1. **Summary of Significant Accounting Policies**

A. Accounting Practices

The accompanying financial statements of the Company have been prepared in conformity with the Statutory Accounting Practices (“SAP”) set forth in the National Association of Insurance Commissioners’ (“NAIC”) *Accounting Practices and Procedures Manual*, version effective March 2009.

The Arkansas Insurance Department (“ARDOI”) requires that insurance companies domiciled in Arkansas prepare their statutory basis financial statements in accordance with NAIC SAP to the extent that the practices and procedures contained in the manual do not conflict with any other provisions of Arkansas Insurance Code. Title 23, subtitle of the Arkansas Insurance Code contains differences from NAIC SAP. These sections that supersede the NAIC SAP rules pertain primarily to limitations on investments, and reserve requirements.

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements as prescribed by SAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policy

Investments

Investments are stated in accordance with methods and values adopted by the NAIC and, as such, bonds are generally stated at amortized cost. The retrospective method is used to value mortgage-backed securities. Premiums and discounts on fixed maturity investments are accreted to income using the modified scientific method over the anticipated life of the security. Short-term investments and U.S. Treasury Bills are carried at amortized cost, which approximates fair market value. Market values are determined using prices published by the NAIC Securities Valuation Office (“SVO”), IDC or Bloomberg.

Net investment income earned consists of interest less investments-related expense. Interest is recognized on an accrual basis. Realized gains or losses on the sale of investments are determined on the specific identification method. Unrealized gains or losses are reflected directly in unassigned surplus and, accordingly, do not affect the statements of income.

Cash and Short-Term Investments

Cash includes balances held in banks and certificates of deposit with maturities of less than one year. Investments which have a maturity of one year or less, at the date of purchase, including money market mutual funds, are considered short-term investments and are carried at cost or amortized cost.

Other Accounting Policies

Unpaid claims adjustment expenses include an amount determined from individual case estimates and loss reports and an amount, based on past experience, for losses incurred but not yet reported. Such estimates are based on assumptions and while management believes the amount to be adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and establishing the resulting liability are continually reviewed and adjustments are reflected in the period determined.

The costs to acquire new members are expensed as incurred.

F. The Company's Federal income tax return is consolidated with Arcadian Management Services, Inc. ("AMS"), Arcadian Health Plan, Inc. ("AHP"), Arcadian Health Plan of Georgia, Inc. ("AHPGA"), Arcadian Health Plan of Louisiana, Inc. ("AHPLA"), Arcadian Health Plan of North Carolina, Inc. ("AHPNC") and Arcadian Health Plan of New York, Inc. ("AHPNY"). The agreement established amongst these companies is to use a pure separate company approach with no current credit for any net operating losses or other items utilized in the consolidated tax return.

The Company remits taxes to AMS under the Tax Allocation Agreement entered into between ACC and its parent. This agreement permits the Company to remit taxes to its parent that would otherwise be payable to the Federal Government. The effective rate used to compute the amount of tax incurred on 2009 earnings is the same rate as reported in the Company's 2008 Annual Statement.

10. **Information Concerning Parent, Subsidiaries and Affiliates**

E. Not Applicable

F. AMS supplies certain services to its subsidiary companies. Those services include enrollment processing, claims processing, professional credentialing, information technology, treasury, financial and tax services. Total compensation under this contract is on a per member per month basis with additional flat rate fees. These fees totaled \$632,620 for the quarter ended March 31, 2009. Portions of this amount are included in the payable due to its affiliate company AHP, which collects the management fees for the affiliate health plans and remits the total to AMS.

All of the departmental costs associated with finance/accounting, health/member/physician services, pharmacy management, corporate sales, regulatory compliance, and new market development are originally recorded on the books of AHP and then allocated to its subsidiary (ACC) and affiliates based on membership (enrollment). The costs being allocated include the salaries, bonuses, expenses, and benefits of all who are listed as AHP employees and who perform job functions for AHP, ACC, AHPGA, AHPLA, AHPNC and AHPNY. Other costs that are allocated to the subsidiary and affiliate health plans include, but are not limited to: postage, utilities, general consulting and legal fees, temporary help, employee recruitment, office supplies, depreciation on office furniture/equipment, software licenses, and overhead costs associated with overall design and production of health plan marketing materials. Employer match contributions are made on an annual basis and are accrued for monthly. ACC's employer match liability at March 31, 2009 is \$19,935.

The 401(k) plan is administered by Fidelity Investments and therefore the Company assumes none of the liabilities associated with its administration.

B, C & D. The Company does not participate in any defined contribution plans, multiemployer plans, or consolidated/holding company plans.

E. The Company accrues a liability for paid time off for its employees on a monthly basis. The liability for compensated absences can be reasonably estimated and is reflected as part of the general expenses due and accrued on page 3 of this quarterly filing.

It is paid to ACC on a prospective basis. Plans are paid dollar for dollar for the low income subsidy cost sharing, and since plans are paid prospectively, an annual reconciliation will be performed. The difference between the actual LICS pharmacy costs incurred for the 2008 and 2009 service years and the advance payments received will be recognized as a payable (if advance payments are higher than costs) or a receivable (if advance payments are less than costs), and settled with CMS approximately six-months after year end.

As of March 30, 2009, the Company’s receivable for LICS payable was \$53,194.
