Included in this submission are the above listed policy/application forms for your consideration and approval. These are new forms and do not replace any form previously approved by your state insurance department.

No part of the policy contains any unusual or controversial items from normal company or industry standards. Our appointed agents will market this policy on an individual basis. The policy was developed based on the 2001 CSO Mortality Tables.

The policy form is nonparticipating and provides level term life insurance on an Insured to age 95. Premiums for the policy are guaranteed for all policy years. The policy provides for a level premium term period of either 20 or 30 years. After the level premium term period, the policy will renew automatically until the policy anniversary following age 95.

The level term policy may be issued on an educator and non-educator basis. Preferred plus, preferred, standard or rated premium classes will be used. The standard or rated premium classes may be either tobacco usage or nontobacco; however, the preferred plus and preferred premium classes are nontobacco only. The tobacco and non-tobacco premium rates are banded at \$25,000 – \$99,999; \$100,000 – \$249,999; and \$250,000 – unlimited. The policy fee will be an annual charge of \$50 each year.

For filing purposes, we have completed Policy Data pages and Policy Summary (Cost Disclosure) in "John Doe" fashion. We have included a statement of variability that outlines the items that are bracketed as variable.

Variable text for previously approved riders that may be used with this product has been included. If the policyholder does not elect any of the riders shown, the text for that rider will not print when the policy is issued.

For your records, we will not market this product with life illustrations. Please be assured that if it is determined at a later date

that we wish to market this product with life illustrations, the proper certifications, completed by the illustration actuary and the responsible officer, will be submitted to the company's Board of Directors and the Department of Insurance's director or commissioner, whichever is appropriate.

This policy form will be produced through an electronic publishing system. For filing purposes, it has been submitted as printed on a laser printer. However, margin settings, spacing, line spacing, page endings, page numbers, etc., may differ.

The application and related forms included in this submission will be used with previously approved products and with future products as needed. In addition to new business applications, this application may be used for policy changes as well. When it is used for policy changes, all sections are required to be completed because policy changes are limited to those requiring evidence of insurability. We will be submitting a policy change application for guaranteed issues in the near future.

The foreign travel/residence questionnaire will be used based on the applicant's response to the applicable questions on the application for insurance. The financial questionnaire will be used based on our underwriting guidelines. The additional information form will be used when the applicant needs additional space to complete their response to certain areas or questions on the application for insurance.

The application and related forms have been completed in "John Doe" fashion with variable items enclosed in brackets. We have included a statement of variability for all variable items.

The paper and electronic versions of these forms will be identical. The electronic version will appear as a fillable PDF on the computer screen. We will also be using electronic signature capabilities. If the applicant chooses to decline the use of electronic signature process, the electronic signature agreement section will not print, the application will be printed and a wet signature will be obtained.

We have included copies of the actuarial memorandum and other necessary forms or certifications, if any, which may be required.

All guaranteed Cash Values and reduced paid-up insurance values shown assume that the premiums are paid to the policy year-end. All of these guaranteed values meet or exceed the minimum requirements of the Standard Nonforfeiture Law for Life Insurance as defined in the laws of the state in which this policy is delivered. We have given the insurance officials there a detailed statement of how We computed the values and benefits. All guaranteed values are based on the 2001 Commissioners Standard Ordinary Mortality Table. The basis for the Mortality Table is age last birthday, sex distinct, smoker distinct and assumes deaths occur at the end of the policy year. The interest rate used to compute the guaranteed values is 4.50% per year. The adjusted premiums used to determine the guaranteed Cash Values are determined using the nonforfeiture net level premium method assuming a level premium. You may obtain values for all years after 20 years by writing Our Home Office.

Your plan of insurance

Your plan of insurance provides level term life insurance on the life of the Insured to the policy anniversary date following the attainment of the Insured's age 95. While this policy is In Force, We will pay the Insurance Benefits when the Insured dies and We receive due proof of death of the Insured at Our Home Office. Annual premiums for this level term life insurance are guaranteed for all policy years as shown on the

Table of Guaranteed Annual Premiums page(s). This policy will develop Cash Value. For details, see the Table of Guaranteed Values, page 3.

While this policy is In Force, coverage under this policy may be converted to a permanent plan of insurance before the end of the Specified Period, or on or before the policy anniversary date following the Insured's age 70, whichever is earlier. There is only one conversion available after the first 10 policy years. On the date of conversion, there will always be at least one permanent policy to which You may convert Your policy.

Who benefits from this policy?

Owner

The owner of this policy is the Insured unless otherwise stated in the application or later changed by Written Request. This policy belongs to You, the owner. Unless You provide otherwise, You may exercise all rights and options of this policy while the Insured is living, subject to the rights of any Irrevocable Beneficiary or assignee.

Beneficiary

The Beneficiary will be the person(s) named as such in the application, unless later changed by Written Request. The Beneficiary is entitled to the Insurance Benefits of this policy unless prohibited by state law. If there is no valid Beneficiary designation or if no Beneficiary survives the Insured, the Insurance Benefits will be payable to the Insured's estate. Any reference to a Beneficiary living or surviving means the person must be living on the earlier of:

- the day We receive due proof of death of the Insured; or
- the 15th day after the Insured's death.

Changing the owner or Beneficiary

While the Insured is living, You may change the owner of this policy subject to the rights of any

Irrevocable Beneficiary or assignee. You may also change Your Beneficiary at any time subject to the rights of any Irrevocable Beneficiary or assignee. The written consent of each Irrevocable Beneficiary or assignee will be required as part of the Written Request. You may contact Our Home Office for a change of ownership or Beneficiary change form.

Requested changes must be in a Written Request. If Your spouse's or ex-spouse's signature is required by law, their signature will also be required on the Written Request.

Upon receipt of Your Written Request at Our Home Office, the change will take effect on the date You signed the request, unless otherwise specified by You. Your request is subject to any payment We make or other action We take before receipt of the request.

Assignment

An assignment is a transfer of all or some of the policy's rights and benefits to someone else. You may assign this policy. We will not be responsible for the validity of an assignment. The assignment must be received in a Written Request. The written consent of any Irrevocable Beneficiary will be required as part of the Written Request. If Your spouse's or ex-spouse's consent is required by law, their consent will also be required. Any assignment, unless otherwise specified by You, shall take effect on the date the notice of assignment is signed by You, subject to any payments made or action taken by Us prior to receipt of such notice at Our Home Office. When it is received, Your rights and those of any Beneficiary will be subject to the terms of the assignment. You may contact Our Home Office for an assignment form.

The Insurance Benefits We pay

We will pay the Insurance Benefits in accordance with this policy's provisions upon receipt of due proof of death of the Insured. The Insurance Benefits, determined as of the date of death, will be the total of:

- the Insurance Amount currently in effect, or if applicable, the amount of reduced paid-up term life insurance;
- plus
- any part of the last premium paid that applies to a period beyond the policy month in which the Insured dies;
- minus
- the amount of any overdue premium if the Insured dies during the grace period.

We will pay interest on the Insurance Benefits to the extent required by applicable state law.

The premiums You pay

Premiums You pay

The first premium is due on the Policy Date. You must pay the remaining premiums on or in advance of each premium due date.

The Policy Date is the date from which premium due dates are determined. The premium due date is based on the premium payment option selected. The Policy Data pages show the Specified Period, guaranteed annual premiums and payment option selected.

Annual premiums for this policy are guaranteed for all policy years as shown on the Table of Guaranteed Annual Premiums page(s).

Premiums will not increase during the Specified Period. After the Specified Period, this policy will automatically Renew annually to the Final Expiry Date. You will not need to provide proof that the Insured is insurable when this policy Renews.

Frequency of Your payments

You may ask to change the frequency of Your premium payments. Upon approval, We will tell You the amount of the premium required at the new frequency to maintain Your plan of insurance.

We allow a grace period

We will allow a grace period of 31 days for paying each premium due after the first premium. The policy remains In Force during the

grace period. If the Insured dies during the grace period, We will pay the Insurance Benefits according to "The Insurance Benefits We pay" provision.

How Your policy may lapse

If the premium due for Your insurance policy is not paid by the end of its grace period, Your policy will lapse. The term "lapse" means that this policy, including any riders, ends for nonpayment of premiums. The lapse date will be the premium due date. (See "What if Your policy lapses?" for details.)

The term conversion available

While this policy is In Force, You may convert all or part of the Insurance Amount to a permanent policy issued by Us on the date of conversion as explained below. All conversions must be made before the end of the Specified Period, or on or before the policy anniversary date following the Insured's age 70, whichever is earlier. There is only one conversion available after the first 10 policy years. There will always be at least one permanent policy available for conversion.

During the first 10 policy years, You may convert all or part of the Insurance Amount. Upon a partial conversion, this policy's Insurance Amount at the time of conversion is reduced by the amount converted. However, the remaining Insurance Amount cannot be less than \$25,000. We will send You new Policy Data, Table of Guaranteed Values, and Table of Guaranteed Annual Premiums page(s) when a partial conversion is made. If the entire Insurance Amount is converted, this policy ends when the new permanent policy becomes effective.

After the first 10 policy years, You may convert the entire Insurance Amount at the time of conversion or \$50,000, whichever is less. When the conversion is completed after the first 10 policy years, this policy ends when the new permanent policy becomes effective, even if You have converted less than the entire Insurance Amount at the time of conversion.

The date of conversion is the date We receive in Our Home Office both Your application for conversion and the first full premium for the new policy. The new policy will be effective on the date of conversion. However, if We receive Your application for conversion and the first full premium for the new policy during the grace period of an unpaid premium, the effective date of the new policy will be the due date of such unpaid premium.

We will reduce the Cash Value to an amount proportionate to the amount of term life insurance remaining In Force after the conversion. The difference between the Cash Value prior to conversion and the Cash Value after conversion may be paid to You or may be used toward payment of premium for the new permanent policy.

The new policy is subject to the minimum and maximum coverage amount available for that policy and will be issued as follows:

- without You providing proof that the Insured is insurable;
- for a whole life insurance amount subject to the maximums and conditions stated above;
- for the same premium class as assigned to this policy;
- for the Insured's sex, attained age last birthday, and at premium rates in effect on the date We approve the conversion;
- with an incontestable period determined from the Date of Issue of this policy or the reinstatement date, whichever is later; and
- with a suicide period determined from the Date of Issue of this policy.

A waiver of premium benefit rider may be included in the new policy without providing proof that the Insured is insurable if on the new policy date:

- the Insured's age is 55 or less;
- the waiver of premium benefit rider is in effect for this policy;
- the premiums for this policy are not being waived as a result of the Insured's total disability as defined in the waiver of

premium benefit rider in effect for this policy; and

- the Insured's disability, if any, does not eventually qualify as total disability as defined in the waiver of premium benefit rider in effect for this policy.

This policy may be changed

You may make a Written Request to reduce the Insurance Amount of this policy as long as Your coverage is not being continued as reduced paid-up term life insurance. Additionally, the remaining Insurance Amount cannot be less than \$25,000. We must approve this change. We will send You new Policy Data, Table of Guaranteed Values, and Table of Guaranteed Annual Premiums page(s) when the change is made.

If We approve the change and the request is made during the Specified Period, We will use the Insured's sex and age shown on the initial Policy Data page 2(1) to determine the new guaranteed premium for the reduced Insurance Amount. Such request will not change the length of time remaining in the Specified Period. The new premium will not increase during the Specified Period. The new annual premium and annual premiums for subsequent years will be shown on the new Table of Guaranteed Annual Premiums page(s).

If We approve the change and the request is made after the Specified Period, We will use the Insured's sex and age as of the last policy anniversary date to determine the new guaranteed premium for the reduced Insurance Amount. The new annual premium and annual premiums for subsequent years will be shown on the new Table of Guaranteed Annual Premiums page(s).

Such change will be effective on the same day of the month in which We receive the request as the day of the month of the Policy Date; provided that if premiums on this policy have been paid to provide coverage to a later date,

the effective date of the change will be that later date.

We will reduce the Cash Value to an amount proportionate to the amount of term life insurance remaining In Force after the reduction. The difference between the Cash Value prior to reduction and the Cash Value after reduction may be paid to You or may be applied as a credit toward the payment of premium for the reduced Insurance Amount.

The Cash Value of this policy

Your policy develops Cash Value

We guarantee the Cash Value as shown in the most recent Table of Guaranteed Values page, under the assumptions stated on that page. The Cash Value may be used to continue the policy In Force as reduced paid-up term life insurance until the Final Expiry Date. While the Insured is living, You may surrender this policy for its Cash Value or surrender this policy and use the Cash Value to purchase a Single Premium Whole Life insurance policy if certain conditions are met. (See "You may purchase Single Premium Whole Life insurance" for details.)

The basis We used for computation

All guaranteed values meet or exceed the minimum requirements of the Standard Nonforfeiture Law for Life Insurance as defined in the laws of the state in which this policy is delivered. We have given the insurance officials in the state in which this policy is delivered a detailed statement of how We computed the values and benefits.

You may give up Your policy

If there is a Cash Value, You may withdraw it and give up Your policy. In this case, all benefits under the policy will end. If You surrender Your policy for its Cash Value within 30 days after a policy anniversary date, the Cash Value will not be less than the Cash Value at the policy anniversary date. If You surrender Your policy at

any time other than a policy anniversary date, the Cash Value shall be calculated with allowance for lapse of time and the payment of fractional premiums beyond the last preceding policy anniversary date. At any time, the Cash Value will meet or exceed the minimum requirements of the Standard Nonforfeiture Law for Life Insurance as defined in the laws of the state in which this policy is delivered.

You may purchase Single Premium Whole Life insurance

On or before the policy anniversary date following the Insured's age 80, You may surrender Your policy and use the Cash Value to purchase a Single Premium Whole Life insurance policy if:

- the date of surrender is no later than the policy anniversary date following the Insured's age 80;
- the Cash Value on the date of surrender meets Our minimum single premium requirements for issuing a Single Premium Whole Life insurance policy;
- the premium class for this policy as shown in the Policy Data page(s) meets Our minimum requirements for issuing a Single Premium Whole Life Insurance policy; and
- the face amount of the Single Premium Whole Life insurance policy does not exceed that which the Cash Value of this policy on the date of surrender would purchase.

When Your purchase of the new Single Premium Whole Life insurance policy is completed, this policy ends when the new policy becomes effective.

If all of the above conditions have been met, the Single Premium Whole Life insurance policy will be issued as follows:

- without You providing proof that the Insured is insurable;
- for the same premium class as assigned to this policy;

- for the Insured's sex, attained age last birthday, and at premium rates in effect on the date of purchase;
- with an incontestable period determined from the Date of Issue of this policy or the reinstatement date, whichever is later;
- with a suicide period determined from the Date of Issue of this policy; and
- with an effective date equal to the date of termination of this policy.

What if Your policy lapses?

If the premium due for Your insurance policy is not paid by the end of its grace period, Your policy will lapse. The term "lapse" means that benefits under this policy, including any riders, end for nonpayment of premiums, except as provided in the provisions below. The lapse date will be the premium due date.

After Your policy has lapsed, You may:

- apply for reinstatement of the lapsed policy; or
- continue the lapsed policy as reduced paid-up term life insurance until the Final Expiry Date if Your policy has Cash Value; or
- surrender the policy for its Cash Value; or
- surrender the policy and use the Cash Value to purchase a Single Premium Whole Life insurance policy if certain conditions are met. (See "You may purchase Single Premium Whole Life insurance" for details.)

You may reinstate Your policy

You may reinstate Your lapsed policy if:

- the policy has not been surrendered for its Cash Value;
- the policy has not been surrendered and the Cash Value used to purchase a Single Premium Whole Life insurance policy;
- We receive Your Written Request within five years of the due date of the premium in default;

- You show Us the Insured is still insurable according to Our written guidelines; and
- You pay all overdue premiums (with interest at 5 percent per year compounded annually).

The policy will be reinstated as of the date it lapsed.

You may continue insurance

If Your policy lapses with Cash Value and You do not surrender it for its Cash Value or surrender it and use the Cash Value to purchase a Single Premium Whole Life insurance policy, You may continue Your insurance as reduced paid-up term life insurance until the Final Expiry Date. The Cash Value of the policy may be used as a net single premium to purchase such insurance. The net single premium will be equal to the present value of the death benefit.

Reduced paid-up term life insurance will provide paid-up term life insurance on the life of the Insured to the Final Expiry Date. The amount of term life insurance depends on the Insured's attained age and the Cash Value as of the lapse date. The reduced paid-up term life insurance has Cash Value. Information on the available Cash Value will be furnished upon request.

If within 62 days of the date of lapse You do not elect to reinstate Your policy, surrender it for its Cash Value, or surrender it and use the Cash Value to purchase a Single Premium Whole Life insurance policy, this policy will be continued as reduced paid-up term life insurance.

Additionally, if the Insured dies after the grace period but within 62 days of the date of lapse and You have not reinstated Your policy, surrendered it for its Cash Value, or surrendered it and used the Cash Value to purchase a Single Premium Whole Life insurance policy, the amount of insurance payable upon the death of the Insured will be based on the reduced paid-up term life insurance as described above.

If Your coverage is continued

If Your coverage is continued under reduced paid-up term life insurance and the Insured dies

prior to the Final Expiry Date, We will pay the Insurance Benefits according to “The Insurance Benefits We pay” provision.

Your rights under “Changing the owner or Beneficiary” and “Assignment” provisions will continue.

As long as Your policy has a Cash Value, You may surrender it for the Cash Value as described in the “You may give up Your policy” provision; or You may surrender it and use the Cash Value to purchase a Single Premium Whole Life insurance policy if certain conditions are met. (See “You may purchase Single Premium Whole Life insurance” for details.)

How benefits are paid

While the Insured is living, You may:

- elect to surrender the policy for its Cash Value and have all or part of the Cash Value paid in a lump sum or applied to one or more of the settlement options explained below;
- elect how the Insurance Benefits will be paid upon the Insured's death. You may have all or part of the Insurance Benefits paid in a lump sum or applied to one or more of the settlement options explained below.

If You have made a previous election on how the Insurance Benefits will be paid, You may or may not allow the Beneficiary the right to change the prior election.

If You have not made a previous election, the Beneficiary has the right to elect that all or part of the Insurance Benefits be paid in a lump sum or applied to one or more of the settlement options explained below.

All elections must be made by a Written Request. The election or change will take effect as of the date the Written Request is signed, subject to any payments made or other action taken by Us before receipt of the Written Request. We will issue a supplemental contract

for the settlement option chosen, as of the date of settlement.

Any payment of Insurance Benefits or Cash Value involving more than one of the options must have Our approval. Also, details of all settlement options will be subject to Our rules at the time a supplemental contract takes effect. These include rules on the minimum amount We will apply under an option and minimum amount for income payments; withdrawal or surrender rights; naming Payees and successor Payees; and proving age and survival.

Any income payments made under a settlement option will not be less than those that would be provided by the application of the Cash Value to purchase a single premium immediate annuity contract at purchase rates offered by the Company at the time to the same class of annuitants.

Amounts applied under the options will not be subject to the claims of creditors or to legal process except to the extent permitted by law.

The settlement options are:

Option A. Life income with payments guaranteed for Life only, 10, 15, or 20 years

We will pay income payments based on the number of guaranteed payments selected and the Payee's sex and age last birthday. Income payments for this option will continue as long as the Payee lives, or until all guaranteed payments have been made, whichever is later. Guaranteed income payments cannot extend beyond the life expectancy of the Payee, as defined by the Internal Revenue Code.

If the Payee dies before all guaranteed income payments have been made, the remaining income payments will be paid to the Payee's beneficiary as scheduled. The monthly income payments purchased per \$1,000 of Insurance Benefits or Cash Value applied for this option are located in the Settlement Option Tables. Additional information is available upon Your request.

Option B. Income payments for a fixed period

We will pay income payments for a fixed period of time as elected. The fixed period can be as short as ten years or as long as 30 years. Income payments cannot extend beyond the life expectancy of the Payee, as defined by the Internal Revenue Code. If the Payee dies before all income payments have been made, the remaining income payments will be paid to the Payee's beneficiary as scheduled. The monthly income payments purchased per \$1,000 of Insurance Benefits or Cash Value applied for this option are located in the Settlement Option Tables. Additional information is available upon Your request.

Option C. Joint and Survivor

We will pay income payments based upon the specific survivor option selected, and the age and sex of the two Payees.

The available survivor options are to pay during the lifetime of the survivor: (1) 50 percent; (2) two-thirds; or (3) 100 percent of the income payments paid while both Payees were living.

Upon the death of one Payee, the selected survivor percentage will be applied to determine the amount of the remaining payments during the lifetime of the survivor. Upon the death of the survivor, income payments cease.

The monthly income payments purchased per \$1,000 of Insurance Benefits or Cash Value applied for this option are located in the Settlement Option Tables. Additional information is available upon Your request.

Other options

We will apply the Insurance Benefits or Cash Value under any other option requested that is available. Any other option offered will be based on the interest and mortality described below in the "Basis of settlement option tables" provision.

Basis of settlement option tables

The Settlement Option Tables show the dollar amount of monthly income payments for each

\$1,000 of Insurance Benefits or Cash Value. Income payments may also be available in quarterly, semi-annual, and annual installments. The tables use the Payee's age last birthday at the time the first income payment is due.

The amount of each income payment will never be less than that shown in the Settlement Option Tables. The guaranteed interest rate used for all settlement options is 1 percent per year. Where mortality assumptions are involved, the guaranteed factors are based on the Annuity 2000 Mortality Table. The income payments under these options may be increased as determined by Us on an equitable basis to this class of policies.

Other important information**Your contract with Us**

We will provide the insurance described in this contract in consideration of payment of the required premiums. This policy, the attached copy of the application, and any attached endorsements and riders make up the entire contract.

For any changes made in the future, You will be responsible for attaching the application, endorsements, riders, Policy Data pages, Table of Guaranteed Values page(s), and/or Table of Guaranteed Annual Premiums page(s). If You fail to attach the pages, they will be deemed to be attached as of the date the change is effective.

Only Our president, a vice president, or the corporate secretary can modify this contract or waive any of Our rights or requirements under it. No agent may do this. Any change or waiver We make will be made in writing to You.

When the policy is incontestable

We have the right to contest the validity of this policy based on material misstatements made in the application for this policy. However, in the absence of fraud, We will not contest the validity of this policy after it has been in effect during the lifetime of the Insured for two years from the

Date of Issue shown on Policy Data page 2(1) except for nonpayment of premiums. In the absence of fraud, We will not contest any information on a reinstatement of coverage application after the reinstatement has been in effect for two years during the Insured's lifetime.

No statement shall be used to contest a claim unless contained in a written application or an amendment to the application which is attached to this policy. All statements made in the application, in the absence of fraud, are representations and not warranties.

See additional benefit riders, if any, for modifications of this provision that may apply to them.

If age or sex has been misstated

If the Insured's age or sex is misstated, We will adjust any amount payable or benefit accruing under the policy to the amount the premium would have purchased at the correct age and sex. If income payments made under a settlement option were too large because of a misstatement, We will deduct the difference with interest from the payments falling due until totally repaid. If necessary, We reserve the right to demand reimbursement for such overpayment. If such payments were too small, We will add the difference with interest to the next payment due. The interest in both instances described above will be at the rate of 5 percent per year.

Conformity with state law

This contract is subject to the laws of the state in which it was delivered. If any part of this contract does not comply with the law, it will be interpreted by Us as if it did.

How the suicide exclusion affects benefits

If the Insured commits suicide, while sane or insane, within two years from the Date of Issue, We will limit Our payment to the premiums paid.

We may defer payment

We may defer payment of any Cash Value for up to six months after We receive Your request.

How We measure policy anniversaries

We measure policy years and policy anniversaries from the Policy Date. Each policy year begins on the same day and month as the Policy Date.

Consumer privacy notice

Welcome to Horace Mann Life Insurance Company – We take our responsibility to you and your family very seriously, and we will work hard to maintain your trust in us. You may wonder why we've asked so many questions and how we intend to use the information you've provided. Your answers provide information we need to calculate the cost of your insurance policy, for example, your age, sex, and the amount and insurance product applied for. Other questions are asked so we can determine if you are eligible for the policy applied for and to help our agent update your insurance program.

Sources of information – Your application for insurance is our main source of information. Your health and lifestyle are the most important factors we take into account. As part of our evaluation we may, at our expense:

- Interview you or an adult family member by telephone.
- Ask you to be examined by a paramedic or physician. The examination may include such tests as an electrocardiogram, chest x-ray, blood studies, or urinalysis.
- Ask physicians, clinics, hospitals, or other health care providers for information about you.
- Obtain information from the MIB, Inc., and/or a consumer reporting agency. Please refer to later sections for details about this procedure.
- Obtain information from other insurance companies you have applied to in the past. We use this information only for evaluating your application for insurance.

Safeguarding your privacy – We use information about you to underwrite, issue and service insurance policies and to process claims. We may share information about you with certain parties without your consent. The extent that we may do so depends on the law. Some parties who may receive information include your agent, a medical professional to tell you of a medical condition you may not know about, or a court, governmental or law enforcement agency. To the extent permitted by law, this information may be shared with nonaffiliated parties that perform marketing or other services on our behalf or with whom we have joint marketing arrangements. This information may also be shared, as permitted by law, within the Horace Mann Companies for auditing, marketing, or other permitted purposes.

Within 30 days of our receipt of your written request, we will send you a copy of all personal information about you in our records or allow you to view this information at our home office. We will identify the source of any such information if such source is an institution. In most cases, medical information will be disclosed either directly to you or to a medical professional designated by you, whichever you prefer. At your request, a copy of any consumer report we obtain on you will be provided to you by the responsible agency.

We will not send you or allow you to view information collected in connection with any claim or civil or criminal proceedings. This would include information relating to suspected fraud or material misrepresentation. We may gather information from you which is used for statistical purposes or marketing research. We will not identify you individually.

Underwriting your request for coverage – Once we receive your application for insurance, we will begin the underwriting process to determine whether you are eligible for insurance, and if so, the rate you should pay for that insurance. In most instances, we are able to provide you with insurance coverage exactly as applied for. However, we may find that we are unable to give you the insurance you applied for or that we are able to offer you such insurance only on a modified basis or at a premium rate greater than our lowest premium rate. If we are unable to provide the coverage you applied for, we will notify you of our decision in writing. We will also provide you with specific reasons for our actions should you send us a written request to do so.

How you may correct our information – If you think any information in our file is not correct or complete, you may ask us in writing to review it. We will respond within 30 days of our receipt of your written request. If we agree with you, we will make any necessary corrections and inform anyone specified by you who may have received such information in the past two years. We will also inform any insurance support organization which has received such information from us within the past seven years.

If we do not agree with you, you may file a statement of dispute with us. That statement will be sent to anyone receiving such information in the past as stated in the preceding paragraph and included in any future disclosure of the disputed information.

Consumer reports – An investigative consumer report may be made to help us determine your eligibility for the insurance you requested. This report may concern your lifestyle, character, general reputation, and personal characteristics, such as health, occupation, and finances. When applicable, it will also involve such matters as your driving record, health history, smoking habits, use of alcohol or drugs, aviation, and hazardous sports participation.

Inquiries will not be directed toward determining your sexual orientation. Also, no adverse underwriting decision will be made because a report shows that you have demonstrated AIDS-related concerns or have sought AIDS-related counseling. AIDS test results received at anonymous counseling and testing sites are confidential and need not be disclosed. Any AIDS testing is limited to FDA-licensed blood tests and a member of the medical profession must make the diagnosis of AIDS.

The consumer reporting agency may obtain information by interviewing you or members of your family, business associates, financial institutions, and acquaintances. You may ask that the agency interview you in person or by telephone. The agency may also check public records, such as police or motor vehicle records.

This information is for insurance purposes only. The consumer reporting agency may retain and release information to others under certain circumstances. If you ask and give proper identification, the agency will provide you with a copy of the report and explain their retention and release practices. Please contact us if you wish to know more about the nature and scope of these reports and how we use them.

MIB, Inc. (MIB) – Information regarding your insurability will be treated as confidential. We or our reinsurers may, however, make a brief report thereon to MIB, a not-for-profit membership organization of insurance companies, which operates as an information exchange on behalf of its members. If you apply to another MIB member company for life or health insurance coverage, or a claim for benefits is submitted to such a company, MIB upon request, will supply such company with information in its file.

Upon receipt of a request from you, MIB will arrange disclosure of any information it may have in its file. Please contact MIB at [866-692-6901 (TTY 866-346-3642)]. If you question the accuracy of information in MIB's file, you may contact MIB and seek a correction in accordance with the procedures set forth in the federal Fair Credit Reporting Act. The address of MIB's information office is [Post Office Box 105, Essex Station, Boston, Massachusetts 02112].

We or our reinsurers may also release information in our file to other insurance companies to whom you may apply for life or health insurance, or to whom a claim for benefits may be submitted.

Any more questions – If you would like to know more about how we collect, evaluate, and control information about you as one of our applicants for insurance, you may contact us at Horace Mann Life Insurance Company, 1 Horace Mann Plaza, Springfield, IL 62715-0001, telephone 1-800-999-1030.

LIMITATIONS AND EXCLUSIONS UNDER THE ARKANSAS LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION ACT

Residents of this state who purchase life insurance, annuities or health and accident insurance should know that the insurance companies licensed in this state to write these types of insurance are members of the Arkansas Life and Health Insurance Guaranty Association ("Guaranty Association"). The purpose of the Guaranty Association is to assure that policy and contract owners will be protected, within certain limits, in the unlikely event that a member insurer becomes financially unable to meet its obligations. If this should happen, the Guaranty Association will assess its other member insurance companies for the money to pay the claims of policy owners who live in this state and, in some cases, to keep coverage in force. The valuable extra protection provided by the member insurers through the Guaranty Association is not unlimited, however. And, as noted in the box below, this protection is not a substitute for consumers' care in selecting insurance companies that are well managed and financially stable.

DISCLAIMER

The Arkansas Life and Health Insurance Guaranty Association ("Guaranty Association") may not provide coverage for this policy. If coverage is provided, it may be subject to substantial limitations or exclusions, and require continued residency in this state. You should not rely on coverage by the Guaranty Association in purchasing an insurance policy or contract.

Coverage is NOT provided for your policy or contract or any portion of it that is not guaranteed by the insurer or for which you have assumed the risk, such as non-guaranteed amounts held in a separate account under a variable life or variable annuity contract.

Insurance companies or their agents are required by law to provide you with this notice. However, insurance companies and their agents are prohibited by law from using the existence of the Guaranty Association to induce you to purchase any kind of insurance policy.

The state law that provides for this safety-net is called the Arkansas Life and Health Insurance Guaranty Association Act ("Act"). Below is a brief summary of the Act's coverages, exclusions and limits. This summary does not cover all provisions of the Act; nor does it in any way change anyone's rights or obligations under the Act or the rights or obligations of the Guaranty Association.

COVERAGE

Generally, individuals will be protected by the Guaranty Association if they live in this state and hold a life, annuity or health insurance contract or policy, or if they are insured under a group insurance contract issued by a member insurer. The beneficiaries, payees or assignees of policy or contract owners are protected as well, even if they live in another state.

EXCLUSIONS FROM COVERAGE

However, persons owning such policies are NOT protected by the Guaranty Association if:

- They are eligible for protection under the laws of another state (this may occur when the insolvent insurer was incorporated in another state whose guaranty association protects insureds who live outside that state);
- The insurer was not authorized to do business in this state;
- Their policy or contract was issued by a nonprofit hospital or medical service organization, an HMO, a fraternal benefit society, a mandatory state pooling plan, a mutual assessment company or similar plan in which the policy or contract owner is subject to future assessments, or by an insurance exchange.

The Guaranty Association also does NOT provide coverage for:

- Any policy or contract or portion thereof which is not guaranteed by the insurer or for which the owner has assumed the risk, such as non-guaranteed amounts held in a separate account under a variable life or variable annuity contract;
- Any policy of reinsurance (unless an assumption certificate was issued);
- Interest rate yields that exceed an average rate;
- Dividends and voting rights and experience rating credits;
- Credits given in connection with the administration of a policy by a group contract holder;
- Employers' plans to the extent they are self-funded (that is, not insured by an insurance company, even if an insurance company administers them);
- Unallocated annuity contracts (which give rights to group contractholders, not individuals).
- Unallocated annuity contracts issued to/in connection with benefit plans protected under Federal Pension Benefit Corporation ("FPBC") (whether the FPBC is yet liable or not);
- Portions of an unallocated annuity contract not owned by a benefit plan or a government lottery (unless the owner is a resident) or issued to a collective investment trust or similar pooled fund offered by a bank or other financial institution);
- Portions of a policy or contract to the extent assessments required by law for the Guaranty Association are preempted by State or Federal law;
- Obligations that do not arise under the policy or contract, including claims based on marketing materials or side letters, riders, or other documents which do not meet filing requirements, or claims for policy misrepresentations, or extra-contractual or penalty claims;
- Contractual agreements establishing the member insurer's obligations to provide book value accounting guarantees for defined contribution benefit plan participants (by reference to a portfolio of assets owned by a nonaffiliate benefit plan or its trustees).

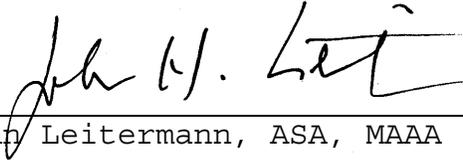

LIMITS ON AMOUNT OF COVERAGE

The Act also limits the amount the Guaranty Association is obligated to cover: The Guaranty Association cannot pay more than what the insurance company would owe under a policy or contract. Also, for any one insured life, the Guaranty Association will pay a maximum of \$300,000 — no matter how many policies and contracts there were with the same company, even if they provided different types of coverages. Within this overall \$300,000 limit, the Association will not pay more than \$300,000 in health insurance benefits, \$300,000 in present value of annuity benefits, or \$300,000 in life insurance death benefits or net cash surrender values — again, no matter how many policies and contracts there were with the same company, and no matter how many different types of coverages. There is a \$1,000,000 limit with respect to any contract holder for unallocated annuity benefits, irrespective of the number of contracts held by the contract holder. These are limitations for which the Guaranty Association is obligated before taking into account either its subrogation and assignment rights or the extent to which those benefits could be provided out of the assets of the impaired or insolvent insurer.
