PREMIUM MODIFICATION RULES

MATRIX TIER FACTOR

Eff. 6-19-10

Based on a combination of prior insurance status, prior BI limits, multi-product applicability, and the number of vehicles insured with Nationwide, the otherwise applicable premium shall be reduced.

The following rules are applicable:

New Business Rules

1. Policies will be assigned to one of three “prior insurance” categories: no prior insurance, 6-months continuous coverage with a 1-30 day lapse, or 6-months continuous coverage without a lapse.
2. Policies will be assigned to a “prior BI limits” category based on the lower of the BI limits carried with the Insured’s most recent prior carrier or the BI limits selected on the Nationwide policy.
3. To be considered as “multi-product” within the Matrix, the Named Insured must also be the Named Insured under a Nationwide Homeowners Basic, Extended, Market Value, Elite II, Golden Blanket, Tenants, Condominium, or Mobile Homeowners policy. It will also be considered “multi-product” if a resident relative of the household is the owner of a Nationwide Financial Services’ Life, Annuity, or Health policy written and/or serviced by a Nationwide Exclusive Agency. If the Named Insured is not the Named Insured on another Nationwide policy, but owns and occupies a single-, two-, three-, or four-family dwelling, a condominium, or a mobile home, then the Insured would also be considered “multi-product.”
4. If the total number of vehicles insured by Nationwide Assurance Company within the household is two or more, the policy should be considered as “multi-vehicle” within the Matrix. For the “multi-vehicle” factor to apply, all vehicles must be owned by resident relatives. Only those vehicle types eligible for the Matrix that are insured for both BI and PD are to be considered when determining the number of vehicles insured by Nationwide.

Renewal Business Rules

1. Policies will be considered for re-tiering every two years of consecutive lapse-free coverage. A customer’s tier will only improve. A policy may be re-tiered if the following criteria are met:
 - a. No accidents or violations in the last two years.
 - b. No NSF (non-sufficient fund) checks in the last two years.

Changes

1. Policies may move within sub-tiers as certain policy conditions change (for example, A1 to A2 or E4 to E3):
 - a. If the Insured adds a vehicle and now qualifies for a “multi-vehicle” sub-tier, OR
 - b. If the Insured deletes a vehicle and no longer qualifies for a “multi-vehicle” sub-tier, OR
 - c. If the Insured purchases another product or deletes a policy which changes their qualification for a “multi-product” sub-tier.

[Rating Chart](#)

OEM LOSS SETTLEMENT ENDORSEMENT

The Policyholder may elect to modify a vehicle's Loss Settlement provisions for physical damage coverage such that, whenever available, new parts furnished by an original equipment manufacturer will be specified to repair or replace damaged parts of the vehicle. If new OEM parts are out of production or not available, the Company will reimburse the Policyholder for the difference in price between the new OEM part and the part that the Policyholder authorizes for the repair (if such parts are less expensive). If the price of a new OEM part is no longer available, the Company will pay the price of the most comparable part available.

If this endorsement is added to a vehicle, the otherwise applicable premium for COMP and COLL shall be increased.

If this endorsement is desired and both COMP and COLL coverages are present on a vehicle, then this endorsement must be applied to both coverages.

This endorsement may be added to private passenger automobiles only if such automobiles are less than 10 years old. If the vehicle has been customized in any manner, this endorsement may not be added (see RS — 2 for a description of the term "customization").

The current model year changes effective October 1st of each calendar year regardless of the actual introductory dates of the several makes and models (e.g. as of October 1, 2002, model year 2003 will be "current" and model year 2002 will be one year old).

Note: The OEM Loss Settlement Endorsement will not be available if SE coverage is also purchased.

HOUSEHOLD COMPOSITION FACTOR

Eff. 3-22-08

Based on the combination of the number of household drivers, household vehicles, and the age of the youngest household driver, the otherwise applicable premiums shall be adjusted by the appropriate factors.

The following rules are applicable:

1. Vehicles within the household insured by Nationwide Assurance Company will be considered in the household vehicle count, subject to a maximum count of four household vehicles. Only those vehicle types eligible for Household Composition that are insured for both BI and PD are to be considered when determining the number of vehicles insured by Nationwide.
2. Rated drivers insured by Nationwide Assurance Company and who otherwise meet the definition of members of the household will be considered in the household driver count, subject to a maximum count of four household drivers. Only drivers rated as principal or occasional on one or more Nationwide policies are to be considered when determining the number of drivers insured by Nationwide. Individual operators listed on multiple Nationwide policies are only to be counted once.

3. If any household member eligible from the previous rule is under the age of 25, Household Composition factors will be selected from the table labeled "Youth". Households with no members under the age of 25 will be assigned factors from the table labeled "Adult". For purposes of this rule, "age" means the age that has been or will be attained within the current calendar year.
4. A distinct factor will be selected for each coverage to which Household Composition applies, based upon the number of household vehicles, household drivers and the presence of one or more operators under the age of 25 as defined by the previous three rules.

AVERAGE DRIVER CLASS FACTOR

An Average Driver Factor is used in determining the rate per vehicle. The maximum number of drivers to be averaged will be limited to the number of vehicles. Drivers are ranked based on BI factor for driver class, merit rating points, financial responsibility, driver discounts, and driver surcharges. The highest ranked driver(s) that equal the number of vehicles are included in the determination of the Average Driver Factor.

Examples:

- If there are two or more drivers and only one vehicle, the highest ranked driver is rated with the vehicle.
- If there are three or more drivers and two vehicles, only the two highest ranked drivers are averaged and so on.

Limiting the number of drivers to the number of vehicles, determine the applicable driver(s) to be included in the determination of the Averaged Driver Factor. The drivers with the highest BI Driver Factor after applying the Merit Rating Rate Factor, Accident Free discount (if applicable), Unverifiable Driving Record Surcharge (if applicable), Financial Responsibility Rate Factor, and Accident Prevention Course Discount (if applicable) will be included in the determination of the Average Driver Factor.

Add the applicable Driver Factor for applicable drivers and divide this sum by the number of rated drivers assigned to the Average Driver Factor.

Every time a driver is added or deleted and/or a vehicle is added or deleted, the Average Driver Factor will be recalculated.

New Business — ~~An accident is chargeable if the insured driver was involved in an accident that resulted in damage to any property, including his/her own, or in BI or death (excluding UM).~~ An accident is always chargeable if the insured driver was involved in an accident that resulted in bodily injury (BI) or death (excluding UM). C. FIRST SEAT BELT VIOLATION FORGIVENESS

The first incident of a seat belt violation will always be waived for a driver. Each subsequent seat belt violation for a driver in the 35-month experience period will be considered a minor violation. A driver must be free of seat belt violations for 35 months to become eligible to have a subsequent seat belt violation waived under this rule.

D. MINOR AND MAJOR VIOLATION SURCHARGE

New Business and Renewal Rating

The number of moving violations in the experience period determines the number of points assigned for a driver and the appropriate surcharge for that driver. Occurrences resulting in both an accident and a violation shall be counted as follows:

1. If an occurrence results in both a chargeable accident and a minor violation, then only the chargeable accident is surcharged. If a minor violation and an accident result from the same incident and the accident does not meet the chargeable accident definition, then the incident will be treated as a minor violation. If the accident subsequently meets the chargeable accident definition, the accident surcharge shall be applied for the remainder of the minor violation surcharge period and the minor violation surcharge, if applicable, will be removed.
2. If an occurrence results in both a chargeable accident and a major violation, then only the major violation is surcharged.

Violation surcharges decrease as the time since the latest violation increases. The “time since the latest violation” is defined to be the number of months between the date of the most recent chargeable violation and the effective date of the policy for new business or the semi-annual due date of the policy for renewals.

The appropriate surcharge is based on the number of total points accumulated during the experience period and the “time since the latest violation”.

[Applicable Additive Violation Surcharges](#)

E. ACCIDENT SURCHARGE

New Business and Renewal

The number of chargeable accidents in the experience period will determine the appropriate surcharge for a driver. Occurrences resulting in both an accident and a violation shall be counted as follows:

1. If an occurrence results in both a chargeable accident and a minor violation, then only the chargeable accident is surcharged. If a minor violation and an accident result from the same incident and the accident does not meet the chargeable accident definition, then the incident will be treated as a minor violation. If the accident subsequently meets the chargeable accident definition, the accident surcharge shall be applied for the remainder of the minor violation surcharge period and the minor violation surcharge, if applicable, will be removed.

2. If an occurrence results in both a chargeable accident and a major violation, then only the major violation is surcharged.

Accident surcharges decrease as the time since the latest chargeable accident increases. The "time since the latest chargeable accident" is defined to be the number of months between the chargeability date of the most recent chargeable accident and the effective date of the policy for new business or the semi-annual due date of the policy for renewals.

[Applicable Additive Accident Surcharges](#)

F. CHANGE OF USUAL DRIVERS

1. Deletion of Driver

Once an insured driver is deleted from a policy, the driver and accident and violation experience of that driver is eliminated. The average driver class factor is recalculated, effective the date the driver is deleted, based on the remaining drivers.

2. Addition of Driver

Once a driver is added to the policy, the driver along with his or her driving record experience will be used in the calculation of the average driver class factor, effective the date the driver is added. Added drivers are treated as new business for the purposes of merit rating.

G. CHANGES IN DRIVING EXPERIENCE

Changes in driving experience will be made at the next renewal date. No changes are made for the purpose of shortening the surcharge period otherwise applicable under the plan.

ACCIDENT FREE DISCOUNT

Eff. 3-15-05

[Rating Chart](#)

New Business Scoring

The following rules (in order of precedence) are applicable:

PREMIUM MODIFICATION RULES

MATRIX TIER FACTOR

Eff. 6-19-10

Based on a combination of prior insurance status, prior BI limits, multi-product applicability, and the number of vehicles insured with Nationwide, the otherwise applicable premium shall be reduced.

The following rules are applicable:

New Business Rules

1. Policies will be assigned to one of three "prior insurance" categories: no prior insurance, 6-months continuous coverage with a 1-30 day lapse, or 6-months continuous coverage without a lapse.
2. Policies will be assigned to a "prior BI limits" category based on the lower of the BI limits carried with the Insured's most recent prior carrier or the BI limits selected on the Nationwide policy.
3. To be considered as "multi-product" within the Matrix, the Named Insured must also be the Named Insured under a Nationwide Homeowners Basic, Extended, Market Value, Elite II, Golden Blanket, Tenants, Condominium, or Mobile Homeowners policy. It will also be considered "multi-product" if a resident relative of the household is the owner of a Nationwide Financial Services' Life, Annuity, or Health policy written and/or serviced by a Nationwide Exclusive Agency. If the Named Insured is not the Named Insured on another Nationwide policy, but owns and occupies a single-, two-, three-, or four-family dwelling, a condominium, or a mobile home, then the Insured would also be considered "multi-product."
4. If the total number of vehicles insured by Nationwide Assurance Company within the household is two or more, the policy should be considered as "multi-vehicle" within the Matrix. For the "multi-vehicle" factor to apply, all vehicles must be owned by resident relatives. Only those vehicle types eligible for the Matrix that are insured for both BI and PD are to be considered when determining the number of vehicles insured by Nationwide.

Renewal Business Rules

1. Policies will be considered for re-tiering every two years of consecutive lapse-free coverage. A customer's tier will only improve. A policy may be re-tiered if the following criteria are met:
 - a. No accidents or violations in the last two years.
 - b. No NSF (non-sufficient fund) checks in the last two years.

Changes

1. Policies may move within sub-tiers as certain policy conditions change (for example, A1 to A2 or E4 to E3):
 - a. If the Insured adds a vehicle and now qualifies for a "multi-vehicle" sub-tier, OR
 - b. If the Insured deletes a vehicle and no longer qualifies for a "multi-vehicle" sub-tier, OR

- c. If the Insured purchases another product or deletes a policy which changes their qualification for a "multi-product" sub-tier.

[Rating Chart](#)**OEM LOSS SETTLEMENT ENDORSEMENT**

The Policyholder may elect to modify a vehicle's Loss Settlement provisions for physical damage coverage such that, whenever available, new parts furnished by an original equipment manufacturer will be specified to repair or replace damaged parts of the vehicle. If new OEM parts are out of production or not available, the Company will reimburse the Policyholder for the difference in price between the new OEM part and the part that the Policyholder authorizes for the repair (if such parts are less expensive). If the price of a new OEM part is no longer available, the Company will pay the price of the most comparable part available.

If this endorsement is added to a vehicle, the otherwise applicable premium for COMP and COLL shall be increased.

If this endorsement is desired and both COMP and COLL coverages are present on a vehicle, then this endorsement must be applied to both coverages.

This endorsement may be added to private passenger automobiles only if such automobiles are less than 10 years old. If the vehicle has been customized in any manner, this endorsement may not be added (see RS — 2 for a description of the term "customization").

The current model year changes effective October 1st of each calendar year regardless of the actual introductory dates of the several makes and models (e.g. as of October 1, 2002, model year 2003 will be "current" and model year 2002 will be one year old).

Note: The OEM Loss Settlement Endorsement will not be available if SE coverage is also purchased.

[COMP Rating Chart](#)[COLL Rating Chart](#)**NEW VEHICLE DISCOUNT**

Eff. 9-15-05

This discount will be applied only to private passenger automobiles with model years within the most recent five years. The model year changes effective October 1 of each calendar year, regardless of the actual introductory dates of the several makes and models (e.g. as of October 1, 2005, model year 2006 will be "current" and model year 2005 will be one year old).

VEHICLE USE

The following describes the various vehicle use classifications:

Pleasure Use — The automobile's use is not otherwise classified as "Farm Use," "Business Use," or "Work Use."

Work Use — The automobile is driven to and from work or school and includes:

1. Driving part way such as to terminal points of public transportation, OR
2. Use of automobile in a car-pool or other "share-the-ride" arrangement.

Farm Use — The automobile is used for pleasure or for business incidental to the operation or maintenance of the Policyholder's farm. The Policyholder must:

1. Live on a farm of five acres or more, AND
2. Own, rent or operate one or more farms, AND
3. Be engaged in farming only.

Exceptions —

- a. A Policyholder with an occupation other than farming having two or more private passenger automobiles insured with the Company is eligible for "Farm Use" on all automobiles not used AT ANY TIME in the other occupation (including driving to and from work) IF one automobile is classified other than "Farm Use."
- b. If a member of the Policyholder's household drives the automobile and has an occupation other than farming but the automobile is not used AT ANY TIME in such occupation (including driving to and from work), the automobile may be classified as "Farm Use."

Business Use — The automobile is used in the occupation, profession, or business of the Policyholder or by any other person operating the automobile.

Exceptions —

1. If used in the business of the U.S. Government, by an employee thereof, the automobile may be classified and rated as "Pleasure," "Work," or "Farm Use."
2. An automobile owned by a member of the clergy is not considered as used for business.

[Rating Chart](#)

HOUSEHOLD COMPOSITION FACTOR

Eff. 3-22-08

Based on the combination of the number of household drivers, household vehicles, and the age of the youngest household driver, the otherwise applicable premiums shall be adjusted by the appropriate factors.

The following rules are applicable:

1. Vehicles within the household insured by Nationwide Assurance Company will be considered in the household vehicle count, subject to a maximum count of four household vehicles. Only those vehicle types eligible for Household Composition that are insured for both BI and PD are to be considered when determining the number of vehicles insured by Nationwide.
2. Rated drivers insured by Nationwide Assurance Company and who otherwise meet the definition of members of the household will be considered in the household driver count, subject to a maximum count of four household drivers. Only drivers rated as principal or occasional on one or more Nationwide policies are to be considered when determining the number of drivers insured by Nationwide. Individual operators listed on multiple Nationwide policies are only to be counted once.
3. If any household member eligible from the previous rule is under the age of 25, Household Composition factors will be selected from the table labeled "Youth". Households with no members under the age of 25 will be assigned factors from the table labeled "Adult". For purposes of this rule, "age" means the age that has been or will be attained within the current calendar year.
4. A distinct factor will be selected for each coverage to which Household Composition applies, based upon the number of household vehicles, household drivers and the presence of one or more operators under the age of 25 as defined by the previous three rules.

[Rating Chart](#)

LAPSE 1-30 DAY SURCHARGE

A surcharge will apply to policies in Tier A or B of the Matrix that lapse for less than 31 days. The surcharge shall apply for two years of consecutive lapse-free coverage. Policies that lapse over 30 days will be treated as new business.

[Rating Chart](#)

ADVANCE QUOTE DISCOUNT

Eff. 9-15-06

This discount applies to new business policies effective on or after September 15, 2006 if a quote is given to a customer, where credit is ordered, at least eight days prior to the policy effective date. Existing Nationwide insureds are not eligible for the discount, nor are any policyholders with a lapse in insurance.

The Advance Quote Discount is applicable to the following coverages: BI, PD, ME, COMP, and COLL.

The following vehicle types are eligible: PPA and AC-Reg.

[Rating Chart](#)

PASSIVE OCCUPANT RESTRAINT DISCOUNT

Eff. 6-19-10

A discount in the otherwise applicable premium is applicable for any vehicle equipped with full front seat air bags that meet federal or appropriate equivalent standards. A lesser discount applies to a driver side only air bag.

[Rating Chart](#)

HOME AND CAR DISCOUNT

If the Named Insured is also the Named Insured under a Nationwide Mutual Fire Insurance Company Homeowners Basic, Extended, Market Value, Elite II, Golden Blanket, Tenants, Condominium, or Mobile Homeowners policy, the otherwise applicable premium shall be reduced.

AUTO FINANCIAL DISCOUNT

If the policy does not qualify for the Home and Car Discount, but a resident relative of the household is the owner of a Nationwide Financial Services' Life, Annuity, or Health policy written and/or serviced by a Nationwide Exclusive Agency, the applicable premium shall be reduced.

[Rating Chart](#)

INELIGIBLE RISK SURCHARGE

TERMS WITH PRIOR CARRIER DISCOUNT**

Eff. 5-14-13

Prior Carrier Company Groups are defined as follows:

Group A: Companies that are not in Group B.

Group B: Nationwide, Progressive (Minimum Limits), Nationwide Mutual Fire Company, Nationwide Assurance Company, Nationwide Property & Casualty Company, Nationwide NSA, Nationwide CPM NSA, Nationwide Insurance Company of America, Nationwide Affinity Company of America.

[Rating Chart**](#)

AVERAGE DRIVER CLASS FACTOR

An Average Driver Factor is used in determining the rate per vehicle. The maximum number of drivers to be averaged will be limited to the number of vehicles. Drivers are ranked based on BI factor for driver class, merit rating points, financial responsibility, driver discounts, and driver surcharges. The highest ranked driver(s) that equal the number of vehicles are included in the determination of the Average Driver Factor.

Examples:

- If there are two or more drivers and only one vehicle, the highest ranked driver is rated with the vehicle.
- If there are three or more drivers and two vehicles, only the two highest ranked drivers are averaged and so on.

Limiting the number of drivers to the number of vehicles, determine the applicable driver(s) to be included in the determination of the Averaged Driver Factor. The drivers with the highest BI Driver Factor after applying the Merit Rating Rate Factor, Accident Free discount (if applicable), Unverifiable Driving Record Surcharge (if applicable), Financial Responsibility Rate Factor, and Accident Prevention Course Discount (if applicable) will be included in the determination of the Average Driver Factor.

Add the applicable Driver Factor for applicable drivers and divide this sum by the number of rated drivers assigned to the Average Driver Factor.

Every time a driver is added or deleted and/or a vehicle is added or deleted, the Average Driver Factor will be recalculated.

DRIVER CLASSIFICATION — Definitions**

Eff. 5-14-03

1. "Married" means a married person living with his or her spouse and includes a person widowed.

Also, an unmarried operator who is a resident student at school, college or educational institution over 100 miles away from the place of principal garaging of the automobile may be rated as if the operator were "married". NOTE – Such an operator must not have access to the vehicle while away at school.

2. "Age" means the age that has been or will be attained within the current calendar year.

No policy will be changed interim term to effect a change in classification as a result of the attained age of an operator of an automobile.

3. The "Good Student" classification is applicable provided:

- a. The owner or operator is between the ages of 16 and 25 and a full-time high school student or enrolled as a full-time student in a college or university, AND
- b. Annually, the Company is furnished a statement certified by a school official indicating that the student has met one of the following requirements for the immediately preceding school semester or quarter (or comparable period):

- (1) Ranked among the upper 20 percent of the class scholastically, OR

- (2) In schools using letter grades, had a grade average of "B" or its equivalent or, if the system of letter grading cannot be averaged, no grade is below "B," OR
 - (3) In schools using numerical grade point, such as 4, 3, 2, and 1 points, had an average of at least three points for all subjects combined, OR
 - (4) Was included in "Dean's List," "Honor Roll," or comparable list indicating scholastic achievement.
- c. The "Good Student" classification will continue to be applicable for those operators who have completed their undergraduate work provided that the operator has:
- (1) Graduated from a four-year college, AND
 - (2) Met the qualification requirements as shown above under (b.) based on their last semester's or quarter's scholastic record.
- d. If the owner or operator is under 25 years old and a full-time graduate student in a college or university, the "Good Student" classification is applicable without the requirement for certification under (b.).

No policy is changed interim term to effect a change in classification as a result of a change in the scholastic standing of any individual. Such change may be made only at the next renewal date.

MERIT RATING PLAN FACTOR

Eff. 12-1-08

The Merit Rating Plan is designed to offer insurance to all drivers regardless of their accident and violation history. Those drivers who are free from accidents and moving violations pay lower premiums. Conversely, those who have adverse records pay higher premiums. The plan also provides a financial incentive for drivers to improve their record.

A. EXPERIENCE PERIOD

New Business Rating — 35 months ending on the effective date of the policy.

Renewal Rating — 35 months ending 45 days prior to each semi-annual due date of the policy.

B. APPLICATION OF SURCHARGES

Surcharges, as determined below, are always associated with the driver involved in the violation and/or accident. The surcharges corresponding to the total experience of the driver are applied to that driver only.

For the purpose of merit rating, the following rules govern the application of the drivers' experience.

MINOR VIOLATIONS

1. All moving violations not considered major violations are considered minor violations.
2. Non-moving violations are not included in the determination of surcharges.

MAJOR VIOLATIONS

1. A violation is considered a major violation for the conviction of:
 - a. Driving or accompanying a driver with a learner's permit while intoxicated or under the influence of drugs, OR
 - b. Failure to submit to a chemical test, OR
 - c. Failure to stop and report when involved in an accident, OR
 - d. Falsification of an accident report, OR
 - e. Homicide or assault arising out of the operation of a motor vehicle, OR
 - f. Driving without a valid license or while license is suspended or revoked, OR
 - g. Permitting unlicensed person to operate a motor vehicle, OR
 - h. Committing a felony with a motor vehicle, OR
 - i. Involved in racing or a highway speed contest, OR

- j. Speeding in excess of 30 miles per hour over the speed limit, OR
 - k. Fleeing or attempting to elude a police officer with an auto, OR
 - l. Reckless operation of a motor vehicle, OR
 - m. Misrepresenting, loaning or falsification of a driver's license, license plate, or registration, OR
 - n. Operating a motor vehicle without owner's permission, OR
 - o. Illegal transportation of hazardous materials or explosives, OR
 - p. Illegal transportation of liquor or narcotics for sale, OR
 - q. Passing a stopped school bus, OR
 - r. Operating or permitting operation of an uninsured motor vehicle, OR
 - s. Other serious violations.
2. If a major violation also results in an accident, then only the major violation should be surcharged.

ACCIDENTS

1. The appropriate accident surcharge is based on the number of chargeable accidents during the experience period.
2. Chargeable Accident Definition.

New Business — An accident is always chargeable if the insured driver was involved in an accident that resulted in bodily injury (BI) or death (excluding UM). An accident is also chargeable if the insured driver was involved in an accident that resulted in damage to any property (PD), including his or her own, in which Nationwide has paid in excess of \$1.

Renewal Business — Accidents that were chargeable when the policy was written as new business will also be considered chargeable if still within the experience period unless it is deemed that the insured's negligence or intentional act was not the proximate cause of the accident or injury.

An accident is always chargeable if the insured driver was involved in an accident that resulted in bodily injury (BI) or death (excluding UM). An accident is also chargeable if the insured driver was involved in an accident that resulted in damage to any property (PD), including his or her own, in which Nationwide has paid in excess of \$1.

EXCEPTIONS:

Accidents will not be counted if it can be demonstrated that the Insured was:

- a. Lawfully parked, OR
- b. Fully reimbursed by, or on behalf of, a person responsible for the accident or has judgment against such person, OR

- c. Struck in the rear by another vehicle, and has not been convicted of a moving traffic violation in connection with the accident, OR
- d. Hit by a "hit-and-run" driver if the accident is reported to the proper authorities within 24 hours, OR
- e. Not convicted of a moving traffic violation in connection with the accident but the operator of the other automobile involved in such accident was convicted of a moving violation, OR
- f. Involved in an accident resulting in damage by contact with animals or fowl, OR
- g. Involved in an accident resulting in physical damage, limited to and caused by flying gravel, missiles, or falling objects, OR
- h. Involved in an accident while in the pursuit of official duties as a law enforcement officer, fire fighter, or operator of an emergency vehicle or ambulance, OR
- i. Involved in an accident in which the responsible party was protected by sovereign immunity.
- j. Payments under BI, PD, and COLL will not be chargeable if the operator of the insured vehicle has been found to be 50 percent or less at fault.

Payments under the COLL coverage will not be chargeable if there are valid grounds for subrogation.

C. FIRST SEAT BELT VIOLATION FORGIVENESS

The first incident of a seat belt violation will always be waived for a driver. Each subsequent seat belt violation for a driver in the 35-month experience period will be considered a minor violation. A driver must be free of seat belt violations for 35 months to become eligible to have a subsequent seat belt violation waived under this rule.

D. MINOR AND MAJOR VIOLATION SURCHARGE

New Business and Renewal Rating

The number of moving violations in the experience period determines the number of points assigned for a driver and the appropriate surcharge for that driver. Occurrences resulting in both an accident and a violation shall be counted as follows:

1. If an occurrence results in both a chargeable accident and a minor violation, then only the chargeable accident is surcharged. If a minor violation and an accident result from the same incident and the accident does not meet the chargeable accident definition, then the incident will be treated as a minor violation. If the accident subsequently meets the chargeable accident definition, the accident surcharge shall be applied for the remainder of the minor violation surcharge period and the minor violation surcharge, if applicable, will be removed.
2. If an occurrence results in both a chargeable accident and a major violation, then only the major violation is surcharged.

Violation surcharges decrease as the time since the latest violation increases. The "time since the latest violation" is defined to be the number of months between the date of the most recent chargeable violation and the effective date of the policy for new business or the semi-annual due date of the policy for renewals.

The appropriate surcharge is based on the number of total points accumulated during the experience period and the "time since the latest violation".

[Applicable Additive Violation Surcharges](#)**E. ACCIDENT SURCHARGE****New Business and Renewal**

The number of chargeable accidents in the experience period will determine the appropriate surcharge for a driver. Occurrences resulting in both an accident and a violation shall be counted as follows:

1. If an occurrence results in both a chargeable accident and a minor violation, then only the chargeable accident is surcharged. If a minor violation and an accident result from the same incident and the accident does not meet the chargeable accident definition, then the incident will be treated as a minor violation. If the accident subsequently meets the chargeable accident definition, the accident surcharge shall be applied for the remainder of the minor violation surcharge period and the minor violation surcharge, if applicable, will be removed.
2. If an occurrence results in both a chargeable accident and a major violation, then only the major violation is surcharged.

Accident surcharges decrease as the time since the latest chargeable accident increases. The "time since the latest chargeable accident" is defined to be the number of months between the chargeability date of the most recent chargeable accident and the effective date of the policy for new business or the semi-annual due date of the policy for renewals.

F. CHANGE OF USUAL DRIVERS

1. Deletion of Driver

Once an insured driver is deleted from a policy, the driver and accident and violation experience of that driver is eliminated. The average driver class factor is recalculated, effective the date the driver is deleted, based on the remaining drivers.

2. Addition of Driver

Once a driver is added to the policy, the driver along with his or her driving record experience will be used in the calculation of the average driver class factor, effective the date the driver is added. Added drivers are treated as new business for the purposes of merit rating.

G. CHANGES IN DRIVING EXPERIENCE

Changes in driving experience will be made at the next renewal date. No changes are made for the purpose of shortening the surcharge period otherwise applicable under the plan.

ACCIDENT FREE DISCOUNT

Eff. 3-15-05

The applicable driver rate factor will be reduced if the driver meets the following conditions:

1. Driver has five years or more driving experience, AND
2. Driver is NOT receiving the "Unverifiable Driving Record Surcharge, AND
3. Driver is free from major and DUI violations for the most recent five years, AND
4. Driver has no lapse in coverage in the past year or continuous coverage for 6 months of new business, AND
5. Driver is free of chargeable accidents for the most recent five years.*

*Chargeable accidents are defined in the Merit Rating Plan. For new business, the experience period is defined as the five years ending on the effective date of the policy. For renewals, the experience period is defined as the five years ending 45 days prior to each semi-annual renewal effective date.

FINANCIAL RESPONSIBILITY RATE FACTOR

Eff. 6-19-09

The Financial Responsibility rate factor will be applied to the policy based on Nationwide's Proprietary Credit Scoring Model. Based on the resulting credit score and its corresponding Financial Responsibility Class, multiply each driver's rate factor by the appropriate Financial Responsibility Rate Factor.

[Rating Chart](#)

New Business Scoring

The following rules (in order of precedence) are applicable:

1. Credit reports shall be obtained for all drivers that are 21 or older.
2. If all drivers on the policy are under 21, a credit report shall be obtained for the oldest driver on the policy.
3. On a policy where at least one driver has a credit score, the credit class associated with the driver with the best credit score shall be assigned to all drivers on the policy.
4. On policies where all drivers are credit "no-hits," the no-hit financial responsibility class of the oldest driver shall be assigned to all drivers on the policy. The no-hit financial responsibility class factor shall be assigned based upon the oldest driver's age at the time the credit report is ordered.

Terms

No-Hit—no credit report is available from the selected vendor.

Renewal Scoring

The following rules are applicable:

1. Credit reports shall be obtained for all drivers that are 21 or older.
2. If all drivers on the policy are under 21, a credit report shall be obtained for the oldest driver on the policy.
3. On a policy where at least one driver has a credit score, the credit class associated with the driver with the best credit score shall be assigned to all drivers on the policy.

4. On policies where all drivers are credit “no-hits,” the no-hit financial responsibility class of the oldest driver shall be assigned to all drivers on the policy. The no-hit financial responsibility class factor shall be assigned based upon the oldest driver’s age at the time the credit report is ordered.
5. On policies where at least one driver is an exclusion and no driver has a credit score, the exclusion financial responsibility class shall be assigned to all drivers on the policy.
6. Policies may move up or down only one credit class per year, subject to the following credit reclassification rules:

Move policies to a better credit class upon renewal if:

- a. It is the annual renewal date for the policy, AND
- b. The policy satisfies the requirements of the better credit class, AND
- c. There are no chargeable major violations, or no chargeable accidents on the policy during the last 12 months.

Move policies to a worse credit class upon renewal if:

- a. It is the annual renewal date of the policy, AND
- b. The policy satisfies the requirements of the worse credit class, AND
- c. There has been at least one chargeable major violation, or one chargeable accident on the policy during the last 12 months.

Renewal Scoring Exception

Policies where all drivers were prior “no-hits” or exclusions are subject to the New Business Scoring Rules above.

Terms

No-hit — no credit report is available from the selected vendor.

Added/Deleted Drivers

When a driver is added to a policy at any time other than the annual renewal of the policy, the following rules apply.

If the policy is currently rated in either the exclusion or no-hit financial responsibility class:

1. A credit report shall be ordered for the added driver.
2. Apply the New Business Scoring Rules.

OR

If the policy’s credit class is based on a scored credit report:

1. Do not order a credit report on the added driver at the time of the change.
2. Apply the Renewal Business Scoring Rules at the annual renewal date of the policy.

When a driver is deleted from a policy at any time other than the annual renewal date of the policy, the following rules apply.

1. The policy retains the current credit class.
2. Apply the Renewal Business Scoring Rules at the annual renewal date of the policy.

SPIN-OFF POLICIES

Any time a new policy must be set up for an existing customer of a Nationwide Company, a new credit class must be established using the rules outlined in the New Business Scoring portion of the Financial Responsibility Rate Factor section of this rating manual.

ACCIDENT PREVENTION COURSE DISCOUNT

The otherwise applicable driver factor shall be reduced for individuals 55 years of age or over, if

1. The driver has successfully completed a Motor Vehicle Accident Prevention Course approved by the Arkansas Department of Motor Vehicles, taught by an approved instructor, AND
2. A certificate is presented to the Company signifying the above course was successfully completed within three years prior to the inception or renewal date of the policy term to which this rule applies. The certificate is valid for three years following the dated of the course completion. Once expired, proof of re-certification must be furnished to Nationwide to maintain this discount.

For MH determine the rate symbol per Rule C. of the Rate Symbol Manual (RS-1).

NOTE - For MH, the cost price new of the chassis and body including all standard equipment which is permanently attached is to be combined to determine the Rate Symbol. Contents, such as personal effects, articles of furniture, etc., not permanently attached, are not covered unless specifically insured. Radio and television antennas, awnings, cabanas, or equipment designed to create additional living facilities while the vehicle is off a highway, whether permanently attached or not, are considered as contents and need to be specifically insured.

Dear Ms. Grissom:

In response to your Objection Letter dated January 29, 2013, we are providing the following information. Your original requests are in bold font for your convenience.

1. Please resubmit the APCS with the updated vehicles.

Also, please limit individual increases to 20 percent and resubmit the Rf-1 to reflect such.

The APCS has been updated with the most recent vehicles.

Through further investigation on the policies used for re-rating, we have discovered eight policies with inconsistent data compared to the rest of the re-rated policies. We are labeling such policies as outliers. We have removed them from our current analysis and will exclude them in the future.

Please refer to the "Before Removal" and "After Removal" Exhibits for the policy distributions before and after the outliers were removed.

The RF-1 document has been updated to reflect the changes.

Please contact me at (614) 677-2963 or at (800) 882-2822, extension 72963, with any questions. I may also be reached via e-mail at clarkk42@nationwide.com.

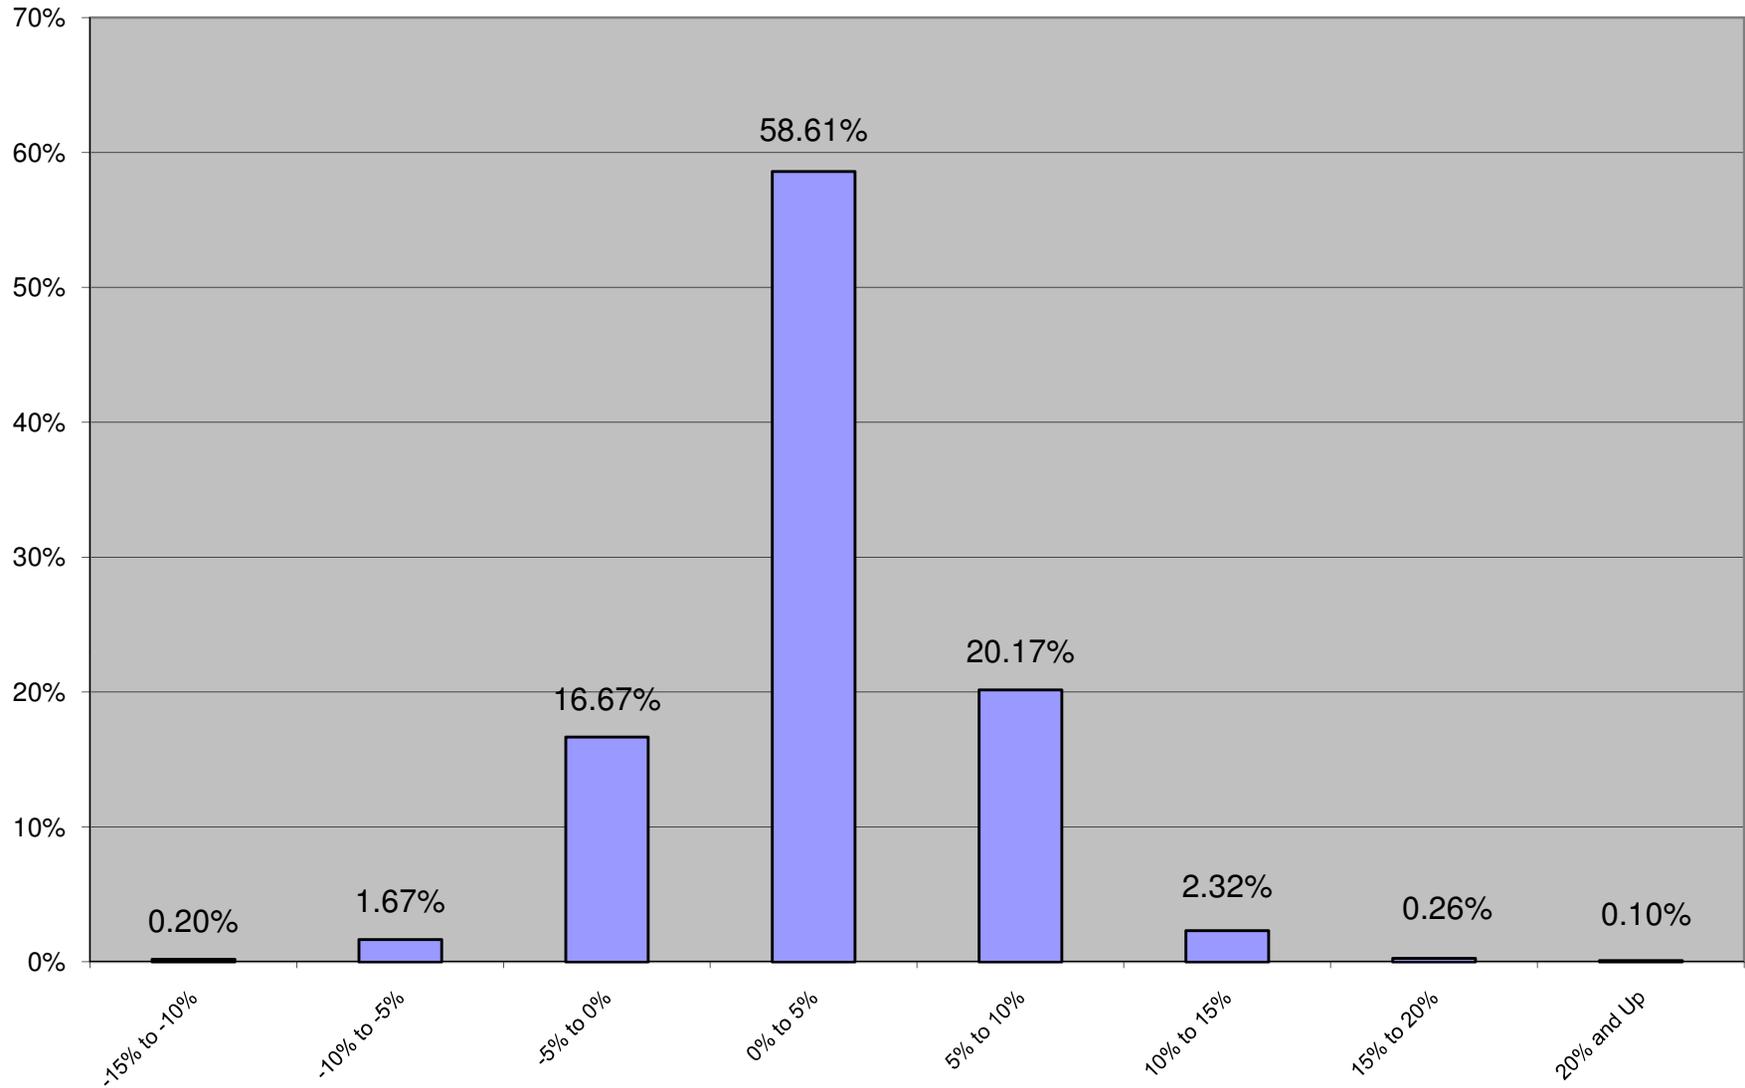

Sincerely,

A handwritten signature in black ink that reads "Kelly J. Clark".
