IO-86 (10-08) Claims Information Endorsement

Dear Ms. Stiffler:

We understand that excess filings are exempt from the requirements of Arkansas code Annotated §23-79-109, under Arkansas Insurance Department Order 82-25. Midwest Employers Casualty Company (MWECC) respectfully submits the enclosed new endorsement to be used with policy forms MWE-200, Specific; MWE-300, Specific and Aggregate; and MWE-400, Aggregate Only, Excess Workers' Compensation and Employers Liability policies.

We are filing the new The IO-86 (10-08) Claims Information Endorsement to amend the "Part Three – Claims" section of our excess workers compensation policy forms to fully define what is meant by the term "claims information." It also grants the insurer, Midwest Employers Casualty Company, the right to directly collect any claims information (as defined in the endorsement) that the insured does not possess or have access to.

This endorsement will be attached to every Specific Only, Specific and Aggregate, and Aggregate Only policy.

The primary purposes for filing this endorsement are as follows:

- ◆ The insured will have a comprehensive definition of and clearly understand what is meant by the phrase "claims information."
- ◆ By gaining rights to acquire "claims information" when the insured does not possess or have access to it, it will be easier for Midwest Employers Casualty Company to collect all of the information it needs to help the injured employee, the insured, and the TPA better manage costly catastrophic claims.

Enclosed for filing, please find:
