4. Territory

- a. Determine the applicable rating territory based on the location of principal garaging of the vehicle. If the mailing address differs from the location of principal garaging, use the garaging location to assign the rating territory.
- b. When a risk is statutorily required to have, or is eligible for, a coverage that is not available in the territory of principal garaging, use the registration address to determine the territory for that coverage.
- c. Territory Definitions
Refer to **Rule 20, Rating Territories**, for the territory definitions.

5. Limits

Refer to **Rule 18, Increased Limits**.

6. Deductibles

Refer to **Rule 14.C**.

7. Model Year

- a. Refer to **Rule 6, Model Year When Used In Rating Coverages**, and **Table 4.D.7., Model Year Factors** for the appropriate factors.

Model Year	CP	CL	Model Year	CP	CL
1996 & Prior	0.57	0.41	2006	0.90	0.84

- b. When model year is used in rating and the rates for a model year are not displayed in the Rate Pages, multiply the factor for the latest model year shown in the manual by the following adjustment factors: 1.03 for CP, and 1.05 for CL coverage.
- c. If there is more than one year difference, then apply an exponent to the adjustment factors equivalent to the difference between the vehicle model year and the latest model year shown (ex. 2017 model year, 2015 last year shown, the CP adjustment factor would be 1.03^2).

8. Physical Damage Symbols

- a. Refer to the Insurance Services Office Symbol and Identification Manual for the appropriate symbol of the auto.
- b. Refer to the **Table 4.D.7., Physical Damage Symbol Factors**, for the factor to apply for each symbol. If the symbol is not displayed, refer to **Rule 12**.
- c. If no Rating Symbol is shown in the Symbol and Identification (S&I) Manual, use the following procedure to determine an interim rating symbol.
- (1) If the S&I Manual displays a rating symbol for the Prior Model Year version of the same vehicle, use the prior model year's Rating Symbol for the new model year vehicle.
 - (2) If the S&I Manual does **not** display a rating symbol for the Prior Model Year version of the same vehicle, assign a symbol based on the cost new of the auto, using the Price/Symbol Chart located in the reference pages of the S&I Manual.

9. Liability Symbols**a. About The Liability & PIP/Medical Payments Vehicle Rating Plan**

This section contains the rules and rating provisions governing the Liability and PIP/Medical Payments (LPMP) Vehicle Rating Plan. The rules, rates, forms and endorsements of the company shall govern in all cases not specifically provided for in these rules.

b. LPMP Symbols Pages

- (1) The LPMP Symbols Pages (hereinafter, the Symbols Pages) contain the rating symbols for the LPMP Vehicle Rating Plan.

The Symbols Pages display LPMP symbols for all vehicles to which this Rating Plan applies. A supplementary section of the multistate Symbols Pages, titled the Symbols Update Pages, contains LPMP symbols for new vehicles.

Refer to the Premium Determination rule for the rating factors and premium determination rules associated with the LPMP symbols.

(2) Details About LPMP Symbols

For each vehicle listed on the Symbols Pages, two LPMP rating symbols are provided: one symbol applicable to BI and PD Liability Coverages, and a second symbol applicable to PIP or Medical Payments Coverage. The symbols are displayed on a vehicle series basis, and apply to all vehicles (all VINs) in a vehicle series. The LPMP symbols do not vary by model year of vehicle unless otherwise noted.

(3) Model Years

All vehicles produced as of model year 1998 and later are shown on the LPMP Symbols pages.

(4) References To PIP/Medical Payments Coverages

The multistate symbol pages contain references to both PIP and Medical Payments coverages. For Arkansas, the PIP/Medical Payments rating factors and symbols are applicable to the Medical Payments portion of Personal Injury Protection Coverage. All LPMP Manual page references to PIP/Medical Payments shall be interpreted as referring to the Medical Payments portion of Personal Injury Protection Coverage.

c. PROCEDURAL RULES

Instructions for use of the LPMP multistate Symbols Pages and the Symbols Update Pages.

- (1) If a vehicle is shown on the LPMP multistate Symbols Pages, use those symbols in rating the vehicle unless the provisions of **Rule (2)** are applicable.
- (2) Refer to the LPMP Symbols Update Pages, where LPMP symbols for new vehicles are displayed. If the vehicle is listed on the Symbols Update Pages, use those symbols in rating the vehicle instead of the symbols determined in **Rule (1)**.
- (3) If a symbol for the vehicle cannot be determined in accordance with the procedures in **Rules (1)** or **(2)**, use an LPMP rating factor of 1.00 for both Liability and PIP/Medical Payments Coverages until ISO publishes LPMP symbols information for that vehicle.

- d. Refer to **Table 4.D.9.a., Bodily Injury and Property Damage Symbol Factors** and **Table 4.D.9.b., Medical Payments Symbol Factors** for the applicable rate factors.

5. MERIT RATING PLAN

The Merit Rating Plan is designed to provide appropriate rates for all drivers based on their driving record history. Drivers that are free from accidents and convictions pay lower premiums while those with driving incidents pay higher premiums. All automobiles are eligible for rating regarding this rule.

A. Experience Period

1. New Business: three years immediately preceding the application.
2. Renewal Business: three years immediately preceding the renewal effective date.

B. Administration

Information necessary to assign the proper Merit Rating Plan assignments for new and renewal business will be determined by any one or a combination of the following:

1. Company's own records.
2. Motor Vehicle Records (MVRs).
3. CLUE reports.
4. Applications signed by the applicant and producer.

C. Assigning Merit Rating Plan Surcharges to Autos

1. The driving record of all drivers who customarily operate the autos being insured shall be used for the purpose of determining Merit Rating Plan surcharges. No surcharges are assigned for the convictions or at fault accidents of:
 - a. A driver demonstrated to be a named insured or a principal operator of an auto insured under a separate policy.
 - b. A driver specifically excluded under a named driver exclusion.

- a. The term conviction shall include a conviction upon a plea of guilty, or of nolo contendere; or the determination of guilt by a jury or by a court though no sentence has been imposed or, if imposed, has been suspended, including a forfeiture of bail or collateral deposited to secure appearance in court of the defendant, unless the forfeiture has been vacated; or a prayer for judgment continued.
- b. If the conviction date is not available, the date the violation occurred shall be considered as a conviction.

2. Major Convictions

- a. A driver with major convictions will be assessed a surcharge on the vehicle to which he/she is assigned. The surcharge varies based on the number of major convictions and the months since latest incident (defined as the number of months between the date of the most recent chargeable conviction and the effective date of the policy).
- b. If an occurrence results in both a chargeable at-fault accident and a major violation, only the Major violation will incur a surcharge. The at-fault accident will not be surcharged in this case.
- c. Major convictions are as follows:

Alcohol/Drug Violation	Careless/Reckless/Imprudent Driving	Criminal Negligence Injury/Fatality
Driving w/ Altered or Stolen License	Driving while Intoxicated/Impaired (see note (1))	Evading Arrest

The surcharge varies based on the number of minor convictions and the months since latest incident (defined as the number of months between the date of the most recent chargeable conviction and the effective date of the policy).
- b. If an occurrence results in both a chargeable at-fault accident and a minor violation, only the at-fault accident will incur a surcharge. The minor violation will not be surcharged in this case. If the at-fault accident is not chargeable, then the minor violation will be surcharged.
- c. **Definition**

E. Accidents

- 1. Accidents noted on an application or MVR are deemed to be at-fault unless proof is provided to verify that the insured was not-at-fault. Accidents shown on a CLUE report are deemed at-fault if payments were made under the liability coverages. Accidents that occur while insured with the company will have fault determined by the company's evaluation of the claim.
- 2. Accidents that are considered to be not-at-fault include but are not limited to the following:
 - a. The accident was caused by collision with a bird or animal.
 - b. Auto lawfully parked (if the parked vehicle rolls from the parked position then any such accident is charged to the person who parked the auto); or

- c. The automobile was struck in the rear by another vehicle and the driver of the automobile, which was struck in the rear, was not convicted of a moving violation in association with the accident.
 - d. The automobile was struck by a “hit-and-run” driver and the accident was properly reported to authorities within 24 hours.
 - e. The driver of the automobile was not convicted of a moving violation in connection with the accident, but the driver of another vehicle involved in the accident was convicted of a moving traffic violation.
 - f. Accidents involving physical damage, limited to and caused by flying gravel, missiles, or falling objects.
 - g. Accidents occurring when using an auto, regardless of ownership, in performance of duty if the operator of the auto at the time of the accident was a paid volunteer peace officer, firefighter, operator of emergency vehicles, or member of any law enforcement agency. This exception does not include an accident occurring after the auto ceases to be used in the performance of duty.
 - h. The applicant, owner or other resident operator reimbursed by, or on behalf of, a person who is responsible for the accident or has judgment against such person.
3. A driver with an at-fault accident where insurance company payments to all payees exceeds \$1,000 will be assessed a surcharge on the vehicle to which he/she is assigned. The surcharge varies based on the number of at-fault accidents and the months since latest incident (defined as the number of months between the date of the most recent chargeable accident and the effective date of the policy).

4. Factors

Refer to **Table 5.E.4., At-Fault Accidents Factors** for the factor to apply.

	Elite	Select	Preferred	Standard	Guardian
1	1.20	1.20	1.20	1.20	1.20

4+	1.90	1.90	1.90	1.90	1.90

Table 5.E.4., At-Fault Accidents Factors

F. First Accident Forgiveness

For policies that meet all of the following criteria, the first at-fault accident where insurance company payments to all payees exceeds \$1,000 will have the surcharge waived:

- 1. The policy has been written with the company for at least three years of continuous insurance.
- 2. No drivers on the policy may have an at-fault accident or a major violation in the last five years.
- 3. There are no other at-fault accidents currently being forgiven from prior application of First Accident Forgiveness associated with any driver assigned to the policy in the prior five years.
- 4. The driver that has the at-fault accident must be age 21 or older.

G. Refund of Surcharged Premium

If a surcharge has been assigned for a conviction or accident, and it is later determined:

- 1. That the accident falls under one of the exceptions in this rule; or
- 2. That the conviction was overturned; or
- 3. The charge was inappropriately applied for any other reason;

the company shall refund to the insured the increased portion of the premium generated by the surcharge.

6. MODEL YEAR WHEN USED IN RATING COVERAGES

- A. The model year of the auto is the year assigned by the auto manufacturer.
- B. Rebuilt or Structurally Altered Autos – the model year of the chassis determines the model year of the auto.

7. MINIMUM PREMIUM RULE

- A. A minimum annual premium charge shall be made for each policy, certificate, declaration or binder covering one or more of the following perils:
 - 1. Comprehensive,
 - 2. Collision,
 - 3. Bodily Injury Liability, or
 - 4. Property Damage Liability.
- B. Premium for other coverages which may also be included in the policy shall be in addition to the minimum annual premium.
- C. The minimum annual premium charge is not subject to reduction except – in the event of cancellation or short term policy, the minimum annual premium charge shall be adjusted on a pro rata basis, as the conditions require.
- D. The minimum policy premium is \$100.

8. POLICY PERIOD

- A. No policy may be written for a period longer than 12 months.
- B. For twelve month policies, charge the annual premium. Policy terms of less than twelve months are not available unless written as a short term policy under C. below.
- C. Short Term Policies
Policies written for less than 12 months shall be written on a pro rata basis in accordance with the Pro Rata Table in the Cancellation rule.

9. CHANGES

- A. All changes requiring premium adjustments shall be computed pro rata, with the following exceptions:
 - 1. A policy shall **not** be changed mid-term because of the attained age of an operator of the auto.
 - 2. A policy shall **not** be changed mid-term to effect a change in the Merit Rating Plan factors.
 - 3. A policy shall **not** be changed mid-term solely due to a change in symbol assignment based on a review of loss experience.
- B. If an auto or a form of coverage that was cancelled from a policy at the request of the insured is reinstated within 30 days, the premium shall be the same as the amount that was returned at the time of cancellation.
- C. Minimal Premium Adjustments
All premium shall be returned.
- D. If the limits of liability are increased because of a change in the limits prescribed under any financial responsibility law, the additional premium charge shall be the actual difference in premium charges.

10. CANCELLATION

- A. If a policy, vehicle or form of coverage is cancelled, compute the return premium pro rata.
- B. Instructions for Use of **PRO RATA TABLES**
 - 1. Express the date of cancellation by year and decimal part of a year by combining the calendar year with the decimal appearing opposite the month and day in the Pro Rata Table, e.g. March 7, 1976 is designated as 1976.181.
 - 2. In like manner, express the effective date of the policy by year and decimal part of a year and subtract from the cancellation date.
- 3. The difference in the case of 1 year policies, represents the percentage of the annual premium which is to be retained by the company.

Example:	
Cancellation date May 19, 1976.....	1976.381
Effective date March 2, 1976.....	1976.167
	.214

Table 10.B.3., Cancellation Example

Earned premium for a 1 Year Term Policy will therefore be .214 times the annual premium.

Note: As it is not customary to charge for the extra day (February 29th) which occurs one year in every four years this table shall also be used for each such year.

20. RATING TERRITORIES

A. The definitions for each rating territory are contained in Table 20.A., Territory Definitions.

1. Each territory includes a specific area for rating purposes. Therefore, the following provisions apply:
 - a. Any city, town, borough or village not mentioned within a defined territory, but falling within its boundaries, shall take the rate for that territory.
 - b. If a street or other public way serves as a dividing line between two territories, except when the public way serves as a boundary line of any political subdivision such as a state, county, city, town, etc., the rates applicable to the lower rated of the two territories shall apply to autos principally garaged on either side of the street.
2. When territories are defined by Zip Code, the following applies:
 - a. Determine the applicable rating territory based on the ZIP code of the **location of principal garaging** of the vehicle. If the ZIP code of the mailing address differs from the ZIP code of the location of principal garaging, use the ZIP code of the garaging location to assign the rating territory.
 - b. As ZIP code boundaries are changed by the USPS, a new ZIP code may be created. If this new ZIP code is not yet listed in the Territory Definitions, use the ZIP code that formerly applied to the risk before the ZIP code boundaries were changed in order to determine the rating territory for a risk located in the new ZIP code.
 - c. Manual pages will be updated on a regular basis to reflect future ZIP code changes.

B. Out of State

When an insured moves out of the state during the policy period, the policy will continue to use assigned territory until the policy is terminated.
