Filing Description:

North American Specialty Insurance Company (NAS) is proposed to file the revised signature page SP 3 881 to replace our old signature page NAS-POL-001. The only changes we have made are 1) it is a "blank" signature page to be used for all lines of business as well as all of our independent programs including this Employer Stop Loss Excess Medical Indemnity Program 2) we have changed the form number and the edition date to reflect the change.

We hope by utilizing this new format so in the future we do not need to file the revision whenever this company needs to change the policy signatories. Please be advised that the reason we have also leave the company name to be blank is because this signature page will be also used by two other of our admitted company within the SWISS RE group.

Your approval for this request will be highly appreciated.
