Form 28.1301 Blanket Short Term Student Accident and Sickness Application

McHugh Consulting Resources, Inc. has been requested to file the above-referenced forms on behalf of 4 Ever Life Insurance Company. We have provided a letter of authorization for your files.

We are submitting the above captioned forms for your review and approval. These forms are new and not intended to replace any other forms currently in use.

These new forms are identical, except for form numbers, respective company information and the addition of the "Services inside the U.S., Puerto Rico, and the U.S. Virgin Islands" provision on page 23, to those which had previously been filed and approved effective August 10, 2011 for BCS Insurance Company under SERFF File No.: MCHX-G127331588.

This program provides blanket student accident & sickness insurance coverage for foreign students attending schools, colleges, universities and other educational institutions here in the US. This program is not intended to cover US students who are residents of the US.

The policy is issued out of state and may be issued either to a trust established in Delaware or to an association located in the District of Columbia. Coverage will be marketed to eligible blanket accident and health insurance groups that elect to participate in the trust, such as colleges, universities, [or] educational groups and/or to members of the association. The policy Form 28.1302 et.al was approved by Delaware on December 14, 2011. This program will be marketed through agent/broker solicitation.

Endorsement Form 28.1315(AR) will be used to bring the policy/certificate into compliance with your state requirements. The appropriate language contained in the endorsement will be used as an attachment to the certificate or it may be included in the body of the certificate, where appropriate.

Variable data is bracketed. Amounts may vary or provisions may be modified to fit a specific college school or university's request. For example dependent coverage or PPO language may be deleted if not selected. Variable date will never exclude or limit provisions required by the jurisdiction in which the Policy is issued.

Printing of all forms is subject to changes in page numbers, margins, positioning and format. Printing standards will never be less than required under your law. Electronic use of this form may result in changes or variations in margins, formatting and pagination. However, the text will not be less than ten-point type and the form will meet the readability

This coverage extension will not apply to termination initiated by any Covered Person, Participating Organization or Institution or the Policyholder.]

<SECTION 11> {EXCESS COVERAGE

The Insurer will reduce the amount payable under this Plan to the extent expenses are covered under any Other Plan. The Insurer will determine the amount of benefits provided by Other Plans without reference to any coordination of benefits, non-duplication of benefits, or other similar provisions. The amount from Other Plans includes any amount to which the Covered Person is entitled, whether or not a claim is made for the benefits. This Plan is secondary coverage to all Other Plans.

/ Drafting Note: one or the other of these clauses will be used – not both.

{COORDINATION OF BENEFITS (COB)

Some people have health care coverage through more than one medical insurance plan at the same time. COB allows these plans to work together so the total amount of all benefits will never be more than 100 percent of the allowable expenses during any {policy year / calendar year.} This helps to hold down the costs of health coverage.

COB does not apply to life insurance, accidental death and dismemberment, or disability benefits.

The Coordination of Benefits (COB) provision applies when a person has health care coverage under more than one Plan. Plan is defined below.

The order of benefit determination rules govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary plan. The Primary plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary plan is the Secondary plan. The Secondary plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable expense.

Definitions.

- A. A **Plan** is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
1. Plan includes: group and nongroup insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.
 2. Plan does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under (1) or (2) is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

- B. **This plan** means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from this plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

- C. **The order of benefit determination rules** determine whether This plan is a Primary plan or Secondary plan when the person has health care coverage under more than one Plan.
When This plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable expense.

- D. **Allowable expense** is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an Allowable expense.

The following are examples of expenses that are not Allowable expenses:

1. The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable expense, unless one of the Plans provides coverage for private hospital room expenses.
 2. If a person is covered by 2 or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable expense.
 3. If a person is covered by 2 or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable expense.
 4. If a person is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary plan's payment arrangement shall be the Allowable expense for all Plans. However, if the provider has contracted with the Secondary plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable expense used by the Secondary plan to determine its benefits.
 5. The amount of any benefit reduction by the Primary plan because a covered person has failed to comply with the Plan provisions is not an Allowable expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.
- E. **Closed panel plan** is a Plan that provides health care benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.
- F. **Custodial parent** is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

Order of Benefit Determination Rules. When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- A. The Primary plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of under any other Plan.
- B. 1. Except as provided in Paragraph (2), a Plan that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both Plans state that the complying plan is primary.

2. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed panel plan to provide out-of-network benefits.
- C. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.
- D. Each Plan determines its order of benefits using the first of the following rules that apply:
1. Non-Dependent or Dependent. The Plan that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the Primary plan and the Plan that covers the person as a dependent is the Secondary plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent; and primary to the Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, member, policyholder, subscriber or retiree is the Secondary plan and the other Plan is the Primary plan.
 2. Dependent Child Covered Under More Than One Plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one Plan the order of benefits is determined as follows:
 - a. For a dependent child whose parents are married or are living together, whether or not they have ever been married:
 - i. The Plan of the parent whose birthday falls earlier in the calendar year is the Primary plan; or
 - ii. If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary plan.
 - b. For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
 - i. If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree;
 - ii. If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph (a) above shall determine the order of benefits;
 - iii. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph (a) above shall determine the order of benefits; or
 - iv. If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - The Plan covering the Custodial parent;
 - The Plan covering the spouse of the Custodial parent;
 - The Plan covering the non-custodial parent; and then
 - The Plan covering the spouse of the non-custodial parent.
 - c. For a dependent child covered under more than one Plan of individuals who are the parents of the child, the provisions of Subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the child.
 3. Active Employee or Retired or Laid-off Employee. The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the Primary plan. The Plan covering that same person as a retired or laid-off employee is the Secondary plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
 4. COBRA or State Continuation Coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary plan and the COBRA or state or other federal continuation coverage is the Secondary plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
 5. Longer or Shorter Length of Coverage. The Plan that covered the person as an employee, member, policyholder, subscriber or retiree longer is the Primary plan and the Plan that covered the person the shorter period of time is the Secondary plan.
 6. If the preceding rules do not determine the order of benefits, the Allowable expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This plan will not pay more than it would have paid had it been the Primary plan.

Effect on the Benefits of This Plan. When This plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a plan year are not more than the total Allowable expenses. In determining the amount to be paid for any claim, the Secondary plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable expense under its Plan that is unpaid by the Primary plan. The Secondary plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable expense for that claim. In addition, the Secondary plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

If a covered person is enrolled in two or more Closed panel plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed panel plan, COB shall not apply between that Plan and other Closed panel plans.

Right To Receive And Release Needed Information. Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under This plan and other Plans. The Insurer may get the facts it needs from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under This plan and other Plans covering the person claiming benefits. The Insurer need not tell, or get the consent of, any person to do this. Each person claiming benefits under This plan must give the Insurer any facts it needs to apply those rules and determine benefits payable.

Facility of Payment. A payment made under another Plan may include an amount that should have been paid under This plan. If it does, the Insurer may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This plan. The Insurer will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means the reasonable cash value of the benefits provided in the form of services.

Right of Recovery. If the amount of the payments made by the Insurer is more than it should have paid under this COB provision, it may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.}}

<SECTION 12> ELIGIBILITY REQUIREMENTS AND PERIOD OF COVERAGE

Eligible Participant: Eligible Participant means any person who satisfies the definition of an Eligible Participant and the requirement of an applicable class as shown in Section 1 – Eligible Classes. [He/she must not be insured under the Plan as a dependent. When both spouses are insured as Eligible Participants under the Plan, only one spouse shall be considered to have any Eligible Dependents.]

Enrollment for Coverage: An Eligible Participant [and their Eligible Dependents] will be eligible for coverage under the Plan subject to the particular types and amounts of insurance as specified in his/her enrollment form. [If dependent coverage is {elected by an Eligible Participant} {offered by the Organization or Institution}, an Eligible Participant may also enroll his/her Eligible Dependents for coverage on the later of:

1. The effective date of his/her insurance; or
2. Within 31 days from the date on which the Dependent arrives in the Country of Assignment.]

When an Eligible Participant's Coverage Starts: Coverage for an Eligible Participant starts at 12:01 AM on the latest of the following:

- <1.> The Coverage Start Date shown on the Insurance Identification Card;
- <2.> The date the requirements in Section 1 – Eligible Classes are met; or
- <3.> The date the premium and completed enrollment form, if any, are received by the Insurer or the Administrator.

Thereafter, the insurance is effective 24 hours a day, worldwide [except whenever the Covered Person is in his/her Home Country]. In no event, however, will insurance start prior to the date the premium is received by the Insurer.

[For Transfers Only: If a Covered Person transfers from a Group which has coverage under a policy issued on the same form as this plan of insurance to another Organization or Institution which also has coverage under the same policy form, or transfers from one plan to another under the same policy that person must re-enroll in the newer plan. A Preexisting Condition will not be covered under the newer plan until the benefit period expires for such condition under the prior plan (the plan under which the Covered Person was insured prior to the date of transfer). At that time, the Preexisting Condition will be covered under the newer plan. Benefit payments for Preexisting Conditions shall be the lesser of:

1. The unused portion of the maximum benefit applicable to the covered medical condition under the prior plan; or
2. The maximum benefit applicable to the covered medical condition under this plan.

Both 1 and 2 above are subject to the benefit periods, Deductibles, and Coinsurance as defined in the respective policies.]

When an Eligible Participant's Coverage Ends: Coverage for an Eligible Participant will automatically terminate on the earliest of the following dates:

1. The date the Policy terminates;
- <2.> [The Organization's or Institution's Termination Date;]
- <3.> The date of which the Eligible Participant ceases to meet the Individual Eligibility Requirements;
- <4.> The end of the term of coverage specified in the Eligible Participant's enrollment form;
- <5.> The date the Eligible Person permanently leaves the Country of Assignment for his/her or her Home Country;
- <6.> The date the Eligible Participant requests cancellation of coverage (the request must be in writing); or
- <7.> The premium due date for which the required premium has not been paid, subject to the Grace Period provision.
- <8.> The end of any Period of Coverage.

Any unearned premium will be returned upon request, but returned premium will only be for the number of full months of the unexpired term of coverage. Premium will be refunded in full or pro-rated if it is later determined that the Covered Person is not eligible for coverage or if the enrollment form contained inaccurate or misleading information.

Coverage will end at 11:59 PM. on the last date of insurance. A Covered Person's coverage will end without prejudice to any claim existing at the time of termination.

[When an Eligible Dependent's Coverage Starts: An Eligible Dependent may only be added or dropped from coverage in the case of a qualifying event defined as marriage, death, loss of coverage, divorce, entry into or departure from the Country of Assignment. An Eligible Dependent's coverage starts at 12:00 AM on the latest of the following:

1. The effective date of the Eligible Participant's insurance;
2. The effective date shown on the insurance identification card;
3. The date the completed enrollment form and premium are received by the Insurer.

Thereafter, the insurance is effective 24 hours a day, worldwide [except whenever the Covered Person is in his/her Home Country.] In no event, however, will insurance start prior to the date the enrollment form, if any, with premium is received by the Insurer or one of its authorized agents.]

[When an Eligible Dependent's Coverage Ends. An Eligible Dependent's coverage automatically ends on the earliest of the following dates:

1. The date the Policy terminates; or
- <2.> [The Organization's or Institution's Termination Date;]
- <3.> The date the Eligible Participant is no longer covered under the Plan;
- <4.> date of which the Eligible Participant ceases to meet the Individual Eligibility Requirements;
- <5.> The end of the term of coverage shown on the enrollment form, if any;
- <6.> 11:59 PM. on the date he or she permanently departs the Country of Assignment for his or her Home Country;
- <7.> The date the Covered Person requests cancellation of coverage (the request must be in writing);
- <8.> The premium due date for which the required premium has not been paid, or
- <9.> The date on which the dependent ceases to meet the eligibility requirements.

Coverage will end at 11:59 PM on the last date of insurance. A dependent's coverage will end without prejudice to any claim.]

Renewing Coverage: The benefits provided by this Certificate terminate at the end of the current Period of Coverage. At the beginning of the next Period of Coverage you may re-apply for coverage. Any re-application is subject to submission of a properly completed application to the Insurer, the Insurer's approval of that application, and payment of the applicable premium to the Insurer by the Eligible Participant. There is a 31 day grace period in which to pay the premium due. [Premiums will be based upon the attained age of the Covered Person at the time of renewal.] [Any Covered Person whose coverage under the Policy lapses may not re-apply until the next enrollment period and shall be subject to all Policy exclusions as of any subsequent effective date.] [Renewals may be subject to a minimum premium payment.]

<SECTION 13> [COVERAGE OF NEWBORN INFANTS AND ADOPTED CHILDREN

Coverage of Newborn Infants: A newborn child of the Eligible Participant will automatically be a Covered Person for 31 days from the moment of his/her birth if the birth occurs while the Plan is in force, and subject to the particular coverages and amounts of insurance as specified for Eligible Dependents in the Schedule of Benefits. ["Expenses for Routine nursery care" of a newborn infant of a covered Pregnancy are covered up to the limits, if any, shown in the Schedule of Benefits.]

Coverage of Adopted Children: An adopted child of the Eligible Participant is covered on the same basis as described above for a newborn. Coverage starts on the date of placement for adoption, provided the Eligible Participant's coverage is then in force. Coverage terminates if the placement is disrupted and the child is removed from placement.

Newborn children are covered for the Medically Necessary treatment of medically diagnosed congenital defects, birth abnormalities and premature birth.

[Expenses for routine nursery care means the charges of a Hospital and attending Physician for the care of a healthy newborn infant while Confined. Care includes treatment of standard neo-natal jaundice.]

In order to continue the coverage of a newborn child beyond the 31st day following his/her date of birth or of an adopted child beyond the 31st day following his/her placement:

1. Written notice of the birth or of placement of the child must be provided to the Insurer or to the Administrator within 31 days from the date of birth or placement; and
2. The required payment of the appropriate premium, from the date of birth, must be received by the Insurer.

If 1. and 2. above are not satisfied, coverage of a newborn child or of the adopted child will terminate 31 days from the date of birth or placement.]

<SECTION 14> PREMIUM

Grace Period: There is a 31 day grace period after the premium due date in which to pay the required premium. The Plan and affected coverage will stay in force during the grace period. The grace period does not apply to payment of the first premium or the last premium when the Covered Person requests to terminate coverage. The Covered Person is liable for all premium unpaid, including any part or entire premium due through the grace period.

Cancellation Requirements: Cancellation will only be allowed if the following requirements are met:

1. Proof of ineligibility is provided; and
2. Claims have not been submitted; and
3. Cancellation occurs within the first 60 days from the effective date or the beginning of the most recent Period of Coverage; and
4. the Covered member requests cancellation in writing.

Any unearned premium will be returned upon request, but returned premium will only be for the number of full months of the unexpired term of coverage. Premium will be refunded in full or pro-rated if it is later determined that the Covered Person is not eligible for coverage or if the enrollment form contained inaccurate or misleading information.

<SECTION 15> CLAIM PROVISIONS

Notice of Claim: Written notice of any event which may lead to a claim under the Plan must be given to the Insurer or to the Administrator within 30 days after the event, or as soon thereafter as is reasonably possible.

Claim Forms: Upon receipt of a written notice of claim, the Insurer will furnish to the claimant such forms as are usually furnished by it for filing Proofs of Loss. If these forms are not furnished within 15 days after the notice is sent, the claimant may comply with the Proof of Loss requirements of the Plan by submitting, within the time fixed in the Plan for filing proofs of loss, written proof showing the occurrence, nature and extent of the loss for which claim is made.

Proofs of Loss: Written proof of loss must be furnished to the Insurer or to its Administrator within 90 days after the date of loss. However, in case of claim for loss for which the Plan provides any periodic payment contingent upon continuing loss, this proof may be furnished within 90 days after termination of each period for which the Insurer is liable. Failure to furnish proof within the time required will not invalidate nor reduce any claim if it is not reasonably possible to give proof within 90 days, provided

1. it was not reasonably possible to provide proof in that time; and
2. the proof is given within one year from the date proof of loss was otherwise required. This one year limit will not apply in the absence of legal capacity

Time for Payment of Claim: Benefits payable under the Plan will be paid immediately upon receipt of satisfactory written proof of loss, unless the Plan provides for periodic payment. Where the Plan provides for periodic payments, the benefits will accrue and be paid monthly, subject to satisfactory written proof of loss.

Payment of Claims: Benefits for accidental loss of life under Coverage B will be payable in accordance with the beneficiary designation and the provisions of the Plan which are effective at the time of payment. If no beneficiary designation is then effective, the benefits will be payable to the estate of the Covered Person for whom claim is made. Any other accrued benefits unpaid at the Covered Person's death may, at the Insurer's option, be paid either to his/her beneficiary or to his/her estate. Benefits payable under Coverages A, C, D, and E shall be payable to the provider of the service. Benefits payable under Coverage B, other than for loss of life, will be paid to the Covered Person.

If any benefits are payable to the estate of a Covered Person, or to a Covered Person's beneficiary who is a minor or otherwise not competent to give valid release, the Insurer may pay up to \$1,000 to any relative, by blood or by marriage, of the Covered Person or beneficiary who is deemed by the Insurer to be equitably entitled to payment. Any payment made by the Insurer in good faith pursuant to this provision will fully discharge the Insurer of any obligation to the extent of the payment.

[Services inside the U.S., Puerto Rico, and the U.S. Virgin Islands

[Authorized Administrator/4 Ever Life Insurance Company] has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as "Inter-Plan Programs." Whenever you obtain healthcare services inside the United States, Puerto Rico, or the United States Virgin Islands, the claims for these services may be processed through one of these Inter-Plan Programs, which include the BlueCard Program and may include negotiated National Account arrangements available between [Authorized Administrator/4 Ever Life Insurance Company] and other Blue Cross and Blue Shield Licensees.

Typically, when accessing care inside the United States, Puerto Rico, and the United States Virgin Islands, you will obtain care from healthcare providers that have a contractual agreement (i.e., are "participating providers") with the local Blue Cross and/or Blue Shield Licensee in that geographic area ("Host Blue"). In some instances, you may obtain care from providers that do not contract with the Host Blue (non-participating healthcare providers). [Authorized Administrator/4 Ever Life Insurance Company's] payment practices in both instances are described below.

A. BlueCard® Program

Under the BlueCard® Program, when you access covered healthcare services within the geographic area served by a Host Blue, [Authorized Administrator/4 Ever Life Insurance Company] will remain responsible for fulfilling [Authorized Administrator/4 Ever Life Insurance Company] contractual obligations. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating healthcare providers.

Whenever you access covered healthcare services inside the United States, Puerto Rico, and the United States Virgin Islands, and the claim is processed through the BlueCard Program, the amount you pay for covered healthcare services is calculated based on the lower of:

- The billed covered charges for your covered services; or
- The negotiated price that the Host Blue makes available to [Authorized Administrator/4 Ever Life Insurance Company].

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or underestimation of modifications of past pricing for the types of transaction modifications noted above. However, such adjustments will not affect the price [Authorized Administrator/4 Ever Life Insurance Company] use[s] for your claim because they will not be applied retroactively to claims already paid.

Laws in a small number of U.S. States may require the Host Blue to add a surcharge to your calculation. If any of these state laws mandate other liability calculation methods, including a surcharge, we would then calculate your liability for any covered healthcare services according to applicable law.

B. Non-Participating Healthcare Providers inside the U.S., Puerto Rico, and the U.S. Virgin Islands

1. Member Liability Calculation

When covered healthcare services are provided inside the United States, Puerto Rico, or the United States Virgin Islands by non-participating healthcare providers, the amount you pay for such services will generally be based on either the Host Blue’s non-participating healthcare provider local payment or the pricing arrangements required by applicable law. In these situations, you may be liable for the difference between the amount that the non-participating healthcare provider bills and the payment [Authorized Administrator/4 Ever Life Insurance Company] will make for the covered services as set forth in this paragraph.

2. Exceptions

In certain situations, [Authorized Administrator/4 Ever Life Insurance Company] may use other payment bases, such as billed covered charges, or a special negotiated payment, as permitted under Inter-Plan Programs Policies, to determine the amount [we/Licensee Name] will pay for services rendered by non-participating healthcare providers. In these situations, you may be liable for the difference between the amount that the non-participating healthcare provider bills and the payment [Authorized Administrator/4 Ever Life Insurance Company] will make for the covered services as set forth in this paragraph.]

Physical Examination and Autopsy: The Insurer may, at its expense, examine a Covered Person, when and as often as may reasonably be required during the pendency of a claim under the Plan and, in the event of death, make an autopsy in case of death, where it is not forbidden by law.

<SECTION 16> GENERAL PROVISIONS

Entire Contract: The entire contract between the Insurer and the Policyholder consists of the Policy, this Certificate, the application of the Policyholder and the application of the Organization or Institution, copies of which are attached to and made a part of the Master Policy. All statements contained in the applications will be deemed representations and not warranties. No statement made by an applicant for insurance will be used to void the insurance or reduce the benefits, unless contained in a written application and signed by the applicant. No agent has the authority to make or modify the Policy, or to extend the time for payment of premiums, or to waive any of the Insurer’s rights or requirements. No modifications of the Policy will be valid unless evidenced by an endorsement or amendment of the Policy, signed by one of the Insurer’s officers and delivered to the Policyholder.

Incontestability: The validity of a Covered Person’s insurance will not be contested except for nonpayment of premium, after his/her insurance under the Plan has been continuously in force for two years during his/her lifetime. No statement made by a Covered Person relating to his/her insurability will be used in defense of a claim under the Plan unless: 1. it is contained in the enrollment form or renewal form signed by the Covered Person; and 2. a copy of the enrollment form or renewal form has been furnished to the Covered Person, or to his/her beneficiary.

Time Limit on Certain Defenses: No claim for loss incurred after 1 year from the effective date of the Covered Person's insurance will be reduced or denied on the grounds that the disease or physical condition existed prior to the effective date of the Covered Person's insurance. This provision does not apply to a disease or physical condition excluded by name or specific description.

Legal Actions: No action at law or in equity may be brought to recover on the Policy prior to the expiration of 60 days after written proof of loss has been furnished in accordance with the requirements of the Policy. No such action may be brought after the expiration of 3 years (5 years in Kansas, 6 years in South Carolina, and the applicable statute of limitations in Florida) after the time written proof of loss is required to be furnished.

Conformity with State Statutes: Any provision of the Plan which, on its effective date, is in conflict with the statutes of the state in which it is delivered is hereby amended to conform to the minimum requirements of those statutes.

Assignment: No assignment of benefits will be binding on the Insurer until a copy of the assignment has been received by the Insurer or by its Administrator. The Insurer assumes no responsibility for the validity of the assignment. Any payment made in good faith will relieve the Insurer of its liability under the Plan.

Beneficiary: The beneficiary is the last person named in writing by the Covered Person and recorded by or on the Insurer's behalf. The beneficiary can be changed at any time by sending a written notice to the Insurer or to its Administrator. The beneficiary's consent is not required for this or any other change in the Plan unless the designation of the beneficiary is irrevocable.

Mistake in Age: If the age of any Covered Person has been misstated, an equitable adjustment will be made in the premiums or, at the Insurer's discretion, the amount of insurance payable. Any premium adjustment will be based on the premium that would have been charged for the same coverage on a Covered Person of the same age and similar circumstances.

Clerical Error: A clerical error in record keeping will not void coverage otherwise validly in force, nor will it continue coverage otherwise validly terminated. Upon discovery of the error an equitable adjustment of premium shall be made.

Not in Lieu of Workers' compensation. The Plan does not satisfy any requirement for Workers' Compensation.

Subrogation: If the Covered Person suffers an Injury or Sickness through the act or omission of another person, and if benefits are paid under the Plan due to that Injury or Sickness, then to the extent the Covered Person recovers for the same Injury or Sickness from a third party, its insurer, or the Covered Person's uninsured motorist insurance, the Insurer will be entitled to a refund of all benefits the Insurer has paid from such recovery. Further, the Insurer has the right to offset subsequent benefits payable to the Covered Person under the Policy against such recovery.

The Insurer may file a lien in a Covered Person's action against the third party and have a lien upon any recovery that the Covered Person receives whether by settlement, judgment, or otherwise, and regardless of how such funds are designated. The Insurer shall have a right to recovery of the full amount of benefits paid under the Plan for the Injury or Sickness, and that amount shall be deducted first from any recovery made by the Covered Person. The Insurer will not be responsible for the Covered Person's attorneys' fees or other cost.

Upon request, the Covered Person must complete the required forms and return them to the Insurer or to the Administrator. The Covered Person must cooperate fully with the Insurer in asserting his/her right to recover. The Covered Person will be personally liable for reimbursement to the Insurer to the extent of any recovery obtained by the Covered Person from any third party. If it is necessary for the Insurer to institute legal action against the Covered Person for failure to repay the Insurer, the Covered Person will be personally liable for all costs of collection, including reasonable attorneys' fees.

Right of Recovery: Whenever the Insurer have made payments with respect to benefits payable under the Plan in excess of the amount necessary, the Insurer shall have the right to recover such payments. The Insurer shall notify the Covered Person of such overpayment and request reimbursement from the Covered Person. However, should the Covered Person not provide such reimbursement, the Insurer has the right to offset such overpayment against any other benefits payable to the Covered Person under the Policy to the extent of the overpayment.

Currency: All premiums for and claims payable pursuant to the Plan are payable only in the currency of the United States of America.

Grievance Procedures: If the Covered Person's claim is denied in whole or in part, he/she will receive written notification of the denial. The notification will explain the reason for the denial.

The Covered Person has the right to appeal any denial of a claim for benefits by submitting a written request for reconsideration with the Insurer. Requests for reconsideration must be filed within 60 days after receipt of the written notification of denial. When the Insurer receives the Covered Person's written request, the Insurer will review the claim and arrive at a determination.

There will be made available to the Covered Person, a member services representative to assist the Covered Person throughout the grievance process. The Covered Person also has a right to designate an outside independent representative to assist the covered person or the Covered Person's member services representative through the grievance process.

The insurer will respond to grievances it receives within 45 business days of receipt of the grievance. The insurer will inform the Covered Person in writing of the decision regarding the covered person's grievance.

All communications regarding the grievance/appeals process will be recorded, documented and maintained for at least 3 years.

If the matter is still not resolved to the Covered Person's satisfaction, he/she may appeal any grievance decision resulting in a denial, termination, or other limitation of covered health care services by requesting a second review of the claim by sending the Insurer a written request for a second reconsideration. This written request must be filed within 60 days of the Eligible Participant's receipt of the Insurer's written notification of the result of the first review. If the issue involves a dispute over the coverage of medical services, or the extent of that coverage, the second review will be completed by physician consultants who did not take part in the initial reconsideration. The Covered Person will be informed, in writing, of the Insurer's final decision.

There shall be three levels of appeal of a grievance decision.

Informal Internal Review: An Informal Internal Review shall consist of the Covered Person's right to discuss and appeal the insurer's grievance decision with the insurer's medical director or with the physician or health care provider designee who rendered the decision.

If an appeal is from a determination regarding urgent or emergency care, the insurer shall conclude the appeal within 24 hours of receiving notification of appeal from the covered person or his/her member service's representative. All other concurrent or prospective appeals conducted pursuant to this section shall be conducted by the insurer within 14 business days, unless the medical circumstances surrounding the case require the insurer to respond sooner.

If the Informal Internal Review is not concluded to the Covered Person's satisfaction, the insurer shall provide the Covered Person with a written explanation of the decision, which shall, at a minimum, consist of:

1. The reviewer's understanding of the grievance;
2. The reviewer's decision in clear terms;
3. The contract basis or medical rationale in enough detail for the member or member representative to understand and to respond to the insurer's position; and
4. All applicable instructions, including the telephone numbers and titles of persons to contact and time frames to appeal the decision to the next stage of appeal.

If still dissatisfied, the covered person or his/her member representative has a right to engage in a second level appeal.

Formal Internal Review: If dissatisfied with the Informal Internal Review decision, the Covered Person shall have a right to appeal before a reviewer or panel of physicians, or advanced practice registered nurses, or other health care professionals selected by the insurer.

The panel of reviewers selected by the insurer shall not have been involved in the initial grievance decision under review.

For all reviews which require medical expertise, the medical reviewer or in the case of a panel of reviewers, the panel shall consist of at least one medical reviewer who is trained or certified in the same specialty as the matter at issue.

A medical reviewer shall be a physician, or an advanced practice registered nurse or other appropriate health care provider possessing a non-restricted license to practice or provide care anywhere in the United States and have no history of disciplinary action or sanctions pending or taken against them by any governmental agency or professional regulatory body.

A medical reviewer shall be certified by a recognized specialty board in the areas appropriate to review.

All Formal Internal Reviews will be acknowledged by the insurer within 10 business days of receipt.

If the Formal Internal Appeal is from a determination regarding urgent or emergency care, the insurer shall conclude the appeal within 24 hours of receiving notification of appeal from the covered person or his/her member representative. All other concurrent or prospective appeals conducted pursuant to this section shall be conducted by the insurer within 30 business days, unless the medical circumstances surrounding the case require the insurer to respond sooner. The time may be extended at the request of the Covered Person or his/her member services representative.

If the Formal Internal Review is not concluded to the Covered Person's satisfaction, the insurer shall provide the Covered Person with a written explanation of the decision, which shall, at a minimum, consist of:

1. The reviewer's understanding of the grievance;
2. The reviewer's decision in clear terms;
3. The contract basis or medical rationale in enough detail for the member or member representative to understand and to respond to the insurer's position; and
4. All applicable instructions, including the telephone numbers and titles of persons to contact and time frames to appeal the decision to the next stage of appeal.

If the covered person or his/her member representative is dissatisfied with the Formal Internal Review decision, he/she may pursue an external grievance.

If the insurer fails to comply with any of the deadlines for completion of a formal internal appeal, the covered person or his/her member representative shall be relieved of his/her obligations under the Formal Internal Review Process and may proceed directly to the external appeal process.

External Grievance Process: If dissatisfied with the decision rendered in a Formal Internal Review, the Covered Person may pursue an External Review before an independent review organization.

Within 30 business days from receipt of a written decision of the formal internal appeal panel, the Covered Person shall file a written request with the director for an external review along with a signed release, allowing the insurer to release medical records pertinent to the appeal.

Upon receipt of the request for an external appeal, together with the executed release form, the Director shall determine whether:

1. The individual was or is a member of the health benefits plan;
2. The health care service which is the subject of the appeal reasonably appears to be a service covered by the health benefits plan;
3. The member or member representative has fully complied with the informal and formal internal appeals processes; and
4. The member or member representative has provided all information required by the independent review organization and the

Director to make the preliminary determination, including the appeal form, and a copy of any information provided by the insurer regarding its decision to deny, reduce, or terminate a covered service, and the release form required pursuant to subsection (b) of this section.

Upon completion of the preliminary review, the Director shall notify the member or member representative and insurer in writing as to whether the appeal has been accepted for processing. If the appeal is accepted by the Director, the Director shall assign the appeal to an independent review organization for full review. If the appeal is not accepted by the Director, the Director shall provide a statement of the reasons for the non-acceptance to the member or member representative and the insurer.

The staff of the independent review organization that is assigned to the appeal shall have meaningful prior experience in performing utilization review, peer review, quality of care assessment or assurance, or the hearing of appeals. Any independent review organization, its staff, and its professional and medical reviewers, shall not have any material, professional, familial, or financial affiliation with the insurer that is a party to the appeal.

The Director may waive exhaustion of the informal and formal appeals process as a prerequisite for proceeding to the external appeals process in cases of emergency or urgent care.

The insurer shall provide timely access to all its records relating to the matter under review and to all provisions of the health benefits plan or health insurance coverage, including any evidence of coverage, "member handbook", certificate of insurance or contract and health benefits plan relating to the matter.

Upon acceptance of the appeal for processing, the independent review organization shall conduct a full review to determine whether, as a result of the insurer's decision, the member was deprived of any service covered by the health benefits plan.

The full review of an appeal of a health benefits decision shall be initially conducted by at least 2 physicians licensed to practice medicine in the District of Columbia, Maryland, or Virginia. On an exceptions basis, when necessary based on the medical, surgical, or mental condition under review, the independent review organization may select medical reviewers licensed anywhere in the United States who have no history of disciplinary action or sanctions pending or taken against them by any governmental or professional regulatory body.

In reaching a determination, the independent review organization shall take into consideration all pertinent medical records, consulting physician reports, and other documents submitted by the parties, any applicable generally accepted practice guidelines developed by the federal government, national or professional medical societies, boards and associations, any applicable clinical protocols or practice guidelines developed by the insurer, and may consult with such other professionals as appropriate and necessary.

The member or member representative and one insurer representative may request to appear in person before the independent review organization. The independent review organization shall conduct the hearing in the District of Columbia. The independent review organization's procedures for conducting a review, when the member or member representative or the insurer has requested to appear in person, shall include the following:

1. The independent review organization shall schedule and hold a hearing as soon as possible after receiving a request from a member or member representative or from an insurer representative to appear before the independent review organization. The independent review organization shall notify the member or member representative and insurer representative, either orally or in writing, of the hearing date and location. The independent review organization shall not unreasonably deny a request for postponement of the hearing made by the member or member representative or insurer representative.
2. A member or member representative and an insurer representative shall have the right to the following:
 - a. To attend the independent review organization hearing;
 - b. To present his or her case to the independent review organization;
 - c. To submit supporting material both before and during the hearing;

- d. To ask questions of any representative of the independent review organization; and
- e. To be assisted or represented by a person of his or her choice.

When necessary, the independent review organization shall consult with a physician or advance practice registered nurse trained in the same specialty or area of practice as the type of treatment that is the subject of the grievance and appeal. All final recommendations of the independent review organization shall be approved by the medical director of the independent review organization.

The independent review organization shall complete its review and issue its recommended decision as soon as possible in accordance with the medical exigencies of the case. Except as provided for in this subsection, the independent review organization shall complete its review within 30 business days, or 72 hours in the case of an expedited appeal, from the time the Director assigns the appeal to the independent review organization. An insurer shall provide all documentation to the independent review organization within 5 days of receipt of the notice of approval of the appeal by the Director, or within 24 hours of receipt of the notice of approval of the grievance, for an expedited review. If an insurer does not provide the independent review organization all documentation required by this subsection within the time frames, or obtain the necessary extensions, the independent review organization may decide the appeal without receiving the information. The independent review organization shall extend its review for a reasonable period of time as may be necessary due to circumstances beyond its or the insurer's control, but only when the delay will not result in increased medical risk to the member. In such an event, the independent review organization shall, prior to the conclusion of the initial review period, provide written notice to the member or member representative and to the insurer setting forth the status of its review and the specific reasons for the delay.

If the independent review organization determines that the member was deprived of medically necessary covered services, the independent review organization shall recommend to the Director the appropriate covered health care services the member should receive. The Director shall forward copies of the recommendation to the member or member representative and the insurer.

When necessary, the independent review organization shall refer a case for review to a consultant physician or other health care provider in the same specialty or area of practice who would generally manage the type of treatment that is the subject of the appeal. All final recommendations of the independent review organization shall be approved by the medical director of the independent review organization.

The decision of the independent review organization shall be nonbinding on all parties and shall not affect any other legal causes of action.

This section shall not apply in cases directly involving Medicaid benefits.

Any appeal brought pursuant to this section by a member involving coverage provided pursuant to the Medicaid program shall be resolved in accordance with federal and District of Columbia laws, regulations, and procedures established for fair hearings and appeals for the Medicaid program.

The Insurer shall not take any retaliatory action, such as refusing to renew or canceling coverage, against the Eligible Participant or the Group because the Eligible Participant, the Group, or any person acting on the Eligible Participant's or the Group's behalf, has filed a complaint against the Insurer or has appealed a decision made by the Insurer.

In the case of a reduction or a termination of services that is contrary to the recommendations of the treating physician or advance practice registered nurse, an insurer shall provide a member or member representative with 24 hours prior verbal notification, followed by a written decision as soon as practical.

The Insurer will meet any Notice requirements by mailing the Notice to the Group at the billing address listed on our records. The Group will meet any Notice requirements by mailing the Notice to:
