Unless otherwise instructed by the Employer or the Employer's Designee, any withdrawal request for a direct rollover from your account must be made through the Employer.

You may elect to have all or any portion of your Cash Value paid directly to another "eligible retirement plan" in a "direct rollover transaction" in accordance with Sections 457(e)(16), 402(c) and 401(a)(31) of the Code. A surviving spouse beneficiary described in the "Beneficiary" Section of the Contract may also elect a direct rollover of the Death Benefit described in the "Death Benefit" Section of the Contract.

In order to elect this option all of the following requirements must be met:

- (a) The recipient of the distribution must be an eligible retirement plan maintained for your benefit (or for the benefit of your surviving spouse).
- (b) The distribution must not include any after-tax Contributions to the Contract except as otherwise permitted under the Code.
- (c) The direct rollover option is not available to the extent that a minimum distribution is required under Section 401(a)(9) of the Code. See the Section, "Required Minimum Distributions", below. We reserve the right to determine the amount of the Required Minimum Distribution. If you have elected a payment option under Part VII, "Annuity Benefits and Required Minimum Distributions", which is either a life-contingent annuity or pays substantially equal periodic payments for a period of ten years or more, the direct rollover option does not apply to those funds.
- (d) The direct rollover option is not available for a distribution due to an unforeseeable emergency, except as otherwise permitted under the Code.

Unless prohibited by the Plan, non-spousal death beneficiaries may directly roll over death benefits to a new inherited individual retirement arrangement as provided in the Code.

If the Plan permits contract terminations due to small account balances, if the balance is more than \$1,000 and you do not elect to either (i) receive the distribution or (ii) specify an eligible retirement plan to receive the distribution in a direct rollover, then we will directly roll over the distribution to an individual retirement plan designated by the Employer or the Employer's Designee.

SECTION 5.04-DEATH BENEFIT

Payment of the death benefit is subject to the (1) terms of the Plan, and (2) “Required Minimum Distribution” rules of Sections 457(b) and 401(a)(9) of the Code, described in the Section, “Required Minimum Distributions”.

Upon our receipt of due proof of your death and any required instructions, information and forms necessary to effect the payment (the Transaction Date), we will pay to the Beneficiary unless otherwise directed by the Employer or the Employer’s Designee the amount of the death benefit. We will pay the death benefit in the form elected by the Beneficiary and reported to us by the Employer or the Employer’s Designee. Subject to the rules and laws then in effect, the Beneficiary may elect:

- (a) to receive the death benefit in a single sum;
- (b) to apply the death benefit to purchase an Annuity Benefit in a form that we currently offer;
- (c) to apply the death benefit to provide any other form of benefit that we offer.

If permitted by the Plan and if you so elect in writing, any amount that would otherwise be payable to a Beneficiary in a single sum will be applied to provide an Annuity Benefit. Subject to our rules then in effect, such election may be changed during your lifetime. Any such change must be made in writing in a form acceptable to us. Your election cannot be changed by the Beneficiary. If at your death there is no election in effect, the Beneficiary may make such an election. In the absence of any election by either you or your Beneficiary, we will pay the death benefit in a single sum.

The amount of the death benefit is equal to the greater of (i) the Annuity Account Value as of the Transaction Date less any unpaid loan balance including interest due but not paid, and (ii) the minimum death benefit. The minimum death benefit is the sum of all Contributions less any withdrawals, withdrawal charges (if applicable), and less any unpaid loan balance including interest due but not paid. Withdrawals will reduce the minimum death benefit on a pro rata basis. Reduction on a pro rata basis means that we calculate the percentage of your current Annuity Account Value that is being withdrawn and we reduce your current minimum death benefit by that same percentage.

The death benefit will not be paid under this Section if the “Beneficiary Continuation Option” under the Section, “Beneficiary Continuation Option” is in effect.

Enhanced Death Benefit

If you elect the Enhanced Death Benefit the following will apply to the amount of the death benefit instead of the amount of the death benefit described above. The amount of the death benefit will be equal to the greater of (i) the Annuity Account Value as of the Transaction Date less any outstanding loan and accrued loan interest, and (ii) the Enhanced Death Benefit as of the date of your death.

On the Participation Date, the Enhanced Death Benefit is equal to the initial Contribution. Thereafter, the Enhanced Death Benefit will be reset every [three] years on the Participation Date

anniversary to the Annuity Account Value if greater than the previously established Enhanced Death Benefit (adjusted for Contributions and withdrawals), up to the date that you attain age [85]. Contributions will increase the Enhanced Death Benefit on a dollar-for-dollar basis. Withdrawals will reduce the Enhanced Death Benefit on a pro rata basis, in the same manner as for the minimum death benefit described above.

Once elected at the time of enrollment you may not terminate the Enhanced Death Benefit. The charge for the Enhanced Death Benefit will be a percentage of the Annuity Account Value on the Participation Date anniversary, see the section “Charges Deducted From Annuity Account Value”.

Beneficiary

Subject to the terms of the Plan, you may name one or more persons to be primary Beneficiary and one or more persons to be successor Beneficiary if the primary Beneficiary dies before you. If you have named two or more persons as Beneficiary, the Beneficiary will be the named person or persons who survive you and payments will be made to such persons in equal shares or to the survivor. Unless you specifically elect in writing otherwise, we will treat each Beneficiary’s share of the death benefit payable as a separate account for the benefit of each Beneficiary as described in Treasury Regulation Section 1.401(a)(9)-8 Q&A A-2(a)(2) or any successor Regulation.

You may change the Beneficiary during your lifetime and while your coverage under the Contract is in force. Any such change must be made in writing in a form acceptable to us. A change will take effect as of the date the written form is executed, whether or not you are living on the date of receipt at the Processing Office. We will not be liable as to any payments made or actions taken before receipt of any such change at the Processing Office.

Any part of a death benefit payable as described in the Section, “Beneficiary” for which there is no named Beneficiary living at your death will be payable in a single sum to your surviving spouse, if any, or if there is no surviving spouse, then to your children who survive you, in equal shares, or, if there are no surviving children, then to your estate.

SECTION 5.05-BENEFICIARY CONTINUATION OPTION

Except as otherwise provided in this Section, this Section will apply only if you die before the Annuity Commencement Date, and the Beneficiary(ies) named under the “Beneficiary” Section of the Contract is an individual. With the exception of the following paragraph, this Section does not apply to any Beneficiary that is not an individual, and the non-individual Beneficiary’s portion of the death benefit described in the “Death Benefit” Section of the Contract is payable to such non-individual Beneficiary.

This Section applies to a non-individual Beneficiary only if it is a “see-through trust”. A “see-through trust” is an irrevocable trust, valid under state law, the only beneficiaries of which are individuals, and which trust has met applicable documentation requirements under applicable Regulations as we may determine.

A trust with only individual beneficiaries may continue your interest under the Contract after your death if:

1. the trust is the only Beneficiary of your account under the Contract;
2. all the beneficiaries of the trust are individuals;
3. the trust qualifies as a designated beneficiary for purposes of the Required Minimum Distribution rules of the Code; and
4. the trust provides us the documentation that we require within the time period we require.

If such a “see-through trust” described in Treasury Regulation Section 1.401(a)(9)-4 Q&A A-5, or any successor Regulation, is the Beneficiary named pursuant to the “Beneficiary” Section of the Contract, and the “see-through trust” elects to continue your account under the Contract, the oldest trust Beneficiary is the “Continuation Beneficiary” and the individual whose life expectancy is used to measure payments required after your death as described in the Section, “Required Minimum Distribution Rules - Payments After Your Death”.

If this Section applies and there is more than one Beneficiary, your entire interest in your account under the Contract will be apportioned among your Beneficiaries as you designate pursuant to the “Beneficiary” Section of the Contract.

If the Beneficiary qualifies to continue your account under the Contract, and we receive that Beneficiary’s completed election no later than September 30 of the calendar year following the calendar year of your death and before any contrary election is made, that Beneficiary may continue your account under the Contract pursuant to this Section under the terms set forth in (a) through (h) below. Each such Beneficiary electing to continue his or her portion of the interest under your account under the Contract is a “Continuation Beneficiary”.

For any Beneficiary who does not timely elect to continue his or her portion of the interest under your account under the Contract, we will pay that Beneficiary’s share of the death benefit pursuant to the “Death Benefit” Section of the Contract, in a lump sum.

The terms of the Beneficiary Continuation Option are as follows:

- a. Your account under the Contract cannot be assigned and must continue to be held for the benefit of the Continuation Beneficiary after your death.
- b. As of the date we receive satisfactory proof of your death and all written documentation necessary to make a claim under the Contract, we will compare the Annuity Account Value and the guaranteed minimum death benefit as of this date (the reset date, if applicable). If the Annuity Account Value is less than the guaranteed minimum death benefit, we will reset the Annuity Account Value to equal such death benefit.

If there are multiple beneficiaries, the reset date will be the date on which we receive the documentation as described in this subparagraph (b). Any Beneficiary subsequently electing a death benefit will receive the applicable payment amount.

The death benefit provision ends after the Beneficiary Continuation Option is elected.

- c. Each Continuation Beneficiary will automatically become the Participant as defined in the Contract with respect to that Continuation Beneficiary's portion of the interest in your account under the Contract. If you have specifically elected under the Section, "Beneficiary" that we not separately account for each Beneficiary's portion of the interest in your account under the Contract, the oldest Continuation Beneficiary will be the Participant for purposes of calculating the Required Minimum Distribution payments.
- d. Each Continuation Beneficiary may transfer amounts among the Investment Options with respect to the Continuation Beneficiary's share of the interest in your account under the Contract.
- e. A Continuation Beneficiary cannot make any additional Contributions.
- f. Distributions to the Continuation Beneficiary will be made in accordance with the Section, "Required Minimum Distribution Rules-Payments After Your Death".
- g. The Continuation Beneficiary may withdraw the Annuity Account Value apportioned to such Continuation Beneficiary at any time; withdrawals made after we have received a Continuation Beneficiary's election to continue your account under the Contract are not subject to a withdrawal charge.
- h. Upon the Continuation Beneficiary's death, we will make a lump sum payment to the person designated by the deceased Continuation Beneficiary to receive that deceased Continuation Beneficiary's portion of the Annuity Account Value, if any remains. In the alternative, the deceased Continuation Beneficiary's designated beneficiary may elect to continue the payment method originally elected by the deceased Continuation Beneficiary in accordance with paragraph (b)(1) or (b)(2) of the Section, "Required Minimum Distribution Rules-Payments After Your Death".

PART VI - PLAN LOANS

SECTION 6.01-LOANS

General:

If and as permitted by the Plan and prior to your Annuity Commencement Date, you may make a request for a loan by completing a Loan Request Form. Your loan is subject to the terms of the Plan and the Code. Future restrictions in the Code may require changes in the terms and availability of loans.

We reserve the right not to permit a new loan if you have previously defaulted on a loan and have not fully repaid the outstanding amount due.

A loan is effective on the date we specify, and after we approve the Loan Request Form. Your Loan Request Form, together with your loan confirmation notice, will be your loan agreement and will contain all the terms of the loan which apply, including the amount of the loan, interest rate and the repayment due dates.

You may have only [one] outstanding loan at a time.

A. Loan Amount:

The minimum loan amount will be stated on the Loan Request Form. In no event will the minimum amount of a loan be less than [\$500].

The loan amount requested cannot exceed the maximum loan amount permitted under the Plan and Section 72(p) of the Code. The maximum loan amount is limited to the maximum amount aggregated for all plan loans which you have outstanding under all qualified plans of the Employer and other funding vehicles under the Plan, as required by Section 72(p) of the Code.

The maximum loan amount you are permitted under the Code may not be more than the lesser of (A) or (B) below:

(A) \$50,000, less the highest outstanding balance of loans under any other funding vehicles under the Plan or any other qualified plan that you may have with the Employer during the one-year period ending on the day before the Loan Effective Date, over the outstanding balance of loans under any other funding vehicles under the Plan or other qualified plans of the Employer on the Loan Effective Date.

(B) The greater of (i) one half the present value of your nonforfeitable accrued benefit under all of the funding vehicles under the Plan or other qualified plans of the Employer or (ii) \$10,000.

B. Loan Term:

The loan term will be for a maximum of five years. If you state on the Loan Request Form that the purpose of the loan is to purchase your principal residence, the loan term will be for a maximum of ten years. Repayment of the loan may be accelerated and full repayment of any unpaid principal and interest will be required upon the earliest of (1) the

election and commencement of Annuity Benefits under the Section, “Commencement of Annuity Benefits”, (2) the date of termination pursuant to the Sections, “Discontinuance of Contributions” and “Participant Accounts”, (3) the date we pay a death benefit pursuant to the Section, “Death Benefit” or (iv) any date we determine that the Code requires acceleration of the loan repayment so that the Federal income tax status of the Contract is not adversely affected.

C. Loan Reserve Account:

On the Loan Effective Date, we will transfer to a “Loan Reserve Account” an amount equal to the sum of (1) the loan amount, which will earn interest at the “Loan Reserve Account Rate” during the loan term but in no event less than the minimum Guaranteed Interest Rate, as defined in the Contract; and (2) 10% of the loan amount, which will earn interest at the Guaranteed Interest Rate.

The “Loan Reserve Account Rate” will equal the loan interest rate (see subsection D below) minus 2%, or such other percentage determined by us in accordance with our then current procedures. Such rate shall not be greater than permitted under any current applicable state or federal law.

Unless the Employer or the Employer’s Designee specifies otherwise, you may specify on the Loan Request Form from which Investment Option(s) the Loan Reserve Account will be funded. We will transfer the required (or additional required) amounts from each Investment Option in proportion to the amount that you have in the Investment Options. In the absence of direction, or if the directions cover only part of the amount required to be transferred to the Loan Reserve Account, we will transfer the required (or additional required) amounts from each Investment Option in proportion to the amount in such Investment Options.

You may not make any withdrawals from any part of the Cash Value; or transfer amounts among Investment Options; or make or agree to any transfers from the Contract to another 457(b) plan or another funding vehicle under the Plan; or roll over amounts to another eligible retirement plan until after repayment of your loan then due, including interest due but not paid.

D. Loan Interest Rate:

We will from time to time set the effective annual rate at which interest on a loan will accrue daily (the “loan interest rate”). The rate so determined by us or the Employer will be a reasonable rate based on prevailing rates available at the date of determination on loans charged by persons in the business of lending money for loans made under similar circumstances. Such rate will not be greater than any maximum rate required under any current applicable state or federal law.

If requested by the Employer or the Employer’s Designee, we will substitute the rate requested by the Employer or the Employer’s Designee, subject to any limitations imposed by law.

E. Repayments:

The loan must be repaid according to the repayment schedule, which will require that substantially level amortization payments of principal and interest be made no less frequently than quarterly, unless otherwise required or permitted by law. The loan may be repaid in full at any time, including interest due. We will apply payments first to interest due, with the balance applied towards repayment of the loan principal. After any repayment is made, including full repayment of the loan, the principal amount repaid will be transferred from the Loan Reserve Account to the Guaranteed Interest Option and may be withdrawn (if otherwise permitted), transferred to another Investment Option, or applied to an Annuity Benefit.

F. Default:

By each repayment due date (or a specified date thereafter in accordance with our then current procedures) if the amount of the loan repayment is less than the amount due or the loan repayment is not received at our Processing Office, we will treat the loan as being in default. We will treat the entire unpaid balance of the loan at that time, including interest due but not paid, as a deemed distribution for Federal income tax purposes. We reserve the right to change our procedures at any time.

If the amount in the Loan Reserve Account is not subject to the restrictions described in the Section, "Restrictions on Withdrawals, Distributions and Other Payments," on default we reserve the right to deduct from the Loan Reserve Account an amount equal to the interest and principal payments due, plus any withdrawal charges that apply and any required tax withholding.

If the amount in the Loan Reserve Account is subject to the restrictions described in the Section, "Restrictions on Withdrawals, Distributions and Other Payments", on default we will designate in the Loan Reserve Account an amount equal to the unpaid balance (interest and principal payments due) at the time of the default. When your account under the Contract is no longer subject to the withdrawal restrictions of the Section, "Restrictions on Withdrawals, Distributions and Other Payments" we will have the right to foreclose on this amount, and deduct any withdrawal charges that would have applied at the time of the default, plus any interest due, and any required tax withholding. This will be no later than the date you reach age 70 ½ or we are notified in writing that another event has occurred which would permit restricted amounts to be paid. (Such an event includes a severance from employment with the Employer or death.)

G. Changes:

We have the right to change the loan terms, as long as any such change is made to maintain compliance with the terms of any laws that apply to the Contract.

PART VII ANNUITY BENEFITS AND REQUIRED MINIMUM DISTRIBUTIONS

SECTION 7.01-FORMS OF DISTRIBUTION

You may elect (i) a single sum distribution, (ii) an Annuity Benefit, or (iii) any other form of payment of the Cash Value we offer, subject to the terms of the Plan and the approval of the Employer.

SECTION 7.02-ELECTION/REPORT FOR ANNUITY BENEFIT

An election to have the Cash Value paid in the form of an Annuity Benefit can only be made if the Cash Value is at least \$2,000. The Employer will report to us each Participant or other person with respect to whom an Annuity Benefit is to be provided under the Contract and whether all or a portion of the Cash Value is to be used for such Annuity Benefit. The report must be made before the first payment under such Annuity Benefit and must be in the form we prescribe and will include all pertinent facts and determinations we request. We will rely on the reports and other information furnished by the Employer and will not inquire as to the accuracy or completeness thereof.

SECTION 7.03-ANNUITY BENEFIT FORMS

The “normal form” of Annuity Benefit is an Annuity Benefit payable on the Life-10 Year Period Certain Annuity Form described below, unless another form may apply pursuant to the terms of the Plan, or any law that applies. We may offer other annuity forms available from us or from one of our affiliated or subsidiary life insurance companies. Such form may include the Joint and Survivor Life Annuity Form that provides monthly payments while either of the two persons upon whose lives such payments depend is living. The monthly amount to be continued when only one of the persons is living will be equal to a percentage, as elected, of the monthly amount that was paid while both were living.

The Life-10 Year Period Certain Annuity Form is an annuity payable during the lifetime of the person on whose life the payments depend, but with 10 years of payments guaranteed (10 years certain period). That is, if you die before the 10-year certain period has ended, payments will continue to the Beneficiary named to receive such payments for the balance of the certain period. In no event will the certain period exceed the life expectancy of the person on whose life the annuity payments depend in accordance with the Code. The Life-10 Year Period Certain Annuity Form is payable on a unisex basis.

SECTION 7.04-AMOUNT OF ANNUITY BENEFITS

If an Annuity Benefit payment is elected in lieu of the Cash Value, the amount applied to provide the Annuity Benefit will, unless otherwise specified by the Employer or required by applicable laws and regulations, be (1) the Annuity Account Value, if the annuity form elected provides payments for a person’s remaining lifetime or (2) the Cash Value, if the annuity form elected does not provide such lifetime payments.

The amount applied to provide an Annuity Benefit may be reduced by a charge for any taxes, as described under the Section, “Applicable Tax Charges”, that apply to annuity purchase payments. If we have previously deducted charges for applicable taxes from Contributions, we

will not again deduct charges for the same taxes before an Annuity Benefit is provided. The balance will be used to purchase the Annuity Benefit on the basis of either (1) the Tables of Guaranteed Annuity Payments or (2) our then current individual annuity rates, whichever rates would provide a larger benefit with respect to the payee, or (3) any of our single consideration immediate annuity contracts offered at the time to the same class of Participants.

SECTION 7.05-ANNUITY BENEFIT

Payments under an Annuity Benefit will be made monthly. An election may be made to have the Annuity Benefit paid at other intervals, such as every three months, six months, or twelve months, instead of monthly, subject to our rules at the time of election. This election may be made at the time the Annuity Benefit form as described in the Section, “Annuity Benefit Forms” is elected. In that event, all references in the Contract to monthly payments will be deemed to mean payments at the frequency elected.

SECTION 7.06-REQUIRED MINIMUM DISTRIBUTIONS

The Contract is subject to the “Required Minimum Distribution” (“RMD”) rules of Sections 401(a)(9) and 457 of the Code, including the Treasury Regulations that apply. To the extent that any payment, benefit, or distribution options available to you under the Contract conflict with the Code, the Code requirements prevail. Further, it is the responsibility of the Plan to implement the RMD for you or beneficiary under the Plan.

Subsection A below describes the Required Minimum Distribution payments to be made during your lifetime. Subsection B below describes the Required Minimum Distribution payments to be made after your death, if you die before your entire interest under the Contract is distributed to you.

The Required Minimum Distribution rules may be satisfied by either electing an Annuity Benefit or by taking withdrawals at least annually from or with respect to your entire interest under the Contract, all as subject to the following rules:

A. REQUIRED MINIMUM DISTRIBUTION RULES – PAYMENTS DURING YOUR LIFE

Except as otherwise noted in this Subsection A, your entire interest under the Contract will be distributed, or begin to be distributed, no later than your Required Beginning Date. For purposes of this Subsection A your Required Beginning Date is April 1 of the calendar year following the later of these two choices: (a) the calendar year you reach age 70 1/2 or (b) the calendar year you retire from employment with the Employer.

The Required Minimum Distribution payment may be computed under any of the methods permitted under Section 401(a)(9) of the Code, including payments over your life, or the lives of you and your named Beneficiary, or a period certain not extending beyond your life expectancy, or the joint and last survivor expectancy of you and your named Beneficiary. Payments must be made as required by the Required Minimum Distribution rules, including “incidental death benefit” rules described in the Treasury Regulations.

Manner of Payment

The Required Minimum Distribution rules may be satisfied by applying any portion of your entire interest under the Contract to an Annuity Benefit which satisfies Treasury Regulation Section 1.401(a)(9)-6, or any successor Regulation. The distribution periods described in the preceding paragraph cannot exceed the periods specified in Section 1.401(a)(9)-6 of the Treasury Regulations or any successor Regulation. If such an Annuity Benefit is elected after the Required Beginning Date, the first payment interval must begin on or before the date amounts are applied to the Annuity Benefit and the payment required for one payment interval must be made no later than the end of such payment interval.

These “lifetime” Required Minimum Distribution payments must be made in periodic payments at intervals of no longer than 1 year and must be either non-increasing or they may increase only as provided in Q&A-14 of Section 1.401(a)(9)-6 of the Treasury Regulations or any successor Regulation. In addition, any distribution must satisfy the incidental benefit requirements specified in Q&A-2 of Treasury Regulation Section 1.401(a)(9)-6 or any successor Regulation.

To the extent that distributions have not begun in the form of an annuity on an irrevocable basis (except for acceleration) lifetime distributions of your entire interest under the Contract must be made as follows:

The lifetime Required Minimum Distribution amount to be distributed for each calendar year for which a distribution is required is the lesser of:

- (a) the quotient obtained by dividing your entire interest under the Contract (determined in accordance with Treasury Regulations) by the distribution period in the Uniform Lifetime Table set forth in Treasury Regulation Section 1.401(a)(9)-9 or any successor Regulation, using your attained age as of your birthday in the calendar year for which the distribution is required; or
- (b) if your sole designated Beneficiary for the calendar year for which the distribution is required is your spouse, the quotient obtained by dividing your entire interest under the Contract (determined in accordance with Treasury Regulations) by the number in the Joint and Last Survivor Table set forth in Treasury Regulation Section 1.401(a)(9)-9 or any successor Regulation, using the respective attained ages of you and your spouse as of their respective birthdays in the calendar year for which a distribution is required.

For purposes of these Required Minimum Distribution rules, prior to commencement of annuity payments under your account under the Contract on an irrevocable basis, your entire interest under the Contract as of any valuation date includes the dollar amount credited under your account under the Contract on your behalf plus the actuarial value of any other benefits (such as minimum survivor benefits) that will be provided under your account under the Contract.

B. REQUIRED MINIMUM DISTRIBUTION RULES – PAYMENTS AFTER THE YOUR DEATH

Death On or After Lifetime Required Minimum Distribution Payments Begin. If you die on or after lifetime Required Minimum Distribution payments begin, the remaining portion of your interest under the Contract will continue to be distributed at least as rapidly as under the Annuity Benefit or other option chosen under the Contract.

- (b) *Death Before Lifetime Required Minimum Distribution Payments Begin.* If you die before lifetime Required Minimum Distribution payments begin, your entire interest will be distributed at least as rapidly as follows:
- (1) If your Beneficiary is an individual other than your surviving spouse as described in the immediately following paragraph, your entire interest under the Contract will be distributed, starting by the end of the calendar year following the calendar year of your death, over the remaining life expectancy of the designated Beneficiary, with such life expectancy determined using the age of the Beneficiary as of his or her birthday in the year following the year of your death. In the alternative, the Beneficiary may elect to take distribution of your entire interest under the Contract in accordance with this Subsection B, paragraph (b)(3) below.
 - (2) If your sole Beneficiary is your surviving spouse, your entire interest under the Contract will be distributed, starting by the end of the calendar year following the calendar year of your death (or by the end of the calendar year in which you would have attained age 70 1/2 if later), over such surviving spouse's life. In the alternative, your surviving spouse may elect to take distribution of your entire interest under the Contract in accordance with this Subsection B, paragraph (b)(3) below.

If your surviving spouse dies before these required distributions commence to him or her, your remaining interest under the Contract will be distributed, starting by the end of the calendar year following the calendar year of your surviving spouse's death, over your spouse's designated beneficiary's remaining life expectancy determined using such beneficiary's age as of his or her birthday in the year following the death of your spouse. In the alternative, that beneficiary may elect to take distribution of your entire interest under the Contract in accordance with this Subsection B, paragraph (b)(3) below. If your surviving spouse dies after these required distributions commence to him or her, any remaining interest will continue to be distributed under the Annuity Benefit or other option chosen for your account under the Contract.
 - (3) If there is no individual designated as Beneficiary, or if the applicable Beneficiary chooses this alternative, the entire interest will be distributed by the end of the calendar year containing the fifth anniversary of your death (or of your surviving spouse's death in the case of the surviving spouse's death before distributions are required to begin under this Subsection B, paragraph (b)(2) above).

(4) Life expectancy is determined using the Single Life Table in Q&A-1 of Treasury Regulation Section 1.401(a)(9)-9 or any successor Regulation. If distributions are being made to the surviving spouse as the sole designated Beneficiary, such spouse's remaining life expectancy for a year is the number in the Single Life Table corresponding to such spouse's age in the year. For calendar years for which a distribution is required after the year of the surviving spouse's death, the remaining life expectancy of the surviving spouse is calculated using the age of the surviving spouse as of the spouse's birthday in the calendar year of the spouse's death, reduced by one for each subsequent calendar year. In all other cases, remaining life expectancy for a year is the number in the Single Life Table corresponding to the Beneficiary's age in the year specified in paragraph (b)(1) or (b)(2) of this Subsection B and reduced by 1 for each subsequent year.

(c) For purposes of paragraphs (a) and (b) of this Subsection B above, Required Minimum Distributions are considered to commence on the Participant's Required Beginning Date defined above in Subsection A of this section or, if applicable, on the date distributions are required to begin to your surviving spouse under paragraph (b)(2) above. However, if distributions start prior to the applicable date in the preceding sentence, on an irrevocable basis (except for acceleration) under an annuity contract meeting the requirements of Treasury Regulation Section 1.401(a)(9)-6 or any successor Regulation, then required distributions are considered to commence on the annuity starting date.

To the extent that distributions have not begun in the form of an annuity on an irrevocable basis (except for acceleration) distributions of your interest under the Contract after your death must be made in accordance with the following sentences. The Required Minimum Distribution for each calendar year for which a distribution is required after the year of your death is the quotient obtained by dividing your interest under the Contract (determined under Treasury Regulations) by the remaining life expectancy of the applicable Beneficiary, determined as provided above. The rules applicable to the determination of your entire interest under the Contract in Subsection A also apply. That is, for purposes of these Required Minimum Distribution rules, prior to commencement of annuity payments under the Contract on an irrevocable basis, your entire interest under the Contract as of any valuation date includes the dollar amount credited under the Contract plus the actuarial value of any other benefits (such as minimum survivor benefits) that will be provided under the Contract.

SECTION 7.07-COMMENCEMENT OF ANNUITY BENEFITS

We will notify you of the payout options available under the Contract at or prior to: (i) the Annuity Commencement Date reported to us by the Employer or the Employer's Designee for you; (ii) that you are attaining age 70 ½; and/or (iii) the Maturity Date.

Before the Annuity Commencement Date the date Annuity Benefits are to commence may be changed. The changed Annuity Commencement Date may be any date after we receive written notice acceptable to us from the Employer or the Employer's Designee of the change. The Annuity Commencement Date cannot be the 29th, 30th, or 31st day of any month. No Annuity Commencement Date will, however, be later than the Maturity Date specified in your Certificate, unless we change the age used to determine the Maturity Date in conformance with applicable law.

SECTION 7.08-CONDITIONS

We may require proof acceptable to us that the person on whose life a benefit payment is based is alive when each payment is due. We will require proof of the age of any person on whose life an Annuity Benefit is based.

If a benefit was based on information that is later found not to be correct, such benefit would be adjusted on the basis of the correct information. The adjustment will be made in the number or amount of the benefit payments, or any amount used to provide the benefit, or any combination. Overpayments by us will be charged against future payments. Underpayments will be added to future payments. Our liability is limited to the correct information and the actual amounts used to provide the benefits.

If the age (or sex, if applicable as stated in the Tables of Guaranteed Annuity Payments) of any person upon whose life an Annuity Benefit depends has been misstated, the benefits payable will be based on the benefit amount applicable to those that would have been purchased at the correct age (or sex). Any overpayments or underpayments made by us will be charged or credited with interest at (a) the rate of [6%] or (b) the then current Guaranteed Interest Rate; we will determine which rate will apply, on a uniform and nondiscriminatory manner, for similar contracts. Such interest will be deducted from or added to future payments.

If we receive proof satisfactory to us that (1) a payee entitled to receive any payment under the terms of the Contract is physically or mentally incompetent to receive such payment or is a minor, (2) another person or an institution is then maintaining or has custody of such payee, and (3) no guardian, committee or other representative of the estate of such payee has been appointed, we may make the payments to such other person or institution. In the case of a minor, each payment will not exceed [\$200]. We will have no further liability with respect to the payments so made.

If the amount to be applied hereunder is less than \$2,000 or would result in an initial payment of less than [\$20], we may pay the amount to the payee in a single sum instead of applying it under the annuity form elected.

SECTION 7.09 CHANGES

We reserve the right, upon advance written notice to the Employer, to change at any time on and after the fifth anniversary of the Contract Date, at intervals of not less than five years, the actuarial basis used in the Tables of Guaranteed Annuity Payments; however, no such change will apply to (A) any Annuity Benefit provided before the change or (B) Contributions made before such change that are applied to provide an Annuity Benefit.

PART VIII – PARTICIPANT ACCOUNTS

SECTION 8.01-PARTICIPANT ACCOUNTS

Subject to the terms of the Plan and the restrictions on distributions stated in the Section, “Restrictions on Distributions”, we will at the Employer’s request terminate your participation under the Contract by paying the Annuity Account Value (less any applicable charges) to you. This right will be exercised only if (i) no initial Contributions have been received on your behalf within 120 days of the Participation Date under the Certificate, (ii) there have been no on-going Contributions received on your behalf during the last three completed Participation Years, and the Annuity Account Value is less than [\$500], or (iii) a partial withdrawal is made that would result in your Annuity Account Value falling below [\$500].

If so specified in the data pages, the Employer may not make withdrawals from or terminate a Participant account without the Participant’s written consent.

PART IX - CHARGES

SECTION 9.01-WITHDRAWAL CHARGES

Payment made under Part V “ Distributions and Death Benefits” may be subject to a withdrawal charge as specified in the data pages.

The years of participation under the Prior Contract if applicable, may be included for purposes of determining the withdrawal charge.

The withdrawal charge will be reduced to the extent required to comply with any applicable state law.

We reserve the right to reduce or waive the withdrawal charge upon such events specified in the data pages.

If the Plan is subject to a withdrawal charge, then a “Free Withdrawal Amount” will apply as follows:

“Free Withdrawal Amount” means an amount equal to 10% of the Annuity Account Value minus the total of all prior withdrawals (and associated withdrawal charges) in the current Participation Year minus any amount in the Loan Reserve Account, which may be withdrawn from your account under the Contract without incurring a withdrawal charge. The free withdrawal amount when applicable may be changed but it will always be a percentage between 0% and 30%.

SECTION 9.02-THIRD PARTY TRANSFER CHARGE

We have the right to deduct a charge for each occurrence of a direct transfer to another funding vehicle under the Plan or another Section 457(b) plan, or a direct rollover to another eligible retirement plan in accordance with Sections 457(e)(16), 402(c) (31),and 401(a) of the Code. This charge, if any, will be specified in the data pages and will not be less than \$25 or greater than \$65.

SECTION 9.03-PLAN OPERATING EXPENSE

If we are instructed by the Employer or the Employer’s Designee to withdraw a Plan Operating Expense from your account, we will withdraw the specified amount on the last Business Day of each calendar quarter, or at any other time to which we agree, and remit the proceeds in accordance with instructions from the Employer or the Employer’s Designee. Such instructions may be given by you in the absence of instructions from the Employer or the Employer’s Designee, in which event we will remit the proceeds to the Plan’s duly authorized administrator. AXA Equitable shall have no responsibility for determining that this fee is necessary and proper under the terms of the Plan.

SECTION 9.04-CHARGES DEDUCTED FROM ANNUITY ACCOUNT VALUE

Enhanced Death Benefit Charge

If you elect the Enhanced Death Benefit, the charge will be specified in the Data Pages and will be a percentage of the Annuity Account Value not to exceed 0.15%. This charge will be deducted on each Participation Date anniversary pro rata from the Guaranteed Interest Option and Variable Investment Options.

Administrative Charge

We will deduct administrative charges related to the administration and/or distribution of the Certificate from the Annuity Account Value. Such charges, if any, are shown in the data pages. The amount of such charge may be increased to a maximum of \$65 in accordance with the Section, "Changes". We have the right to change the amount of the charges with respect to future Contributions subject to the maximum set forth in this Section. We will give you and the Employer advance written notice of any such change.

The administrative charge, if applicable, will be deducted pro rata from the Guaranteed Interest Option and Variable Investment Options. Also, the charge will be prorated for the Participation Year or portion thereof in which the Participation Date occurs or in which the Annuity Account Value is withdrawn or applied to provide an Annuity Benefit or death benefit.

SECTION 9.05-TRANSFER AND LOAN CHARGES

We reserve the right to impose a charge with respect to any of the following:

- 1) establishing and administration of a loan
- 2) any transfer among Variable Investment Options (after the number of such transfers indicated in the section "Transfer Rules")

The amount of the charge, if any, will be set forth in the data pages.

SECTION 9.06-SEPARATE ACCOUNT CHARGE

Net Assets of the Separate Account will be subject to a daily asset rate charge at an annual rate specified in the data pages.

SECTION 9.07-PLAN RECORDKEEPING SERVICE CHARGES

If the Employer requests that we provide Plan recordkeeping services and we agree, the Employer will pay such charge directly to us or in the alternative, the Employer may direct us to deduct such charge from your account. Such charges will be mutually agreed upon by the Employer and us.

SECTION 9.08 APPLICABLE TAX CHARGES

We reserve the right to deduct a charge that we determine to approximate certain taxes that may be imposed on us, including but not limited to premium taxes that may apply in your state of residence. The tax charge will be deducted from amounts applied to an Annuity Benefit

in accordance with Part VII, “Annuity Benefits and Required Minimum Distributions”. If the tax is imposed at a time other than when amounts are applied to an Annuity Benefit, we reserve the right to deduct the charge from Contributions in the Section, “Contributions, Allocations and Discontinuance” or withdrawals in the Sections, “General Withdrawals”.

SECTION 9.08-CHANGES

In addition to our right to reduce or waive charges as described in this Part IX of the Contract, we also reserve the right, upon advance written notice to the Employer, to increase the amount of any charge described in this Part IX, subject to any maximum provided. The application of any increase is to be made on a prospective basis. We also reserve the right, upon advance written notice to the Employer, to increase the maximum amount of any charge provided in this Part IX or the data pages, only with respect to Participants whose Participation Date occurs after the effective date of the increase, but subject to any maximum amount then permitted by any law that applies.

PART X – GENERAL PROVISIONS

SECTION 10.01-STATUTORY COMPLIANCE

We reserve the right to amend the terms of the Contract and any Certificate issued hereunder without the consent of any other person in order to comply with applicable laws and regulations. Such right will include, but not be limited to, the right to conform the terms of the Contract and any Certificate issued thereunder to reflect changes in the Code, in Treasury regulations or published rulings of the Internal Revenue Service, in the Employee Retirement Income Security Act of 1974 (ERISA), and in Department of Labor Regulations.

No amendment to the terms of the Contract may vest in any Employer any interest or control over any assets of the Plan invested in the Contract or cause any such assets to be used for or diverted to, purposes other than the exclusive benefit of Plan Participants or their beneficiaries

The benefits and values available under the Contract will not be less than the minimum benefits required by any applicable federal and/or state law.

SECTION 10.02-DEFERMENT

Application of proceeds to provide a payment of a death benefit under Part V and payment of any portion of the Annuity Account Value (less any applicable withdrawal charge) will be made within seven days after the Transaction Date. Payments or applications of proceeds from a Separate Account may be deferred for any period during which (1) the New York Stock Exchange is closed or trading is restricted, (2) sales of securities or determination of the fair value of the Separate Account's assets is not reasonably practicable because of an emergency, or (3) the Securities and Exchange Commission, by order, permits us to defer payment in order to protect persons with interests in the Separate Account. We may defer payment or transfer of any portion of the Annuity Account Value in the Guaranteed Interest Option for up to six months while you are living.

SECTION 10.03-NONTRANSFERABILITY, ASSIGNMENTS, NONFORFEITABILITY

You may not transfer your entire interest under the Contract. The Contract is intended to be nontransferable within the meaning of Section 401(g) of the Code.

No portion of your interest under the Contract or your rights under the Contract may be sold, assigned, pledged or transferred to any person other than the issuer of the Contract, or discounted, encumbered or pledged as collateral for a loan or be security for the performance of an obligation.

No amount payable under the Contract may be assigned, commuted, or encumbered by the payee. To the extent permitted by law, no such amount will in any way be subject to any legal process to subject the same to the payment of any claim against such payee. The foregoing will not apply to any assignment, transfer or attachment pursuant to a qualified domestic relations order as defined in section 414(p) of the Code.

Your entire interest under the Contract is nonforfeitable.

It is impossible, prior to the satisfaction of all liabilities with respect to you and your beneficiaries under the Plan, for any part of the assets and income of the Contract to be used for, or diverted to, purposes other than for the exclusive benefit of you and your beneficiaries.

SECTION 10.04-NOTIFICATION OF DISQUALIFICATION OF THE PLAN OR CONTRACT

If we are informed in documentation acceptable to us that the Plan fails to qualify or no longer qualifies as a 457(b) plan, or that the Contract fails to qualify or no longer qualifies in whole or in part as a 457(b) plan funding vehicle, we will have the right to terminate the Contract. We may do so, upon receipt of notice of such fact, before the Annuity Commencement Date (or the Maturity Date, if later.) In that event, at the Employer's option, (i) we will terminate the Plan's participation under the Contract and pay the amounts held in the Investment Options with respect to the Plan, or (ii) we will transfer the amounts held in the Investment Options to another contract agreed to by both the Employer and us.

SECTION 10.05-MANNER OF PAYMENT

Unless the Employer and we agree otherwise, all amounts paid to or from the Contract are payable by check in United States dollars.

SECTION 10.06-PAYMENTS

If the Plan permits and if the Employer, Employer's Designee, the Owner, or other designee, as applicable, provides to us written instructions to do so in advance of payment, we will make payment of the Annuity Benefits or other amounts directly to you, beneficiary or other payee designated by you. In which case, we will be fully discharged of any liability therefore to the extent such payments are made pursuant to such instruction.

SECTION 10.07-REPORTS AND NOTICES

At least once each year until the Annuity Commencement Date (or the Maturity Date if later), we will furnish you with a report showing for each Investment Option, the Annuity Account Value and the number of Accumulation Units for each Variable Investment Option.

The terms of the Contract which requires us to send a report or any written notice will be satisfied by our mailing any such report or notice to the Employer or to your last known address as shown in our records. Notifications of rules in effect and other matters of general applicability to the Contract may be included in the product prospectus, prospectus supplements or disclosure documents as mailed to such address from time to time. The notices and reports may also be delivered by electronic means as agreed upon between us and the Employer or you.

All written notices sent to us will not be effective until received in good order on a Business Day at the Processing Office.

Form No. 2009EDCGAC901 - Group Fixed & Variable Annuity Contract
Form No. 2009EDC901-A - Group Fixed & Variable Annuity Certificate
Form No. 2009DPEDC901 - Group Fixed & Variable Annuity Data Pages
Form No. 2009/EDC901 - Group Fixed & Variable Annuity Application

Dear Commissioner :

We are filing herewith for the Department's approval the above referenced group flexible premium deferred fixed and variable annuity forms. These forms are designed for use with plans established under Employee Deferred Compensation (EDC) plans under Internal Revenue Code Section 457. These forms are new and will not replace any existing forms.

This Contract will be offered to EDC Plans that have Employee Contributions and EDC Plans that have both Employer and Employee Contributions.

This product will be distributed by our general agency affiliates.

The structure of the enclosed Forms that we are filing will enable their general use among varying employer groups. The variations are explained in the enclosed Memorandum of Variable Material and are designed to enable AXA Equitable to accommodate the specific needs of each employer group.

Our design with respect to the forms is to permit variations within the parameters of the variable and illustrative material while minimizing filing whenever a variation is implemented. The Contract will make specific reference to the Application with respect to provisions that the Employer has elected in accordance with the terms of its Plan. For instance, in the Application, among other things, the Employer will select which of the Investment Options are to be made available to Participants under the Contract in accordance with its Plan.

The Contract and the Application, which together constitute the Contract, may be issued either to the Employer or to a Trustee of a trust established or adopted by the Employer. The Certificate and the related certificate Data Pages will be issued to the Participant enrolled in the Employer's Plan. The Certificate is the document issued to each Participant as evidence of the Participant's enrollment under the Contract.

Data Pages 2009DPEDC901 contain the withdrawal and separate account charges and other product features.

We are requesting the extension of approval for Endorsement 2008SDCA-EV-901 that was previously approved by the Department on 12/19/2009 under file number SERFF Tracking # ELAS-125933118/State Tracking # 41092.

The Employer on behalf of each Participant under the Plan will remit Contributions under the Contract to us. We will maintain individual accounts for each Participant under the Contract. Contribution sources may include Employer (where there are Employer matching contributions), employee (salary reduction contributions), transfers or rollovers from another EDC Plan or qualified plans in which a Participant previously participated. The Employer will indicate to us this information on the Application.

Amounts may be withdrawn from the Contract, subject to the provisions of the Employer's Plan and applicable law, and subject to a withdrawal charge if applicable. There are waivers under the Contract that would permit a Participant to make a withdrawal without the imposition of a withdrawal charge. Loans are available under the Contract subject to the terms of the Employer's EDC Plan.

We are also requesting the extension of approval for Endorsement 2005TSA/EDC that was approved by the Department on 11/30/2005 under file number SERT-6HXMQC697.

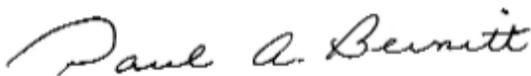

Enclosed is an Actuarial Memorandum and a Memorandum of Variable Material. Due to a recent change in law, the state of New York no longer requires filing of this type of form for use outside of New York. Instead, New York now requires that we file annually, a list identifying and describing the policy forms issued by us for delivery outside New York. The required filing fee will be sent by express mail or EFT. We request that information contained in this letter and any attachments hereto be treated as confidential and be exempted from disclosure in accordance with the state's Freedom of Information law or other similar laws, and we be notified prior to any proposed release of this information.

The prospectus for this product was filed with the Securities and Exchange Commission and became effective on March 11, 2009.

We confirm that the State Guaranty Notice will be given to the Policy owner. We comply with the requirements of Ark. Code Ann. 23-79-138. The provisions of Rule & Regulation 19 (Unfair Sex Discrimination) have been reviewed, and the submitted forms comply. Regulation 6 (Variable Annuities) has been reviewed, and we are in compliance.

We look forward to the Department's approval of these forms. If you have any questions, please feel free to call me collect at the above number or you may call Greg Prato collect at (212) 314-5710.

Sincerely,

Paul Bernitt

Form No. 2009DPEDC901 - Group Fixed & Variable Annuity Data Pages
Form No. 2009/EDC901 - Group Fixed & Variable Annuity Application

Dear Commissioner :

We are filing herewith for the Department's approval the above referenced group flexible premium deferred fixed and variable annuity forms. These forms are designed for use with plans established under Employee Deferred Compensation (EDC) plans under Internal Revenue Code Section 457. These forms are new and will not replace any existing forms.

This Contract will be offered to EDC Plans that have Employee Contributions and EDC Plans that have both Employer and Employee Contributions.

This product will be distributed by our general agency affiliates.

The structure of the enclosed Forms that we are filing will enable their general use among varying employer groups. The variations are explained in the enclosed Memorandum of Variable Material and are designed to enable AXA Equitable to accommodate the specific needs of each employer group.

Our design with respect to the forms is to permit variations within the parameters of the variable and illustrative material while minimizing filing whenever a variation is implemented. The Contract will make specific reference to the Application with respect to provisions that the Employer has elected in accordance with the terms of its Plan. For instance, in the Application, among other things, the Employer will select which of the Investment Options are to be made available to Participants under the Contract in accordance with its Plan.

The Contract and the Application, which together constitute the Contract, may be issued either to the Employer or to a Trustee of a trust established or adopted by the Employer. The Certificate and the related certificate Data Pages will be issued to the Participant enrolled in the Employer's Plan. The Certificate is the document issued to each Participant as evidence of the Participant's enrollment under the Contract.

Data Pages 2009DPEDC901 contain the withdrawal and separate account charges and other product features.

We are requesting the extension of approval for Endorsement 2008SDCA-EV-901 that was previously approved by the Department on 12/19/2009 under file number SERFF Tracking # ELAS-125933118/State Tracking # 41092.

The Employer on behalf of each Participant under the Plan will remit Contributions under the Contract to us. We will maintain individual accounts for each Participant under the Contract. Contribution sources may include Employer (where there are Employer matching contributions), employee (salary reduction contributions), transfers or rollovers from another EDC Plan or qualified plans in which a Participant previously participated. The Employer will indicate to us this information on the Application.

Amounts may be withdrawn from the Contract, subject to the provisions of the Employer's Plan and applicable law, and subject to a withdrawal charge if applicable. There are waivers under the Contract that would permit a Participant to make a withdrawal without the imposition of a withdrawal charge. Loans are available under the Contract subject to the terms of the Employer's EDC Plan.

We are also requesting the extension of approval for Endorsement 2005TSA/EDC that was approved by the Department on 05/12/2009 under file number ELAS-126144365.

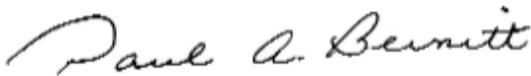

Enclosed is an Actuarial Memorandum and a Memorandum of Variable Material. Due to a recent change in law, the state of New York no longer requires filing of this type of form for use outside of New York. Instead, New York now requires that we file annually, a list identifying and describing the policy forms issued by us for delivery outside New York. The required filing fee will be sent by express mail or EFT. We request that information contained in this letter and any attachments hereto be treated as confidential and be exempted from disclosure in accordance with the state's Freedom of Information law or other similar laws, and we be notified prior to any proposed release of this information.

The prospectus for this product was filed with the Securities and Exchange Commission and became effective on March 11, 2009.

We confirm that the State Guaranty Notice will be given to the Policy owner. We comply with the requirements of Ark. Code Ann. 23-79-138. The provisions of Rule & Regulation 19 (Unfair Sex Discrimination) have been reviewed, and the submitted forms comply. Regulation 6 (Variable Annuities) has been reviewed, and we are in compliance.

We look forward to the Department's approval of these forms. If you have any questions, please feel free to call me collect at the above number or you may call Greg Prato collect at (212) 314-5710.

Sincerely,

Paul Bernitt
