-D- Classifications

<u>Description</u>	<u>Class Code</u>	<u>General Liability Premium Base</u>	<u>ELPs</u>
Damage to Premises Rented to You – Excess Limits	34449 (A) (B)		

Company Notes:

(A) Limits excess of \$100,000 are not included in ISO's loss costs. (See Rule 23.D. The suggested Company rate is \$.10 per \$100 of limits for those limits excess of \$100,000. No mods apply. This rate applies regardless of the number of locations. Premium should be a flat charge:

Example: \$250,000

Since \$100,000 is built into the ISO loss cost, we only need to charge for the \$150,000 excess of \$100,000.

Rate as follows:

$1500 (150,000/100) \times .10 = \150.00 flat charge

If for some rare or unusual reason there is no property coverage on the premises (for example, it is self-insured) a company rate of \$.40 per \$100 of limit applies to the excess limits.

(B) For reporting to ISO 34449 will be converted to ISO code 44444.
