# Medicare Supplement Insurance Questions? Call for answers ...

When it comes to choosing a first or replacement Medicare supplement insurance policy, many consumers have similar questions. Here are two common questions:

## Q: Why would I want to make a change in my Medicare supplement insurance?

A: Individuals may find that the Medicare supplement insurance policy they originally selected simply doesn't fit their needs as time goes by.

Some people find that rate increases have turned what was originally an economical policy into one they no longer feel comfortable with. Others discover that their needs have changed over time and they now want to change the number or kind of benefits their policy pays.

No matter what the reason, it just makes sense to periodically review your options and see if there might be a better Medicare supplement insurance policy for you. Now there's a simple way to do that. Simply ask for a information kit when you call the Helpline at [800-000-0000]. You can also request the no-obligation kit online by visiting [www.MedSupAd.com].

## Q: What will my rates be?

A: Rates for Medicare supplement insurance are typically influenced by two factors: 1) the plan you choose and, 2) your resident state. Depending on where you live, your age may also make a difference in how rates are set.

While you can't change your age, and moving may not be an option, you may want to consider a different policy. Luckily there's a simple way to learn about your options.

You can request a no-obligation information kit by calling the United of Omaha Medicare supplement Helpline at [800-000-0000].
