Dear Analyst:

The forms described above are submitted for your review and approval. The policies were developed for compliance with the amended NAIC Medigap model as required by the Federal Medicare Improvements for Patients & Providers Act of 2008 (MIPPA).

These new 2010 Standardized plan forms will be marketed from our home office on a direct basis, with a coverage effective date of June 01, 2010, or later. The policies will be sold by home office employees and no commissions will be paid to external agents. As of May 31, 2010, we will cease to market our 1990 Standardized Medicare Supplement Benefit Plans previously approved by your Department. The attached brochure is similar to the 2010 Medicare Supplement brochure recently filed with your department listed below. The Serff Filing ID is described below for reference. The only difference in the submitted forms and the previously filed forms is the form number.

The brochure is new and does not replace any forms previously approved by your department. The brochure will be used with the policy forms described in this cover letter as well as any future approved plan types as they are described as variable.

Should you have any questions, please feel free to contact me at 866-459-4272, ext. 4794 or by email at MMacLaurin@gafri.com.

advantages

What makes Medicare supplement insurance from Continental General Insurance Company different? The benefits of each Medicare supplement insurance policy are standardized, no matter what company sells you the policy. Each type of standardized Medicare supplement policy plans (A - N)² will offer the same basic benefits. So, at CGI, our added value is our commitment to exceptional customer service.

Value – CGI strives to maintain competitive premiums over the life of a policy. At the same time, we will not compromise the financial security and quality service our clients require.

Service – At CGI, we aim to provide fast, friendly and efficient policy-owner services. To administer our business, we try to bring together two vital components:

tools & people

Having efficient tools means little without the personal care administered by dedicated professionals. When you contact us, we will do our best to service your concerns with effective, friendly and prompt service.

Guaranteed Renewable – All of CGI's Medicare Supplement policies are guaranteed renewable. Your policy cannot be canceled. We guaranteed to renew the policy each time the premium is received within 31 days of its due date.

Our Right to Adjust Future Premiums - You can't be singled out for a rate increase based on your health, no matter how many times you receive benefits. The policy's rate structure is based on attained age³. Other than increases due to your age³, your premium will only change when the same premium change is made on the same form issued to persons of your classification in the same geographic area of your state, if coverage under Medicare changes, or if you move to a different zip code location.

Paperless Electronic Claim Filing – Part A & Part B claims are processed electronically, eliminating paperwork for both the insured and the provider in the majority of claims.

By effectively adopting the latest technology, we strive to achieve fast policy and claims processing times. In fact, most of our Medicare Supplement claims are processed automatically within one working day of submission.

Choice of Physicians and Hospitals – Policyholders can use the health care provider of their choice. All of our Medicare Supplement policies may be used anywhere Medicare is accepted.

Payment Flexibility – We offer a choice of premium modes. Premiums may be paid by direct bill or bank draft annually, semi-annually or quarterly. Monthly mode is available for bank draft only.

¹ Except co-payments not in excess of [\$20] per office visit and [\$50] per emergency room visit.

² When comparing policies you must compare identical policies, such as a Medicare Select Plan or a High Deductible Plan.

³ Except in AZ, FL, GA, ID & MO where the policy rate structure is based on issue age, and premiums can only be increased by class.
