Filing Description:

We are submitting the subject forms for your review and approval.

The forms are new and are intended to replace Policy LA-1252(04) approved in 2004 and the Policy Protection Rider LA-1259(04)Rev1 approved in 2008.

The Policy is a guaranteed universal life product which has been drafted to respond to recent changes to AG38 as approved by the National Association of Insurance Commissioners. As you know, based on these recent changes to AG38, we will need to discontinue selling our current guaranteed universal life product as of January 1, 2013. As a result, we would ask the Department for help in ensuring this product is approved by November 26, which is our IT cutoff date for receipt of approvals.

Also note we have or will be filing a last survivor version of this product under separate cover which we also would ask the Department for help in ensuring this product is approved by November 26, which is our IT cutoff date for receipt of approvals.

The Policy is an Individual Flexible Premium Adjustable Life Insurance Policy and will be marketed on an individual basis to the general public, solicited to individuals ages 0-85 through licensed agents and brokers. The policy is subject to our normal underwriting requirements and will be marketed with an illustration. The policy may also be issued on a unisex basis. Included in the policy form are the unisex pages that will be used in this event.

Additionally, this submission includes a Policy Protection Rider and corresponding specification pages included in the policy. The rider provides a "shadow account" type of lifetime no lapse guarantee feature and defines a reference amount equal to an accumulation of premiums at specified minimum interest rates and specified maximum expenses and/or costs of insurance. The interest rates, expenses and costs used for the shadow account may be different than those specified in the policy for purposes of calculating the policy value. Whenever the monthly deduction cannot be paid by the policy value, the shadow account reference amount is checked. If the reference amount is equal to or greater than zero, the policy remains in force.

Variable text is enclosed in brackets and described in the Statements of Variability accompanying this filing. The Policy Specifications are completed in John Doe fashion.

Also included in this submission is the following supplemental filing information:

- An Actuarial Memorandum for the policy,
- An Actuarial Memorandum for the Policy Protection Rider,
- Any Certifications and additional information as required by your state.

INTEREST CREDITS APPLIED TO THE POLICY PROTECTION ACCOUNT

Interest Credits are determined by multiplying the Policy Protection Account value by interest rate factors. "Tier 1 Credited Rates" apply to Policy Protection Account values up to the "Credited Rate Breakpoint" and "Tier 2 Credited Rates" apply to values above the breakpoint, if any. The Credited Rate Breakpoint is calculated by multiplying the ratio for the current Policy Year by the current Death Benefit.

- (b) all answers in the application continue to be true and complete at the time of delivery;
- (c) We receive the initial premium payment while the Insured is alive; and
- (d) the initial premium payment is sufficient to cover the Monthly Deduction Amount as of the Policy Date.

DEATH BENEFIT

General

Subject to the terms of this Policy and while it is in force, We will pay the Death Proceeds to the Beneficiary(ies) upon Our receipt of Due Proof of Death of the Insured.

Death Proceeds

Death Proceeds equal the Death Benefit less Indebtedness and less any due and unpaid Monthly Deduction Amounts occurring during a Policy Grace Period. The Death Benefit is equal to the greater of the Death Benefit provided by the Death Benefit Option chosen and the Minimum Death Benefit.

Any Monthly Deduction Amounts taken after the date of the Insured's death and before We receive Due Proof of Death will be added to the Account Value for purposes of determining Death Proceeds. All amounts used in determining the Death Proceeds are calculated as of the date We receive Due Proof of Death.

We will pay interest on the Death Proceeds (including any premiums paid for any period beyond the end of the Policy month in which death occurred) of at least 2% per year (or higher, if required by the laws of the state in which this Policy is delivered or issued for delivery) from the date We receive Due Proof of Death of the Insured to the date payment is made or an Income Settlement Option is elected. If settlement is not made within 30 days of the date We receive Due Proof of Death of the Insured, We will pay interest on the Death Proceeds at the rate of 8% per year beginning on the 30th day following receipt of Due Proof of Death to the date payment is made or an Income Settlement Option is elected.

If the Insured dies after We receive a request In Writing from You to surrender the Policy, the Cash Surrender Value will be paid in lieu of the Death Proceeds.

Death Benefit Options

You have three Death Benefit Options available under this Policy.

1. Under Option A (Level Option), the Death Benefit is the current Face Amount.
2. Under Option B (Return of Account Value Option), the Death Benefit is the current Face Amount, plus the current Account Value.
3. Under Option C (Return of Premium Option), the Death Benefit is the current Face Amount, plus the lesser of:
 - (a) the sum of the premiums paid less withdrawals; or
 - (b) the Death Benefit Option C limit shown in the Policy Specifications.

Death Benefit Option Changes

You may change Your Death Benefit Option at any time after the first Policy Anniversary, subject to the conditions described below. You must notify Us In Writing or in a manner satisfactory to Us of the change. Such change will be effective on the Monthly Activity Date following the date We receive the request and the conditions are met.

You may change from Option A (Level Option) to Option B (Return of Account Value Option). If You do, the Face Amount will become the greater of:

- (a) the Face Amount immediately prior to the option change, reduced by the then current Account Value, or
- (b) the Face Amount that meets Our minimum rules then in effect.

**DEATH BENEFIT
(Continued)**

You may change from Option C (Return of Premium Option) to Option A (Level Option) If You do, the Face Amount will become that amount available as a Death Benefit immediately prior to the option change.

You may request a change from Option B (Return of Account Value Option) to Option A (Level Option). If You do, the Face Amount will become the Face Amount immediately prior to the option change increased by the Account Value on the date of the option change.

Minimum Death Benefit

For policies that meet the definition of life insurance under the Guideline Premium/Cash Value Corridor Test prescribed by the Internal Revenue Code, We will automatically increase the Death Benefit so that it will never be less than the Account Value multiplied by the minimum Death Benefit percentage for the then current Policy Year.

For policies that meet the definition of life insurance under the Cash Value Accumulation Test prescribed by the Internal Revenue Code, We will automatically increase the Death Benefit so that it will never be less than the Account Value minus the present value of charges for qualified additional benefit riders (as defined by the Internal Revenue Code), multiplied by the minimum Death Benefit percentage for the then current Policy Year.

To the extent this increase in the Death Benefit would result in an Amount at Risk that exceeds Our guidelines and limitations that may be in effect, We reserve the right to:

- (a) distribute to You a portion of the Cash Surrender Value sufficient to continue to qualify the Policy as life insurance and such that the Amount at Risk does not exceed Our guidelines and limitations in effect; or
- (b) require evidence of insurability satisfactory to Us.

The Minimum Death Benefit is determined by using the current Account Value.

**INCREASES AND
DECREASES IN
FACE AMOUNT**

Increases in Face Amount

At any time after the first Policy Year and subject to the conditions described below, You may make a request In Writing, or in a manner satisfactory to Us, to increase the Face Amount. The minimum amount by which the Face Amount can be increased is shown on Page 3. We reserve the right to limit You to one increase in any 12 month period.

All requests to increase the Face Amount must be applied for on a new application and will be subject to evidence of insurability satisfactory to Us. Any increase approved by Us will be effective on the Monthly Activity Date following Our approval of such increase. Any unscheduled increase will be subject to additional Monthly Per \$1,000 Charges, additional Cost of Insurance Charges and additional Surrender Charges, all of which are based on the Attained Age of the Insured at the time of the increase. We will send You additional Policy Specifications pages or an endorsement describing these charges. Unscheduled increases will be subject to the Incontestability and Suicide provisions of the Policy.

Decreases in Face Amount

Any time after the first Policy Year, You may make a request In Writing, or in a manner satisfactory to Us, to decrease the Face Amount. The minimum amount by which the Face Amount can be decreased is shown on Page 3. We reserve the right to limit You to one decrease in any 12-month period. A decrease in the Face Amount will be effective on the Monthly Activity Date following the date We receive Your request. The remaining Face Amount must not be less than the amount shown on Page 3. If there have been any Face Amount increases, decreases will be applied to the most recent increase first then to the next most recent increase until the decrease has been fully applied.

PREMIUMS

General

The Initial Premium Payment must be received by Us prior to or upon delivery of the Policy and such payment must be sufficient to cover the Monthly Deduction Amount as of the Policy Date. The actual amount and frequency of payments will affect the Account Value and could affect the amount and duration of insurance provided by the Policy. After the first premium has been paid, subsequent premiums can be paid at any time, subject to the following limitations:

- (a) The minimum premium that We will accept for quarterly, semi-annual, and annual premium payments is the greater of (a) \$50; or (b) the amount required to keep the Policy in force.
- (b) For monthly, pre-authorized payments made by bank draft, the minimum premium that We will accept is the greater of (a) \$25; or (b) the amount required to keep the Policy in force.
- (c) If premiums are received which would cause the Policy to fail to meet the definition of a life insurance contract in accordance with the Internal Revenue Code, We may refund the excess premium payments. Such refunds and interest thereon will be made within 60 days after the end of a Policy Year.
- (d) We may require evidence of insurability any time a premium payment results in an increase in the Death Benefit greater than the amount of the premium.
- (e) We may refuse subsequent payments in excess of \$1 million on a uniform and non-discriminatory basis when, in Our sole discretion, market conditions do not support the guarantees in the Policy. Such restriction would be applied consistently to all policies within a class of business.

In addition to the above limitations, the Cumulative Early Premium Payment Limit shown on Page 3 specifies the maximum cumulative Premium that may be paid and the number of Policy Years during which such limit applies. The Cumulative Early Premium Payment Limit will not apply beyond the number of Policy Years specified on Page 3. In no event will the Cumulative Early Premium Payment Limit prevent You from paying Premium sufficient to keep the Policy in-force or reinstate the Policy according to the Policy Default and Grace Period and Reinstatement provisions of the Policy.

How to Make Premium Payments

Payments must be made payable to the Company shown on the first page of the Policy and sent to Us at the address shown on the premium notice. The premium will be applied on the later of the Policy Date or the date We receive the premium In Good Order at the address shown on the premium notice. We will apply any amount received under the Policy as a premium unless it is clearly marked otherwise.

Premium Reminder Notice

If Your premium payment frequency is annual, semi-annual or quarterly, We will send You a premium reminder notice for the amount of the Planned Premium. The Initial Planned Premium and payment frequency You selected are shown in the Policy Specifications. You may change the amount of Your Planned Premium subject to Our premium limitations.

Account Value

Your Account Value on the Policy Date equals the initial Net Premium less the Monthly Deduction Amount for the first Policy month.

On any other day, Your Account Value equals:

- (a) the Net Premiums allocated to it; plus
- (b) interest credited to it; minus
- (d) monthly deductions and withdrawals taken from it.

Interest Credits to Your Account Value

Interest will be credited daily to the Account Value at a rate equivalent to an annual effective rate at least equal to the Minimum Account Value Interest Rate shown in the Policy Specifications. In addition, We may credit interest at rates greater than the Minimum Account Value Interest Rate. The interest credited will reflect the timing of amounts added to or withdrawn from the Account Value. Interest credited is nonforfeitable after crediting except indirectly due to surrender charges.

Cash Value

Your Cash Value is equal to the Account Value less any applicable Surrender Charges.

ACCOUNT VALUE, CASH VALUE AND CASH SURRENDER VALUE

**ACCOUNT VALUE,
CASH VALUE AND
CASH SURRENDER
VALUE (Continued)**

Basis of Values

The Cash Values provided by the Policy are not less than the minimum values and benefits required by the insurance laws of the state in which the Policy is delivered or issued for delivery. A detailed statement of the method of computation of Cash Values has been filed, as required, with the insurance department of the state in which the Policy is delivered or issued for delivery.

Cash Surrender Value

Your Cash Surrender Value is equal to Your Cash Value minus the Indebtedness, if any.

**MONTHLY
DEDUCTION
AMOUNT**

General

On each Monthly Activity Date, We will deduct an amount from Your Account Value to pay Us for providing the benefits of the Policy. This amount is called the Monthly Deduction Amount. On each Policy Anniversary We will determine the rates used to calculate the Monthly Deduction Amount for that Policy Year. These rates will not exceed the maximum rates shown on the Policy Specification pages. Actual rates will be determined based on Our future expectations of such factors as mortality, expenses, interest, persistency and taxes. Any change We make will be on a uniform basis for Insureds of the same Issue Age, sex (if applicable), insurance class, initial Face Amount, Death Benefit Option and the length of time coverage has been in force.

Determining the Total Monthly Deduction Amount

The Monthly Deduction Amount equals:

- (a) the Cost of Insurance Charge; plus
- (b) the Monthly Administrative Charge; plus
- (c) the Monthly Per \$1,000 Charge; plus
- (d) the charges for additional benefits provided by rider, if any.

Cost of Insurance Charge

The Cost of Insurance Charge for any Monthly Activity Date is equal to:

- (a) the Cost of Insurance Rate per \$1,000 as shown in the Policy Specifications; multiplied by
- (b) the amount at risk; divided by
- (c) \$1,000.

On any Monthly Activity Date, the amount at risk equals the Death Benefit less the Account Value on that date prior to assessing the Monthly Deduction Amount. If there have been any Face Amount increases, the amount at risk will be applied to the most recent increase first then to the next most recent increase until the amount at risk has been fully applied.

Monthly Administrative Charge

The Monthly Administrative Charge will not exceed the charge as shown in the Policy Specifications.

Monthly Per \$1,000 Charge

The Monthly per \$1,000 charge is equal to:

- (a) the Monthly per \$1,000 Charge Rate shown in the Policy Specifications; multiplied by
- (b) the initial Face Amount; divided by
- (c) \$1,000.

INSURANCE CLASS CHANGES

Based on Our administrative rules in effect and upon providing satisfactory evidence to Us, You may request to change the insurance class to a more favorable class. Only future cost of insurance rates will be based on the more favorable class and all other contract terms and provisions will remain as established at issue. No change in insurance class or cost will occur on account of deterioration of the Insured's health. Any decrease in cost of insurance rates for which evidence of insurability was obtained cannot be revoked after the decrease has been in force, during the Insured's lifetime, for two years from the effective date of the decrease. Revocation will occur if the evidence of insurability contained inaccurate information which, had We known it was inaccurate at the time of the class change, would have caused Us to not approve the change. If We revoke an insurance class change, Your Account Value will be reduced. The amount of the reduction will equal the additional cost of insurance charges that would have been deducted from Your Account Value, based on the original insurance class, from the time of the change until the time of the revocation. If the Insured dies during such period, the Death Benefit will be reduced by the additional Cost of Insurance Charges.

POLICY DEFAULT AND GRACE PERIOD

Policy Default

The Policy will go into default on any Monthly Activity Date when:

- (a) the Account Value, less Indebtedness, is not sufficient to cover the Monthly Deduction Amount; or
- (b) the Indebtedness equals or exceeds the Cash Value.

Policy Grace Period

We will keep the Policy in force for the 61 day period following the date Your Policy goes into default. We call that period the Policy Grace Period. If the Policy goes into default, We will send You a notice warning You that the Policy is in danger of terminating at least 30 days prior to termination of coverage. The notice will be mailed to You and any assignee of record at the last known address(es) and will tell You the minimum payment required to keep the Policy from terminating and the date such payment must be received by Us. The minimum payment will equal:

If there is no Indebtedness, an amount that results in an Account Value equal to the due and unpaid Monthly Deduction Amount plus the next two Monthly Deduction Amounts as of the date Your Policy goes into default.

If there is Indebtedness, an amount that results in a Cash Surrender Value equal to the due and unpaid Monthly Deduction Amount plus the next two Monthly Deduction Amounts as of the date Your Policy goes into default.

If We have not received the required payment specified in the notice by the end of the Policy Grace Period, the Policy will terminate. Any payments sent by U.S. mail must be postmarked within the Grace Period.

If the Insured dies during the Policy Grace Period, We will pay the Death Proceeds.

REINSTATEMENT

General

Unless the Policy has been surrendered for its Cash Surrender Value, the Policy may be reinstated provided:

- (a) You make Your request In Writing within three years from the termination date;
- (b) satisfactory evidence of insurability is submitted;
- (c) the Insured is alive on the date of reinstatement;
- (d) any Indebtedness at the time of termination must be repaid or carried over to the reinstated Policy; and
- (e) You pay premium equal to or greater than the sum of:
 1. an amount necessary to cover all Monthly Deduction Amounts that are due and unpaid during the Policy Grace Period. You will be charged only for the period of time You had coverage under the Policy; and
 2. an amount necessary to keep the Policy in force for three months after the date of reinstatement.

**REINSTATEMENT
(Continued)**

Any reinstated coverage will be effective on the Monthly Activity Date following the date all of the following conditions are satisfied:

- (a) all premiums and charges have been paid to and accepted by Us;
- (b) the requested reinstatement has been approved by Us; and
- (c) statements on the reinstatement request or on any other application submitted as part of the reinstatement request are correct at the time of such payments and approval.

The Account Value on the reinstatement date will equal:

- (a) Net Premiums attributable to premiums paid at the time of reinstatement; minus
- (b) the Monthly Deduction Amounts that were due and unpaid during the Policy Grace Period; plus
- (c) any Indebtedness carried over to the reinstated Policy.

Any Surrender Charge will be based on the Policy Year in which the Policy was reinstated as though the Policy had never terminated.

POLICY LOANS

General

At any time while the Policy is in force and has a Cash Surrender Value, You may obtain a loan from Us. We will hold the Policy as sole security for repayment of such loans taken. We may defer granting a loan, for the period permitted by law but not more than six months, unless the loan is to be used to pay premiums on any policies You have with Us.

Loan Amounts

Any new loan taken may not exceed the Cash Surrender Value on the date We grant a loan. The minimum loan amount that We will allow is \$500. Before advancing the loan amount, We may withhold an amount sufficient to pay interest on total Indebtedness to the end of the Policy Year and any Monthly Deduction Amounts due on or before the next Policy Anniversary.

Loaned Account Value

When You take a loan, a portion of the Account Value, equal to the amount of the loan, is segregated in the Account Value to serve as collateral for the loan. This portion of the Account Value is called the Loaned Account Value and will be credited with interest as described in the Interest Credited to Loaned Account Value provision below.

Indebtedness

Indebtedness is money that is owed to Us due to outstanding loan(s) We have granted using the Policy as sole security and equals:

- (a) all loans taken on the Policy; plus
- (b) any interest charged to Indebtedness; minus
- (c) any loan repayments.

Indebtedness will reduce the Death Proceeds payable and the Cash Surrender Value of the Policy.

Interest Charged to Indebtedness

Interest charged to Indebtedness will accrue daily. The table below shows the maximum annual effective interest rates We will charge on Your Indebtedness.

During Policy Years	Portion of Indebtedness	Interest Rate Charged
1-10	All	4.00%
11 and later	Preferred (see Preferred Indebtedness provision)	2.25%
	Non-Preferred	3.25%

Preferred Indebtedness

After the 10th Policy Anniversary, a portion of Your Indebtedness may qualify as preferred Indebtedness. Preferred Indebtedness is charged a lower interest rate than the non-preferred Indebtedness. Preferred Indebtedness is determined on each Monthly Activity Date and equals the lesser (a) Indebtedness; or (b) Account Value less the total premiums paid.

**POLICY LOANS
(Continued)**

Interest Credited to Loaned Account Value

The Loaned Account Value will be credited with interest daily at an annual effective rate of 2.0%.

Because the interest charged on Indebtedness exceeds the interest credited to the Loaned Account Value, the Indebtedness will grow faster than the Loaned Account Value. When this happens, an additional portion of Account Value will be segregated to serve as collateral for the loan. The additional collateral equals the difference between the Indebtedness and the Loaned Account Value.

Loan Repayments

All or part of a loan may be repaid at any time while the Policy is in force and the Insured is alive. However, each repayment must be at least \$50 or the amount of outstanding Indebtedness. Such repayments must be clearly identified In Writing as a loan repayment. We will apply any amount received under the Policy as a premium unless it is clearly marked otherwise.

Termination Due to Excessive Indebtedness

The Policy will go into default on any Monthly Activity Date on which the Indebtedness equals or exceeds the Cash Value. Refer to the Policy Default and Grace Period provision for more information.

WITHDRAWALS

General

After the first Policy Anniversary, You may request a withdrawal In Writing, or in a manner satisfactory to Us. Upon such withdrawal, the Account Value will be reduced by an amount equal to the withdrawal. The amount available for withdrawal is the Cash Surrender Value, less \$1,000. The minimum withdrawal allowed is \$500. A charge of up to \$10 may be assessed for each withdrawal. One withdrawal per calendar month is allowed.

If the Death Benefit Option then in effect is Option A (Level Option) or Option C (Return of Premium Option), the Face Amount will be reduced by an amount equal to the reduction in the Account Value resulting from the withdrawal. If the Death Benefit Option then in effect is Option B (Return of Account Value Option), the Face Amount will not be reduced.

SURRENDERS

While the Policy is in force, You may surrender the Policy to Us. The Policy and additional benefits provided by rider are then cancelled as of the day We receive Your request In Writing or the date You request the surrender, whichever is later. We will then pay You the Cash Surrender Value as of that date.

**PAYMENTS
BY US**

Deferral of Payments

We may defer payment of any cash surrender values, withdrawals and loan amounts for up to six months from the date of the request. If We defer payment for more than 30 days, We will pay interest at the Minimum Account Value Interest Rate on the amount deferred.

THE CONTRACT

Entire Contract

The Policy, the attached copy of the initial application, any applications for reinstatement, all subsequent applications attached to or endorsed upon the Policy and any endorsements, amendments or riders are the entire contract. The contract is made in consideration of the application and the payment of the initial premium. We will not use any statement to cancel the Policy or to defend a claim under it, unless that statement is contained in an attached written application. All statements in the application will, in the absence of fraud (as determined by a court of competent jurisdiction), be deemed representations and not warranties.

**THE CONTRACT
(Continued)**

Contract Modification

The only way this contract may be modified is by a written agreement signed by Our President, or one of Our Vice Presidents, Secretaries or Assistant Secretaries.

Tax Status

The Policy is intended to qualify as a life insurance contract for federal tax purposes and the Death Benefit under the Policy is intended to qualify for the federal income tax exclusion. The provisions of the Policy, including any rider or endorsement, shall be interpreted to ensure and maintain such tax qualification, despite any other provision to the contrary.

Non-Participation

The Policy is non-participating. It does not share in Our surplus earnings, so You will receive no Policy dividends under it.

Misstatement of Age and/or Sex

If, on the date of death of the Insured, the Issue Age of the Insured or the Sex of the Insured (if applicable) is incorrectly stated, the Death Benefit will be that amount which would have been purchased at the correct age and/or sex in consideration of the most recent mortality charge by adjusting the net Amount At Risk by the ratio of the incorrect cost of insurance rate to the correct cost of insurance rate.

Suicide

If, within two years from the Date of Issue, the Insured dies by suicide, while sane or insane, Our liability will be limited to the premiums paid less Indebtedness and less any withdrawals.

If, within two years from the effective date of any increase in the Face Amount for which evidence of insurability was obtained, the Insured dies by suicide, while sane or insane, Our liability with respect to such increase, will be limited to the cost of insurance charges for the increase.

Incontestability

We will not contest the Policy after it has been in force, during the Insured's lifetime, for two years from its Date of Issue, except for non-payment of premium. This provision does not apply to any rider providing accidental death or disability benefits.

For any increase in coverage after the Date of Issue or any reinstatement, we will not contest the validity of such increase or reinstatement after such increase or reinstatement has been in force during the Insured's lifetime for two years from the effective date of the increase or reinstatement. However, such a contest shall be limited to material misrepresentations in the evidence of insurability provided to Us in the application for increase or reinstatement. This provision will not affect Our right to contest any statement in the original application or a different reinstatement request which was made during the Insured's lifetime for two years from the Date of Issue of the Policy or a subsequent reinstatement date.

Annual Report

We will send You a report at least once each Policy Year without charge showing:

- (a) the beginning and end of the current report period;
- (b) the Account Value, Cash Surrender Value and Face Amount at the end of the current report period;
- (c) the premiums paid, Monthly Deduction Amounts, loans and withdrawals since the last report;
- (d) the current Death Benefit at the end of the current report period on the life of each insured covered under the Policy;
- (e) the interest credited during the current report period;
- (f) the amount of any Indebtedness at the end of the current report period; and
- (g) notifications required by the provisions of the Policy.

Projection of Benefits and Values

We will send You an illustrative report at least once each Policy Year without charge at Your request. We may require a reasonable fee not to exceed \$25.00 for each subsequent report We send at Your request after the first report per year is provided at no cost.

**OWNERSHIP AND
BENEFICIARY****Change of Owner or Beneficiary**

The Owner and Beneficiary will be those named in the application until You change them. To change the Owner or Beneficiary, notify Us In Writing while the Insured is alive. For changes to a designation of an irrevocable Beneficiary, We will also require the consent of the named irrevocable Beneficiary, if living. After We receive written notice, the change will be effective as of the date You signed such notice, whether or not the Insured is living when We receive it. However, the change will be subject to any payment We made or actions We may have taken before We received the request.

Death of Beneficiary

If any named Beneficiary dies before the Insured, that person's interest in this Policy ends unless such Beneficiary has been named as an irrevocable Beneficiary. If a named Beneficiary dies at the same time as the Insured, or within 15 days after the Insured's death, that person's interest ends as though the Beneficiary died before the Insured.

Unless Your Beneficiary designation states otherwise, the Death Benefit will be paid as follows:

- (a) to the primary Beneficiary(ies) who survive(s) the Insured; or if there are none,
- (b) to the contingent Beneficiary(ies) who survive the Insured; or
- (c) if no Beneficiary survives the Insured, We will pay the Death Proceeds to You, if You are living, otherwise, We will pay the proceeds to Your estate.
- (d) if multiple Beneficiaries are named to share the Death Proceeds equally, We will pay the Death Proceeds to the survivor(s) in equal shares;
- (e) if multiple Beneficiaries are named to receive unequal shares of the Death Proceeds, We will pay the Death Proceeds to the survivors on a pro rata basis and if there is only one surviving multiple Beneficiary, We pay all of the proceeds to that Beneficiary.

Assignment

You may assign the Policy by notifying Us In Writing. Unless otherwise specified by You, assignments will take effect on the date the notice of assignment is signed by You, subject to any payments made or actions taken by Us prior to receipt of the notice. Until You notify Us In Writing, no assignment will be effective against Us. We are not responsible for the validity of any assignment.

Owner's Rights

While the Insured is alive and no Beneficiary is irrevocably named, You may:

- (a) exercise all the rights and options that the Policy provides or that We permit;
- (b) assign the Policy; and
- (c) agree with Us to any change to the Policy.

TERMINATION

The Policy will terminate upon the earliest of the following events:

- (a) the surrender of the Policy; or
- (b) the end of the Policy Grace Period when premiums sufficient to keep the Policy from terminating are not paid; or
- (c) the date the Insured dies.

**CONTINUATION
BEYOND THE
INSURED'S
ATTAINED AGE 120**

General

On the Policy Anniversary on which the Insured has reached Attained Age 120, the following will occur:

- (a) the Death Benefit Option will be changed to Option A (Level Option) with no evidence of insurability being required;
- (b) the Face Amount will be set equal to the Death Benefit;
- (c) no future Monthly Deduction Amounts will be deducted from Your Account Value;
- (d) the Account Value will continue to be valued as described in the Account Value, Cash Value and Cash Surrender Value provision;
- (e) any loans that are in effect will continue to accrue interest and become part of any Indebtedness;
- (f) loan repayments may be made;
- (g) no new loans or Withdrawals can be requested; and
- (h) no further premiums will be accepted, except for amounts required to keep the Policy in force under the Policy Grace Period.

The provision above will in no way modify the Termination provision of any rider(s) attached to this Policy. Please be aware the Policy may terminate due to excessive Indebtedness.

This Policy may not qualify as life insurance under federal tax law after the Insured has reached Attained Age 100 and may be subject to adverse tax consequences. Your tax advisor should be consulted before You choose to continue the policy beyond age 100.

**PAYMENT OF
DEATH PROCEEDS**

Generally

The Death Proceeds of this Policy will be paid in one lump sum unless You or the Beneficiary elect one of the Income Settlement Options described in the Policy. If the Death Proceeds are paid in one lump sum and the payment is \$10,000 or greater, the Beneficiary may elect to have the Death Proceeds paid under the Safe Haven Program. Under the Safe Haven Program, Death Proceeds are held in Our General Account and earn interest at a rate determined by Us. Beneficiaries are provided a draft book and may access the Death Proceeds by writing drafts as desired, subject to Our rules then in effect regarding minimum draft amounts and balances. We reserve the right to discontinue offering the Safe Haven Program at anytime and in such event any remaining balance in the Safe Haven Program will be paid to the Beneficiary in one sum.

**INCOME
SETTLEMENT
OPTIONS**

Availability

All or parts of the proceeds of the Policy may, instead of being paid in one sum, be left with Us under any one or a combination of the following options, subject to Our minimum amount requirements on the date of election. If any payee is a corporation, partnership, association, assignee, or fiduciary, an option may be chosen only with Our consent.

Income benefits payable under this provision at the time of their commencement will not be less than those that would be provided by the application of the Cash Surrender Value to purchase a single consideration immediate annuity contract at purchase rates offered by Us at the time to the same class of annuitants whether the annuity benefits are payable in fixed or variable amounts or both.

Death of Payee

If the payee dies while receiving payments under one of the options below, We will pay the following:

- (a) any principal and accrued interest remaining unpaid under Option 1 or 2.
- (b) the present value of remaining unpaid payments, if any, under Option 3. The interest rate used to determine the present value of payments will be the interest rate used to determine the amount of each certain payment.

Any such amount will be paid in one sum to the payee's estate.

INCOME SETTLEMENT Option 1 - Interest Income**OPTIONS (Continued)** Payments of interest at the rate We declare, but not less than 2% per year, on the amount left under this option.**Option 2 - Income of Fixed Amount**

Equal payments of the amount chosen until the amount left under this option, with interest of not less than 2% per year, is exhausted. The final payment will be for the balance only.

Option 3 - Income for Fixed Period

Payments, determined from the table below, are guaranteed for the number of years chosen and based on interest of not less than 2% per year. The first payment will be due on the date proceeds are applied under this option.

Number of Years	Monthly Payments		Number of Years	Monthly Payments	
	per \$1,000 of Proceeds			per \$1,000 of Proceeds	
1	\$84.09		8	\$11.25

POLICY PROTECTION RIDER

This Rider provides additional protection from Policy default, subject to the conditions described below.

DEFINITIONS

In addition to the definitions set forth in the Policy, the following definitions shall apply to this Rider.

Policy Protection Account: a reference account used solely to determine whether or not the Policy Protection Test has been met. It is not used to determine the actual Account Value, Cash Value, Cash Surrender Value or Death Benefit provided by the Policy.

Policy Protection Monthly Charge: a charge deducted, on each Monthly Activity Date, from the Policy Protection Account as described in the Policy Protection Monthly Charge section of this Rider.

Policy Protection Net Premium: the premium amount credited to the Policy Protection Account. It is the premium paid into the Policy minus deductions for the Policy Protection Premium Charge and the Policy Protection Tax Charge.

Policy Protection Premium Charge: a charge deducted from premiums paid. It is calculated by multiplying premium paid by the applicable percentage as shown in the Policy Protection Rider Specifications Pages.

Policy Protection Tax Charge: a charge deducted from premiums paid. It is calculated by multiplying the premium paid by the applicable percentage as shown in the Policy Protection Rider Specifications Pages.

Policy Protection Test: a test used to determine whether the benefit is available.

THE BENEFIT

When this Benefit is Available

This benefit is available if, on any given Monthly Activity Date, the Policy Protection Test is met. If this benefit is not available, it can be made available at any time while this Policy is in effect by making a premium payment or loan repayment sufficient to meet the Policy Protection Test. However, if premiums received to restore the availability of this benefit would cause the policy to fail to meet the definition of life insurance (in accordance with the Internal Revenue Code) the excess premiums will be refunded and this benefit will not be available at that time.

How the Policy Protection Test is Met

The Policy Protection Test is met if the accumulated value in the Policy Protection Account is equal to or greater than zero. If the test is not met, the benefit will not be available.

When this Benefit Goes Into Effect

Provided Indebtedness does not exceed Your Cash Value, the Policy Protection Rider benefit, if available, will prevent Your Policy from going into default on any Monthly Activity Date when the Account Value less Indebtedness is not sufficient to cover the Monthly Deduction Amount.

**THE BENEFIT
(Continued)**

If this benefit goes into effect: (a) any Monthly Deduction Amounts (attributable to the coverage(s) protected by the Policy Protection Rider benefit) that exceed the Account Value, less Indebtedness, will be waived, and (b) any riders as shown in the Policy Protection Rider Specifications Pages as being protected by this Policy Protection Rider benefit will continue subject to the terms and conditions of the riders.

However, this benefit will not prevent Your Policy from going into default when the Indebtedness exceeds the Cash Value. Please refer to the Policy Default and Grace Period provision of the Policy for more information.

**POLICY PROTECTION
ACCOUNT**

Accumulated Value in the Policy Protection Account

On the Policy Date, the accumulated value equals the initial Policy Protection Net Premium. On each subsequent Monthly Activity Date, the accumulated value equals:

- (a) the accumulated value on the previous Monthly Activity Date; plus
- (b) any Policy Protection Net Premium allocated to it since the last Monthly Activity Date; plus
- (c) interest credited to it at the policy protection credited rate (as shown in the Policy Specifications) since the last Monthly Activity Date; minus
- (d) the Policy Protection Monthly Charge taken from it on that date (see below); minus
- (e) any withdrawals since the last Monthly Activity Date; minus
- (f) any loans since the last Monthly Activity Date; plus
- (g) any loan repayments since the last Monthly Activity Date.

Any other adjustment made to the Policy's Account Value will impact the accumulated values in the Policy Protection Account in the same manner.

The actual amount, timing and frequency of payments allocated to the Policy Protection Account will affect the accumulated values in the Policy Protection Account and could affect the availability of the benefit provided by this Rider.

Policy Protection Monthly Charge

The Policy Protection Monthly Charge is calculated in the same manner as the Monthly Deduction Amount under the Policy (See the Monthly Deduction section of the Policy) but uses the Policy Protection Rider charges and rates that are set forth in the Policy Protection Rider Specifications Pages in the Policy.

When calculating the policy protection cost of insurance charge, it is necessary to calculate the amount(s) at risk. When calculating the amount(s) at risk it is necessary to calculate the death benefit. The death benefit, for the purposes of calculating the amount(s) at risk is calculated in the same manner as the Policy's Death Benefit except that Account Value is replaced by the accumulated value in the Policy Protection Account. Additionally, when calculating the amount(s) at risk, the Account Value is replaced by the accumulated value in the Policy Protection Account.

**NOTIFICATION OF
POLICY PROTECTION
STATUS**

General

We want to keep You informed on the status of the benefit. Therefore, at the end of each Policy Year, We will inform You of the following:

- (a) whether or not the benefit is then available;
- (b) if it is not available, the amount necessary to have the benefit available until the next Policy Anniversary; and
- (c) if applicable, how long the benefit will be available assuming that You continue to make Planned Premium payments on time as scheduled.

**REQUESTED
CHANGES**

General

Changes will be made to the Policy Protection Monthly Charge if:

- (a) the Insured's risk class changes;
- (b) the Face Amount increases or decreases;
- (c) other riders are added to or removed from the Policy; or
- (d) there are any increases or decreases to benefits provided by riders.

**REQUESTED
CHANGES
(Continued)**

If any of the above changes occur, We will send You new Policy Specification pages, or an endorsement, which will reflect changes to the Policy Protection rates and/or charges that were affected by the requested change.

**POLICY DEFAULT
AND GRACE
PERIOD**

The **POLICY DEFAULT AND GRACE PERIOD** section of Your Policy is hereby deleted and replaced with the following:

Policy Default

The Policy will go into default on any Monthly Activity Date when:

- (a) the Account Value, less Indebtedness, is not sufficient to cover the Monthly Deduction Amount and the benefit provided by the Policy Protection Rider that is attached to Your Policy is not available; or
- (b) the Indebtedness equals or exceeds the Cash Value.

Policy Grace Period

We will keep the Policy in-force for the 61 day period following the date Your Policy goes into default. We call that period the Policy Grace Period. If the Policy goes into default, We will send You a notice warning You that the Policy is in danger of terminating at least 30 days prior to termination of coverage. The notice will be mailed to You and any assignee of record at the last known address(es) and will tell You the minimum payment required to keep the Policy from terminating and the date such payment must be received by Us. The minimum payment will equal:

If there is no Indebtedness, an amount that results in the lesser of: (a) an Account Value equal to the due and unpaid Monthly Deduction Amount plus the next two Monthly Deduction Amounts as of the date Your Policy goes into default; or (b) the amount required to restore the availability of the benefit provided by the Policy Protection Rider.

If there is Indebtedness, an amount that results in a Cash Surrender Value equal to the due and unpaid Monthly Deduction Amount plus the next two Monthly Deduction Amounts as of the date Your Policy goes into default.

If We have not received the required payment specified in the notice by the end of the Policy Grace Period, the Policy will terminate. Any payments sent by U.S. mail must be postmarked within the Grace Period.

If the Insured dies during the Policy Grace Period, We will pay the Death Proceeds.

RIDER CHARGE

A Monthly Administrative Rider Charge will be assessed while the Rider remains inforce. This charge will equal an amount not to exceed the maximum amount shown on the Additional Riders and Benefits section of the Policy Specifications. In the event the Rider is terminated, no administrative charge will be assessed following the Rider termination date, unless the Rider is reinstated as described under the Rider's Reinstatement provision.

TERMINATION

General

The Policy Protection Rider will continue until the earliest of the following:

- (a) the date We receive Your request, In Writing, to cancel it;
- (b) the Policy Anniversary on which the Insured reaches Attained Age 120; or
- (c) when this Policy terminates.

REINSTATEMENT

General

If the Policy terminates and is reinstated, this Rider may be reinstated. If the Rider is reinstated, the Policy Protection Account, on the reinstatement date, will equal:

- (a) the accumulated value of the Policy Protection Account at the time of termination;
plus
- (b) Policy Protection Net Premium paid at the time of reinstatement; minus
- (c) the Policy Protection Monthly Charges that would have been deducted from the Policy Protection Account during the Policy Grace Period.

GENERAL PROVISIONS

This Rider is part of the Policy to which it is attached and, except as noted above, it is subject to all of the terms, conditions and limitations of the Policy. The Rider Date and Date of Issue are shown in the Additional Benefits and Rider section of the Policy Specifications. Terms not defined herein are defined in the Policy.
