Filing Description:	
Attached for your review and approval is an amendatory rider which we propose to use with previously approved policy form WLI-5, approved January 10, 2004.	

During an audit we recently discovered that we had issued policies using a higher interest rate than allowed for calculating the Basis of Values during 2007 and 2008.

The attached rider is intended to be used as part of the process in correcting this error, by correcting the policy language and interest rate regarding the basis of values.

Thank you for your review and approval of this submission.

NATIONAL STATES INSURANCE COMPANY IN LIQUIDATION

AMENDATORY RIDER

This rider is attached to and made a part of your policy effective on the Policy Date of the policy to which it is attached.

The **Basis of Values** provision under **BENEFITS ON SURRENDER OR LAPSE** is amended to read:

BASIS OF VALUES. All values and net single premiums referred to in this policy are based on the 1980 Commissioners Standard Ordinary Male and Female Mortality Table, age nearest birthday. They assume that premiums are payable annually and that death benefits are payable at death. Interest is computed at the rate of 5% per year for cash surrender and Paid Up Life Insurance values. Valuation rates are based on the maximum allowed by law based on calendar year of issue. The Standard Nonforfeiture Value Method will be used to calculate values for years not shown in the table of values.

All values are at least equal to those required by the laws of the state in which this policy is delivered. A detailed statement of the method of computing such values has been filed with the insurance supervisory official of that state.

This rider is subject to all provisions, exclusions and limitations of the Policy which are not inconsistent with it, and remains in force while the policy remains in force.

A handwritten signature in black ink, appearing to read "Bruce Patz". The signature is written in a cursive, flowing style.
