Comments:

Please find attached the brochures that we use with all our major medical products. We updated these brochures to include the 70/30 to \$10,000 coinsurance option on the Protector Plus Major Medical plan. We are filing these brochures for informational purposes. Please note that one out of the two brochures was too large to submit as one document, so I had to split it up into two attachments.

Re: **UNITED SECURITY LIFE AND HEALTH INSURANCE COMPANY**

FEIN #: 36-3692140 / **NAIC #:** 81108

AR-BEN-SEL-04/11 / **Arkansas Major Medical Benefit Selection**

THERE IS NOT AN APPLICABLE CHECKLIST AVAILABLE FOR THIS TYPE OF FILING

To Whom It May Concern:

The enclosed filing is being submitted for your review and approval. This is a revised form and replaces the form previously filed with and approved by your state.

United Security Life and Health Insurance Company has decided to add a new coinsurance option to our Protector Plus plan, which is part of Group Certificate ABC-90. In addition to our current coinsurance options of 80/20 to \$5,000 and 80/20 to \$10,000, we will offer a coinsurance option of 70/30 to \$10,000. As such, we are submitting the Arkansas Major Medical Benefit Selection, **AR-BEN-SEL-04/11**, form for your review and approval.

This form is a revised form, which will be used and will become part of Form **APP0407** to indicate the specific plans and coverages that the proposed insured selects in the application process. Form **APP0407** is the Application for Insurance which contains all the health questions and authorizations required to underwrite the Insured(s) and is not being changed at this time.

We submitted the Arkansas Major Medical Benefit Selection Sheet, **AR-BEN-SEL-07**, along with our current Application for Insurance, **APP0407**, to your department for approval on February 2, 2007 (Company tracking number APP0407). On February 23, 2007, we received approval on those two forms. As such, **AR-BEN-SEL-04/11** will replace **AR-BEN-SEL-07** for all new business.

Please direct any questions, correspondence, or approval to my attention concerning this filing. I look forward to your approval of this form. You may reach me directly at (708) 552-2417.

Sincerely,

Jaime Gettemans

Protector Plus PPO Featured Benefits

Network Discounts

Your Protector Plus Plan will cover you no matter where you receive care. However, to **receive special discounts** and take advantage of the highest level of benefits, you will need to receive treatment from a health care provider in your network. That should not be a problem, as USL&H has partnered with several quality PPO Networks. For more information on network availability in your area, please see the back cover of this brochure or visit www.unitedsecuritylandh.com.

Prescription Drug Coverage:

Even if you do not select a prescription drug card, the Protector Plus plan will still cover your prescription drug charges, subject to deductible and coinsurance. USL&H has also worked with our Pharmacy Benefit Manager, CareMark, to provide you with a free discount card. **This is not a Prescription Co-Pay Drug Card**, but rather a card that will allow for discounts and/or lower out-of-pocket expense on many prescription drugs.

Common Accident Benefit:

When two or more covered family members are injured in the same accident, only one deductible must be met for the resulting expense.

Wellness Services:

Wellness services are covered **first-dollar on an unlimited basis! No deductible, coinsurance or copayments apply!** Covers all services required by the U.S. Preventive Services Task Force, such as immunizations, PSA screens, pap smears, mammograms and physical exams.*

GENERAL COVERAGE LIMITATIONS AND EXCLUSIONS (Your State May Vary)

PRE-EXISTING CONDITIONS LIMITATION (Not Applicable to Children Under Age 19)

• "Pre-Existing Condition" means an injury or sickness for which an insured person received medical advice, care or treatment within 12 months before that person's insurance began under the policy or produced symptoms within that 12 month period which would have led a prudent person to seek diagnosis, care or treatment (Indiana residents see policy for state specifics). If the condition is not fully disclosed on the application, such condition will not be eligible for payment until the insured person has been covered for 24 continuous months unless excluded by a rider. (NOTE: Health conditions fully disclosed on the application and not excluded from coverage are NOT considered "pre-existing conditions").

LIMITATIONS – The following expenses are limited by the Policy. • For manual or mechanical diagnoses and treatment of body structure to restore normal function of the muscular, connective, or nervous system is limited to \$50 per visit and a maximum of 30 visits per Benefit Period (\$20 per visit with a maximum of 20 visits on Protector Plus policies). • For Home Health Care by a Home Health Care Agency, visits will be limited up to 30 visits per insured per BENEFIT PERIOD, not to exceed \$50 per visit (\$30 per visit with a maximum of 60 visits on Protector Plus policies). • For Medically Necessary durable equipment, rental fees will be limited up to reasonable and customary purchased price of the equipment. • Assistant Surgeon benefits will be eligible for up to 20% of the eligible Primary Surgeon's fee. • Room and Board charges for each day of a hospital stay are limited to the average semi-private room rate. • Treatment, services and supplies received outside the United States or Canada will be limited to \$10,000, except if due to any injury or acute onset of sickness sustained while traveling. • Human Organ/Tissue Transplant – Covered up to \$100,000 (out of network) per covered procedure (\$1,000,000 if approved by network). Donor Organ Acquisitions: \$10,000 per covered procedure (out of network). • Intensive care is limited to three times the Average Semi-Private (A.S.P.) room rate for the first 90 days, and the A.S.P. rate thereafter. • Emergency air, ground, and water ambulance is limited to \$10,000 per person per calendar year.

PRESCRIPTION DRUG LIMITATIONS AND EXCLUSIONS

• The pharmacist will substitute generic medications, when available, for brand name medications. • The amount of Covered Medications will be limited to a 30 day supply, however, Covered Medications that are maintenance medications obtained through the mail, under the mail order program, are limited to a 90-day supply. Non-maintenance drugs, in which a 30-day supply is in excess of what is considered a necessary standard of practice, shall be limited to less than a 30-day supply. • Except for inhalers, "prepackaged" medications that are packaged in standardized containers from a prescription medication manufacturer shall not be dispensed in more than one standardized container per prescription order. A maximum of two inhalers per prescription order may be obtained at one time. • Except for the administration of insulin, injectable medications, bee sting kits, Anakits and Epi-pens are excluded. Insulin injectors without a needle are covered if Medically Necessary, that is, where a syringe and needle are inappropriate because the insured cannot find an appropriate site for the injection.

No benefit will be paid for charges incurred for: • Prescription orders by dentists and physicians for conditions which the Company determines to be dental in nature, are excluded. • Cosmetics, health or beauty aids, dietary supplements, anoretics (i.e. appetite suppressants), diet medications, retinoic acid for cosmetic purposes, medication prescribed to remove or lessen wrinkles in the skin, and topical minoxidil and other medications to treat baldness, are excluded. • Medications dispensed in connection with, or because of, a cosmetic or Non-Medically Necessary procedure, are excluded. • Placebo injections and medications are excluded. • Implantable medications and devices (e.g., pain control, Norplant and other contraceptive medications and devices), drug infusion pumps and release devices, are excluded. • Medical and surgical appliances, durable medical equipment, medical supplies, and oxygen and oxygen supplies, are excluded. • Allergy desensitization products are excluded. • Aphrodisiacs are excluded. • Progesterone is excluded. • Contraceptives, oral or other, whether medication or a device, regardless of the purpose for which prescribed unless mandated by state regulation. • Drugs which are intended to promote fertility. • Drugs or medicines given orally or by injection that are delivered or administered to an Insured Person by the Health Care Practitioner, excluding joint injections. • Any drug or medication dispensed by a hospital, nursing home or similar facility. • Any drug or medicine labeled "Caution – Limited by Federal Law to Investigational Use", or experimental drugs even though a charge is made to the patient. • Hypodermic syringes or needles, except when purchased in conjunction with an insulin prescription. • Immunizing agents, injectables (except insulin), biological sera, blood or plasma, or any drug prescribed for parental use. • A non-legend patent or proprietary medicine or medication. • Medications for mental and nervous disorders.

Complications of Pregnancy are covered without the maternity option. • For a "Pre-Existing Condition". • For Private Duty nursing. • In excess of the Reasonable and Customary charge or services which are not Medically Necessary. • As a result of participation in a riot. • For failure to keep a scheduled visit or charges to complete a claim form. • For services performed by an Immediate Family Member. • For sex transformations or sexual dysfunction. • For elective sterilizations or reversals, or abortions unless the life of the mother is endangered if the fetus were carried to term. • In connection with any intentional self-inflicted injury or illness, or attempted suicide, whether sane or insane. • For injuries sustained while under the influence of alcohol or non-prescription drugs (unless state mandated). • For vitamins or food supplements. • As a result of war or any act of war, whether declared or undeclared, or caused during service in the armed forces of any country. • For weight control programs or treatment of obesity not caused by an organic condition. • Arising out of, or in the course of, any occupation for wage or profit for which the insured person is entitled to benefits under any Workers' Compensation or Occupational Disease Law, or any such similar law. • Flat feet or routine foot devices.
