Filing Description:

We respectfully submit a revision to our independent Private Passenger Auto program, which results in a rate level decrease of 0.1%. The details of and support for the change are outlined in the attached Filing Memorandum and supporting exhibits.

The rate level changes contained in this filing specifically consider the expected effect that any prior changes in policy language will have on our future underwriting experience. The changes detailed in this filing reflect our best efforts to recognize our actuarially suggested income needs and have premiums that are as competitive as possible.

We do not rely solely on rate activity to achieve our objective of continued financial stability. We also concentrate on

continued improvements in the way we service the business we write. These improvements range from internal expense controls to ongoing enhancements in the loss settlement process. We also invest and participate in many loss prevention and control activities. Attached is an exhibit that outlines some of these activities.

Form A-1 has not been updated because no changes are needed.

We submit this filing to be effective on new and renewal policies dated May 17, 2010 and later.

Dear Jeff Clinch,

This will acknowledge receipt of the captioned filing. Please review Ark. Code Ann. 23-79-152 and advise who your definition of chargeable accident complies with such code. Also, the Rf-1 was not submitted with the filing.

Please feel free to contact me if you have questions.

Sincerely,
Alexa Grissom

Dear Alexa Grissom,

Comments:

In response to your questions, we are providing the RF-1 form and the additional information below.

Response 1

Comments: As described in our Accident Record Rating Plan, accidents are considered chargeable if payments totaling \$750 or more are made under property damage liability coverage and collision coverage combined. Accidents are not chargeable if the driver involved in the accident was less than 50% at-fault. We believe this complies with Arkansas Code Ann. 23-79-152.

RULES

The rules in this section govern the writing of all auto policies.

RATE SECTION RULES

ACCIDENT RECORD RATING PLAN (ARRP) (SFM Only)

The base premiums for the bodily injury and property damage liability, medical payments, and collision coverages, applicable to a private passenger automobile shall be subject to adjustments determined in accordance with the following provisions:

A. Discounts/Charges Reference Table

The adjustments in the table below will be used to develop the discount or surcharge applicable to each policy:

Category	Adjustment
Category 5	-25%
Category 4	-20%
Category 3	-15%
Category 9	0%
Category Z	5%
Category A	10%
Category B	30%
Category D	50%

B. New Business Rating

A Category A adjustment shall apply if, in the three year period prior to the date of application, there are any chargeable accidents. The adjustment shall apply for a period of not more than three years, but it will not apply to any policy period that begins more than three years from the date of the accident.

An accident shall be considered chargeable if it resulted in damage to any property in the amount of \$750 or more.

C. Subsequent Rating

1. Chargeable Accidents

An accident shall be chargeable as of the date the Company has recorded payments totaling \$750 or more (for accidents occurring on or after April 1, 1999) under property damage liability coverage and collision coverage combined. In the event of a multiple vehicle accident, property damage liability payment must be present for a claim to be considered chargeable.

Note: Accidents occurring prior to April 1, 1999, are considered chargeable as of the date the Company has recorded payments totaling \$400 or more under property damage liability coverage or, in the event of a one car collision, under collision coverage.

2. Premium Surcharge

The surcharge applicable during a policy period is determined by totaling the separate charges for the individual accidents which became chargeable during the three year period ending two months prior to the current expiration date.

3. Accident Charges

The charge for a specific accident shall be:

- a. Category A if there were no other chargeable accidents during the three years preceding the date this accident became chargeable;
- b. Category B if there was only one other chargeable accident during this period and its charge was Category A;
- c. Category D in all other instances.

Except as set forth in the Miscellaneous Provisions section of this rule, the accident charge shall apply to the policy providing the coverage under which the claim payment has been made and each charge shall apply for a period of three years from the renewal date on which it was originally applied.

D. Chargeable Accident Exceptions: An accident shall not be considered at-fault, nor chargeable, if the Company is furnished sufficient evidence:

1. that the driver involved in the accident was less than 50% at fault,
2. that the accident was caused by contact with birds, animals, missiles, or falling objects; or
3. that the operator involved in the accident was:
 - a. lawfully parked; or,
 - b. reimbursed by, or on behalf of, a person responsible for the accident or has judgment against such person; or,
 - c. struck in the rear by another vehicle and has not been convicted of a moving traffic violation in connection with the accident; or,
 - d. hit by a "hit-and-run" driver if the accident is reported to the proper authorities within 24 hours; or,

- e. not convicted of a moving traffic violation in connection with the accident, but the operator of the other automobile involved in the accident was convicted of a moving traffic violation; or,
- f. operating a vehicle of a type not eligible for rating under this rule.

Note: The term "convicted" includes a plea of guilty or forfeiture of bond.

E. Miscellaneous Provisions

1. The premium surcharge shall be unaffected by changes requiring a policy transfer or by changes in the territory, use, or driver classification of the policy.
2. If the Company is furnished evidence during the three year period subsequent to the date the accident became chargeable, that the driver involved in the chargeable accident will no longer be a resident of the named insured's household, or will not be a driver of the automobile insured under the policy, then that accident will no longer be used in determining the current accident charge or accident-free discount on the policy. However, if the driver continues to be insured with the Company on another policy, the accident will be considered in the rating of that policy.
3. For initial rating under the New Business provisions of this rule, operators will be assigned to the automobile they most frequently operate and the accident record for each automobile will be thus determined. If a new driver is added after the policy has been initially written, that driver's prior record will be considered in the subsequent rating of the automobile.
4. If the driver involved in a chargeable accident is currently an assigned driver of an automobile insured in State Farm Fire and Casualty Company, that accident shall not be used in determining the current accident surcharge, but shall be reflected in that person's driving record for the purpose of determining the Driver Record Charges on the State Farm Fire and Casualty Company policy.
5. If a driver is involved in a chargeable accident while driving an automobile insured with State Farm Fire and Casualty Company, and is not an assigned driver of an automobile insured in State Farm Fire and Casualty Company, that accident will be considered in determining the current premium surcharge applicable to the automobile insured in State Farm Mutual Automobile Insurance Company which is most frequently driven by that driver.
6. A driver previously insured in State Farm Fire and Casualty Company and now being insured in State Farm Mutual Automobile Insurance Company shall be considered as renewal business subject to the provisions of this rule, provided the effective date of the insurance coverage is within three years of the termination date in the State Farm Fire and Casualty Company.

F. Accident-Free Discount

A Category 3 adjustment shall apply to the base premiums for the bodily injury and property damage liability, medical payments, and collision coverages, applicable to a private passenger automobile if the policy has been in force with the State Farm Mutual Automobile Insurance Company for at least three years and there have been no chargeable accidents during the three year period ending two months prior to the current expiration date.

This discount increases to:

- Category 4 if the policy has been in force for six years,
- Category 5 if the policy has been in force for ten years,

and there have been no chargeable accidents during these time periods.

Note: The time in force provision shall include the time an insured was rated continuously at the 3-Star Discount rate level in State Farm Fire and Casualty Company immediately prior to transferring to State Farm Mutual Automobile Insurance Company.

This discount applies so long as the policy remains in force and there are no chargeable accidents. If there has been a chargeable accident and the policy has been in force for at least nine years and there have been no chargeable accidents during the nine years preceding the date the accident becomes chargeable, the discount will continue. Otherwise, the occurrence of a chargeable accident results in the loss of the discount; however, the normal charge for that accident will be:

- waived (Category 9) if the discount being received was Category 4 or Category 5,
- reduced to Category Z if the discount was Category 3,

so long as there are no other chargeable accidents during the three year experience period.

A chargeable accident which occurs within nine years of one that was forgiven will be subject to the latter provisions.

G. Reinstatements

1. A reinstated policy shall be subject to the New Business provisions of this rule, except that the developed premium surcharge percentages shall be no lower than that which would have been applicable had the policy remained in force.
2. Any accident-free discount applicable at the time of expiration or cancellation will be applied, provided the reinstatement occurs within five years and there have been no accidents during this period which the Company determines to have been the fault of the owner or operator of the automobile being insured. This provision does not apply if the applicant has been insured in the State Farm Fire and Casualty Company during all or part of the intervening time.

H. Exception: The following vehicles are not eligible for the Accident Record Rating Plan (ARRP):

1. Motor homes as defined in Rule 401(A) - Motor Homes, Truck or Van Campers (Recreational Use)
2. Trailers insured under Rule 402 - Trailers Designed for Use with Private Passenger Automobiles

CUSTOMER RATING INDEX (CRI)

The base premiums for the bodily injury and property damage liability, medical payments, comprehensive, and collision coverages, applicable to a private passenger automobile as defined in Rule 201 - Private Passenger Automobile Defined or motorcycle as defined in Rule 404 - Motorcycles, Motorscooters, and Motorized Bicycles shall be adjusted by the CRI Factor in accordance with the following provisions:

A. New Business and Subsequent Rating

A CRI will be used to determine the CRI Factor at the inception of each policy term. That CRI will continue to be used in determination of the CRI Factor for the entire policy term.

B. Factors

The CRI Factor is determined by the following formula: $1.003^{(1600 - CRI)}$. The CRI Factor shall be rounded to 3 decimal places and is subject to a minimum factor as outlined below:

Private Passenger Automobile

DEFENSIVE DRIVING COURSE DISCOUNT

The base premiums for bodily injury and property damage liability, medical payments, comprehensive, and collision coverages applicable to a private passenger automobile rated as Class 1, Class 2 or Class 6 shall be reduced by:

Percentage
5%

provided the principal operator is at least 55 years of age and has successfully completed an approved Motor Vehicle Accident Prevention course taught by an approved instructor for a minimum number of hours of actual classroom or field driving instruction as determined by the Department of Motor Vehicles (Office of Driver Services). A certificate is presented to the Company signifying the above course was successfully completed within the three years prior to the inception or renewal date of the policy term to which this rule applies. After this three year period, the course must be successfully repeated and evidence presented in order to again qualify for the discount.

If the operator is a principal operator of two or more qualifying vehicles insured with the State Farm Mutual Automobile Insurance Company or the State Farm Fire and Casualty Company, the discount shall apply to the vehicle most frequently operated by that operator. If there is more than one principal operator of the vehicle, all must qualify for the discount to apply.

Exception: The following vehicles are not eligible for the Defensive Driving Course Discount:

- A. Motor homes as defined in Rule 401(A) - Motor Homes, Truck or Van Campers (Recreational Use)
- B. Trailers insured under Rule 402 - Trailers Designed for Use with Private Passenger Automobiles
- C. Vehicles insured under Rule 404 - Motorcycles, Motorscooters, and Motorized Bicycles
- D. Automobiles insured under Rule 406 - Antique and Classic Automobiles and Replicas
- E. Automobiles insured under Rule 410 - Driver Training Automobiles
- F. Automobiles insured under Rule 411 - Funeral Directors' Automobiles
- G. Automobiles insured under Rule 709 - Automobiles Leased To United States Government Agencies
- H. Fleets insured under Rule 851 - Experience Rating Plan (SFM Only)
- I. Vehicles insured under Rule 901 - Recreational Vehicles (SFM Only)

DRIVER TRAINING DISCOUNT

The bodily injury and property damage liability, medical payments, comprehensive, and collision coverage premiums applicable to a private passenger automobile are reduced for risks classified with first digit class code of 4, 5, 7, 8, or 9 and second digit class code of 1, 2, B, C, D, K, P, or Q. Evidence must be presented that each owner or driver, other than a married female, who is under 21 years of age, and who is a resident in the same household as the applicant, or who customarily drives the automobile, has successfully completed an acceptable driver education course. The minimum requirements of an "acceptable" driver education course are that it:

- A. be conducted by an instructor who is licensed or certified to conduct such a course; and,
- B. include classroom instruction in basic traffic and safety rules, plus driving experience under actual road and traffic conditions or in a mechanical device simulating such conditions;

however, in the event the State requirements for such a course are more stringent than the requirements above, the State requirements shall be the minimum.

This reduction is reflected in the appropriate Class Rating Factor for the various discount combinations.

Exception: The following vehicles are not eligible for the Driver Training Discount:

- A. Motor homes as defined in Rule 401(A) - Motor Homes, Truck or Van Campers (Recreational Use)
- B. Trailers insured under Rule 402 - Trailers Designed for Use with Private Passenger Automobiles
- C. Vehicles insured under Rule 404 - Motorcycles, Motorscooters, and Motorized Bicycles
- D. Automobiles insured under Rule 406 - Antique and Classic Automobiles and Replicas
- E. Automobiles insured under Rule 410 - Driver Training Automobiles
- F. Automobiles insured under Rule 411 - Funeral Directors' Automobiles
- G. Automobiles insured under Rule 709 - Automobiles Leased To United States Government Agencies
- H. Fleets insured under Rule 851 - Experience Rating Plan (SFM Only)
- I. Vehicles insured under Rule 901 - Recreational Vehicles (SFM Only)

GOOD DRIVING DISCOUNT (SFM Only)

A. Requirements

The base premiums for the bodily injury and property damage liability, medical payments, and collision coverages, applicable to a private passenger automobile are reduced by:

Percentage
10%

if the following requirements are met:

1. New Business Policies - Each of the drivers in the household has had no moving violations and no at-fault accidents during the past three years.
2. Newly Acquired Added Car Policies (All other added car policies must meet the requirements for new business policies in A.1 of this rule.)
 - a. At least one car in the household is receiving the Good Driving Discount or an Accident-Free Discount.
 - b. Each of the drivers in the household has had no at-fault accidents during the past three years.
 - c. There are no added drivers within 60 days before or after the application.

Note: If any of the above requirements are not met for a newly acquired added car, the requirements for new business policies in A.1 of this rule must be met.

B. Miscellaneous Provisions

1. The Good Driving Discount will continue to apply until the policy qualifies for the Accident-Free Discount, so long as the policy remains in force with no additional drivers and there are no chargeable accidents as defined in the Accident Record Rating rule. Additional drivers must also satisfy Requirement A.1 above in order for the Good Driving Discount to continue.
2. If the Company is furnished evidence that the driver who prevented a Good Driving Discount from initially being applied (because of Requirements A.1 or A.2.b above) is no longer a member of the named insured's household or will no longer be a driver of the car insured under the policy, then the discount may be added, if all of the requirements are met at the time the driver moves.
3. If a policy that has been in force for less than three years initially qualified for the Good Driving Discount, but the discount was subsequently removed due to a chargeable accident, the discount can be reapplied to the policy if the Company is furnished evidence that the driver involved in the chargeable accident will no longer be a resident of the named insured's household or will no longer be a driver of the car insured under the policy, provided there are no other chargeable accidents on the policy.

C. Definitions

1. At-Fault Accident - an at-fault accident is one that results in death or bodily injury or in damage to any property. An accident shall not be considered at-fault if the Company is furnished evidence that the driver involved in the accident was less than 50% at fault.
2. Moving Violations - include minor driving violations for speeding, stop sign and signal infractions, improper turns, failure to yield right of way, and similar offenses, as well as major driving violations as defined in Section E of the Standard Tier Automobile Rating Plan Rule.

D. Reinstatements

1. Policies which are reinstated within 39 days shall not be eligible for the Good Driving Discount unless the discount applied to the policy at the time of expiration or cancellation. In that case the discount will be applied, provided there have been no moving violations or at-fault accidents during this period.
2. Policies reinstated after 39 days shall be treated as New Business for purposes of the Good Driving Discount.

E. **Exception:** The following vehicles are not eligible for the Good Driving Discount:

1. Motor homes as defined in Rule 401(A) - Motor Homes, Truck or Van Campers (Recreational Use)
2. Trailers insured under Rule 402 - Trailers Designed for Use with Private Passenger Automobiles
3. Vehicles insured under Rule 404 - Motorcycles, Motorscooters, and Motorized Bicycles
4. Automobiles insured under Rule 406 - Antique and Classic Automobiles and Replicas
5. Automobiles insured under Rule 410 - Driver Training Automobiles
6. Automobiles insured under Rule 411 - Funeral Directors' Automobiles
7. Automobiles insured under Rule 709 - Automobiles Leased To United States Government Agencies
8. Fleets insured under Rule 851 - Experience Rating Plan (SFM Only)
9. Vehicles insured under Rule 901 - Recreational Vehicles (SFM Only)

GOOD STUDENT DISCOUNT

The bodily injury and property damage liability, medical payments, comprehensive, and collision coverage premiums applicable to a private passenger automobile are reduced for risks classified with first digit class code of 4, 5, 7, 8, or 9, except classes 8L and 8M, provided that they meet the qualifications described below. This reduction is reflected in the appropriate Class Rating Factor for the various discount combinations.

A. **Initial Qualifications:** all male and unmarried female drivers under 25 years of age, whose use of the automobile was considered in determining the applicable classification code, must meet the qualifications of one of the sections below:

1. **Students Enrolled in Public or Private Schools:** The driver(s) who is enrolled as a full time student in high school or academic courses in a college or university must submit scholastic records for the immediately preceding school semester, or comparable segment, or a statement certified by a responsible official of the school showing that each was a full time student and:
 - a. ranked scholastically among the upper 20% of their class; or,
 - b. in schools designating grades by letter (such as A, B, C, D and F), had a grade average of at least a B or its equivalent (If the system of grading by letter is not susceptible to averaging no grade shall be below "B" or its equivalent.); or,
 - c. in schools where numbers are used to designate grade "points" (such as 4, 3, 2 and 1), had an average of at least three points for all subjects combined, or its equivalent; or,
 - d. in schools that maintain a "Dean's List", "Honor Roll", or comparable listing for scholastic achievement, was included in such a list.

2. **Students Enrolled in Home Study:** The driver(s) who is enrolled as a full time student in an academic home study program must submit evidence that each ranked in the upper 20% on one of the following national standardized tests, administered within the past twelve months:
 - a. PSAT (Preliminary Scholastic Aptitude Test)
 - b. PLAN (Preliminary American College Test)
 - c. SAT-I (Scholastic Aptitude Test-I)
 - d. ACT (American College Test)
 - e. TAP (Tests of Achievement and Proficiency)
 - f. ITED (Iowa Tests for Educational Development)
 - g. California Achievement Test

3. **College Graduates:** The driver(s) has graduated from a college or university and must submit a cumulative scholastic record meeting one of the following scholastic requirements:

- a. ranked scholastically among the upper 20% of their class; or,
 - b. in schools designating grades by letter (such as A, B, C, D and F), had a grade average of at least a B or its equivalent (If the system of grading by letter is not susceptible to averaging no grade shall be below "B" or its equivalent.); or,
 - c. in schools where numbers are used to designate grade "points" (such as 4, 3, 2 and 1), had an average of at least three points for all subjects combined, or its equivalent.
- B. **Subsequent Qualifications:** Except for persons who qualify under section 3 of the Initial Qualifications, the Company must be furnished evidence each 12 months indicating that the driver(s) continues to meet the qualifications described under Initial Qualifications.
- C. **Extended Discount:** Drivers currently receiving the Good Student Discount may have the discount continued after completion of their undergraduate work provided they:
1. graduated from a four year college; or,
 2. attended college on a full-time basis for at least two consecutive years and had a scholastic record meeting the above requirements during the last two of these years; and,
- continues to be the controlling factor in the classification of the automobile.
- D. The Good Student Discount terminates when the driver(s) reaches age 25 or is rated as Class 1.
- E. **Exception:** The following vehicles are not eligible for the Good Student Discount:
1. Motor homes as defined in Rule 401(A) - Motor Homes, Truck or Van Campers (Recreational Use)
 2. Trailers insured under Rule 402 -Trailers Designed for Use with Private Passenger Automobiles
 3. Vehicles insured under Rule 404 - Motorcycles, Motorscooters, and Motorized Bicycles
 4. Automobiles insured under Rule 406 - Antique and Classic Automobiles and Replicas
 5. Automobiles insured under Rule 410 - Driver Training Automobiles
 6. Automobiles insured under Rule 411 - Funeral Directors' Automobiles
 7. Automobiles insured under Rule 709 - Automobiles Leased To United States Government Agencies
 8. Fleets insured under Rule 851 - Experience Rating Plan (SFM Only)
 9. Vehicles insured under Rule 901 - Recreational Vehicles (SFM Only)

LIABILITY RATING GROUP

A. 1998 and Newer Model Years

The bodily injury and property damage liability base premium applicable to a private passenger automobile shall be adjusted by the following premium adjustment factor if the automobile is identified in the Insurance Rating Group, Vehicle Safety Discount and Liability Rating Group Section with one of the following codes:

Liability Rating Group Code	Premium Adjustment Factor
01	0.800
02	0.850
03	0.900
04	0.950
05	1.000
06	1.050
07	1.100
08	1.150
09	1.200

B. Motorcycles - For Liability Rating Group codes and factors applicable to Motorcycles see the Rate Page.

Exception: The following vehicles are not eligible for the Liability Rating Group:

- A. Motor homes as defined in Rule 401(A) - Motor Homes, Truck or Van Campers (Recreational Use)
- B. Vehicles insured under Rule 413 - Kit Cars and Replica Automobiles - Regular Use
- C. Vehicles insured under Rule 901 - Recreational Vehicles (SFM Only)

MATERIALS DISCOUNT

The base premiums for comprehensive coverage applicable to motor homes as defined in Rule 401 - Motor Homes, Truck or Van Campers and the base premiums for the comprehensive coverage applicable to travel and camping trailers as defined in Rule 901 - Recreational Vehicles shall be reduced by

Vehicle Type	Percentage
Motor Homes	15%
Travel and Camping Trailers	17%

if the insured vehicle is constructed of non-metal materials. For the purposes of this discount, all sides and roof of the vehicle must be constructed of non-metal materials.

MULTIPLE AUTOMOBILES DISCOUNT

The bodily injury and property damage liability, medical payments, comprehensive, and collision coverage premiums applicable to a private passenger automobile are reduced when two or more private passenger automobiles, used principally by persons residing in the same household, are insured with State Farm Mutual Automobile Insurance Company or State Farm Fire and Casualty Company. The automobiles must be owned by one or more individuals in the household who are related by blood, marriage, or adoption. An automobile whose use, sale, or replacement is controlled by an individual shall be considered as owned by that individual.

These factors also apply if the automobiles are jointly owned by two unrelated residents and both are designated as named insureds on the policies insuring the cars they jointly own.

This discount also applies to an owned private passenger automobile if the insured has a motor home rated under the provisions of Rule 401 - Motor Homes, Truck or Van Campers, and meets the above requirements. This reduction is reflected in the appropriate Class Rating Factor for the various discount combinations.

Note: An automobile which is ordinarily not readily available for use by the insured or by other residents of the same household shall not qualify for the discount afforded by this section; neither shall such an automobile qualify another automobile for such discount.

Exception: The following vehicles are not eligible for the Multiple Automobiles Discount, nor are they counted, except for motor homes, in determining the applicability of the Multiple Automobiles Discount:

- A. Motor homes as defined in Rule 401(A) - Motor Homes, Truck or Van Campers (Recreational Use)
- B. Trailers insured under Rule 402 - Trailers Designed for Use with Private Passenger Automobiles
- C. Vehicles insured under Rule 404 - Motorcycles, Motorscooters, and Motorized Bicycles
- D. Automobiles insured under Rule 406 - Antique and Classic Automobiles and Replicas
- E. Automobiles insured under Rule 410 - Driver Training Automobiles
- F. Automobiles insured under Rule 411 - Funeral Directors' Automobiles
- G. Automobiles insured under Rule 709 - Automobiles Leased To United States Government Agencies
- H. Fleets insured under Rule 851 - Experience Rating Plan (SFM Only)
- I. Vehicles insured under Rule 901 - Recreational Vehicles (SFM Only)

MULTIPLE LINE DISCOUNT

The base premiums for bodily injury and property damage liability, medical payments, comprehensive, and collision coverages, applicable to a private passenger automobile shall be reduced by the percentage shown below if the person(s) who is the named insured on the automobile policy is also the named insured or owner of another policy as follows:

Qualifier	Percentage
An individual life insurance policy with a face value of less than \$125,000 (excluding all annuities, all tax qualified life insurance products, and paid-up life insurance with a face value of less than \$5,000)	5%
An individual life insurance policy with a face value of \$125,000 or greater (excluding all annuities and all tax qualified life insurance products)	5%
An individual health insurance policy (excluding Disability Income Payment Protection Plan, Individual Credit Disability Income, Short Term Hospital Surgical, and Medicare Part D Prescription Drug Plan)	5%
A manufactured home policy covering the named insured's principal residence	10%
A renter's policy covering the named insured's principal residence	10%
A manufactured home policy covering the named insured's principal residence plus a personal liability umbrella policy	15%
A renter's policy covering the named insured's principal residence plus a personal liability umbrella policy	15%
A condominium policy covering the named insured's principal residence	17%
A homeowner's policy covering the named insured's principal residence	17%
A farm/ranch policy covering the named insured's principal residence	17%
A homeowner's policy covering the named insured's principal residence plus a personal liability umbrella policy	22%
A farm/ranch policy covering the named insured's principal residence plus a personal liability umbrella policy	22%
A condominium policy covering the named insured's principal residence plus a personal liability umbrella policy	22%

Such additional policies must be written in one of the State Farm affiliated companies or by an insurer that has entered into a strategic alliance with a State Farm affiliated company. If the named insured qualifies for more than one of the discounts, only the largest discount applies.

Exception: The following vehicles are not eligible for the Multiple Line Discount:

- A. Motor homes as defined in Rule 401(A) - Motor Homes, Truck or Van Campers (Recreational Use)
- B. Trailers insured under Rule 402 - Trailers Designed for Use with Private Passenger Automobiles
- C. Vehicles insured under Rule 404 - Motorcycles, Motorscooters, and Motorized Bicycles

STANDARD TIER AUTOMOBILE RATING (STAR) PLAN (SFF&C Only)

A. Driver Record Charges

The base premiums for the bodily injury and property damage liability, medical payments, and collision coverages, applicable to a private passenger automobile shall be adjusted for the individual driving records of the operators assigned to the vehicle, in accordance with the following provisions. If more than one driver is assigned to the vehicle, the Driver Record Charges for each driver are added together and applied to the base premiums.

The Driver Record Charges for each individual driver are based upon the Driver Record Level and the following table:

Driver Record Level	Driver Record Charge
1	0%
2	0%
3	0%
4	15%
5	50%
6	60%
7	70%
8	90%
9	110%
10*	140%

*Plus 50% for each additional level above 10.

B. Driver Record Levels

1. **New Business Rating:** Each new operator's Driver Record Level is based upon their accidents and violations during the three-year period ending on the effective date of the initial policy period. If there were no chargeable accidents or violations during the three-year period, the Driver Record Level shall be Level 1. Otherwise, the Driver Record Level is increased by
 - a. 3 levels for each chargeable accident
 - b. 2 levels for each minor violation
 - c. 5 levels for each major violation.

2. **Subsequent Renewal Rating:** Each assigned operator's Driver Record Level is based upon the accidents and violations which became chargeable during the three-year experience period ending on the effective date of the policy period. If there were no chargeable accidents or violations during the three-year experience period, the Driver Record Level shall be Level 1.

The Driver Record Level adjustment for each chargeable accident will be:

- a. +3 levels during the first year after it was first considered, and
- b. +2 levels during the second year, and
- c. +1 level during the third year.

The Driver Record Level adjustment for each chargeable minor violation will be:

- a. +2 levels during the first year after it was first considered, and
- b. +1 level during the second year, and
- c. +0 levels during the third year.

The Driver Record Level adjustment for each chargeable major violation will be:

- a. +5 levels during the first year after it was first considered, and
- b. +4 levels during the second year, and
- c. +3 levels during the third year.

C. At-Fault and Chargeable Accidents

1. New Business Rating

- a. **At-Fault Accidents:** An accident shall be considered at-fault if it resulted in death or bodily injury or damage to any property.
- b. **Chargeable Accidents:** An at-fault accident shall be considered chargeable if it resulted in death or bodily injury or in damage to any property in the amount of \$750 or more.

2. Subsequent Rating

- a. **At-Fault Accidents:** An accident shall be considered at-fault as of the date the Company has recorded any payments under property damage liability or collision coverage. In the event of a multiple vehicle accident, property damage liability payment must be present for a claim to be considered at-fault.
- b. **Chargeable Accidents:** An at-fault accident shall be considered chargeable as of the date the Company has recorded payments totaling \$750 or more under property damage liability coverage and collision coverage combined.

3. **Exceptions:** An accident shall not be considered at-fault, nor chargeable, if the Company is furnished sufficient evidence:
- a. that the driver involved in the accident was less than 50% at fault; or
 - b. that the accident was caused by contact with birds, animals, missiles, or falling objects; or
 - c. that the operator involved in the accident was:
 - i. lawfully parked; or,
 - ii. reimbursed by, or on behalf of, a person responsible for the accident or has judgment against such person; or,
 - iii. struck in the rear by another vehicle and has not been convicted of a moving traffic violation in connection with the accident; or,
 - iv. hit by a "hit-and-run" driver if the accident is reported to the proper authorities within 24 hours; or,
 - v. not convicted of a moving traffic violation in connection with the accident, but the operator of the other automobile involved in the accident was convicted of a moving traffic violation; or,
 - vi. operating a vehicle of a type not eligible for rating under this rule.

Note: The term "convicted" includes a plea of guilty or forfeiture of bond.

D. Minor Violations

Minor violations include traffic law offenses for speeding, stop sign and traffic signal infractions, improper turns, failure to yield right of way, and similar offenses.

A minor violation shall not be counted as a separate incident if it occurred in connection with a chargeable accident.

If any violation is subsequently dismissed, it will no longer be considered a chargeable violation.

E. Major Violations:

For purposes of this rule, major violations include:

1. Driving a motor vehicle under the influence of intoxicants or drugs, or having a driver's license suspended or revoked due to refusing to submit to a test for such substances.
2. Manslaughter (whether or not "voluntary"), reckless homicide or assault arising out of the use of a motor vehicle.

3. Reckless driving, or using a vehicle in the commission of a felony or any other crime punishable as a felony.
4. Failure to stop and report or identify oneself when involved in a motor vehicle accident, or fleeing a law enforcement official.
5. Operating a motor vehicle without a valid driver's license or during a period of revocation or suspension of a motor vehicle registration or operator's license.
6. Operating a motor vehicle without the owner's authority.
7. Racing or engaging in a highway speed contest.
8. Lending a registration or operator's license to another person.

F. **Base Rates:** Each vehicle is rated with the 3-Star Discount, the 2-Star Discount, or the 1-Star rates. The 1-Star rates are the base rates and are used if the vehicle does not qualify for the 3-Star Discount nor the 2-Star Discount.

1. **3-Star Discount:** In order for the insured vehicle to initially qualify for the 3-Star Discount, all other listed requirements for the 2-Star Discount must be satisfied, and the vehicle must also satisfy the following conditions:
 - a. All drivers assigned to the insured vehicle must have no accidents that became chargeable and no minor violations during the applicable three-year experience period and no major violations during the five-year period.
 - b. All drivers assigned to the insured vehicle must have no non-chargeable at-fault accidents during the applicable three-year experience period.
 - c. If the insured vehicle (or the vehicle it replaced) or any other vehicle in the household was previously rated with the 1-Star Rates, because it was driven without liability insurance in violation of any financial responsibility or compulsory insurance requirement, the insured vehicle will not qualify for the 3-Star Discount until that vehicle has not been driven without liability insurance for two years.
 - d. If the insured vehicle does not have at least one assigned driver who has been licensed in the United States or Canada for at least three years, there must be another vehicle in the household which is already rated with the 3-Star Discount. Furthermore, the other household vehicle must have at least one driver assigned who has been licensed in the United States or Canada for at least three years.

The 3-Star Discount will continue to apply, so long as there are no assigned drivers with any chargeable accidents or minor violations during the applicable three-year experience period or any major violations during the five-year period. If the 3-Star Discount is lost due to a chargeable accident or violation, in order to re-qualify the vehicle must again meet the requirements listed above.

2. **2-Star Discount:** The 2-Star Discount applies if the insured vehicle does not qualify for the 3-Star Discount and the insured vehicle (or the vehicle it replaced) has not been driven without liability insurance in violation of any financial responsibility or compulsory insurance requirement during the past 12 months.

For vehicles which did not qualify for the 2-Star Discount as new business because they were driven without liability insurance, the 1-Star Rates will apply for a period of one year from the effective date of coverage for that vehicle. After that, the 2-Star Discount will apply for at least one year.

3. **1-Star Rates:** The 1-Star Rate applies if the insured vehicle does not qualify for the 3-Star Discount nor the 2-Star Discount as new business.

G. Miscellaneous Provisions

1. For purposes of determining a Driver Record Charge, drivers are assigned to the car they most frequently operate and in accordance with Rule 205 - Classification of Private Passenger Type Automobiles. Each driver is assigned to only one vehicle. Drivers may not be moved from one vehicle to another for the purposes of affecting the total premium.
2. If no drivers are assigned to a vehicle, that vehicle shall be rated as if all of its operators were at Driver Record Level 1.
3. For existing business in force prior to January 1, 1999, minor violations that occurred prior to January 1, 1998 will not be considered in the determination of the Driver Record Level. However, all minor violations that occurred during the last three years, as well as all major violations that occurred during the last five years, will be considered in the qualification for the 3-Star discount.

H. **Exception:** The following vehicles are not eligible for the Standard Tier Automobile Rating (STAR) Plan:

1. Motor homes as defined in Rule 401(A) - Motor Homes, Truck or Van Campers (Recreational Use)
2. Trailers insured under Rule 402 - Trailers Designed for Use with Private Passenger Automobiles
3. Vehicles insured under Rule 404 - Motorcycles, Motorscooters, and Motorized Bicycles
4. Automobiles insured under Rule 406 - Antique and Classic Automobiles and Replicas
5. Automobiles insured under Rule 410 - Driver Training Automobiles
6. Automobiles insured under Rule 411 - Funeral Directors' Automobiles
7. Automobiles insured under Rule 709 - Automobiles Leased To United States Government Agencies

STEER CLEAR® SAFE DRIVER DISCOUNT

The bodily injury and property damage liability, medical payments, comprehensive, and collision coverage premiums applicable to a private passenger automobile are reduced for risks classified with first digit class code of 4, 5, 7, 8, or 9. In order to initially qualify for this discount, all male and unmarried female drivers under 25 years of age who are assigned to the automobile must:

- A. have no at-fault accidents or moving violations in the three year period prior to the time the discount is initially applied, and
- B. have completed the State Farm Steer Clear program.

The discount shall continue so long as the qualifying operator(s) continues to have no moving violations and no at-fault accidents. The occurrence of a moving violation or an at-fault accident by this operator(s) results in the loss of the discount. Additional drivers who are later assigned to the automobile must meet the initial qualifications in order for the Steer Clear Safe Driver Discount to continue.

An operator who initially qualifies for the discount prior to age 21 must complete the second education program before age 21 in order to continue the discount. The discount terminates when the operator reaches 25 years of age or is rated as Class 1.

This reduction is reflected in the appropriate Class Rating Factor for the various discount combinations.

Notes:

- A. An at-fault accident is one that results in damage to any property. In the State Farm Fire and Casualty Company, an at-fault accident involving death or bodily injury subject to the New Business Rating provision of the Standard Tier Automobile Rating rule shall also prevent a driver from qualifying for this discount. An accident shall not be considered at-fault if the Company is furnished sufficient evidence that the driver involved in the accident was less than 50% at fault.
- B. For new business to qualify, acceptable verification of prior accident-free history will be required.
- C. Drivers who initially qualify for the discount prior to age 21 are not required to complete the second education program if they turn 21 within 1 year of initial qualification.

Exception: The following vehicles are not eligible for the Steer Clear Safe Driver Discount:

- A. Motor homes as defined in Rule 401(A) - Motor Homes, Truck or Van Campers (Recreational Use)
- B. Trailers insured under Rule 402 - Trailers Designed for Use with Private Passenger Automobiles
- C. Vehicles insured under Rule 404 - Motorcycles, Motorscooters, and Motorized Bicycles
- D. Automobiles insured under Rule 406 - Antique and Classic Automobiles and Replicas
- E. Automobiles insured under Rule 410 - Driver Training Automobiles

VEHICLE SAFETY DISCOUNT

1994 and Newer Model Years Except Motor Homes, Kit Cars, and Replicas

The medical payments base premium applicable to a private passenger automobile shall be reduced by the following percentage if the automobile is identified in the Insurance Rating Group, Vehicle Safety Discount, and Liability Rating Group Section with one of the following codes:

Vehicle Safety Discount Code	Vehicle Safety Discount
A	40%
B	30%
C	20%
D	10%
E	0%

Exception: The following vehicles are not eligible for the Vehicle Safety Discount:

- A. Motor homes as defined in Rule 401(A) - Motor Homes, Truck or Van Campers (Recreational Use)
- B. Vehicles insured under Rule 404 - Motorcycles, Motorscooters, and Motorized Bicycles
- C. Vehicles insured under Rule 413 - Kit Cars and Replica Automobiles - Regular Use
- D. Vehicles insured under Rule 901 - Recreational Vehicles (SFM Only)

100 GENERAL RULES

101. COVERAGES

The coverages to which the rates and rules of this manual apply are as described in the insuring agreements of the automobile policy form of the company underwriting the coverage and are subject to the policy exclusions and conditions and to any endorsements which may be attached to such policy.

102. POLICY TERM

Unless otherwise indicated, manual premiums are for a six months policy term. (See Rule 105 - Changes)

A policy term greater than that represented by the manual premium may not be written except under the following conditions when a policy term up to twice as long may be written:

- A. when the insured is subject to a statutory or contractual requirement that coverage be written for a longer policy term, or
- B. when the Company operating procedures authorize writing a longer policy term.

When a policy subject to one of the above conditions is written, the premiums applicable to each period or portion thereof comprising the extended policy term are determined from manual rules, classifications, and premiums in effect at the inception of the policy with each period independently classified and rated on the basis of factual information available at the beginning of the period, except that any surcharge developed under Rate Section Rules - Accident Record Rating or Standard Tier Automobile Rating Plan shall apply for the entire period of the policy.

If the insurance under an extended term policy is transferred to another policy, the new policy is subject to the manual rules, classifications, and premiums in effect at the time of transfer.

Post Dated Coverages: Provided at least one coverage of insurance is effective at the inception of the term shown in the policy period, a policy may be written to provide for a subsequent effective date for specified coverages.

The pro rata premium for the period of coverage is charged for post dated coverages.

104. RENEWAL OF POLICY

Note: The exception to this rule does not apply to vehicles insured under Rule 851 - Experience Rating Plan.

A policy may be renewed for a succeeding policy term. The renewal premium is due on or before the expiration of the current policy term.

Exception: Payment of the renewal premium may be satisfied by paying 50% of such premium plus a service charge of \$2.00 within the above allotted time and paying the remaining 50% of the renewal premium within sixty days after the renewal due date.

105. CHANGES

Changes that affect the coverage provided by the policy, or the territory, use, description or rating classification of the risk, may require transfer of the insurance to a new policy or endorsement of the present policy.

If a different premium is required by the Company for the remainder of the current policy term, any additional premium or premium credit shall be computed pro rata.

106. SUSPENSION OF COVERAGE, SEASONAL USE

Note: See Rule 901 - Recreational Vehicles for special provisions applicable to such vehicles.

A. Suspension of Coverage

Coverage afforded under a policy insuring a motor vehicle may be suspended during the time the vehicle is withdrawn from service. The coverages suspended afford no protection under the policy during the period of suspension. The following rules govern suspensions:

1. Any coverage may be suspended unless it is required by statute to remain in force.
2. Coverage will be reinstated on the date designated by the insured. In the absence of such designation, coverages suspended for the winter season will be automatically reinstated the succeeding April 1.
3. Premium credits on suspended coverages will be computed pro rata for the period of suspension and
 - a. will be applied against the next renewal premium if other policy coverages remain in force, or
 - b. will be retained by the Company pending reinstatement of such coverages if no policy coverages remain in force. After six months, if the coverages have not been reinstated or a definite reinstatement date has not been established, the policy will be cancelled and the premium credits refunded.
4. Policies covering vehicles rated in accordance with the following rules may not be suspended unless the vehicle has been stolen, destroyed, or sold:
 - a. Section B of this rule - Seasonally Used Farm Trucks.
 - b. Section A of Rule 401 - Motor Homes, Truck or Van Campers - Recreational Use.
 - c. Rule 406 - Antique and Classic Automobiles and Replicas - Limited Use.

B. Seasonally Used Farm Trucks

Note: Policies covering vehicles rated in accordance with this section of the rule may not be suspended.

The premium for bodily injury and property damage liability, medical payments, and collision coverage on a commercial-rated farm truck insured under a fleet policy or as part of a multiple vehicle risk* and used only seasonally during the year shall be reduced to reflect such seasonal use. The reduced premium will be determined by multiplying the otherwise applicable premiums for these coverages by the pro rata factor corresponding to the annual use, subject to a minimum of 0.500. If the policy period is semiannual, the same factor, representing the annual use of the vehicle, applies to each period.

*Five or more self-propelled vehicles, other than motorcycles, recreational vehicles, limited use antique or classic automobiles, for the same named insured.

107. CANCELLATIONS

Note: If other rules in this manual contain cancellation provisions which are not compatible with this rule, this rule applies only to the extent that it does not conflict with such other rules.

The policy may be cancelled either by the Company or at the request of the insured in accordance with the cancellation provisions of the policy.

Cancellation, whether by the Company or the policyholder, shall not affect any valid claim originating prior to the effective date of cancellation.

The return premium for any cancellation effective after the end of the initial policy period will be computed via the following pro rata table.

The return premium for any cancellation during the initial policy period will be computed using the short rate table, except the pro rata table shall be used when:

- A. The named insured continues to carry other automobile insurance with this or an affiliated Company.

Important - Notice must be given that such other insurance is carried.

- B. The automobile is stolen, destroyed, junked or sold.
- C. The policy is replaced by one issued by this or an affiliated Company and covering the same risk. If the new policy is issued to a new owner, unearned premium credit may be transferred to such new owner with the agreement of the insured.
- D. The cancellation is due to the death of a named insured.
- E. The Company initiated the cancellation.

The following tables are used to determine the portion of premium to be charged or retained. The computation assumes each month has 30 days, except when the cancellation is within 30 days of the beginning (or end) of the policy period in which case the exact number of days in force (or remaining in the term) are used.

108. REINSTATEMENTS

A policy which has expired or been terminated by cancellation may be reinstated by payment of the necessary premium and completion of any required forms if the risk is acceptable to the Company.

110. FINANCIAL RESPONSIBILITY CERTIFICATION

The bodily injury and property damage liability premium for a risk on which a certificate of insurance is filed to comply with the requirements of an automobile financial responsibility law shall be surcharged in accordance with the following schedule:

Cause of Certificate Requirement	Surcharge
Driving a motor vehicle while intoxicated, or failing to stop and report when involved in an accident, or homicide or assault arising out of the operation of a motor vehicle	50%
Driving a motor vehicle at an excessive rate of speed or in a reckless manner, where an injury to person or damage to property actually results therefrom	25%
All Other Causes	10%

OWNERS

The surcharge shall apply to the bodily injury and property damage liability premium for the highest rated car owned by the insured and insured in this Company.

NON-OWNERS

Named Non-Owner Policy - The surcharge for a policy written in accordance with this rule shall apply to the required bodily injury and property damage liability premium.

If an individual is required to file evidence of financial responsibility for owned automobiles and also for the operation of automobiles which are not owned, the surcharge shall apply only to the premium for the owned automobiles.

111. MANUFACTURER'S SUGGESTED RETAIL PRICE (MSRP)

Where used in this manual, the term "MSRP" refers to the Manufacturer's Suggested Retail Price, exclusive of transportation charges and state or local taxes.

112. AGE GROUP SYMBOLS

Age Groups change as of the first renewal on or after January 1st. An automobile purchased in the calendar year prior to the model year will remain in Age Group 1 for the balance of that year plus one full calendar year. If the model year cannot be readily determined, the year in which the vehicle was purchased new shall be considered the model year.

Age Group 1 represents vehicles of the current model year, Age Group 2 represents vehicles of the first preceding model year, Age Group 3 represents vehicles of the second preceding model year, etc. In addition, where X represents the oldest age group for which rates are available, Age Group X also represents vehicles of the Xth preceding and older model years.

200 PRIVATE PASSENGER AUTOMOBILE RULES

201. PRIVATE PASSENGER AUTOMOBILE DEFINED

For classification and rating purposes, a private passenger automobile is defined as:

- A. an automobile of the private passenger type, including a station wagon; or
- B. a utility vehicle (i.e. pickup, van, or sport wagon/sport utility vehicle); and

used for personal pleasure, family and business use.

Exceptions: The following are not included in this definition:

- A. an automobile used for renting or livery work or for carrying passengers for a consideration unless so provided by other rules in this manual; or
- B. a motorcycle, motorscooter, snowmobile, or other off-road vehicle; or
- C. utility vehicle:
 - 1. with a Gross Vehicle Weight (GVW) of more than 10,000 lbs. (or if GVW is not available, a load capacity of more than one ton) that is used in a business other than farming; or
 - 2. that is used for the delivery or transporting of goods and materials, or has been structurally altered for business purposes, unless such use or alteration is incidental to the insured's occupation in the installation, maintenance or repair of furnishings or equipment; or
 - 3. that is used for wholesale or retail delivery.

Note: Trucks that are specifically designed and primarily used to tow recreational trailers, but not meeting the above definition of a private passenger automobile, shall be classified and rated as private passenger provided the vehicle is not used for commercial or business purposes.

204. DEFINITIONS AND INTERPRETATIONS

Note: See Classification Exceptions.

The following words and phrases are defined for use in the private passenger automobile classification rules.

Age: The procedures below apply to determine the driver's age for use in calculating private passenger premiums. The driver whose age should be determined is the driver whose use was considered in determining the applicable classification code in accordance with Rule 205 - Classification of Private Passenger Type Automobiles.

- A. To rate the policy for the upcoming term, use the driver's age as of the effective date of the policy.
- B. For newly added drivers, use the driver's age as of the effective date the driver was added to the policy.
- C. If the driver's age at the beginning of the policy term is greater than or equal to 25, the age and associated class code will be used for the entire policy term.
- D. If the driver's age at the beginning of the policy term is less than 25, the age will be recalculated on the driver's birthday and the associated class code will be determined. The pro rata premium will be recalculated for the remainder of the term using this age and class code.

Driving to and from work: When the average weekly use of the automobile (including its use in a car pool or other ride-sharing agreement):

- A. in driving to and from work, or
- B. in driving to and from school, or
- C. in driving part way to and from work or school,

is more than 30 miles, the automobile will be considered as used for "driving to and from work."

Estimated average total annual mileage: The exact mileage an automobile will be driven in any year cannot be forecast precisely. The miles an automobile will be driven will vary from year to year. Odometer readings, factual information secured from the applicant or the insured, and knowledge possessed by the agent or the Company should be pooled to arrive at the annual estimated mileage to be driven in the ensuing year. With respect to automobiles "used for business" the estimated annual mileage shall be the sum of "business use" and "pleasure" mileage.

Farm automobile: Farm automobile means an automobile:

- A. principally garaged on a farm or ranch,
- B. that is not ordinarily used in going to and from work, other than farming or ranching, and
- C. is not used in any occupation other than farming or ranching.

An automobile owned by a farm or ranch employee, other than an employee in a supervisory position, and used primarily for pleasure shall not be considered a "farm automobile."

Subject to the definition of "driving to and from work" use of an automobile for driving to and from school shall be considered as used for "driving to and from work."

Married: For classification purposes, an individual is considered married if living together with his or her spouse or if a widow or widower. Single persons shall be classified as married if they have custody of a minor child residing in their household. A married couple temporarily living apart for reasons of health, occupation, military service or similar circumstance shall be considered as living together.

Military service: An individual under 25 years of age in military service shall not be considered an operator of the automobile if located far enough from home so that he or she is only "at home" for short leaves.

Occasional operator: For the purposes of determining if private passenger automobile class 4 or 8 applies, an occasional operator is:

- A. an unmarried individual,
- B. under 21 years of age,
- C. whose operation of the car constitutes less than 25% of its time or mileage use, and
- D. the operator does not own the car.

Principal operator: A principal operator is an individual whose operation of the automobile constitutes 50% or more of its time or mileage.

Notes regarding cars with more than one operator:

- A. Each individual who does not qualify as a principal operator as defined above but whose aggregate operation of all private passenger automobiles in the household equals 50% or more of the total time or mileage use of one insured automobile is considered a principal operator for one such automobile.
- B. If two or more unmarried males under 25 years of age (or two or more unmarried females under 25 years of age):
 1. do not individually qualify as principal operators, but
 2. their combined use of the automobile constitutes 50% or more of its total time or mileage use,

then the automobile is considered as having a principal operator of the same age as the unmarried male (or female) under 25 years of age who is the most frequent operator.

- C. If two or more unmarried males who are at least 25 years of age but under 30 years of age:
 1. do not individually qualify as principal operators, but
 2. their combined use of the automobile constitutes 50% or more of its total time or mileage use,

then the automobile is considered as having a principal operator who is an unmarried male at least 25 years of age but under 30 years of age who is the most frequent operator.

D. If the combined use of the automobile by two or more unmarried males under 21 years of age (or two or more unmarried females under 21 years of age):

1. do not individually operate the auto at least 25% of the time, but
2. their combined use constitutes 25% or more of its total time or mileage use,

then the automobile shall not be classified as having an occasional operator. The car shall be classified using the age of the most frequent operator.

Note: The above definitions are subject to classifications assigned under Rule 205 - Classification of Private Passenger Type Automobiles which recognize the individual exposure of each operator.

Student away at school: For the purposes of private passenger automobile classification, a student away at school is:

- A. an individual under 25 years of age,
- B. who resides at school over 100 miles from home,
- C. who operates the car only while home during the school vacation or holiday periods.

This classification applies only if the car remains at home while the student is at school and the classification results in a lower premium than would otherwise be applicable.

Note: A son or daughter who resides away from home during both the school year and summer vacation but who operates the car when home on short infrequent visits shall be disregarded as an operator for the purpose of classifying the automobile.

Used for business: When 50% or more of the time or mileage use of the automobile is involved in the duties of the applicant's or any other regular operator's occupation, profession or business, other than in going to and from the principal place of occupation, profession or business, the vehicle will be considered as used for business purposes.

Vehicles owned or used by clergy in the performance of duties associated with their occupation shall not be considered as used for business.

If an automobile is used in the performance of the insured's duties as a federal government employee, refer to Rule 708 - Federal Government Employee - Use of Private Passenger Automobile.

An automobile qualifying for "farm automobile" rates shall not be considered as used for business.

205. CLASSIFICATION OF PRIVATE PASSENGER TYPE AUTOMOBILES

Note: See Classification Exceptions.

Subject to other rules of this manual which may provide a specific classification for automobiles as described in those rules, automobiles as defined in Rule 201 - Private Passenger Automobile Defined shall be classified and rated in accordance with the classification plan set forth below.

Refer to Rule 204 - Definitions and Interpretations for clarification of many of the words and phrases used in this rule.

This plan groups the various rating elements into broad classification categories such as **age, sex, and marital status of the operators of the automobile; use of the automobile; and estimated annual mileage driven.**

Notes:

- A. An owner's or operator's actual age, sex, and marital status shall be used as controlling classification factors for not more than one automobile in the household which is insured in this Company or an affiliated Company. These factors shall be applied to the car which is most frequently operated by the individual unless he or she is the owner or principal operator of two or more cars, in which case the classification shall apply to the car having the highest total base premium. Such owners or operators shall be considered as qualifying for Class 1 for the purpose of classifying other automobiles in the household. However, Age Adjustment Factors will apply to all automobiles (Rule 210 - Age Adjustment Factors For Private Passenger Type Automobiles).

Exception: Class 2 or 6 applies to all cars owned or operated by the named insured provided they otherwise qualify for the classification.

- B. With the exception of drivers under the age of 25 at the beginning of the policy term, reclassification to a different class code or to a different age within a classification will be made at the first renewal following the driver's birthday.
- C. If an automobile could be properly assigned to more than one of the driver classes, use the class code and age for the driver that produces the highest premium including any applicable discounts.

A. First Position of Class Code - Classification as to age, sex, or marital status of the operator:

1. If there are no Unmarried Operators Under 25:

- a. **Class 1:** The car is:
 - i. principally operated by individuals under 50 years of age, and
 - ii. if they are male and unmarried are at least 30 years of age, and
 - iii. if they are male and married are at least 25 years of age.
- b. **Class 2:** The car is principally operated by individuals at least 75 years of age.

- c. **Class 3:** The car is principally operated by unmarried males 25 through 29 years of age.
- d. **Class 6:** The car is principally operated by individuals 50 through 74 years of age.
- e. **Class 7:** The car is operated by married males under 25 years of age.

2. If there are Unmarried Operators Under 25: (Also see Section C - Student Away at School.)

- a. **Class 4:** The car is operated but not owned by an unmarried female under 21 years of age who meets the definition of occasional operator.
- b. **Class 5:** The car is owned or operated by:
 - i. unmarried females between 21 and 24 years of age, or
 - ii. unmarried females under 21 years of age who do not meet the definition of occasional operator.
- c. **Class 8:** The car is operated but not owned by an unmarried male under 21 years of age who meets the definition of occasional operator.
- d. **Class 9:** The car is owned or operated by:
 - i. unmarried males between 21 and 24 years of age, or
 - ii. unmarried males under 21 years of age who do not meet the definition of occasional operator.

B. Second Position of Class Code:

- 1. When used with first position of class code 1, 3, or 6 - Classification as to use, mileage to and from work, and annual mileage:

	The estimated average total annual mileage the automobile is driven is:	
	7500 Miles or Less	More Than 7500 Miles
The automobile is used for pleasure and in driving to and from work an average distance of not more than 30 miles per week and is not used for business	A	B
The automobile is not used for business but is used in driving to and from work an average distance of more than 30 miles but not more than 100 miles per week	C	D
The automobile is not used for business but is used in driving to and from work an average distance of more than 100 miles per week	E	F
The automobile is a farm automobile	J	K

	The estimated average total annual mileage the automobile is driven is:	
	12,000 Miles or Less	More Than 12,000 Miles
The automobile is used for business purposes	G	H

2. When used with first position of class code 2 - Classification as to use and age:

	Non-Farm*		Farm	
Age	Short	Long	Short	Long
75-79	1	2	J	K
80-84	3	4	P	Q
85-89	5	6	R	T
90 and Older	7	8	U	V

Short: The estimated average total annual mileage the automobile is driven is 7,500 miles or less.

Long: The estimated average total annual mileage the automobile is driven is more than 7,500 miles.

*Non-farm means the automobile is used for pleasure, to and from work, or business.

3. When used with first position of class code 7 - Classification as to use and age:

	The Married Male Operator Under 25 Years of Age is:				
	Under 17	17-18	19-20	21-22	23-24
Non-farm*	D	C	B	E	F
Farm	Q	P	K	R	X

*Non-farm means the automobile is used for pleasure, to and from work, or business.

4. When used with first position of class code 4 or 8 - Classification as to use and age:

	The Unmarried Operator Under 21 Years of Age is:		
	Under 17	17-18	19-20
Non-farm*	D	C	B
Farm	Q	P	K

*Non-farm means the automobile is used for pleasure, to and from work, or business.

5. When used with first position of class code 5 or 9 - Classification as to use and age:

	The Unmarried Operator Under 25 Years of Age is:			
	Under 17	17-18	19-20	21-24
Non-farm*	D	C	B	A
Farm	Q	P	K	J

*Non-farm means the automobile is used for pleasure, to and from work, or business.

C. **Student Away At School - First and Second Positions of Class:** The car is owned or operated by an individual under 25 years of age who qualifies as a student away at school. First and second position of class:

	Under Age 21		21 to 24 Years of Age	
	Female	Male	Female	Male
Non-farm*	41	81	43	83
Farm	42	82	44	84

*Non-farm means the automobile is used for pleasure, to and from work, or business.

PRIVATE PASSENGER AUTOMOBILE CLASSIFICATION EXCEPTIONS TO RULES 204 AND 205

RENEWAL AND TRANSFERS ONLY

Spouses under age 50 who qualified for Class 6 under the following definition prior to August 15, 2002 will continue to qualify for as long as they are married to the initial qualifying spouse and the other conditions of this definition continue to be met:

The principal operator or spouse is 50 years of age or older and all unmarried operators in the insured's household:

- A. are at least 25 years of age, or
- B. seldom operate this car and are rated as principal operators of another car insured by State Farm.

206. CLASSIFICATION OF UTILITY VEHICLES

A utility vehicle as described in Rule 201 - Private Passenger Automobile Defined shall be classified and rated as follows:

- A. If the vehicle is used for business and in a manner essential to the performance of the insured's occupation - Code and classify in accordance with the following:
 - 1. No unmarried male operator under 25 years of age - Code 1L
 - 2. Unmarried male operator under 25 years of age - Code 8L
- B. If the vehicle is principally garaged on a farm and used mostly by the insured in the operation or maintenance of farm premises - Code and classify in accordance with the following:
 - 1. No unmarried male operator under 25 years of age - Code 1M
 - 2. Unmarried male operator under 25 years of age - Code 8M
- C. If the vehicle is used for other purposes, code and classify as a private passenger vehicle in accordance with Rule 205 - Classification of Private Passenger Type Automobiles.

Note: For model years 1980 and prior pickups insured under Part C, the applicable IRG number for physical damage coverage shall be two less than that otherwise applicable.

D. Notes:

- 1. Utility Vehicles not included in the definition of a private passenger automobile under Rule 201 - Private Passenger Automobile Defined are subject to classification and rating under the Commercial Automobile Rules.
- 2. Merely driving to and from work is not considered as "essential to the performance of the insured's occupation." If a private passenger type automobile could be used as readily as a utility vehicle, Part C of this rule applies. For example, a pickup or van used by a salesperson not involved primarily with delivery is subject to Part C.
- 3. If under Rule 205 - Classification of Private Passenger Type Automobiles a numeric code of 8 or 9 is assigned to another automobile in the household because of such operator, that operator shall be assigned a numeric code of 1 for the purposes of Part A or B of this rule. However, Age Adjustment Factors will apply to all automobiles (Rule 210 - Age Adjustment Factors For Private Passenger Automobiles).
- 4. With the exception of drivers under the age of 25 at the beginning of the policy term, reclassification to a different class code or to a different age within a classification will be made at the first renewal following the driver's birthday in accordance with the procedures for determining a driver's age outlined in Rule 204 - Definitions and Interpretations.

207. AUTOMOBILES 1970 AND PRIOR MODEL YEARS

The following rating procedures apply when insuring 1970 and prior model year private passenger automobiles. Private passenger premium determination procedures for the appropriate classifications are applicable to all coverages. For the rating of physical damage coverages, determine the base premiums for the applicable model year using the Insurance Rating Group specified below.

Note: The current value is the value of vehicle at time of initial rating or latest subsequent renewal of coverage under this rule.

8,001 - 9,000	8	30,001 - 33,000	21
9,001 - 10,000	9	33,001 - 36,000	22
10,001 - 11,000	10	36,001 - 40,000	23
11,001 - 12,000	11	40,001 - 45,000	24
12,001 - 14,000	12	45,001 - 50,000	25
14,001 - 16,000	13	Above \$50,000 increase IRG 25 by one for each additional \$5,000 (or fraction) of value.	

208. CUSTOMIZED PANEL AND VAN TYPE VEHICLES

Customized sport vans and utility vans which are classified as:

- A. utility vehicles and owned by individuals, or
- B. private passenger automobiles (irrespective of ownership),

shall be rated for physical damage coverages by increasing the otherwise applicable insurance rating group number by one for each \$2,000 of customization or fraction thereof, in excess of \$1,000.

Note: 1970 and prior model year customized panel and van type vehicles shall be rated under Rule 207 - Automobiles 1970 and Prior Model Years.

For purposes of this rule, customization refers to interior or exterior alteration designed to personalize or better facilitate use of the vehicle for non-business purposes and specifically includes elaborate interior furnishings and exterior paint, glass and body modifications. Customization, however, does not include equipment commonly installed on these vehicles such as heater, air conditioning, tires, customary music options, power steering and power brakes, nor modifications designed to increase the usefulness of the vehicle for business purposes.

209. MODEL YEAR RATING

The following procedure applies to determine the model year factors for private passenger automobiles for the coverages shown in the table below:

Unless shown otherwise in the Private Passenger Model Year Factors Table, factors for the current model year shall be increased by the percentage shown in the table below to obtain the factors for the next subsequent model year. Round to the nearest hundredth.

Coverage	Percentage
BIPD	0%
COLL	5%
COMP	3%
MPC	0%

Note: The model year of the vehicle is the year assigned to the vehicle by the automobile manufacturer. For structurally altered or rebuilt vehicles, the model year of the chassis will determine the model year of the vehicle.

210. AGE ADJUSTMENT FACTORS FOR PRIVATE PASSENGER TYPE AUTOMOBILES

Age Adjustment Factors using the age as determined in Rule 204 - Definitions and Interpretations apply to automobiles as defined in Rule 201 - Private Passenger Automobile Defined and Rule 401 - Motor Homes, Truck or Van Campers except as noted below. For the noted exceptions, the Age Adjustment Factor will be 0.00:

- A. Automobiles insured under Rule 406 - Antique and Classic Automobiles and Replicas
- B. Automobiles insured under Rule 410 - Driver Training Automobiles
- C. Automobiles insured under Rule 411 - Funeral Directors' Automobiles
- D. Automobiles insured under Rule 709 - Automobiles Leased To United States Government Agencies

See the Rate Section for factors. To determine the premium for risks with first digit of class 1, 2, 3, or 6, the Age Adjustment Factor is added to the applicable private passenger class factor. For risks with first digit of class 4, 5, 7, 8, or 9 the private passenger class factors shown in the rate section include the Age Adjustment Factors.

300 COMMERCIAL AUTOMOBILE RULES

301. COMMERCIAL AUTOMOBILE DEFINED

For classification and rating purposes a commercial automobile is generally defined as a motor vehicle of the truck type. Specific commercial vehicle types are defined and classified elsewhere in this section under Rules 305 - Classification as to Use; 306 - Truckers; and 307 - Tractors, Trailers and Semitrailers.

Exception: The following are not included in this definition:

- A. An automobile used for public or livery conveyance or for carrying passengers for a consideration; or
- B. a utility vehicle as defined in Rule 201 - Private Passenger Automobile Defined.

303. WEIGHT CLASSIFICATION

Unless otherwise specified trucks are classified according to gross vehicle weight (GVW) or gross combined weight (GCW) as follows:*

Weight Class	GVW OR GCW
Light (L)	0 - 10,000 lbs.
Medium (M)	10,001 - 20,000 lbs.
Heavy (H)	Over 20,000 lbs.

*If GVW (or GCW) is not available, determine the weight classification from the following table:

Weight Class	Manufacturer's Load or Tank Capacity
Light (L)	not over 1 1/2 tons or 450 gallons
Medium (M)	over 1 1/2 tons or 450 gallons but not over 3 1/2 tons or 1000 gallons
Heavy (H)	over 3 1/2 tons or 1000 gallons

305. CLASSIFICATION AS TO USE

The bodily injury and property damage liability, medical payments, comprehensive, and collision coverage premiums for commercial automobiles designated as class 3, 4 or 5 in the Commercial Automobile Classification Table, but excluding class 5 Farm Trucks and Truckers as defined in Rule 306 - Truckers, shall be surcharged as follows when the operation of such automobiles is regularly or frequently beyond a 50-mile radius (but not over a 200-mile radius) of the place where principally garaged:

Surcharge
25%

If operated over 100 miles, submit to the Company for consideration.

COMMERCIAL AUTO CLASSIFICATION TABLE

Notes:

- A. If premiums are not published for a class designated in this table (for example class 3), the Company will, upon request, quote such premiums subject to other instructions which may govern eligibility or the authority to bind coverage.
- B. If a use is marked by an asterisk (*) instead of a class number, a vehicle so used is generally ineligible for insurance; except that such a vehicle may be considered for insurance if it is a part of an automobile fleet which is otherwise eligible and acceptable for rating under Rule 801 - Fleet Rating Plan.
- C. Commercial automobiles which have only incidental use in connection with the insured's business or occupation, such as the service, repair or maintenance of equipment used in the business, shall be classified and rated according to such incidental use and not necessarily at the same classification which is indicated in the classification table for trucks used in the business operations.
- D. Retail operations are those activities which deal primarily with sales or deliveries to individuals and individual households. Wholesale operations are those which deal primarily with other businesses.

306. TRUCKERS

A "trucker" is a person, firm or corporation that undertakes to haul or transport goods, material or commodities for another. If the risk is engaged in hauling goods for another, the fact that it may call itself a contractor of some type does not remove the risk from the truckers classification.

A. **Local Trucker:** A trucker whose operations are described and limited as follows:

1. The customary use of the commercial automobiles is confined to the area within a 50-mile radius from the place of principal garaging of such automobiles.
2. The automobiles are used only occasionally for trips to locations beyond a 50-mile radius from the place of principal garaging of such automobiles.
3. The trucker does not advertise or solicit the hauling of goods, materials or commodities to a location beyond a 50-mile radius from the place of principal garaging of such automobiles.

These are rated as class 3 for the highest rated territory within a radius of 50 miles of the place of principal garaging of such automobiles.

Exceptions:

1. A "local trucker" who regularly operates over a route no portion of which includes the highest rated territory within 50 miles of the place of principal garaging of the commercial automobiles may be insured at the rates for the highest rated territory in which such automobiles are used or garaged.
2. If all of the commercial automobiles owned or operated by a "local trucker" are used EXCLUSIVELY FOR ONE CONCERN, such automobiles shall be rated at the classifications applicable to such concern provided the policy stipulates that ALL such owned automobiles are and will be used during the entire policy period in hauling for such concern only. Otherwise, all automobiles must be rated at class 3 rates.

B. **Long-Haul Trucker:** A trucker whose operations are not limited and cannot properly be described in accordance with the above description of operations of a "local trucker". Such risks must be referred to the Company for acceptance and rating.

307. TRACTORS, TRAILERS AND SEMITRAILERS

A. Bodily Injury and Property Damage Liability and Medical Payments

1. A tractor is an automotive vehicle without a load-carrying body used as a motive unit for the locomotion of trailers, semitrailers, implements and machinery.
 - a. **Tractors of the truck type** are equipped with a coupling device for trailers or semitrailers and are commonly used for rapid transit on streets and highways. The premium for a truck-type tractor shall be the same as for a truck with a load capacity equal to the load capacity of the largest semitrailer or trailer towed.
 - b. **Tractors which are not of the truck type** are powerful, slow-moving vehicles sometimes equipped with caterpillar treads. Such tractors are commonly used for towing or propelling implements, machinery, trailers or wagons. Tractors of this type are classified in accordance with Rule 305 - Classification as to Use and rated as "light" commercial automobiles.

Refer to the Company for the rating of these types of vehicles which are **not** licensed/registered for use on public roads.

Note: Coverage applies on these vehicles while agricultural or other implements are attached thereto, but coverage does not extend to the operation of such implements.

2. A trailer is a vehicle (usually with two axles) not equipped with automotive power, constructed for attachment to another vehicle, usually an automotive vehicle, by means of a short tongue or hitch.
3. A semitrailer is a trailer (usually with one axle) for attachment to a tractor or to a truck without a body. If the insured has a dolly for the purpose of converting a semitrailer into a trailer, such a semitrailer shall be rated as a trailer.

TRAILER AND SEMITRAILER PREMIUM TABLE

Bodily injury and property damage liability and medical payments coverages on a truck or tractor may be extended to each trailer and semitrailer towed by such unit at the percentages given in the following table:

Over-all Length of Trailer	Load Capacity of Trailer	Premium to which Percentage is Applied*	Percentage
15 Feet or Less and	3.5 Tons or Less	Premium for truck of trailer's load capacity	10%
Over 15 Feet or	Over 3.5 Tons	Heavy truck premium	25%

***Note:** The percentages are applied at the same coverage limits of the truck or tractor that primarily pulls the described trailer.

Exception: The above coverages are extended without charge to trailers and semitrailers attached to farm trucks and tractors.

B. Physical Damage Coverages

RULES

Subject to other manual rules, tractors, trailers and semitrailers may be insured for the same physical damage coverages as available to regular commercial automobiles. The commercial automobile premium schedules apply. Each trailer or semitrailer, including its body, shall be rated separately from the motive unit and from any other trailer or semitrailer. If a deductible form of collision or comprehensive is written, the amount deductible shall apply separately to each unit.

400 MISCELLANEOUS VEHICLE RULES

401. MOTOR HOMES, TRUCK OR VAN CAMPERS

A **Motor Home** is an owned, self-propelled vehicle which is permanently equipped for use as living quarters.

A **Truck or Van Camper** is an owned, utility vehicle of the pickup or van type on or into which a portable camper unit or similar detachable living quarters has been mounted or installed. Canopy-covered pickup trucks will not be considered as truck campers unless also equipped with sleeping and cooking facilities.

A. **Recreational Use**

Note: Policies covering vehicles rated in accordance with this section of the rule may not be suspended.

If the vehicle is principally used as a recreational vehicle it may be insured for coverages available on private passenger automobiles. The policy term shall be twelve months. Unless otherwise indicated, Rate Section Rules do not apply. However, these vehicles do serve to qualify an insured private passenger automobile for the multiple automobile discount under the provisions of the Multiple Automobiles Discount Rule. Age Adjustment Factors do apply (Rule 210 - Age Adjustment Factors For Private Passenger Type Automobiles). Refer to Rate Section for determining premiums.

Exception: The vehicle shall be rated under the provisions of Section B if the insured does not have a private passenger automobile (as defined in Rule 201 - Private Passenger Automobile Defined) insured with either the State Farm Mutual Automobile Insurance Company or the State Farm Fire and Casualty Company.

B. **Other**

1. A motor home shall be insured as a private passenger type automobile and be subject to all rules applicable to such vehicles including application of premium adjustments shown in the Rate Section Rules when:
 - a. the motor home is principally used as a private passenger type automobile for pleasure and business purposes including driving to and from work or school, and only occasionally used as a motor home for recreational travel and camping purposes, or
 - b. the motor home is not eligible for Recreational Use rates due to the exception in Section A.

The policy term shall be six months.

2. A truck or van camper shall be rated in accordance with its normal usage when recreational use is incidental to its regular use. The policy term shall be six months. The physical damage coverages may be extended to the camper unit at the premiums shown in the Rate Section for camper units.

C. **Rental Provisions**

1. The non-owned car provisions of a policy insuring a private passenger automobile apply to a rented motor home or truck/van camper. If, as a condition for renting a motor home or truck/van camper, higher limits of bodily injury and property damage liability and medical payments coverages or lower physical damage

RULES

deductibles are required, the necessary coverages may be extended by endorsement for an additional premium payment, subject to such limits or deductibles being written by the Company. Refer to Extension of Coverages for daily and minimum premiums.

2. Coverage on an owned insured motor home, truck camper, van camper or camper unit may be extended by endorsement to apply while it is rented to others. The additional premium for this extension of the insured's coverage shall be:

Vehicle Type	Rate Per Day	Minimum Premium
Motor Home, Truck Camper, Van Camper	6.00	10.00
Camper Unit	1.00	5.00

402. TRAILERS DESIGNED FOR USE WITH PRIVATE PASSENGER AUTOMOBILES

Note: Trailers used solely for camping and other recreational purposes are subject to Rule 901 - Recreational Vehicles.

- A. **Bodily Injury and Property Damage Liability and Medical Payments Coverages:** Bodily injury and property damage liability and medical payments coverages afforded on an owned private passenger or utility type automobile (as defined in Rule 201 - Private Passenger Automobile Defined) are extended without additional charge to a trailer designed for use with such automobile provided it is not:
 - 1. a passenger trailer,
 - 2. a trailer used for business purposes with another type of automobile, or
 - 3. a trailer used as premises for office, store, or display purposes.
- B. **Physical Damage Coverages:** Physical damage coverages may be written on owned trailers qualifying for extended coverage under this rule.
- C. **Emergency Road Service Coverage:** For emergency road service coverage on trailers see Rule 604 - Emergency Road Service Coverage.
- D. See the Rate Section for premium determination of applicable coverages. A policy written for a short term (less than six months) is subject to a minimum premium equal to one-third of the semiannual premium.

403. AMPHIBIOUS, DUNE BUGGY, AND RELATED SELF-PROPELLED VEHICLES

Amphibious vehicles, dune buggies, and related miscellaneous vehicles (including all-terrain vehicles, golfmobiles, and snowmobiles) which are licensed/registered for use on public roads shall be classified and rated according to such use. Vehicles designed for off-road use and not licensed/registered for use on public roads are subject to Rule 901 - Recreational Vehicles.

404. MOTORCYCLES, MOTORSCOOTERS, AND MOTORIZED BICYCLES

A. The following are insurable under this rule:

1. Factory-built motorcycles and motorscooters designed or licensed/registered for use on public roads.

Note: Motorcycles and motorscooters not designed and not licensed/registered for use on public roads are rated under Rule 901 - Recreational Vehicles.

2. Factory-built motorized bicycles (mopeds) regardless of use or licensing/registration requirements.

Such vehicles (hereafter referred to as motorcycles) may be insured for the coverages and at the premiums shown in the Rate Section. Except for Customer Rating Index, premium adjustment rules in the Rate Section Rules shall not apply.

B. Classification

1. A youthful motorcycle owner or principal operator qualifies for the reduced Youthful Rates shown on the rate page if he or she is rated as a youthful operator on an automobile insured with either the State Farm Mutual Automobile Insurance Company or the State Farm Fire and Casualty Company.
2. A person designated as the youthful owner or principal operator of one insured motorcycle shall be considered as an adult operator of any other motorcycle owned or operated. The youthful classification shall apply to the motorcycle most frequently operated by that person. However, Age Adjustment Factors will apply to all motorcycles.

C. **Age Adjustment Factors** - Age adjustment factors using age as determined in Section D apply to motorcycles. See the Rate Section for the factors.

D. **Age Determination** - The driver whose age should be determined is the driver whose use was considered in determining the applicable classification in Section B.

1. To rate the policy for the upcoming term, use the driver's age as of the effective date of the policy.
2. For newly added drivers, use the driver's age as of the effective date the driver was added to the policy.
3. If the driver's age at the beginning of the policy term is greater than or equal to 25, the age and associated classification will be used for the entire policy term.
4. If the driver's age at the beginning of the policy term is less than 25, the age will be recalculated on the driver's birthday and the associated classification determined. The pro rata premium will be recalculated for the remainder of the policy term.

E. Model Year Rating

RULES

1. The model year of the motorcycle is the year assigned to it by the motorcycle manufacturer.
2. Unless shown otherwise in the Motorcycle Model Year Factors Table, factors for the current model year shall be increased by the percentage shown in the table below to obtain the factors for the next subsequent model year. Round to the nearest hundredth.

Coverage	Percentage
BIPD	6%
COLL	10%
COMP	6%
MPC	6%

406. ANTIQUE AND CLASSIC AUTOMOBILES AND REPLICAS - LIMITED USE

Note: Policies covering vehicles rated in accordance with this rule may not be suspended.

Vehicles of the type described below which are used on a very limited basis, such as exhibitions, club activities, parades, or similar functions of public interest, shall be rated in accordance with this rule. Vehicles which are regularly used for personal, pleasure, and business purposes shall be classified and rated in accordance with the regular rules and rates applying to the type of vehicle insured.

- A. A **Classic Automobile** is a motor vehicle which is ten or more years old and which because of limited production or exceptionally fine workmanship is a rarity or of historic interest and which has been restored, maintained, or preserved by classic automobile hobbyists. If the vehicle is 25 or more years old, rate as an antique.
- B. An **Antique Automobile** is a motor vehicle which is 25 or more years old and which has been restored, maintained, or preserved by antique automobile hobbyists.
- C. A **Replica** is a reproduction of an antique or classic automobile. If the vehicle is 25 or more years old, rate as an antique.

Age of the vehicle shall be determined as of the first renewal on or after January 1st of each calendar year.

Refer to the Rate Section for premium determination. Unless otherwise indicated, Rate Section Rules do not apply.

Age Adjustment Factors do not apply (Rule 210 - Age Adjustment Factors For Private Passenger Type Automobiles).

407. VOLUNTEER FIRE DEPARTMENT AUTOMOBILES

A motor vehicle equipped for fire fighting and used to service a municipality of not more than 5,000 population or a single fire district within which there is no municipality of more than 5,000 population may be written at light class 4 commercial premiums.

408. SCHOOL BUSESSES

Note: School busses qualifying for insurance under this rule shall be written in the State Farm Mutual Automobile Insurance Company.

A school bus is a bus-type motor vehicle* used for the transportation of persons in connection with

- A. school attendance, and
- B. school activities.

*A private passenger type automobile used exclusively as a school bus shall be classified and rated as a school bus. (See Rule 705 - Transportation of School Children, Church Groups, Friends, Neighbors or Fellow Employees - Private Passenger Automobiles for a private passenger automobile used to transport school children in addition to its use for personal pleasure and business).

School busses may be insured for the coverages indicated in the Rate Section. A single multi-bus annual term policy shall be issued covering all busses being insured by the school or school district. School busses shall be individually rated for coverage according to class and seating capacity as follows:

Class 1: School busses used in accordance with this rule for a school term of 200 or less school days.

Class 2: School busses used in accordance with this rule for a school term of more than 200 school days.

Seating Capacity - If seating capacity has not been established it is determined as follows:

If the length of the seating space excluding the driver's seat is 22" or less, the seating capacity is 1; if more than 22" but not more than 38", the seating capacity is 2. Each additional 15" or fraction thereof shall be considered an additional seat.

Coverage on a regularly used school bus is extended to a temporary substitute school bus while such regularly used school bus is withdrawn from service for a short time.

Coverage for other school bus uses may be provided for an additional charge as follows:

- A. **Approved Other Use Coverage:** A school bus policy issued to a school or school district may be used to insure busses used in connection with activities sponsored by church, civic, charitable, fraternal or welfare organizations. Such other use of a school bus must be approved by the school board, principal or other authorized person of the school or school district. A premium applying to the policy rather than to each school bus individually shall be charged based on the total other use mileage of all busses insured under the policy. Refer to the Rate Section for the determination of such premium.
- B. **Use of a Spare or Substitute School Bus:** An owned school bus, held in reserve for use as a temporary replacement of a regularly used school bus while such school bus is withdrawn from service, may be insured for school use other than as a temporary substitute school bus provided such use is not regular nor frequent. Refer to the Rate Section for premium determination.

409. CHURCH BUSESSES

Note: Church busses qualifying for insurance under this rule shall be written in the State Farm Mutual Automobile Insurance Company. For rules applicable to busses which are used as school busses as well as for church bus use, refer to Rule 408 - School Busses.

A church bus is a bus-type motor vehicle* used to transport persons to and from services and other church related activities.

*A private passenger type automobile used exclusively as a church bus shall be classified and rated as a church bus. (See Rule 705 - Transportation of School Children, Church Groups, Friends, Neighbors or Fellow Employees - Private Passenger Automobiles for a private passenger automobile used to transport church groups in addition to its use for personal pleasure and business).

Coverages available to school busses are available to church busses. The policy term shall be six months. A single multi-bus policy shall be issued covering all busses being insured by the church. Refer to the Rate Section for premium determination.

410. DRIVER TRAINING AUTOMOBILES

A. School Driver Training Course Automobiles

Note: Vehicles insured under this section shall be written in the State Farm Mutual Automobile Insurance Company.

Private passenger automobiles owned by, or leased or loaned to, a school board that are equipped with dual control brakes and used in a driver training course for students and for other purposes shall be rated at the private passenger 1H classification for all coverages. Automobiles that are not equipped with dual control brakes are ineligible.

If use of the automobile is restricted to driver training purposes, subtract

Factor
0.35

from the otherwise applicable class 1H rating factor before applying it to the base premiums of the coverages involved.

A motorized scooter, motorized bicycle or motorcycle owned by, or leased or loaned to, a school board for exclusive use in a driver training course for students may be insured at the adult motorcycle classification for the coverages shown in the Rate Section.

B. Driver Training School Automobiles

Note: Vehicles insured under this section shall be written in the State Farm Fire and Casualty Company.

Private passenger automobiles owned by automobile driver training schools that are equipped with dual control brakes and used for driver training purposes may be insured at the private passenger 1H classification Ineligible for STAR Plan Rates for all coverages, except that Car Rental and Travel Expenses - Coverage R1 is not available. Automobiles that are not equipped with dual control brakes are ineligible.

Except for Passive Restraint Discount, Vehicle Safety Discount, and Liability Rating Group, Rate Section Rules do not apply to vehicles insured under Part A and B of this rule. Age Adjustment Factors also do not apply (Rule 210 - Age Adjustment Factors For Private Passenger Type Automobiles).

411. FUNERAL DIRECTORS' AUTOMOBILES

A. Private Passenger Type Automobiles

A private passenger type automobile used by a funeral director for personal and pleasure use as well as for carrying persons in funeral processions (to or from cemeteries or burial grounds), including other operations incidental to the insured's business, shall be written at the applicable private passenger automobile classification premiums for all coverages.

If use of the automobile is restricted to funeral purposes, coverage may be written at the private passenger 1A classification. Except for Passive Restraint Discount, Vehicle Safety Discount, and Liability Rating Group, Rate Section Rules do not apply. Age Adjustment Factors do not apply (Rule 210 - Age Adjustment Factors For Private Passenger Type Automobiles). In the State Farm Fire and Casualty Company, Ineligible for STAR Plan Rates apply.

Automobiles that are used at any time for ambulance service are not eligible for coverage under this section of the rule.

B. Commercial Automobiles

1. Definitions

- a. **A Hearse or Service Car** is an automobile designed and used for the transportation of a corpse.
- b. **An Ambulance** is an automobile which is subject to call for the transportation of ill or injured persons.
- c. **A Hearse - Ambulance** is a hearse or service car which is also used as an ambulance.

2. Bodily Injury and Property Damage Liability

- a. **Hearse or Service Car Not Normally Subject to or Available for Use as an Ambulance:** Classify and rate as commercial light class 5.
- b. **Ambulance or Hearse - Ambulance**
 - i. If ambulance use is primarily restricted to private individual calls only and the vehicle is not normally subject to police, fire department, rescue squad or other public agency use - Classify and rate as commercial light class 4.
 - ii. Ambulances or Hearse - Ambulances which are not restricted to the extent required under B.2.b.i. are ineligible except when written as a part of a fleet that includes other types of automobiles which are eligible. When so written, classify and rate as commercial light class 3.
- c. **Other Automobiles Including Vehicles Used Primarily as Flower Cars:** Classify and rate as commercial light class 5.

3. Medical Payments: Medical Payments coverage may be written, but as respects the use of the automobile as an ambulance, coverage will not apply to any ill or injured person entering into or

occupying the ambulance because of such illness or injury. The commercial medical payments premium schedules apply.

4. Physical Damage Coverage: Classify and rate as non-farm commercial automobiles.

413. KIT CARS AND REPLICA AUTOMOBILES - REGULAR USE

Kit cars are vehicles usually constructed of fiberglass and assembled on a chassis (or modified chassis) of another regular production car. A replica is a reproduction of an antique or classic automobile. Vehicles of this type which are regularly used for personal, pleasure, and business purposes shall be classified and rated in accordance with the regular rules and rates applying to the type of vehicle insured. The model year of the chassis will determine the model year of the vehicle.

Exception: Insurance Rating Group (IRG) assignments for regular use Kit Cars and Replicas will be determined according to the following table based on the original cost new of the vehicle to the initial retail purchaser.

Original Cost New	IRG	Original Cost New	IRG	Original Cost New	IRG
\$0-\$2,200	4	\$9,001-\$10,000	13	\$18,001-\$20,000	22
2,201-3,000	5	10,001-11,000	14	20,001-21,000	24
3,001-4,000	6	11,001-12,000	15	21,001-24,000	25
4,001-5,000	7	12,001-13,000	17	24,001-27,000	26
5,001-6,000	8	13,001-14,000	18	27,001-29,000	27
6,001-7,000	10	14,001-15,000	19	29,001-32,000	28
7,001-8,000	11	15,001-16,000	20	Over \$32,000 - Refer to Company	
8,001-9,000	12	16,001-18,000	21		

Note: Vehicles of the above type which have limited use or are designed for off-road use and not licensed/registered for use on public roads shall be classified and rated in accordance with the limited use or off-road vehicle rules and rates applying to the type of vehicle insured. See Rule 406 - Antique and Classic Automobiles and Replicas - Limited Use or Rule 901 - Recreational Vehicles.

500 NON-OWNED VEHICLE RULES

501. USE OF NON-OWNED CARS (Limited Form)

If the insured automobile is rated as a private passenger automobile or as a commercial farm use automobile, the limited use of non-owned automobiles provisions of the policy apply to named insureds, the spouse of the first named insured, and resident relatives of the first named insured.

The bodily injury and property damage liability coverage afforded by such a policy may be extended to also cover the limited use of non-owned automobiles by additional persons who are resident relatives of named insureds other than the first named insured or who are joint owners or partners. The coverage also extends to the spouse of such additional person(s) who is a resident of his or her household. The named additional person and his or her resident spouse are afforded the same coverage as a named insured under the coverages specified in the endorsement. The premiums in the Rate Section for Use of Non-Owned Cars - Limited Form apply to each such additional person.

502. USE OF NON-OWNED CARS (Broad Form)

If the use of non-owned automobiles is not or cannot be insured under the limited use of non-owned automobiles provisions, a broad form of coverage may be written.

- A. **Classifications:** the following classifications apply to individuals insured under Parts B and C of this rule.
1. **Class A:** Persons not subject to Class B, C or D.
 2. **Class B:** Law enforcement personnel who require the use of a motor vehicle (other than a motor vehicle owned by the United States Government) when responding to emergencies which are normally associated with their duties.
 3. **Class C:** Persons employed in the business of selling, repairing, servicing, storing or parking of automobiles other than such persons who are civilian employees of the government.
 4. **Class D:** Persons who operate public livery conveyances, trucks that are frequently operated beyond a 50-mile radius of garage location, trucks used for hauling for hire, or any vehicle used for emergency purposes other than those within Class B or owned by the United States Government.
- B. **Broad Form Endorsement:** The bodily injury and property damage liability coverage afforded under a policy insuring a described automobile may be extended to cover the regular or frequent use of non-owned automobiles by a named individual and spouse resident in the same household provided such individual is
1. the named insured,
 2. a relative of the named insured and resident in the same household or
 3. an employee of the named insured and an automobile described in the policy is furnished for the regular use of such employee.

Any medical payments coverage afforded under the policy must be extended to apply to the use of non-owned automobiles. The premiums in the Rate Section for Use of Non-Owned Cars - Broad Form apply to each named individual.

- C. **Named Non-Owner Policy:** If a described automobile is not insured or if an individual is not eligible for broad form non-owner coverage under a policy insuring a described automobile, such coverage may be afforded an individual, their spouse, and relatives of either, residing in the same household by means of a named non-owner policy. Such a policy may be written for bodily injury and property damage liability, medical payments, and uninsured motor vehicle coverages.

Note: Additional coverages as specified in the Named Non-Owner Policy schedules in the Rate Section may be included in policies insuring Class A Persons.

The bodily injury and property damage liability and medical payments coverages premiums are determined in accordance with Named Non-Owner Policy Schedule I in the Rate Section except that Schedule II shall apply when the policy must be certified under the provisions of a financial responsibility law.

The premium for uninsured motor vehicle coverage is determined from the Rate Section.

503. EMPLOYERS' NON-OWNED CAR LIABILITY

Note: This rule applies in the State Farm Mutual Automobile Insurance Company only.

An employer's non-owned car liability policy, including medical payments coverage, may be written to insure an employer for the operation by employees in the business of such employer of automobiles not owned in whole or in part, nor hired or leased by, nor registered in the name of the employer. The premium is based on the number of employees that regularly operate such automobiles in the business of the named insured. Rates and minimum premium are set forth in the Rate Section.

No automobile is described in the policy.

504. HIRED CARS

Note: This rule applies in the State Farm Mutual Automobile Insurance Company only.

An automobile that is hired or leased on a long-term basis shall be insured by the lessee as an owned automobile and is not subject to the provisions of this rule.

A policy providing Employers' Non-Owned Car liability coverage may be endorsed to provide liability coverage for the operation of vehicles used under contract in behalf of, or loaned to, the named insured while such vehicles are engaged in the business of the insured. Such vehicles must not be owned or registered in the name of the insured, an executive officer or partner (if a firm), or an employee or agent of the named insured.

A policy providing Hired Car liability coverage may also be endorsed to provide physical damage (comprehensive and collision) coverage to hired vehicles of the private passenger type, in accordance with the provisions set forth in Rule 506 - Use of Non-Owned Cars - Physical Damage.

Coverage(s) as stated above are available on the cost-of-hire basis and covers all eligible vehicles hired by the named insured or by any employee of the named insured.

Under the cost-of-hire rating, the total policy premium shall be determined as follows:

The insured shall maintain and submit to the Company upon request a chronological record for each business location showing:

- A. the number and type of each automobile and trailer hired,
- B. the names of the concerns or owners from whom the vehicles were hired,
- C. the cost-of-hire by type of automobile and trailer, and
- D. complete information as to any liability and physical damage insurance coverage carried for these vehicles by the owners of the vehicles or trailers.

The rates per \$100 cost-of-hire are set forth in the Rate Section.

Cost-of-hire is the total amount incurred over a twelve month period for the hire of automobiles and trailers (including wages of hired operators) but not including charges for services performed by motor carriers subject to the security requirements of any motor carrier law or ordinance.

The premium shall be determined by applying the rate per \$100 to the appropriate total twelve month cost-of-hire amount at each business location as estimated by the insured for the current policy term.

The cost-of-hire amount shall be subject to adjustment by audit upon request of the Company.

The total premium for Employers' Non-Owned Car and Hired Car liability coverage and the total premium for the associated physical damage coverage are subject to the minimum premiums specified in the Rate Section.

505. USE OF NON-OWNED RECREATIONAL TRAVEL AND CAMPING VEHICLES AND TRAILERS - Extension of Coverage

A policy insuring an owned private passenger automobile may be endorsed to provide for the extension of additional coverage to a rented camper unit, or travel/camping trailer beyond that provided by the policy for non-owned automobiles.

Subject to an additional premium, policy coverages may be extended to a rented trailer or camper unit by endorsement to provide for:

- A. physical damage coverage in excess of the \$2,500 policy limits,
- B. emergency road service coverage, and
- C. lower physical damage deductibles if such deductible is required as a condition for renting and such deductible is being offered by the Company.

Note that the policy limits for bodily injury and property damage liability and medical payments coverages offered on the owned automobile are extended to the rented trailer or camper without additional charge.

Any insurance extended to a rented camper unit or travel/camping trailer shall be excess over other collectible insurance and is subject to a further provision that the underlying policy will remain in force for the entire period specified in the endorsement.

Refer to the Rate Section for rates and minimum premiums.

506. USE OF NON-OWNED CARS - PHYSICAL DAMAGE COVERAGE

- A. A policy insuring a private passenger automobile for bodily injury and property damage liability coverage may be endorsed to provide additional physical damage (comprehensive and collision) coverage for the use of non-owned cars by a named individual and resident spouse provided such individual is the named insured or a relative of the named insured and resident in the same household. This endorsement will extend the comprehensive and collision coverage of a policy insuring a described private passenger automobile to non-owned cars. If the policy does not provide comprehensive or collision coverage, physical damage coverage is provided to non-owned cars subject to a deductible of \$250 and a limit of \$30,000.

This endorsement does not extend coverage to non-owned cars which are owned by the named insured's employer or those that are used

- 1. by persons while employed in the business of selling, repairing, servicing, storing, or parking of automobiles, or
- 2. by persons while employed in public or private delivery or transportation.

- B. A policy providing Hired Car liability coverage may be endorsed to provide physical damage (comprehensive and collision) coverage to vehicles of the private passenger type, as defined in Rule 201 - Private Passenger Automobile Defined, but excluding any utility vehicle with a Gross Vehicle Weight of more than 10,000 pounds, and to commercial vehicles of the pickup, panel or van body type with a Gross Vehicle Weight of not more than 10,000 pounds. Such vehicles must be rented or leased for use in the insured's business. The physical damage coverage provided is subject to a \$250 deductible and a limit of \$30,000. Coverage is available on a cost-of-hire basis, in accordance with the provisions set forth in Rule 504 - Hired Cars.

See Rate Section for the premiums for these endorsements.

600 ADDITIONAL COVERAGE RULES

601. MEDICAL PAYMENTS COVERAGE

Unless specifically prohibited by other rules medical payments coverage may be written under a policy that provides bodily injury and property damage liability insurance.

When medical payments coverage is written on a policy insuring

- A. an individual named insured or husband and wife resident in the same household, or multiple individuals, or
- B. a partnership, company, corporation, association, etc., and one individual is designated as the named insured with respect to medical payments coverages

and such individual named insured or designated individual also is named in a broad form use of non-owned automobiles endorsement, the broad form use of non-owned automobiles medical payments premium also applies.

Additional Persons - Private Passenger and Class 1 Commercial Classes Only

Medical payments coverage is required as respects additional persons named in a use of non-owned automobiles endorsement attached to a policy that includes medical payments coverage.

The full medical payments premium applies to each such additional person who is

- A. not a resident in the same household as the individual named insured or designated individual, or
- B. a resident in the same household but not a relative of the individual named insured or designated individual.

The use of non-owned automobiles medical payments premium applies to each additional person who is a relative of, and who is a resident in the same household as the individual named insured or designated individual.

Refer to the Rate Section for available limits of liability and rates for all forms of medical payments coverage.

602. UNINSURED MOTOR VEHICLE COVERAGE AND UNDERINSURED MOTOR VEHICLE COVERAGE

Bodily Injury (Coverage UBI and WBI) - Unless rejected, each policy providing liability coverage on motor vehicles licensed for highway use must include uninsured (UBI) and underinsured (WBI) motor vehicle coverage for bodily injury with limits equal to the financial responsibility limits. Increased limits up to, but not to exceed, the bodily injury liability limits of the policy are available at the option of the policyholder. The insured may choose to reject both UBI and WBI, or just WBI. The insured may not reject just UBI. If both UBI and WBI are purchased, their limits must be the same.

Property Damage (Coverage UPD) - Each policy providing Coverage UBI shall include uninsured motor vehicle coverage for property damage liability (UPD) with limits equal to the financial responsibility limits unless rejected by the named insured in writing.

Increased limits up to the property damage liability limits of the policy are available at the option of the policyholder.

Only damage to the insured vehicle is covered. A \$200 deductible shall apply unless (1) at the time of the loss the same insurer provides collision, and; (2) the operator of the other vehicle has been positively identified and is solely at fault.

The phrase "uninsured motor vehicle coverage" in other rules of this manual may include the underinsured motor vehicle coverage as described above.

See the Rate Section for the available limits of coverage and premiums.

603. CAR RENTAL AND TRAVEL EXPENSES - Coverage R1

Coverage R1 may be provided if the policy insures a private passenger car, as defined in Rule 201 - Private Passenger Automobile Defined, for comprehensive and/or collision coverage.

Subject to the provisions of the coverage, Car Rental and Travel Expense, Coverage R1 reimburses the named insured for:

- A. Rental charges of not more than the selected limit per day, subject to the maximum limit of liability per occurrence, for a substitute automobile rented from a car rental agency or a garage as a result of a loss as defined.

See the Rate Section for the per day/maximum per occurrence limits available.

- B. Any deductible amount for which the insured is legally liable that applies to the comprehensive and collision coverages in effect on a rented car, subject to a \$500 limit of liability per occurrence.
- C. If the loss occurs more than 50 miles from the named insured's residence, commercial transportation, meals, and lodging expenses as specified in the coverage, subject to a \$500 limit of liability per occurrence.

604. EMERGENCY ROAD SERVICE COVERAGE

Emergency road service coverage may be included in a policy which affords bodily injury and property damage liability or physical damage coverages on

- A. an automobile which is within the manual definition of a private passenger automobile, or
- B. an automobile designed as an auto home, or
- C. a class 1 farm truck.

A trailer designed for use with a private passenger automobile may be insured for emergency road service provided the policy describing the trailer also affords either comprehensive or collision coverage on such trailer.

The emergency road service premiums for private passenger vehicles in the Rate Section shall apply to an automobile designed as an auto home and to a trailer designed for use with a private passenger automobile.

Note: See policy for the extension of emergency road service coverage written on private passenger or utility type automobiles to non-owned trailers.

651. NO-FAULT COVERAGE

All automobile liability insurance policies written on a private passenger motor vehicle, as defined below, issued or renewed on or after July 1, 1974,* must provide the following minimum coverages:

- A. Medical payments coverage \$5,000 minimum per person.
- B. No-fault total disability coverage - Up to \$140 per week.
- C. No-fault death indemnity, dismemberment, and loss of sight coverage - \$5,000 per person.

Any or all of these coverages may be rejected at the option of the named insured. Premiums for the no-fault coverages are shown in the Rate Section.

This rule applies when an automobile liability insurance policy is written on:

- A. Motor vehicles of the private passenger type licensed for use on public highways including utility, amphibious, dune buggy, jeep types and antique or classic automobiles used as private passenger automobiles.
- B. A motor home and, if subject to motor home or private passenger classification, a truck/van camper.
- C. Motorcycles and motorscooters rated as private passenger vehicles when licensed for use on public highways.

*Required Medical Payments limit changed from \$2,000 to \$5,000 June 17, 1981.

700 MISCELLANEOUS RATING RULES

703. OVERSIZE OR OVERWEIGHT VEHICLES - Bodily Injury and Property Damage Liability

As respects a vehicle which exceeds the limitations on width, length, height or weight specified by law and as a result of which the owner or operator must secure a special permit and possibly file a certificate of insurance, the applicable bodily injury and property damage liability premium shall be increased in accordance with the following:

A. Single Trip Permit:

If the permit is issued for and limited to a single trip a separate charge applies for each trip. The required premium together with a notice of intent to make such trip must be received by the Company prior to the date it is actually made. Such notice shall specify the date of the trip and describe the kind of load, dimensions and weight which make the permit mandatory. Refer to the Company for the additional charge.

B. Permits not Limited to Single Trips:

If the permit does not limit operations to a single trip, the required additional semiannual charge together with a general description of the kind of loads, dimensions and weight which make the permit mandatory must be received by the Company. Refer to the Company for the additional charge.

Note: Coverage will be afforded on a "per occurrence" basis when the statute governing overweight and oversize vehicles so requires. Vehicles insured hereunder shall not be subject to a charge for "per occurrence" coverage specified by any other manual rule.

704. MOTOR CARRIER CERTIFICATE FILING

Risks which require the filing of (1) a Federal Highway Administration (formerly Interstate Commerce Commission) certificate, or (2) a public utility commission or state commerce commission certificate which binds the Company on all vehicles owned, operated, or hired by the insured and used under the insured's permit, shall be subject to the following provisions:

- A. All owned, rented or leased vehicles must be insured for bodily injury and property damage liability by this Company. A policy on which a prescribed certificate is filed cannot be cancelled prior to the effective date of the cancellation of the certificate.
- B. **Employers' Non-Owned Car Liability and Hired Car Coverage:** The policy shall be endorsed to provide employer's non-owned car liability and hired car coverages, subject to the following rating provisions:
 - 1. If the insured expects to hire vehicles or to have employees use non-owned vehicles in the operation of the insured's business, the premium charge shall be determined in accordance with Rule 503 - Employers' Non-Owned Car Liability and Rule 504 - Hired Cars.
 - 2. If the insured does not anticipate hiring vehicles or having employees use non-owned vehicles in the operation of the insured's business, the bodily injury and property damage liability premium charge is \$10.00.

705. TRANSPORTATION OF SCHOOL CHILDREN, CHURCH GROUPS, FRIENDS, NEIGHBORS OR FELLOW EMPLOYEES - Private Passenger Automobiles

A private passenger type automobile used to transport

- A. school children, or
- B. persons to and from church services or other activities incidental to church functions, or
- C. friends, neighbors or fellow employees

for a consideration, in addition to use for personal pleasure, family and business shall be classified in accordance with Rule 205 - Classification of Private Passenger Type Automobiles.

Private passenger premium determination procedures for the appropriate classification shall apply for all coverages except the base premiums for the bodily injury and property damage liability and medical payments coverages shall be increased by:

Number of Passengers Transported, excluding the driver	Percentage
8 or less	20%
Greater than 8	50%

Note: Coverage for such use on a share-expense basis in a private passenger or station wagon type vehicle is provided under the policy contract at no additional charge.

706. TRANSPORTATION OF PERSONS INCIDENTAL TO OCCUPATIONAL DUTIES

A private passenger automobile used to transport persons as an incidental part of the occupational duties of an insured is classified as a private passenger automobile. The regular private passenger premium determination procedures for the applicable classification shall apply to all coverages except where the insured's compensation for transporting persons exceeds the local area standard for non-profit reimbursement for automobile operational costs, in which event the otherwise applicable bodily injury and property damage liability base premium shall be multiplied by:

Factor
1.20

If the compensation for transporting persons exceeds the local area standards for non-profit reimbursement for automobile operational costs, the application must be accompanied by a statement of the complete facts relative to the transportation of passengers and the form, basis and rate of compensation.

Under no circumstance does this rule extend to the insuring of any automobile which is used for public livery or private livery purposes.

708. FEDERAL GOVERNMENT EMPLOYEE - Use of Private Passenger Automobile

A private passenger automobile used by an insured in performance of duties as a federal government employee shall be written at the 1H classification premium applicable to all coverages except that the otherwise applicable bodily injury and property damage liability base premium shall be multiplied by:

Factor
0.60

when a certificate of financial responsibility filing is not required; otherwise, the full bodily injury and property damage liability base premium is applicable.

709. AUTOMOBILES LEASED TO UNITED STATES GOVERNMENT AGENCIES - Owner's Interest

Automobiles which are leased or rented out for full-time use by a United States government agency for use in the performance of governmental functions may be written for insurance covering only the owner's interest in such automobiles. Coverage will also apply as respects the operation of the described automobiles by the named insured or by employees of the named insured for the purpose of testing and servicing and for delivering such automobiles to the lessee and for returning them to the regular storage location.

Automobiles classified as private passenger shall be written at the private passenger 1H classification for all coverages except the bodily injury and property damage liability base premium shall be multiplied by:

Factor
0.25

In the State Farm Fire and Casualty Company, Ineligible for STAR Plan Rates apply.

Except for Passive Restraint Discount, Vehicle Safety Discount, and Liability Rating Group, Rate Section Rules do not apply. Age Adjustment Factors do not apply (Rule 210 - Age Adjustment Factors For Private Passenger Type Automobiles).

Automobiles classified as commercial shall be written at the commercial class 5 classification for all coverages except the otherwise applicable bodily injury and property damage liability premium shall be multiplied by:

Factor
0.25

800 FLEET AND EXPERIENCE RATING PLAN

801. FLEET RATING PLAN

Note: Vehicles rated under the provisions of this rule shall be insured in the State Farm Mutual Automobile Insurance Company.

A. Fleet Defined

A fleet is defined as five or more self-propelled vehicles owned by or under the direct control of one insured or management and covered under one policy with a single expiration date applying to all vehicles.

Notes:

1. Vehicles of any type rented or leased by the insured and operated as though owned by the insured shall be considered as owned vehicles for the purpose of this rule.
2. Motorcycles, motorscooters, motorized bicycles, golfmobiles, snowmobiles, trailers and semitrailers, and limited use antique and classic automobiles may be included in a fleet policy but shall not be counted as self-propelled vehicles for the purpose of determining fleet eligibility.
3. If a company is solely owned by an individual and part of the vehicles are titled in the name of the company and the balance in the name of the sole owner, all may be insured on the same fleet policy.
4. Vehicles owned by employees of the insured (including salespeople), by partners, or by officers of the corporation, whether or not used in the insured's business, shall not be included in a fleet policy.
5. As respects non-farm business use private passenger automobiles insured under the provisions of this rule, class 1H rates (or class 1L if a utility rated vehicle) shall apply regardless of the actual ages of the operators or the total annual miles driven. Age Adjustment Factors do not apply (Rule 210 - Age Adjustment Factors For Private Passenger Type Automobiles). As respects all other vehicles, regular rating classifications pertaining to such vehicles apply.
6. A fleet of 25 or more self-propelled vehicles is subject to Rule 851 - Experience Rating Plan. A fleet of less than 25 self-propelled vehicles will be rated under the Experience Rating Plan provided the applicable annual premium prior to experience rating is \$3,000 or more.

B. Application of Manual Rules and Rates

A fleet is subject to other manual rules and rates to the extent such rules and rates are not precluded from applying to fleets.

Notes:

1. A multiple vehicle risk already insured with the Company on separate policies may, at the election of the insured and with the consent of the Company, be insured as a fleet under this rule at a subsequent renewal date.

2. A fleet insured under the provisions of this rule may not be moved from under the rating provisions of this rule except with the approval of the Company.

C. Policy Term

A fleet policy of six or twelve months term may be issued except that a fleet subject to Experience Rating must be insured on an annual term policy. A fleet may not change policy term options without the consent of the Company.

Note: Premiums for a twelve month policy term shall be twice the premiums applying for a six month policy term when twelve month policy term premiums for vehicles being insured with a policy term of twelve months are not designated in the manual.

D. Uniform Limits

Limits applying to bodily injury and property damage liability, uninsured motor vehicle and underinsured motor vehicle (where available) coverages shall be the same for each vehicle insured for such coverage. Limits for medical payments or personal injury protection coverages (where available) shall be the same for each vehicle insured for such coverage unless a variation, for reasons submitted, is approved by the Company.

Exception: If certain vehicles because of governmental authority require higher limits than are desired on other vehicles variation will be permitted.

E. Accident or Occurrence Basis for Liability Coverage

The bodily injury and property damage liability coverage provided by the policy is on a "per accident" basis. Bodily injury and property damage liability coverage on a "per occurrence" basis is available by endorsement at a 1% increase in the otherwise applicable bodily injury and property damage liability premium. This adjustment shall be treated as a limits adjustment for purposes of determining the premium.

F. Automatic Coverage

1. At the request of the insured, an automatic coverage endorsement may be issued if all owned, rented or leased vehicles are insured by this Company. If all vehicles are not insured by this Company, it may be made applicable if all vehicles of a given class are insured by this Company.
 - a. This endorsement supersedes the automatic insurance provision of the policy. It applies to the coverages in force on all private passenger automobiles and all other vehicles separately on the date that a vehicle is purchased, rented or leased by the insured. The most restricted coverage shall apply separately for private passenger automobiles and all other vehicles. The status of the policy in force at the time a vehicle is added shall determine the coverage(s) to which the endorsement applies.
 - b. If the automatic coverage endorsement is not issued, the automatic coverage provision of the policy applies.
2. The insured shall maintain for each location a record of vehicles showing:

RULES

- a. A description of each vehicle purchased, the date of purchase, the cost and other data necessary for the rating thereof.
- b. A description of each vehicle disposed of and date of disposition.

This record shall be available to this Company upon request.

3. Proper notice to this Company is required to add coverages not provided for by the automatic coverage endorsement.

G. Audit

The Company shall have the right to audit the insured's records, at any time during the policy period and within three years after the termination of the policy, with respect to the premium basis or the subject matter of the policy.

H. Deposit Premium

At the option of the Company a premium deposit may be required.

851. EXPERIENCE RATING PLAN

- A. Vehicles rated under the provisions of this rule are subject to Rule 801 - Fleet Rating Plan.
- B. The experience rating provisions of this rule shall apply to a fleet, as defined in Rule 801 - Fleet Rating Plan, provided it consists of 25 or more self-propelled vehicles. Experience rating shall also apply on a fleet which was experience rated for the term just expiring, but temporarily has fewer than 25 vehicles, and it is anticipated that there will again be 25 or more self-propelled vehicles within the coming year.

A fleet of less than 25 self-propelled vehicles will be rated under the provisions of this rule provided the applicable annual premium prior to experience rating is \$3,000 or more.

Note: Motorcycles, motorscooters, motorized bicycles, golfmobiles, snowmobiles, trailers and semitrailers, and limited use antique and classic automobiles shall not be counted in determining a fleet's eligibility for experience rating. However, if these vehicles are self-propelled, they will be used to determine the number of car years in the experience period.

- C. This plan provides for the modification of the total policy premium by the application of a premium modification factor.
- D. The premium modification factor is determined from experience incurred by the fleet during the past five years ending with the initial effective date of the policy or the three months preceding the renewal of the policy. If five years experience is not available, such experience as is available shall be used subject to a minimum experience period of one year ending as specified above. If less than one year's experience is available the premium modification factor shall be 1.00 for the upcoming policy term.

If the fleet has been insured with a company from which experience is not obtainable, experience may be used that is submitted to the Company in the form of a statement signed by the insured. Experience in such form shall be given credence in accordance with its apparent credibility.

- E. The premium modification factor shall be determined and applied as follows:
 - 1. Determine the number of car years in the experience period represented by the self-propelled vehicles of the fleet.

Note: A single self-propelled vehicle develops five car years of experience for a five year experience period.
 - 2. Determine the total fleet incurred losses (paid losses plus reserves on pending claims) for the experience period after:
 - a. Multiplying individual coverage incurred losses by the indicated factor below to provide for the inclusion of allocated claim adjustment expense in the loss amount, and

Allocated Adjustment Expense Factors	
Bodily Injury Liability	1.10
Uninsured Motor Vehicle Coverage and Underinsured Motor Vehicle Coverage	1.06

Allocated Adjustment Expense Factors	
Personal Injury Protection	1.03
Medical Payments	1.01
All Other Coverages	1.00

- b. Limiting the amount of loss resulting from any single accident (after providing for allocated claim adjustment expense in the amount) to the "maximum single loss" amount specified in the table below:

Number of Car Years in Experience Period	Maximum Single Loss*
5-21	135%
22-49	67%
50-85	45%
86-132	34%
133-199	27%
200-299	22%
300-466	19%
Over 466	17%
*Percent of adjusted written premium for the experience period.	

- Determine the total fleet premium collected by the Company for the experience period adjusted to eliminate the effect of any fleet rating modification. If the fleet was insured with another company during any part of the experience period, use the applicable premiums charged by that company. To the extent the applicable premium information for any policy periods is not available from the other company, do not use those policy periods for experience rating.
- Develop an Actual Limited Loss Ratio by dividing the results of step 2 by the results of step 3.
- Select the premium modification factor from the table below which corresponds to the developed Actual Limited Loss Ratio from step 4 and the number of car years in the experience period from step 1.

Actual Limited Loss Ratio	Number of Car Years in Experience Period

900 RECREATIONAL VEHICLES

901. RECREATIONAL VEHICLES

Note: Vehicles rated under the provisions of this rule shall be insured in the State Farm Mutual Automobile Insurance Company. Motor homes and truck or van campers are not subject to the provisions of this rule. See Rule 401 - Motor Homes, Truck or Van Campers.

A. Recreational Vehicles Defined

1. Off-Road Vehicles

- a. **All-Terrain Vehicle:** A self-propelled vehicle, equipped with balloon tires or crawler tracks, capable of traveling over rugged terrain (some are also amphibious) and used principally off public roads.
- b. **Dune Buggy:** A four-wheeled, self-propelled vehicle used principally off public roads.
- c. **Golfmobile:** A self-propelled vehicle used principally to afford transportation on a golf course or private premises.
- d. **Minibike:** A small motorcycle, motorscooter, or other small motorized vehicle not otherwise defined in this rule used principally off public roads.
- e. **Snowmobile:** A self-propelled vehicle, equipped with crawler tracks and skis, capable of traveling over ice and snow and used principally off public roads.
- f. **Trail Bike:** A motorcycle capable of traveling over rugged terrain and used principally off public roads.

Note: Vehicles of the above types which are licensed/registered for use on public roads are not subject to the provisions of this rule. See Rule 403 - Amphibious, Dune Buggy and Related Self-Propelled Vehicles or Rule 404 - Motorcycles, Motorscooters, and Motorized Bicycles.

Refer to Section D of this rule for the rating of Off-Road Vehicles.

2. Travel and Camping Trailers

- a. **Travel Trailer:** A trailer designed for use with a private passenger automobile and permanently equipped as living quarters.
- b. **Camping Trailer:** A trailer designed for use with a private passenger automobile which expands into temporary living quarters. These differ from travel trailers in their collapsed, low-profile towing position. It also includes a trailer which is not equipped as living quarters, but which is used solely for camping and similar recreational purposes.

Refer to Section E of this rule for the rating of Travel and Camping Trailers.

B. Coverage and Policy Term

State Farm Mutual Automobile Insurance Company
 State Farm Fire and Casualty Company
 Auto
 Arkansas

Effective 5/17/2010

Except as indicated below, factory-built recreational vehicles as defined in this rule, which are owned by individuals, may be insured under the Company's recreational vehicle policy for bodily injury and property damage liability, medical payments, and physical damage (comprehensive and collision combined) coverages.

A recreational vehicle policy shall be written for a twelve months' term. It may be renewed for succeeding twelve months' terms provided the premium for each subsequent term is paid on or before the expiration of the current policy term.

C. Suspension, Changes and Cancellation

Snowmobiles and Travel or Camping Trailers: Any suspension, change or cancellation of coverage shall be subject to an earned premium calculated in accord with the following table. The earned premium will be based on the sum of the premium earned percentages, or the pro-rata portion thereof, for those months in which coverage was provided.

PREMIUM EARNED PERCENTAGES					
Month	Snowmobiles*	Travel/Camping Trailers	Month	Snowmobiles*	Travel/Camping Trailers
Jan.	25%	2%	July	2%	16%
Feb.	20%	2%	Aug.	2%	16%
Mar.	8%	4%	Sept.	2%	12%
Apr.	8%	8%	Oct.	6%	8%
May	2%	12%	Nov.	8%	2%
June	2%	16%	Dec.	15%	2%

*Applicable also to trailers used for transporting snowmobiles.

Other Recreational Vehicles: Pro rata premium credit will be allowed for any suspension, change or cancellation of coverage.

Policy cancellations at the request of the insured are subject to a minimum retained premium of \$5.00.

D. Rating of Off-Road Recreational Vehicles

1. Off-road vehicles insured under this rule are not subject to the Rate Section Rules, nor shall the rules applicable to private passenger automobiles apply.
2. **Bodily injury and property damage liability, medical payments, and physical damage coverages:** Refer to the Rate Section for the annual premiums.
3. Miscellaneous Provisions:
 - a. **Uninsured motor vehicle coverage:** Uninsured motor vehicle coverage for bodily injury may be written with limits up to \$250,000/\$500,000 or the bodily injury liability limits of the policy, whichever are less. Refer to the "Off-Road Vehicles" Rate Section for the premium determination.
 - b. **Towed cutters and sleds:** The physical damage coverage afforded on the insured off-road vehicle may be extended to an owned, factory-built trailer, sled, or cutter designed for towing

behind the vehicle. Its MSRP (See Rule 111) will be included with that of the recreational vehicle for the purpose of determining the premium for the physical damage coverage on the entire unit. The liability and medical payments coverages afforded on the insured off-road vehicle are included on the towed vehicle without additional charge.

- c. **Trailers used for transporting off-road vehicles:** The physical damage coverage afforded on the insured off-road vehicle may be extended to an owned, factory-built trailer designed for use with a private passenger automobile and used for transporting the vehicle. Refer to the Rate Section for the additional premium for the extension of physical damage coverage. This extension includes emergency road service coverage on the trailer. The liability and medical payments coverages afforded on the owned private passenger automobile are included on the trailer without additional charge.

E. Rating of Travel and Camping Trailers

1. Except for Materials Discount, Rate Section Rules do not apply to travel and camping trailers insured under this rule, nor shall the rules applicable to private passenger automobiles apply.
2. **Bodily injury and property damage liability and medical payments coverages:** Bodily injury and property damage liability and medical payments coverages afforded on the owned private passenger automobile are extended to the trailer without additional charge.
3. **Physical damage coverage including emergency road service:** Refer to the Rate Section for the annual premiums.

F. Rental Provisions

1. Coverage on rented recreational travel and camping trailers used by the insured: See Rule 505 - Use of Non-Owned Recreational Travel and Camping Vehicles and Trailers.
2. Coverage on owned recreational travel and camping trailers rented to others: Physical damage coverage on an insured travel or camping trailer may be extended by endorsement to apply while it is rented to others at the rate of \$1.00 for each day of rental coverage desired, subject to a minimum premium of \$5.00 for each rental period.

IDENTIFICATION OF CLASS BY CODE

A two-position code system is used to identify the private passenger classification characteristics associated with a risk. The code is significant in identifying the classification of the risk and in developing the rates for that risk.

The numerical first position of the class code is the primary identification for the age, sex, and marital status of the risk.

For youthful drivers (first position of class 4, 5, 7, 8, or 9), the alphabetic second position of the code indicates the age of the owner or operator who was responsible for the first position of the class code.

For students away at school (first position of class 4 or 8), the numeric second position of the code indicates the age of the operator and whether or not the car qualifies as a farm automobile.

PRIVATE PASSENGER RATES

For drivers 75 years of age and older (first position of class 2), a numeric second position of the code indicates the age of the owner or operator responsible for the first position of the class code for a non-farm automobile. It also indicates the estimated annual mileage driven. An alphabetical second position indicates the same for a farm automobile.

For other classes, the alphabetic second position of the code indicates the estimated annual mileage driven and whether the automobile is used:

- A. for pleasure,
- B. for commuting and if so, whether it is driven an average of over or under 100 miles per week for this purpose,
- C. in business, or
- D. qualifies as a farm automobile.

For example, code 9B identifies a risk with the following rating characteristics:

- A. Age, sex, and marital status: Operator is an unmarried male between 19 and 20
- B. Use and annual mileage: Not an occasional operator; not a farm automobile

The following words and phrases affecting classification are defined in Rule 204 - Definitions and Interpretations:

Age

Driving to and from work

Estimated annual mileage

Farm automobile

Married

Military service

Occasional operator

Principal operator

Student away at school

Used for business

Notes:

- A. Increase the IRG 18 factor by the percentage shown in the table below for each \$5,000, or fraction thereof, by which the MSRP exceeds \$80,000. For example, the IRG factor for an IRG 25 vehicle (MSRP between \$110,001 and \$115,000) is computed as 7 (the difference between 25 and 18) multiplied by the percentage shown in the table below. Add one and multiply by the IRG 18 factor, rounding to the nearest penny.

COMMERCIAL RATES

Coverage	Incremental IRG %
COLL	6%
COMP	4%

- B. Use the MSRP of the body and the chassis to determine the IRG.
- C. Full Comprehensive coverage is not available on the following:
1. Trucks used to haul sand, gravel, coal and other loose mineral products
 2. Tank trucks used for hauling flammable liquids other than fuel oil.

Increase the IRG 9 premium by the percentage shown below for each \$5,000, or fraction thereof, by which the MSRP exceeds \$34,000.

12%

Example: The premium for an IRG 11 bus (MSRP between \$39,001 and \$44,000) is computed as follows:

- A. 2 (the difference between 11 and 9) is multiplied by the percentage shown above.
- B. Add one and multiply by the IRG 9 premium, rounding to the nearest dollar.

Increase the IRG 9 premium by the percentage shown below for each \$5,000, or fraction thereof, by which the MSRP exceeds \$34,000.

15%

Example: The premium for an IRG 11 bus (MSRP between \$39,001 and \$44,000) is computed as follows:

- A. 2 (the difference between 11 and 9) is multiplied by the percentage shown above.
- B. Add one and multiply by the IRG 9 premium, rounding to the nearest dollar.

To calculate premiums for the following deductibles, apply the factor to the rate for the appropriate IRG for the Applied to Deductible, rounding to the nearest dollar

POWER DRIVEN LAWN MOWERS AND FARM, GARDEN OR LAWN TRACTORS

Renewal or Transfer of Coverage Only

RIDING TYPE POWER DRIVEN LAWN MOWERS which are principally used on the insured's residence, business or farm premises.

FARM, LAWN or GARDEN TRACTORS principally used for the towing or propelling of farm, garden or lawn equipment in connection with the cultivation or maintenance of the insured's farm, garden or lawn.

Bodily injury and property damage liability coverage on a farm, lawn or garden tractor also applies while agricultural or other implements are attached thereto, but coverage does not extend to the operation of such implements.

Physical damage coverages when afforded on a farm, lawn or garden tractor do not apply to any implement attached to or towed by the tractor.

For equipment insured under this rule, the insurance rating group shall be determined in accordance with applicable procedures for Commercial Automobiles, and the age group shall be determined in accordance with Rule 112 - Age Group Symbols.

REPOSSESSED AUTOMOBILES - FINANCE COMPANIES AND BANKS (SFM Only)

Automobile finance companies and banks may be insured for the repossession, recovery, and use of financed automobiles in connection with their resale.

The premium for bodily injury and property damage liability limits of \$25,000/\$50,000/\$25,000 shall be determined as follows:

- A. The semiannual rate per car repossessed shall be 25 cents.
- B. The advance premium shall be determined by applying the rate per car repossessed to the estimated number of automobiles repossessed.
- C. The premium shall be determined by multiplying the total number of cars repossessed during the policy period by the rate per car.
- D. Except for adjusting for bodily injury and property damage liability increased limits, no other premium adjustments shall apply.
- E. The minimum premium shall be \$25.00 regardless of limits.
- F. Any other coverage required by law will be provided at no additional charge.

Exceptions:

- A. This rule does not apply to automobiles repossessed, owned, or operated by finance companies and banks and used in the business of the insured or for pleasure purposes. Such automobiles shall be insured in the regular manner.
- B. This rule does not apply to a finance company owned and operated by an automobile sales agency.

ROAD CONSTRUCTION, MAINTENANCE AND SPECIAL EQUIPMENT OWNED BY CONTRACTORS, MUNICIPALITIES, ETC.

Special equipment such as described below, capable of moving under its own power and owned by contractors, municipalities, etc., for road construction or maintenance or other operations shall be rated according to commercial automobile class 5 light weight rules for bodily injury and property damage liability and physical damage coverages except that the bodily injury and property damage liability premium for water well-drilling equipment shall be 50% of the class 5 light weight commercial rate.

Note: The foregoing rate for bodily injury and property damage liability is applicable only where the equipment moves under its own power. Bodily injury and property damage liability coverage may be provided without additional charge for such equipment if incapable of moving under its own power while hauled or towed by any automobile insured for such coverages by the Company.

LIMITED DISTRIBUTION

Whenever a policy is issued on the above or similar equipment and coverage is not to be provided for all operations, any bodily injury liability or property damage liability caused by operations not covered will be excluded by endorsement to the policy.

HOME OFFICE ONLY

The rules, rates and premiums in this section are available to the Home Office only.

ADDITIONAL COMBINED SINGLE LIMITS

Bodily Injury and Property Damage Liability Inclusive Limits SFM Only
To determine the Bodily Injury and Property Damage Liability premium for an inclusive limit of amount A, discount the otherwise applicable premium for multiple limits of A/A/A by 5%

APARTMENT HOUSE, MOTEL OR HOTEL BUS (SFM Only)

An apartment house, motel or hotel bus is an automobile of any type used for transportation of passengers between a named apartment house, motel or hotel and airports, railroad stations, docks or other passenger stations.

A. Seating Capacity of 8 or Less Excluding the Driver.

Rate at the private passenger class 1H single automobile classification for all coverages. The bodily injury and property damage liability and medical payments base premiums shall be 105% of those otherwise applicable.

B. Seating Capacity of Over 8 Excluding the Driver.

Rate at the private passenger class 1H single automobile classification for all coverages. The bodily injury and property damage liability and medical payments base premiums shall be 140% of those otherwise applicable.

Except for Passive Restraint Discount, Vehicle Safety Discount, and Liability Rating Group, Rate Section Rules do not apply. Age Adjustment Factors do not apply (Rule 210 - Age Adjustment Factors For Private Passenger Type Automobiles).

ACTUARIAL RESTRICTED

The rules, rates and premiums in this section are available to the Home Office Actuarial Department only.

COMPANY CAR FLEETS AND AUTOMOBILE SCHEDULE RATING PLAN (SFM Only)

A company car fleet is defined as any number of self-propelled vehicles owned by or under the direct control of State Farm Insurance Companies. All such policies containing the same expiration date and coverage limits shall be combined for the purposes of experience rating under Rule 851 - Experience Rating Plan.

All such fleets are eligible for a rate modification reflecting specific characteristics of the fleet, in accordance with the "Automobile Schedule Rating Table", to the extent that such characteristics are not reflected in any experience modification otherwise applicable.

The modification shall apply to the total premium for all coverages.

The maximum modification shall be 25%.

STATE FARM MUTUAL AUTOMOBILE INSURANCE COMPANY

ARKANSAS AUTO INSURANCE PROGRAM

Filing Memorandum

Effective May 17, 2010 for both New and Renewal Business

With this filing, we are implementing changes that result in a 0.1% decrease to our overall premium level. The changes are described below:

Materials Discount for Travel and Camping Trailers and Motor Homes

We are introducing the Materials Discount for Travel/Camping Trailers and Motor Homes. This discount recognizes the reduced loss costs for the comprehensive coverage for these vehicles when they are constructed of non-metal materials.

A 15% discount will apply to the comprehensive coverage premium for Motor Homes and a 17% discount will apply to the physical damage coverage premium for Travel/Camping Trailers.

The overall premium level change by type of vehicle is as follows:

Travel and Camping Trailers	-7.5%
Motor Homes	-4.0%

Steer Clear® Eligibility Changes

We are modifying our Steer Clear® Discount Rule such that eligibility is broadened. We will no longer require that all vehicles in the household be insured with State Farm.

Rate and Rule Manual Pages

We have enclosed a complete set of rate and rule manual pages.

STATE FARM INSURANCE COMPANIES

Safety, Anti-Fraud, Quality, and Expense Control Initiatives

State Farm continues to support extensive initiatives that encourage safer vehicles and roads, fight crime and fraud, assure quality and cost-effective health care and vehicle repairs, and maintain efficiency and appropriate internal expense controls while providing quality service. The following lists a few of these efforts:

1. Supporting the Insurance Institute for Highway Safety, a scientific organization devoted to reducing human and economic loss from vehicle crashes.
2. Working with The Children's Hospital of Philadelphia to research the number one killer of teens – automobile crashes – with a goal of developing effective, evidence based interventions aimed at saving young lives.
3. Researching factors that contribute to child injuries in crashes through support of a seven-year project with The Children's Hospital of Philadelphia and sponsoring Child Safety Seat check-ups.
4. Providing grants for a new program, Project Ignition '05, in partnership with the National Youth Leadership Council (NYLC). High school students and teachers submit ideas for a school or community public awareness campaign on the subject of Teen Driver Safety. Selected ideas receive a grant to implement the projects.
5. Advising the National Highway Traffic Safety Administration on such issues as passive restraints and seat belts, bumper standards, highway design, speed limits, large truck safety and drunk driving.
6. Supporting the Inter-Industry Conference on Auto Collision Repairs, a non-profit, educational organization of auto manufacturers, collision repair shops, insurance companies and others dedicated to improving the quality, safety and efficiency of auto collision repairs.
7. Partnering with the Advocates for Highway and Auto Safety, the National Safety Council and others to promote primary seatbelt legislation and booster seat legislation on federal and state levels as well as supporting laws to control chemically-impaired driving.
8. Partnering with Meharry Medical College, a Historically Black College and University (HBCU) to address the disparity of seat belt usage in the African American community.
9. Supporting the Insurance Research Council (IRC), an organization that conducts research on a broad range of insurance topics.
10. Supporting the National Insurance Crime Bureau (NICB), an organization that fights insurance fraud and vehicle theft. NICB looks for patterns of fraud and theft and assists insurance companies and law enforcement in solving insurance crimes and eliminating fraudulent claims.
11. Training State Farm claim representatives to use a computer application called "frequency tracking" that detects patterns symptomatic of fraud.

STATE FARM INSURANCE COMPANIES

Safety, Anti-Fraud, Quality, and Expense Control Initiatives

12. Supporting state and federal legislation to combat auto theft and fraud, including support for state anti-fraud bureaus.
13. Helping State Farm claims representatives determine crash damage due to defective auto parts. Claims Research Auto Support Hotline (CRASH) provides a method for tracking auto trends that may influence automakers to take action on defective parts and issue automobile recalls. This also leads to increased subrogation.
14. Encouraging auto manufacturers to design cars that are more damage- and theft-resistant and easier and less costly to repair.
15. Using alternative dispute resolution whenever possible as a more efficient and timesaving alternative to lawsuits in disputed claims.
16. Establishing internal programs that promote efficient claims handling. For example, expenses are reduced when agents can service certain claims directly.
17. Effectively managing expenses by efficiently using the services State Farm purchases and by regularly auditing telephone bills.
18. Effectively managing expenses by purchasing data processing and office equipment through a competitive bidding process.
19. Reviewing and reorganizing departments and areas in regional offices and at Corporate Headquarters in the ongoing effort to streamline processes, eliminate duplication and provide continued quality service.
20. Providing convenient, cost effective, 24 hour service 365 days a year through our Customer Response Centers.
21. Using the Internet to efficiently communicate with both current and prospective policyholders.
