Circular

SEPTEMBER 30, 2008

APPROVAL

AR-2008-08

Arkansas—Item B-1411—Revision to Basic Manual Introduction—Application of Manual Rules and Part Two—Classifications

ACTION NEEDED

This circular announces the approval of Item B-1411—Revision to Basic Manual Introduction—Application of Manual Rules and Part Two—Classifications in **Arkansas**. The Arkansas Department of Insurance has **approved** Item B-1411, effective **April 1, 2009** for new and renewal voluntary and assigned risk policies. Circular CIF-2008-40 announced the filing of this item.

Note: Arkansas law does not permit NCCI to file rules and rates on its members' behalf. Therefore, insurance carriers must make an independent filing with the Arkansas Insurance Department electing to adopt, or not adopt, an item filing filed by NCCI and subsequently approved by the Department. When such a filing is made with the Department, make sure that the NCCI **item filing number** (not the NCCI circular number) is referenced.

In Arkansas, a participating company may respond to an NCCI filing in the following way:

Company Response

Rates, rules, and supplementary rating information must be filed and approved or deemed approved before use.

NCCI'S filings are advisory only. Upon approval of a filing, a participating company must decide whether to use NCCI's advisory loss costs, rules, and supplementary information or file independently. It may satisfy its obligation to file by filing by reference to NCCI's approved filing. A participating company desiring to use an NCCI filing must submit a letter to the Arkansas Insurance Department indicating the company's intention to file rates, rules, and supplementary rating information by reference to NCCI's filing. The letter should adequately identify NCCI's filing number (not the NCCI circular number), and should be submitted at least 30 days prior to the proposed effective date, unless the letter requests, and the Commissioner grants, an earlier effective date, which in no event will be earlier than the date the letter is received by the Insurance Department.

A company satisfying its filing obligation by submitting a letter referencing NCCI's filing must submit an additional letter when NCCI submits a subsequent filing, indicating whether the company intends to use the advisory prospective loss costs, rules, and supplementary rating information contained in the subsequent NCCI filing or to continue to use the information previously filed by NCCI. If the company intends to continue using NCCI's previous filing, the company must also submit justifying information.

A company may also file deviations from an NCCI filing. See the Filing Laws and Regulations section for the filing requirements applicable to deviations.

The material contained herein is based on NCCI's latest research but is subject to periodic change. This information is provided as a guide to voluntary market carriers and is not intended as an interpretation of state law. Refer to state law for current and detailed information because there may be additional laws that may impact your response to an NCCI item filing. While all due effort will be made to keep the material up to date, NCCI assumes no responsibility for the use of this material.

BACKGROUND

Item B-1411 proposes to clarify and enhance NCCI's *Basic Manual for Workers Compensation and Employers Liability Insurance* by taking the following actions:

- Introduction—Application of Manual Rules—remove the language outlining how additions and removal of text within the manual is displayed, and revise the language regarding NCCI's Classification Inspection Program
 - Part Two—Classifications—include additions that will make the manual more user-friendly and easier to understand
 - Part Four—Classifications Pending—create this new section to assist with pending classification changes
-

IMPACT

It is anticipated that there will be no premium impact as a result of this item.

NCCI ACTION

NCCI will update the *Status of Item Filings* circular with the approval of Item B-1411 in the states mentioned above. Updated pages will be mailed to subscribers of NCCI's *Basic Manual for Workers Compensation and Employers Liability Insurance* and posted on **ncci.com** 90 days prior to the proposed effective dates.
